

Message from the Director

Are you ready for a summer experience that is out of this world?

The Summer at Pembroke Hill program does not confine learning to the walls of a classroom because we know learning can take place anywhere and everywhere. The sky is the limit! Instead we encourage our classes to go outside, across the street, on a bus and even across town. We engage with the community that surrounds us, and open our doors inviting students between the ages of 2 and 18 years to join us.

Our 12-week program is designed to accommodate your family's busy schedule, so we offer flexibility by allowing you to enroll in half-day or full-day classes, in as many weeks as you choose. Our volume discount program provides significant savings to those with multiple children or families looking for full-time care.

If you are looking for a camp that fosters creativity, inspires curiosity and creates a fun learning environment for every student, then we invite you to reach for the stars here at the Summer at Pembroke Hill program. From space exploration to algebraic equations, rock climbing to wood turning, there is a topic for every student to explore this summer.

Summer at Pembroke Hill

400 W. 51st Street

Kansas City, MO, 64112

www.pembrokehill.org

The Pembroke Hill School was established in 1984 by the merger of the Pembroke-Country Day School for boys and the Sunset Hill School for girls. We are proud of our reputation as one of the largest, strongest and most comprehensive coeducational independent day schools in the country. For more than 100 years, our focus has been on the development of each child, which remains central to our mission statement, "Together, cultivating the best in each, for the benefit of all."

Our curriculum is designed to challenge students whether they are just starting their academic journey or whether they are preparing for the SATs. Throughout that journey, students are supported by faculty who love teaching, are passionate about their subject matter, and are committed to their students. In addition to interacting with students in class, they also serve as advisers and coaches. Our students are frequently recognized regionally and nationally for their scholastic accomplishments, which brings a sense of accomplishment to themselves, as well as to their parents and teachers.

Students at Pembroke Hill are actively engaged and involved in a variety of activities outside of the classroom. They participate in activities such as athletics, choir, debate, Science Olympiad, robotics, chess, student government, community service, etc. Students often bring home state and national honors through their efforts in their extracurricular activities.

Pembroke Hill is a community of learners - students, faculty, staff, parents and alumni. We are dedicated to helping our students achieve educational excellence while guiding them to become individuals of character. It is important that they believe that they can and do make a difference in our school community as well as the greater global community.

We are proud of our diverse environment that includes individuals from wide geographic, ethnic, religious and socio-economic sectors. It is this diversity that makes us strong.

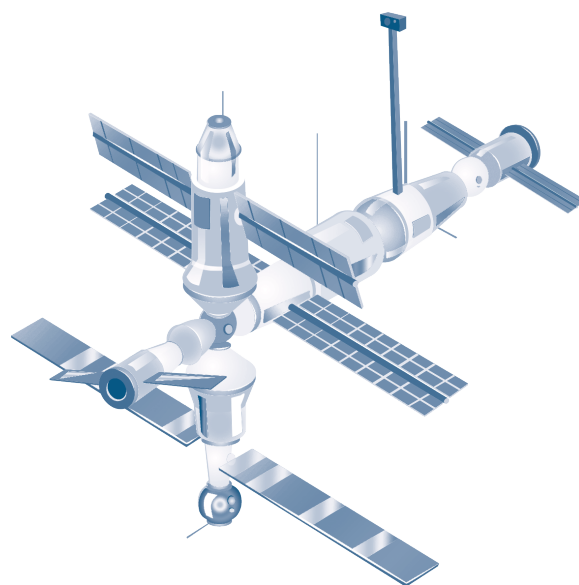

We are a vibrant community, and we invite you to join us!

Summer at Pembroke Hill Enrollment Information

Enrollment Dates

Enrollment is on a first-come, first-paid basis. Our classes have limited enrollment. You are encouraged to enroll early and ONLINE at www.pembrokehill.org.

Registration for current Pembroke Hill students begins Feb. 11.

Registration opens to the public on Feb. 18.

Dates and Times

The Summer at Pembroke Hill 12-week program offers a variety of educational and exciting classes for students ages 2 through 18 years. Most classes are offered on a half-day basis for one week, either 8:30 - 11:30 a.m., or 12:30 - 3:30 p.m. Please check the course descriptions as a few classes follow a different schedule.

WEEK 1: May 28 - 31 SUMMER KICK-OFF

(see pg. 10)

2: June 3 - 7

3: June 10 - 14

4: June 17 - 21

5: June 24 - 28

6: July 1 - 3 (No camps or classes Thursday - Friday, July 4 - 5)

7: July 8 - 12

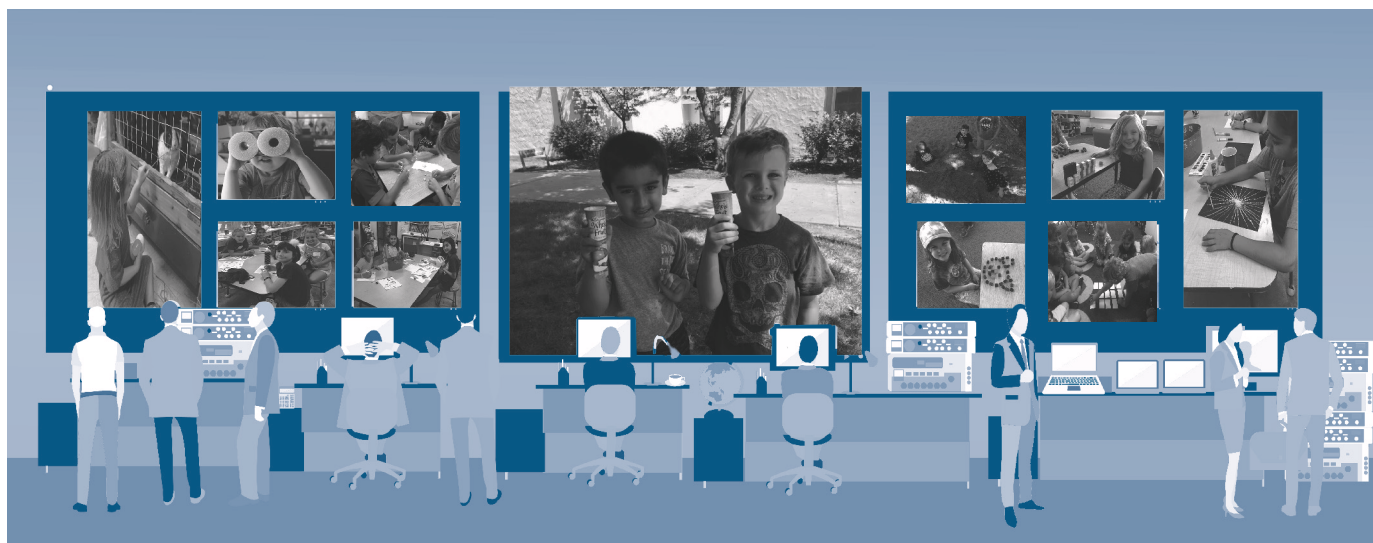

8: July 15 - 19

9: July 22 - 26

10: July 29 - Aug. 2

11 - 12: Aug. 5 - 16 TWO-WEEK SUMMER SEND-OFF

(see pg. 10)

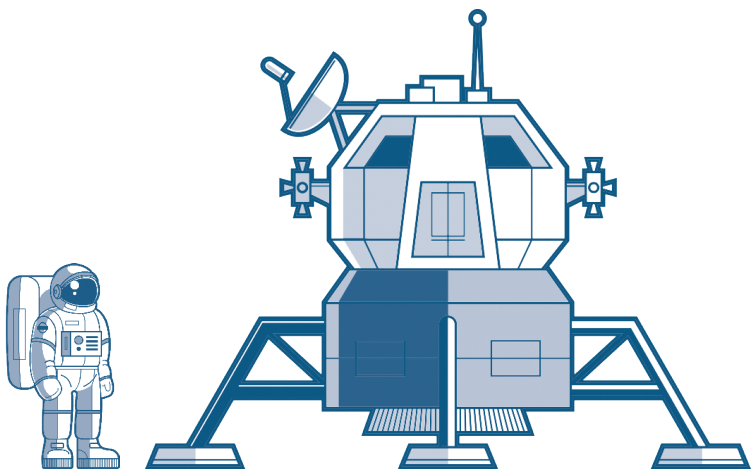

Program Fees

Fees for each class are listed within the class description. All fees include materials and student supplies. Lunch is included in the fee for full-day classes.

