 - I do have some ideas that I'll just throw out there.
 - 1) school/community vegetable garden: would probably require a dedicated volunteer or part time position to help care for garden plots; could open up to the community as well
 - 2) wiggle hallway: I saw this on Pinterest. Basically just a hallway in the school with different ways for kids to move and get wiggles out between classes or if they need a break. Here's a video: <https://m.youtube.com/watch?v=P4q8dNwsR3E>
 - 3) book garden: I visited Bookworms Botanical Garden in Wisconsin last fall and it was so cool! Their courtyard outside the library would be a perfect place to put a smaller version of this. <http://www.bookwormgardens.org/home>
