OVERVIEW OF WOODLAND SCHOOL

Located just west of Stanford University, Woodland is an independent day school that offers a joyful approach to learning in a diverse, respectful, and inclusive environment for approximately 300 students in early childhood through eighth-grade. We have two sections of each grade level K- 8 with class sizes that average from 14-18 per class.

Woodland School specializes in education that inspires students by nurturing each individual’s voice, intellect, and character. With rich content and an emphasis on inquiry-based and student-driven projects, students are empowered and encouraged to be active and engaged learners.

Our students’ innate sense of wonder is the foundation of learning at Woodland School. Teachers craft meaningful, multisensory learning experiences which enable creativity, ingenuity, and deep interdisciplinary connections. Students explore and develop complex understandings that engender a sense of self and purpose in the world.

Woodland School’s faculty create a school environment that is as supportive and nurturing as it is challenging, and they embody the core values of the school—stewardship, integrity, curiosity, resilience, equity, and respect. Our teachers apply best practices through collaboration, integrated curriculum, brain-based teaching and learning methods, and continued professional development. Our teachers are themselves learners, constantly searching for ways to improve their practice. A robust professional development program supports our faculty by connecting them to the best practices in pedagogy, curriculum development, educational technology, and student assessment.

Woodland School is dedicated to the goal of building a culturally diverse and pluralistic faculty committed to teaching and working in a multicultural environment and strongly encourages applications from candidates who reflect such diversity.

Overview of Lower School

Lower School runs from Kindergarten through Grade 4, with two sections in each grade. Small class size (ranging from 12-15 students) allows close connections between families, teachers and students. With collaboration, classroom teachers create an authentic program of instruction informed by strong curricular resources. Classroom teachers plan, prepare and deliver academic lessons in phonics and word study, beginning literacy, math and social studies, as well as a social and emotional learning. Specialist teachers in PE, world language, design/technology, science, visual art and music enhance our kindergarten program.

Our kindergarten program nurtures a child's joy and enthusiasm for learning. Through a combination of inquiry-based learning and small group instruction, children develop a strong foundation across disciplines. Concepts of community, caring and friendship permeate the program as children learn to be students, friends, classmates and collaborators. Social emotional learning is paramount.

POSITION OVERVIEW

Woodland School seeks an inspiring and nurturing kindergarten teacher who develops students' inquiring minds and compassionate hearts. The position requires maintaining a full teaching load, weekly recess and lunch duties and professional meetings.