Our discount program provides families a significant savings depending on the dollar amount of classes purchased. We are excited to offer our discount program on a per-household basis, so families enrolling multiple children (siblings) may combine their enrollments to reach the various levels of discounts offered. These discounts are automatically applied during the enrollment process. Please understand that discounts are not applied to *Lunch Bunch*, *Writing the College Application Essay* or *Driver's Education*.

If enrollment fees total:	The discount will be:
\$1,100	10%
\$2,200	20%
\$3,300	30%
\$4,400	35%

Extended Care Options

In addition to classes and camps, the following Extended Care services are available. Both our Early Room and Extended Day programs include free play, as well as organized activities. The charge for these programs is listed below.

Early Room for students in early childhood will be held in the Hibsichman Early Childhood Building, and Early Room for students in grades K - 8 will be held in Deramus Field House. Parents must walk into the building to sign their child in/out.

Extended Day for students of all ages will be in Deramus Field House, adjacent to the parking lot on 50th Street. Parents must park and walk into the building to sign their child out.

Families who wish to take advantage of our Extended Care service on a drop-in basis must have a credit card listed on their account. Drop-in charges will be automatically applied to that credit card the following week.

Early Room

7:30 - 8:30 a.m.

\$35 each week

Extended Day

3:30 - 6 p.m.

\$80 each week

Daily Drop-in Rates

\$13/day Early Room

\$25/day Extended Day

\$1 per minute late fee after 6 p.m.

Cancellation/Refund Policy

PHS Cancels — PHS reserves the right to cancel a class at any time. Parents will be notified at least seven days in advance and given the option of transferring enrollment fees toward another class or receiving a full refund for the class(es) cancelled.

Parent Cancels — Parents wishing to cancel their student's enrollment from a class may do so until May 24. Enrollment fees will be refunded in the manner that they were paid minus a \$50 cancellation fee per class. **Class cancellations received after May 24 will not be eligible for any refund.** Please understand that after May 24 we have made firm financial commitments to our faculty and staff, in addition to purchasing materials for the class.

Transferring Classes — We understand summer is a busy time for most families, and things may come up that interfere with the class(es) in which families have enrolled. If you discover after May 24 that your children are unable to attend any of the classes for which they are enrolled, you may transfer them to a different class for a fee of \$25 per class, per child. Please note that you will be responsible for any difference in course fees. **Transfers must be made by a summer programs staff member** at least seven days prior to the first day of the class for which they are enrolled.

Attendance/Absences

Attendance is taken every day. Please call the Summer Programs office at 816-936-1321 if your child will be absent so that we may alert the classroom teachers. There are no refunds on class fees or Lunch Bunch if a student is absent.

Lunch Bunch

Forget the crazy mornings of putting together a sack lunch and then leaving it on the kitchen counter! Students who need to stay for lunch are in for a treat! Our resident chefs will provide a variety of healthy and scrumptious lunch offerings* each day. Lunch Bunch enrollment is \$40 each week. You may also sign up for lunch on a daily basis at the drop-in rate of \$10 per day, per child. **If you are enrolling in both a morning and afternoon class, you must also enroll in the Lunch Bunch program. Lunch is included in the fee for all full-day classes, such as Preschool Pals and Kindergarten Adventures.** Thank you for understanding that we do not allow lunch to be brought from home.

You may also eat lunch with your child. Children will receive the regular menu selection; no special treats. You may purchase a lunch ticket from the Founders Hall receptionist for \$6 per person.

**Please inform the Summer Programs office if your student has any medically-necessary dietary restrictions. Every effort will be made to accommodate them. This notification must be included on your summer programs account prior to the student's first day of class and may require our staff to discuss the situation with your child's doctor. The necessary form will be available during the online registration process.*

Enrollment Instructions

Online enrollment allows families to manage their student's enrollment by computer at any time. Our online enrollment is fast, safe, easy and free!

To Enroll Online:

1. Go to www.pembrokehill.org and click on the menu button on the top right side of the page. Select **School Life > Summer at PHS** from the drop-down menu.
2. Click the **Registration** link. This link will take you to our registration website.
3. If you are new to Summer at Pembroke Hill, click on **Create a New Account**. First enter parent information. Then click on **Add a Person to This Account** to add each student you would like to enroll in the program. If you are a returning customer, but have forgotten your password, please give us a call at 816-936-1321.
4. In the **Current Reservations** box, click **Make New Reservation**.
5. Click on the name of the student you wish to enroll. Please note, only age-appropriate classes with available enrollment will be listed.
6. Select the classes in which you wish to enroll your student, then click **Next**.
7. Review the reservations in your shopping cart for accuracy, making any necessary changes.
8. Click on **Payment** and enter your payment information. Items in your cart will not save unless you make a payment.
9. An email confirmation will be sent to the primary contact's email address.

Frequently Asked Questions

Q: Do I have to sign a permission slip for transportation?

ANSWER: When enrolling your student, you will be asked to either grant or deny permission for Pembroke Hill to transport your student. If you do not want your student transported, then please understand that you will have to provide transportation or your child shouldn't participate in the class. If the class has a field trip planned, we do not have accommodations for students who are not allowed to go on the trip.

Q: How are students transported?

ANSWER: Students enrolled in a class that has a field trip scheduled will be transported in a bus or one of the 12-passenger vans belonging to Pembroke Hill. Van drivers have gone through both a security and driving background check. Seat belts are always used, and booster seats are used when appropriate.

Q: What should my child wear to camp?

ANSWER: All children should wear cool, comfortable clothing and athletic shoes. Parents are also encouraged to send sunscreen and a water bottle with their children each day.

Drop-Off & Pick Up

Early Childhood

Terrific Twos and Preschool Pals will be in the Hibschan Early Childhood Building located on the Wornall campus at the corner of 51st and Wornall, just north of Loose Park. At drop-off, between 8:15 and 8:30 a.m., if parents choose to park and walk their children inside, they must use the right lane as they enter the campus and park in the lot adjacent to the building. If parents plan to drop off their children at the curb, they should use the left lane closest to the Early Childhood Building only. A camp assistant will be available to walk children to their classrooms. When dropping off students, please exit riders on the curbside of the car. The center lane is for passing and pulling away. At dismissal, children will be brought to the cars by the teachers. There are three lanes: the two outside lanes are for loading, the center lane is reserved for passing, not loading. Drivers must remain in their cars and proceed through the loading lane lines.

