Our Learning

- Religion - We will continue to learn about the Eucharist
- Reading – We will focus on Sequencing.
- English – We will learn about How To articles
- Social Studies – We will wrap up his section of Asia with our test.
- Math (Jones) – The students will learn to multiply fractions.
- Science – The students will learn about organ systems.

A Little Note

We have had a lot of illnesses going through the 5th grade. I have reminded the children of good habits for keeping healthy, but it never hurts to hear it again. Also, please err on the side of caution and do not send your ailing child back to school too soon. Not much learning takes place if your child still does not feel well, and we want to keep everyone healthy. Hopefully we will have a full HEALTHY class again soon!

At-Home Practice

The weather has played havoc with our schedule this week. I appreciate your understanding with our non-ideal reschedules for Scantron and other assessments. I'm looking forward to getting caught up on our original lesson plans from this week! 😊