Please do not leave unattended cars in the loading lanes. Security and staff will be on duty each day to assist with arrival and dismissal.

Grades K-12

Students may be dropped off and picked up in the front parking lot located on the Wornall Campus, at the corner of 51st and Wornall, just north of Loose Park. There are three lanes: the two outside lanes are for loading, the center lane is reserved for passing, not loading. Drivers must remain in their cars and proceed through the lane lines. When dropping off students, please exit riders on the curbside of the car. At dismissal, children will be brought to the cars by the teachers. **Please do not leave unattended cars in the loading lanes.** Security and staff will be on duty each day to assist with arrival and dismissal.

Parents must adhere to the following safety procedures:

- Drive cautiously at all times.
- Refrain from using cell phones while driving through the parking lot.
- Follow the entrance and exit pattern. Do not enter the exits.
- Do not enter the middle parking lot on the 51st Street side of the campus to wait for children.

Mondays

Every Monday morning, there will be a check-in table located directly in front of the Intermediate Building. All students in grades K - 12 will check in to receive their nametags and will be directed to their instructor. Early childhood students do not need to check in. They can go directly to their classrooms in the Hibschan Early Childhood Building.

Early Childhood

Led by Pembroke Hill School's experienced and nurturing early childhood faculty and staff, our Early Childhood Summer Program is a magical place for young learners. We provide opportunities for young students to learn through exploring, investigating, questioning, experimenting, reflecting and interacting. Our program is influenced by the world-renowned Reggio Emilia philosophy of education, which is reinforced through our developmentally-appropriate classrooms, small and large group activities and wonderful outdoor spaces provided for our children to participate in their summer activities. Students can look forward to a week full of fun, learning and making memories with their friends.

Terrific Twos!

Calling all curious 2-year-olds! We've got an early years room full of possibilities just waiting for you. Join us for exciting art, music, movement and story time activities.

Please note that this class is offered in two-week sessions only in order to help children more fully adjust to their first group experience.

Morning only or full-day programs available.

Times: 8:30 - 11:30 a.m. OR 8:30 a.m. - 3:30 p.m.

Morning only fee: \$350

***July 4 session fee: \$280**

Full-day fee: \$700 (lunch included)

***July 4 session fee: \$560**

Dates:

Session 1, Week 2 - 3: June 3 - 14

Session 2, Week 4 - 5: June 17 - 28

Session 3, Week 6 - 7: July 1 - 12

(No camps or classes Thursday - Friday, July 4 - 5)

Session 4, Week 8 - 9: July 15 - 26

Session 5, Week 10 - 11: July 29 - Aug. 9

The environment will serve as one of your teachers this summer as you explore the different habitats that exist just outside of the classroom window! Venture out to the courtyard, the playground and even Loose Park to investigate the flora and the fauna, and gain a better understanding of the nature that surrounds you.

Morning only or full-day programs available.

Ages: 3 and 4, plus 5-year-olds who will enter Prekindergarten in Fall 2019.

Times: 8:30 - 11:30 a.m. OR 8:30 a.m. - 3:30 p.m.

Morning only fee: \$175

***July 4 session fee: \$100**

Full-day fee: \$350 (lunch included)

***Summer Kick-off \$280**

***July 4 session fee: \$215**

Dates:

Week 1: Summer Kick-off (see page 10)

Week 2: June 3 - 7

Week 3: June 10 - 14

Week 4: June 17 - 21

Week 5: June 24 - 28

Week 6: July 1 - 3

(No camps or classes Thursday - Friday, July 4 - 5)

Week 7: July 8 - 12

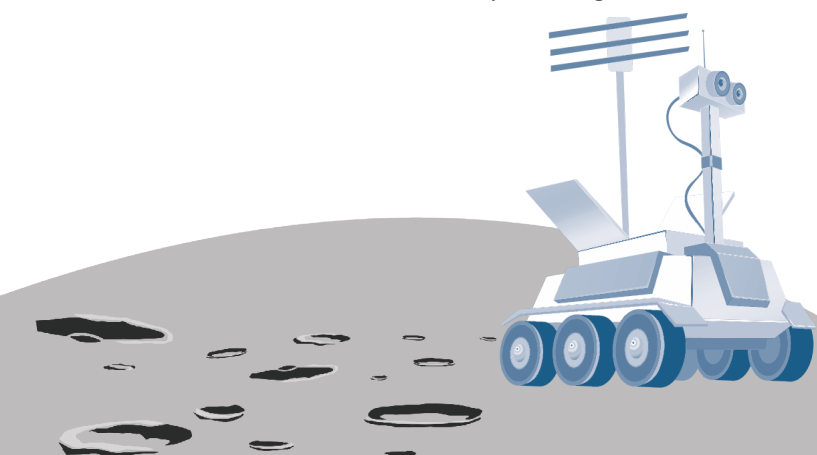

Week 8: July 15 - 19

Week 9: July 22 - 26

Week 10: July 29 - Aug. 2

Week 11: Aug. 5 - 9

Week 12: Summer Send-off (see page 10)

Grades: Preschool Pals & K - 8

Time: 8:30 a.m. - 3:30 p.m.

Instructors: PHS Staff

Fee: \$350/week (includes lunch)

**Preschool Pals students will stay on campus*

Coterie School for Theatre Exploration

Pembroke Hill is proud to partner with The Coterie School for Theatre Exploration. The courses offered this summer are creative drama and acting classes focused on the process rather than the production.

In our theatre classes, professional teaching artists use theatre games, improvisations, acting exercises and scene work to help young actors discover what it means to respond truthfully and believably.

In drama classes for our younger students, actors flex their imaginations by participating in theatre games, visual arts, music and improvisation that emphasize the importance of storytelling and collaboration. Participation in all of our classes builds self-esteem and confidence in creativity, active listening and concentration. Most youth in professional Coterie main stage productions are cast from our classes because of the relationships we develop with our students.

Classes offered Summer 2019:

CLASS NAME	Grades	Dates	Time
Magical Toy Adventures	1 - 2	June 17 - 21	8:30 - 11:30 a.m.
Monsterologists	3 - 5	June 17 - 21	12:30 - 3:30 p.m.

Morning only or full-day programs available.

Times: 8:30 - 11:30 a.m. OR 8:30 a.m. - 3:30 p.m.

Morning only fee: \$175

***July 4 session fee: \$100**

Full-day fee: \$350 (lunch included)

***July 4 session fee: \$215**

Weekly Themes

Summer Kick-Off: May 28 - 31

Embark on exciting adventures as we explore the best that Kansas City has to offer. We have planned daily field trips, on-campus activities and lots of fun! Join us for a kite-flying, Frisbee-throwing, water-splashing, ice-cream-eating kind of celebration as we cram in as much fun as we can this summer!

Fairy Tales, Fables & Folklore: June 3 - 7

Horses and drawbridges, kings and queens... let's travel back in time by way of art, math and literacy to explore the wonderful world of literature through some of our favorite bedtime stories!

Let's Get Building: June 10 - 14

The sky is the limit as you create amazing structures from a variety of materials. Finding inspiration from our surrounding landscape, you will draw up your own blueprints to use as you construct your own design.

Stimulating Science: June 17 - 21

Don your lab coat, grab your magnifying glasses and don't forget your safety goggles! We are embarking on a scientific adventure, actively investigating through hands-on experimentation, observing, recording, describing, questioning, forming explanations and drawing conclusions.

Cooking Up Fun: June 24 - 28

Calling all chefs! There is more to do in the kitchen than just eat! Learn how to cook your own food, as well as the correct way to set the table and proper dining etiquette. After spending a whole week preparing a variety of meals, your friends and family will be impressed by your culinary skills!

Alphabet Fun: July 1 - 3

(No camps or classes Thursday - Friday, July 4 - 5)

The alphabet is everywhere! Join us as we hunt for letters on campus and create letters in the kitchen while focusing on formation and sound.

Incredible Insects: July 8 - 12

Did you know that the praying mantis only has one ear? Or that mosquitoes have 47 teeth? Get the buzz on bugs as you study insects through observation, while learning how these creepy crawlies impact your daily life. This class will be un"bee"lievable!

Math Muscles: July 15 - 19

Flex your math muscles using Cuisenaire Rods, cluster cards, number lines and fun games. We will focus on age-appropriate math activities to introduce correct number formation and find numbers in the most unexpected places.

Book Worms: July 22 - 26

Explore the stories of your favorite children's authors in this week of integrated activities. To help you understand the role of an author and illustrator, you'll try your hand at both!

Zoo Much Fun: July 29 - Aug. 2

Roar like a lion, climb like a monkey or waddle like a penguin this week as you use your imagination while learning about zoo animals.

Summer Send-off: Aug. 5 - 9 & Aug. 12 - 16

There is still time for a few more adventures to be had. We have planned exciting daily field trips to cram in as much last minute fun as we can this summer!

Summer Enrichment at the Wornall Campus

Classes offered to grades 1 - 12 include a variety of athletic, academic and enriching classes that allow you to explore new topics or dig deeper into a subject of choice. Located at 51st and Wornall, the campus features numerous buildings built around a very intimate courtyard. In addition to the academic facilities, there are two playgrounds adjacent to Deramus Field House, which offers a new rock climbing wall, a soccer and field hockey field, and a full-size basketball court. Students will enjoy lunch in the Dining Hall and may even have a class scheduled in Curry Theatre. Most classes meet for three hours a day for one week, which allows you the flexibility to plan around your other summer activities.

Grades 1-2

Adventures in Yoga - NEW!

This week is full of adventure and exploration as you learn how to live a healthy and balanced lifestyle through yoga-based movements, mindfulness, storytelling, journaling, art and nutrition.

Dates and Time: June 17 - 21, 12:30 - 3:30 p.m.

Instructor: Miriam Zavagnin

Fee: \$175

Amazing Architects

Lego® Architecture series aims to celebrate the past, present and future with the Lego® Brick. Model-size replicas of the Hancock Tower, Guggenheim Museum, Sears Tower and more will be studied and assembled.

Dates and Time: July 15 - 19, 8:30 - 11:30 a.m.

Instructor: Kerri Gaillard

Fee: \$175

Are You Chicken?

Discover the world of chickens from a bird's eye view. Learn how to crow and cluck through song and dance with a real chicken that attends every class. After you learn how to throw "chicken combs", we will hatch our own baby chicks and learn to care for them.

Dates and Time: July 22 - 26, 8:30 - 11:30 a.m.

Instructor: Susie Arnold

Fee: \$175

Art Architects

Engage in the construction process as you experience the five different construction methods using a variety of materials. You will create your own works of art based on the ideas of successful architects such as Frank Lloyd Wright, Cesar Pelli, Hassan Fathy, Maya Lin, Kenzo Tange, Antoni Gaudi and Moshe Safdie.

Dates and Time: June 3 - 7, 8:30 - 11:30 a.m.

Instructor: Janet Watkins

Fee: \$175

Art Architects II - NEW!

Examine a variety of building materials, architectural styles and famous structures around the world before trying your hand at inventing and constructing your own edifice using your unique ideas.

Dates and Time: June 10 - 14, 8:30 - 11:30 a.m.

Instructor: Janet Watkins

Fee: \$175

Backyard Detectives

Only those who love the animal world need apply for this backyard adventure! Taught by Ms. Mullin, the laboratory environment for this week will be the outdoors where creatures can be observed up close and personal.

Dates and Time: June 17 - 21, 8:30 - 11:30 a.m.

Instructor: Mary Mullin

Fee: \$175

Checkmate Challenge Lego® Camp

This chess class will not only teach important chess strategies and tactics, but also exciting engineering skills as you build chess sets from Lego® bricks. Fun for both girls and boys; all skill levels are welcome.

Dates and Time: June 24 - 28, 12:30 - 3:30 p.m.

Instructors: The Kansas City Chess Club

Fee: \$175

Chess For Beginners

The Kansas City Chess Club will teach you to master the basic rules and strategies that will help you advance to the next level of this exciting and challenging game. You will also improve your concentration and problem-solving skills, with an emphasis on FUN while you learn the FUNDamentals of the most popular board game in the world.

Dates and Time: June 17 - 21, 12:30 - 3:30 p.m.

Instructors: The Kansas City Chess Club

Fee: \$175

Chess For Girls

Everybody knows the Queen is the most powerful piece on the board. Girls love to play chess, too, and you need a special environment: one where there are NO BOYS allowed! Beginner and intermediate girls can participate in this camp. If you have thought about learning to play chess, now is the time to gather up the girls and be a part of this awesome camp!

Dates and Time: July 15 - 19, 12:30 - 3:30 p.m.

Instructors: The Kansas City Chess Club

Fee: \$175

Countertop Chemistry

This week we are moving our experiments from the lab to the kitchen! Trade in your beakers for mixing bowls as you explore the world of chemistry using common kitchen and household items to perform a series of fun experiments.

Dates and Time: July 15 - 19, 8:30 - 11:30 a.m.

Instructor: Lauren Nibberich

Fee: \$175

Crafting a Story - NEW!

Chicka Chicka Boom Boom... will there be enough room for all of the art projects we will create this week? We will read different stories every day and create works of art that relate to the characters in our favorite stories!

Dates and Time: July 8 - 12, 12:30 - 3:30 p.m.

Instructor: Mary Hodge

Fee: \$175

Desserts Beserk

Learn to bake a variety of delicious treats, such as granola bars, energy bites and mini cheesecakes that you can share with your friends and family. This week will be sticky, gooey and messy, but most of all, FUN!

Dates and Time: July 29 - Aug. 2, 8:30 - 11:30 a.m.

Instructor: Kerri Gaillard

Fee: \$175

Dinosaurs - NEW!

Discover the world of dinosaurs! Spend the week exploring their evolution, including how dinosaurs lived in their habitat, what they ate and why they disappeared -- or did they?

Dates and Time: July 15 - 19, 8:30 - 11:30 a.m.

Instructor: Meghan Schwend

Fee: \$175

Elephant and Piggie and You!

Elephant and Piggie are in a play, and you can learn all about acting right along with them! Team up with your favorite characters as they explore the world and books of children's author Mo Willems. Have fun with Elephant and Piggie and all of their friends as we bring your favorite books to life.

Dates and Time: July 8 - 12, 8:30 - 11:30 a.m.

Instructors: Coterie Theatre Staff

Fee: \$175

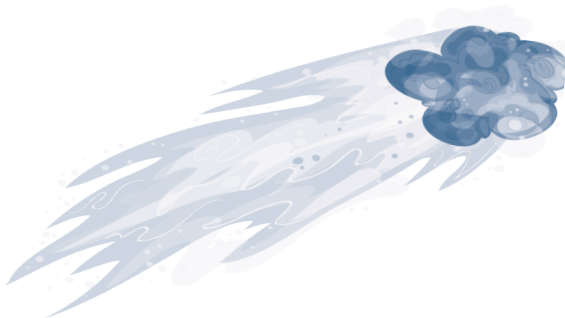

Engineer This - NEW!

Turn trash into treasure! Refine your skills as an engineer through hands-on projects using recycled and easy-to-find materials. Create catapults, gliders, motorcars and more.

Dates and Time: June 3 - 7, 8:30 - 11:30 a.m.

Instructor: Karen Wilson

Fee: \$175

Fairy Tale Feasts - NEW!

Once upon a time, a princess slept on a pea; a little girl carried a bread basket to her grandmother; Snow White tasted a delicious red apple; and Jack had a magic bean. What do these fairy tales have in common? Food! Spend the week reading classic fairy tales, and turning their stories into delicious treats for you to enjoy.

Dates and Time: June 24 - 28, 8:30 - 11:30 a.m.

Instructor: Lauren Nibberich

Fee: \$175

Girls Guide to Rock Climbing

Sometimes girls just want to have fun and test their limits as they climb to new heights! Join your gal pals for the week and together learn the basic fundamentals of bouldering, such as using proper footwork, identifying holds, following routes and correct belay techniques.

Dates and Time: June 3 - 7, 8:30 - 11:30 a.m.

Instructor: Clemencia D'Ercole

Fee: \$175

Grossology

Sometimes it's stinky; sometimes it's crusty; and sometimes it's slimy. But hey, it's Grossology, the impolite study of the human body. As grossologists, we will explore all of the mushy, oozy, scaly, stinky, gross, yet scientific things that occur every day in the human body. Join us as we sneeze, burp, hiccup, blink, yawn, sweat and vomit our way through the week!

Dates and Time: June 10 - 14, 8:30 - 11:30 a.m.

Instructor: Karen Wilson

Fee: \$175

How Does Your Garden Grow?

Plant some fun this summer as you learn the basics of planting a garden on a small scale. Investigate the seed cycle as you plant a variety of flowers and herbs, decorate your own flower pots and learn about the incredible insects that impact your garden.

Dates & Times: June 24 - 28 OR

July 22 - 26, 8:30 - 11:30 a.m.

Instructor: Naomi Weichert

Fee: \$175

I Do, You Do, WeDo

Using Lego® WeDo kits, you will work together as scientists and computer programmers to construct walking, talking and sometimes roaring robots. Through a variety of activities, you will learn the basic fundamentals of building and programming mechanisms to complete specific tasks.

Dates & Times: June 3 - 7 OR June 17 - 21, 12:30 - 3:30 p.m.
Instructor: Lissy Hodge
Fee: \$175

I Do, You Do, WeDo TWO

Now that you are familiar with the Lego® WeDo program, it is time to take your skills to the next level. In this class, you will design, build and program your own Lego® robot. Please note, you must take an I Do, You Do, WeDo class prior to participating in this class.

Dates and Time: July 29 - Aug. 2, 12:30 - 3:30 p.m.
Instructor: Tabbie Rice
Fee: \$175

 **Imagination Travelers**
 Zoom! Let's jump in our planes and fly off to an imaginary world full of adventure! Then we'll take a boat to explore new and interesting creatures, and jump into a rocket ship to discover a new planet. With our imaginations, we can travel anywhere and become anything. Pack your creativity, and let's go!

Dates and Time: July 8 - 12, 12:30 - 3:30 p.m.
Instructors: Coterie Theatre Staff
Fee: \$175

Lego® Lovers

The possibilities are endless when it comes to building with Lego® bricks. Not only can you create ships, skyscrapers, castles and cars, you can also create hours of fun while learning the basics of engineering. In this class, the sky (well, the ceiling) is the limit!

Dates and Times:
 June 17 - 21, 8:30 - 11:30 a.m. OR
 July 22 - 26, 12:30 - 3:30 p.m.
Instructor: Kerri Gaillard
Fee: \$175

Life and Times of Sea Turtles

Welcome to the exciting world of sea turtles. Join us as we study their life cycle from birth to adulthood through books, articles and class projects. Share your favorite fun facts through a video and educate your viewers about how to help these miraculous creatures.

Dates and Time: July 8 - 12, 8:30 - 11:30 a.m.
Instructor: Barry White
Fee: \$175

Magic Science

Learn how to amaze and surprise your friends by creating scientific mysteries that you can take home. Leaving the classroom behind, you will hone your skills in the great outdoors, the science laboratory for the truly curious, and develop a new appreciation for the wonder of science.

Dates and Time: July 15 - 19, 12:30 - 3:30 p.m.
Instructor: Mary Mullin
Fee: \$175

 **Magical Toy Adventures**
 Enter a world full of toys that come to life when humans have left the room. Using favorite movies and books like *Toy Story*, *The Lego® Movie* and *Winnie the Pooh*, and ideas from our own toys, we will act out scenes about what happens when humans are not around. We will go on adventures where everything around you changes in the blink of an eye!

Dates and Time: June 17 - 21, 8:30 - 11:30 a.m.
Instructors: Coterie Theatre Staff
Fee: \$175

Math Manipulations

Since ancient times, people of several different civilizations have used objects to help them solve everyday mathematical problems. During this week, you will have a variety of materials to manipulate, games to play, and opportunities to sort, classify, weigh, stack and explore to construct positive student learning.

Dates and Time: July 8 - 12, 8:30 - 11:30 a.m.
Instructor: Mary Mullin
Fee: \$175

MindFul Moments

Practicing mindfulness, meditation and yoga can support brain growth, improve sleep and teach you how to respond reflectively and not reactively. In this class you will focus on a sequence of yoga poses, discuss healthy eating habits and cultivate mindfulness through sensory games and crafts. You will also engage in discussions that promote core values, such as compassion and respect toward others and toward yourself.

Dates and Time: July 22 - 26, 12:30 - 3:30 p.m.

Instructor: Naomi Weichert

Fee: \$175

Minecraft Missions

Using Minecraft as a tool, you and your peers will work together to customize and create exciting new worlds. Activities will include building structures, coding challenges and collaborative problem-solving games.

Dates and Time: July 15 - 19, 12:30 - 3:30 p.m.

Instructor: Michael Jones

Fee: \$175

Ninja Warrior Challenge

Climb, crawl, run and swing your way to the finish line as you complete daily obstacle courses created to help you improve your balance, speed and agility. This challenging, yet fun, course is designed to test your limits and boost your self-confidence. Do you accept the challenge?

Dates and Time: July 29 - Aug. 2, 12:30 - 3:30 p.m.

Instructor: Jillian Williams

Fee: \$175

Papier Mâché, s'il vous plaît - NEW!

Originating in ancient Egypt, this sculptural process uses paper strips and paper pulp to construct 3-D images. During this week, you will focus on both methods of sculpture to create decorative and functional works of art.

Dates and Time: June 24 - 28, 12:30 - 3:30 p.m.

Instructor: Naomi Weichert

Fee: \$175

Pokémon - NEW!

This class is not only going to be out of this world, it will be in an entirely different universe... the Pokémon universe, filled with exciting characters for you to explore. Spend the week testing your knowledge of the rules, playing games and preparing for the ultimate battle at the end of the week!

Dates and Time: June 10 - 14, 12:30 - 3:30 p.m.

Instructor: Tabbie Rice

Fee: \$175

Read a Story, Discover the Math

Measurements, patterns, graphing, geometry, time and whole number operations might sound difficult to learn, but when using children's books as a springboard, the problems are easy to read.... and solve! Join the fun as we explore our favorite stories to find the mathematical equations.

Dates and Time: June 3 - 7, 12:30 - 3:30 p.m.

Instructor: Mary Hodge

Fee: \$175

Recess Break

School may be out for the summer, but that doesn't mean you have to miss out on your favorite time of day... recess! Join your friends for a week of kickball, four square, tag and teatherball. Let the games begin!

Dates and Time: June 10 - 14, 8:30 - 11:30 a.m..

Instructor: Hilary McGee

Fee: \$175

Rock Climbing

This class will be un"belay"vable! You will gain confidence as you become a stronger, more experienced climber under the attentive guidance of Mr. D'Ercole. Throughout the week, you will work toward mastering basic climbing skills and knowledge, including learning how to follow routes, identify holds, correct belay techniques and use proper climbing footwork.

Dates and Time: June 3 - 7, 12:30 - 3:30 p.m.

Instructor: David D'Ercole

Fee: \$175

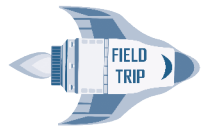

Scratch JR

Learn to think creatively, reason systematically and work collaboratively as you discover how to program your own stories and animations using the computer programming language known as Scratch.

Dates and Time: July 22 - 26, 8:30 - 11:30 a.m.

Instructor: Karen Wilson

Fee: \$175

Space Camp - NEW!

This class will take you on a cosmic quest to examine the solar system. We will visit the planetarium to see and learn about our twinkling, lighted universe. Space-tacular activities will create an out-of-this-world learning experience!

Dates and Time: July 29 - Aug. 2, 12:30 - 3:30 p.m.

Instructor: Susie Arnold

Fee: \$175

Space Makers - NEW!

The idea of a makers space is to create a place where you can use your problem-solving skills to execute an idea. The goal of a space maker is to do the same thing, but in outer space! Combine your critical thinking skills with your creative thinking skills to make something that is out of this world!

Dates and Time: June 10 - 14, 12:30 - 3:30 p.m.

Instructor: Mary Mullin

Fee: \$175

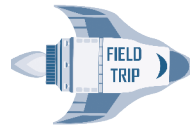

Summer Sports

P.E. is now in session. Each day will include a variety of sports, with a focus on team building and good sportsmanship. Games include: tag, t-ball, kickball, soccer and more! Play fun, play fair, play hard!

Dates and Time: June 24 - 28, 8:30 - 11:30 a.m.

Instructor: Hilary McGee

Fee: \$175

Swim and Splash

Are you ready for a splashing good time in a swimming pool? There will be plenty of supervised play time with organized activities. Bring your sunscreen, bathing suit, towel and water bottle. Come ready to cool off and have fun in the sun!

Dates and Times:

June 10 - 14

June 24 - 28

July 8 - 12

July 22 - 26

All classes 12:30 - 3:30 p.m.

Instructor: Martha Bailey

Fee: \$175

Who Gives a Hoot

Owls are mysterious, mythical and exciting birds of prey! Through a variety of activities, we will study these graceful predators and view them as they live, fly and take care of their young. Why are owls so intriguing? Let's find out... who-o-o, who-o-o will be the wiser?

Dates and Time: July 29 - Aug. 2, 8:30 - 11:30 a.m.

Instructor: Susie Arnold

Fee: \$175

Grades 3-5

Act Out Your Story - NEW!

You write a story, and we will act it out! Every day will be a different kind of story, from talking animals to aliens in space. This fast-paced class will exercise your imagination and your body!

Dates and Time: June 17 -21, 8:30 - 11:30 a.m.

Instructor: Shelley Wyche

Fee: \$175

Amazing Architects

Lego® Architecture series aims to celebrate the past, present and future with the Lego® Brick. Model-size replicas of the Hancock Tower, Guggenheim Museum, Sears Tower and more will be studied and assembled.

Dates and Time: July 8 - 12, 8:30 - 11:30 a.m.

Instructor: Mary Hodge

Fee: \$175

Bangles and Baubles - NEW!

Have fun designing your own jewelry with various beads, stones and charms. Keep them for yourself or share them with family and friends!

Dates and Time: June 17 - 21, 8:30 - 11:30 a.m.

Instructor: Nicole Wilson

Fee: \$175

Brain Games

Your brain is one of the most complex and powerful computers ever built! This week you will discover fascinating facts about your smartest organ, explore parts of the brain and how they work, play games to improve your cognitive abilities and challenge your brain to solve scenarios that require logical thinking skills. This class will be LOBES of fun!

Dates and Time: July 8 - 12, 12:30 - 3:30 p.m.

Instructor: Karen Wilson

Fee: \$175

Chess for Girls

Everybody knows the Queen is the most powerful piece on the board. Girls play chess, too, and you need a special environment: one where there are NO BOYS allowed! Beginner and intermediate girls can participate in this camp. If you have thought about learning to play chess, now is the time to gather up the girls and be a part of this awesome camp!

Dates and Time: July 15 - 19, 12:30 - 3:30 p.m.

Instructors: The Kansas City Chess Club

Fee: \$175

Chess For the Intermediate Player

Designed for players who have completed Chess for Beginners, this course will advance you to the next level of your game by teaching you new tactics and strategies that will help you outplay your next opponent. Checkmate!

Dates and Time: July 8 - 12, 12:30 - 3:30 p.m.

Instructors: The Kansas City Chess Club

Fee: \$175

CSI: PHS

Use logic, your senses and forensic science to solve crimes. Learn how to work the field scene and the laboratory side of CSI, including how to finger print, read shoe tread patterns, analyze mysteries and much more! No blood, no gore... but excitement galore!

Dates and Time: June 17 - 21, 12:30 - 3:30 p.m.

Instructor: Karen Wilson

Fee: \$175

Desserts Beserk

Learn to bake a variety of delicious treats, such as granola bars, energy bites and mini cheesecakes that you can share with your friends and family. This week will be sticky, gooey and messy, but most of all, FUN!

Dates and Time: July 29 - Aug. 2, 12:30 - 3:30 p.m.

Instructor: Kerri Gaillard

Fee: \$175

DIY Sports - NEW!

Have you ever been faced with the challenge of playing one game over another? Why not combine, design and create your new favorite sport? After you write the rules and explain the objectives, spend the rest of the week playing the game with your friends

Dates and Time: July 15 - 19, 8:30 - 11:30 a.m.

Instructor: Hilary McGee

Fee: \$175

Drone Zone

Let your imagination take flight this summer as you launch into one of the fastest growing industries available today, drone technology. Become a pilot, an aerial photographer, a drone racer and a drone engineer all in one week as you build and learn to navigate a miniature aircraft around campus. A variety of skill-building activities throughout the week will prepare you for your pilot's test and your final mission. Are you ready to take to the skies?

Dates and Time: June 3 - 7, 12:30 - 3:30 p.m.

Instructor: Michael Jones

Fee: \$175

Einstein Summer Science

Dr. Einstein would have enjoyed this week with a different science theme each day! Along with Ms. Mullin, you will investigate and explore such objects as fossils and prehistoric animals, mad science chemistry experiments, I Spy (scientific solutions to crimes), magic and delicious edible experiments.

Dates and Time: July 15 - 19, 8:30 - 11:30 a.m.

Instructor: Mary Mullin

Fee: \$175

Electric Circuits

Spark your creativity by engaging in this introductory class to electricity and electric circuits. Gain an understanding of how circuits work by investigating a variety of the electric appliances that are a part of your everyday life.

Dates and Time: July 8 - 12, 8:30 - 11:30 a.m.

Instructor: Karen Wilson

Fee: \$175

Entrepreneurial Boot Camp - NEW!

Apply real-world experience to fun, engaging activities that teach you the essential skills of starting and operating a business. You will also visit local businesses to learn about the behind-the-scenes, daily tasks that need to be accomplished.

Dates and Time: June 3 - 7, 12:30 - 3:30 p.m.

Instructor: Karen Wilson

Fee: \$175

Extreme Laser Tag

Gear up and get ready for some extreme fun and excitement! In this ultimate game of tag, where the environment will change daily, you will have no choice but to run, jump and dive your way into fun this week!

Dates and Time: June 3 - 7, 8:30 - 11:30 a.m.

Instructors: Michael Jones & Kerri Gaillard

Fee: \$175

Girls Guide to Laser Tag - NEW!

Only one rule has changed, no boys allowed! Spend the week with the girls as you gear up for the ultimate game of tag! Create obstacles, write your own rules and get ready to run into this week of fun!

Dates and Time: July 22 - 26, 8:30 - 11:30 a.m.

Instructors: Kerri Gaillard & Nicole Wilson

Fee: \$175

Girls Guide to Rock Climbing

Sometimes girls just want to have fun, and test their limits as they climb to new heights! Join your gal pals for the week and together learn the basic fundamentals of bouldering, such as using proper footwork, identifying holds, following routes and correct belay techniques.

Dates and Time: June 10 - 14, 8:30 - 11:30 a.m.

Instructor: Clemencia D'Ercole

Fee: \$175

Gone Fishing!

Get hooked on fun this week as you learn the basics of fishing including knot-tying, casting, state rules, regulations, safety rules and fish identification. This class will be a-LURE-ing to both beginners and advanced anglers.

Dates and Time: June 24 - 28, 8:30 - 11:30 a.m.

Instructors: David D'Ercole & Matt Pritchett

Fee: \$175

Happy Trails For Beginners

Spend the week exploring Kansas City by trail. We will begin with a course on safety and first aid, and when we move out of the classroom and into the great outdoors, our focus will be on the natural habitats and environment that surround us. Are you ready to hit the trails?

Dates and Time: June 3 - 7, 8:30 - 11:30 a.m.

Instructor: Kerry Ann Masoner

Fee: \$175

Happy Trails: The Next Level - NEW!

Now that you have caught the hiking bug, it is time to take your journey to the next level! Get ready to test your limits as the courses become more challenging.

Dates and Time: June 10 - 14, 8:30 - 11:30 a.m.

Instructor: Kerry Ann Masoner

Fee: \$175

Historic Hikes

Kansas City has a rich history for you to explore! Known as the City of Fountains and the Barbeque Capital of the World, there are a variety of locations for you to discover. Hike with your peers to visit some of the best attractions KC has to offer!

Dates and Time: June 24 - 28, 8:30 - 11:30 a.m.

Instructor: Karen Wilson & Mary Mullin

Fee: \$175

Ice Cream Delights

Do you love ice cream? In this class, we will make home-made ice cream, delightful ice cream treats and learn some fun facts about this tasty dessert. This will be the ultimate indulgence class, but remember... don't eat too quickly or you might get a brain freeze!

Dates and Time: June 17 - 21,

8:30 - 11:30 a.m. OR 12:30 - 3:30 p.m.

Instructor: Mary Hodge

Fee: \$175

Just the Girls

Girls just wanna have fun, and that is exactly what we will do. Join this glam squad for a week of pampering the outside and empowering the inside, for you and your friends. From self-care to selfies, this week will be fantastique!

Dates and Time: June 3 - 7, 12:30 - 3:30 p.m.

Instructor: Tabbie Rice

Fee: \$175

KC Museums

Kansas City is home to many museums that offer comprehensive collections and amazing exhibitions, and also provide a variety of learning resources. Join us as we take a tour back in time while we visit some of Kansas City's prized collections.

Dates and Time: June 24 - 28, 12:30 - 3:30 p.m.

Instructor: Kerry Ann Masoner

Fee: \$175

Lend a Hand, Make a Difference

The focus of this class is to lend a hand to our surrounding community. Get ready to roll up your sleeves as you learn the importance of volunteering and the impact it has on the Kansas City community.

Dates and Time: July 22 - 26, 8:30 - 11:30 a.m.

Instructor: Alice Kroh

Fee: \$175

Machines in the Making

Rube Goldberg machines turn the most simple tasks into complex and complicated missions by creating exaggerated contraptions to complete the job at hand. Spend the week assembling parts, testing theories and, most of all, having fun!

Dates and Time: June 10 - 14, 8:30 - 11:30 a.m.

Instructor: Tabbie Rice

Fee: \$175

Please refer to

cancellation/
refund policy.

Mallet Madness - NEW!

Mallet drumming is an engaging and exciting class that will teach, reinforce and review a wealth of musical concepts. We will use songs, poems and music-literature connections to enhance your understanding of beat, rhythm, melody and harmony.

Dates and Time: July 15 - 19, 8:30 - 11:30 a.m.

Instructor: Stephanie Springate

Fee: \$175

Monsterologists

Are you a monster hunter? Do you want to help us find infamous monsters such as Big Foot, Loch Ness Monster and the Kraken? Then this class is for you! Students will become both monsters and monster hunters as they create stories and characters for our adventures around the world, seeking out our favorite monsters.

Dates and Time: June 17 - 21, 12:30 - 3:30 p.m.

Instructors: Coterie Theatre Staff

Fee: \$175

Mason Jar Crafts - NEW!

There are a million uses for mason jars. They are great for canning, crafts and storage. Spend the week decorating your own jars and exploring ways to use them yourself!

Dates and Time: July 22 - 26, 12:30 - 3:30 p.m.

Instructor: Nicole Wilson

Fee: \$175

Minecraft Missions

Using Minecraft as a tool, you and your peers will work together to customize and create exciting new worlds. Activities will include building structures, coding challenges and collaborative problem-solving games.

Dates and Time: July 29 - Aug. 2, 12:30 - 3:30 p.m.

Instructor: Michael Jones

Fee: \$175

Needleworks

Engage your imagination and your fine motor skills as you spend the week learning how to needlepoint and even create your own design on canvas. This week will be SEW much fun!

Dates and Time: June 10 - 14, 12:30 - 3:30 p.m.

Instructor: Janet Watkins

Fee: \$175

Ninja Warrior Challenge

Climb, crawl, run and swing your way to the finish line as you complete daily obstacle courses created to help you improve your balance, speed and agility. This challenging, yet fun, course is designed to test your limits and boost your self-confidence. Do you accept the challenge?

Dates and Time: July 29 - Aug. 2, 8:30 - 11:30 a.m.

Instructor: Jillian Williams

Fee: \$175

Percussion Pandemonium - NEW!

This class will feature a step-by-step approach to learning percussion techniques and rhythmic patterns. You will incorporate a variety of multicultural songs with accompaniments and movement.

Dates and Time: July 8 - 12, 8:30 - 11:30 a.m.

Instructor: Stephanie Springate

Fee: \$175

Pokémon - NEW!

This class is not only going to be out of this world, it will be in an entirely different universe... the Pokémon universe, filled with exciting characters for you to explore. Spend the week testing your knowledge of the rules, playing games and preparing for the ultimate battle at the end of the week!

Dates and Time: July 15 - 19, 12:30 - 3:30 p.m.

Instructor: Tabbie Rice

Fee: \$175

Raider Robotics

Attention Lego® lovers! Explore the innovative world of Lego® Mindstorms robotics by building a functional robot. As the engineer, you will brainstorm, design, build and program an autonomous robot that will perform mission tasks as you learn more about the world of science and technology.

Dates and Time: June 24 - 28, 12:30 - 3:30 p.m.

Instructor: Karen Wilson

Fee: \$175

Reading and Riding

The course will teach you how to navigate the city using The Metro. In addition to our focus on reading, we will also visit several Kansas City landmarks along the Max Bus route, such as the World War I Museum, Union Station and the City Market. While riding the bus, students will use the time to read books of their choice.

Dates and Time: June 3 - 7, 8:30 - 11:30 a.m.

Instructor: Nick Hennessy

Fee: \$175

Rock Climbing

This class will be un"belay"vable! You will gain confidence as you become a stronger, more experienced climber under the attentive guidance of Mr. D'Ercole. Throughout the week, you will work toward mastering basic climbing skills and knowledge, including learning how to follow routes, identify holds, correct belay techniques and use proper climbing footwork.

Dates and Time: June 10 - 14, 12:30 - 3:30 p.m.

Instructor: David D'Ercole

Fee: \$175

Roller Coaster Madness

Are you ready to experience the ups and downs, the thrills and chills, the sky-high amusement of designing and testing your own roller coaster? Daily, you will put the forces of energy and gravity to work on your very own elevated railways. The week will culminate in a trip to Worlds of Fun, where your knowledge and your courage will be put to the test. Let the madness begin!

Dates and Time: July 1 - 3, 8:30 a.m. - 3:30 p.m.

Instructor: Bram Strookman

Fee: \$225

Science Sleuths - NEW!

Grab your lab coat and your gloves, we are embarking on a scientific adventure! Using scientific concepts and methods, through hands-on experimentation, you will observe, question, record, form explanations and draw conclusions- just as real scientists do.

Dates and Time: July 29 - Aug. 2, 12:30 - 3:30 p.m.

Instructor: Nicole Wilson

Fee: \$175

Spa Science

Learn the science behind skin care as you experiment with essential oils and ingredients to create unique beauty products for you to use and share with your friends.

Dates and Time: July 29 - Aug. 2, 8:30 - 11:30 a.m.

Instructor: Lauren Nibberich

Fee: \$175

Stadium Sights - NEW!

Discover the history of Kansas City's professional sports teams as you tour a different stadium or sports museum each day. From football to soccer, and both baseball stadiums in-between, this week is sure to leave you cheering!

Dates and Time: June 24 - 28, 8:30 - 11:30 a.m.

Instructor: Kerry Ann Masoner

Fee: \$90

Stop Motion Animation

Bring your stories to life, or to YouTube, in this animated summer class that uses the medium of stop motion animation. You will work collaboratively with your peers to compose animated short stories that exhibit all of the story elements, and take your story to the silver (or the iPad) screen.

Dates and Time: July 22 - 26, 12:30 - 3:30 p.m.

Instructor: Michael Jones

Fee: \$175

Summer Term at Hogwarts

Join all your favorite characters from the *Harry Potter* series as you enter into a magical world filled with wizards, dragons, trolls and elves. Act out scenes as Harry and his friends go to classes, play Quidditch, and even battle He-Who-Shall-Not-Be-Named. Immerse yourself in this exciting world all week and come out a full-fledged wizard!

Dates and Time: July 15 - 19, 12:30 - 3:30 p.m.

Instructors: Coterie Theatre Staff

Fee: \$175

Swim and Splash Camp

Are you ready for a splashing good time in a swimming pool? There will be plenty of supervised play time with organized activities. Bring your sunscreen, swimsuit, towel and water bottle. Come ready to cool off and have fun in the sun!

Dates and Times:

June 10 - 14

June 24 - 28

July 8 - 12

July 22 - 26

All classes 12:30 - 3:30 p.m.

Instructor: Martha Bailey

Fee: \$175

Team UP - NEW!

Learning to work together is an important life skill that can be transferred to group activities on the playground or in the classroom. Teamwork is the focus this week as we play a variety of games such as kickball, soccer and baseball. There is no "I" in team!

Dates and Time: July 22 - 26, 8:30 - 11:30 a.m.

Instructor: Hilary McGee

Fee: \$175

Introduction to Algebra 1

2-week course

This course is designed for students who have taken pre-algebra and wish to preview some of the topics discussed in Algebra I. Topics to be covered include: variables, order of operations, operations with real numbers, absolute value, opposites, properties of Algebra, basic equation solving, inequalities and problem solving.

Dates and Time: June 3 - 14, 8:30 - 11:30 a.m.

Instructor: Karl Schmidt

Fee: \$380

Introduction to Geometry

2-week course

This course is designed for students who have taken Algebra I and wish to preview some of the essential skills and topics necessary for success in Geometry. Topics to be covered include: geometric notation, parallel lines, congruent triangles, quadrilaterals, similarity, right triangle trigonometry and polygons. This course will also preview the skills necessary to apply various theorems, postulates and definitions to complete two-column proofs.

Incoming grade: 8th grade only

Dates and Time: July 8 - 19, 12:30 - 3:30 p.m.

Instructor: Karl Schmidt

Fee: \$380

Just Add Water - NEW!

Water is an important resource to all living things. Gain a better understanding on how water is a part of us each and every day, spending the week exploring water in the Kansas City metro area. Where does it come from? Where does it go? Tour a water and sewer treatment plant, enjoy a boat ride on the Missouri River, and try seining for macroinvertebrates in area streams. You will also meet with professionals from several water-related fields, such as urban planning, hydrology and engineering.

Dates and Time: June 24 - 28, 8:30 - 11:30 a.m.

Instructor: Brandon Gillette

Fee: \$225

KC Art Space - NEW!

Paint the town with your peers this week as you explore the city's artistic offerings.

From internationally-known museums, to outdoor murals and performance art, Kansas City is a canvas just waiting to be explored!

Dates and Time: June 3 - 7, 12:30 - 3:30 p.m.

Instructor: Kerry Ann Masoner

Fee: \$190

Leather Works

Take a step back in time and try your hand at one of the oldest crafts in history. Using shaping techniques, wooden mallets, hammers, an awl and a craft punch, you will learn how to prepare and design belts, bracelets, key chains, wallets and more.

Dates and Time: June 24 - 28, 12:30 - 3:30 p.m.

Instructor: Michael Jones

Fee: \$190

Middle School English Review

Use your time wisely this summer to refresh your English skills or practice good ones you already possess to be well primed for the coming year of English studies. Class will include reading for comprehension, paragraph organization, grammar and punctuation review, note-taking and short essay writing.

Dates and Time: July 22 - 26, 12:30 - 3:30 p.m.

Grades: 7 - 8 only

Instructor: Piper Abernathy

Fee: \$190

Middle School Math Review

It is time to start thinking about those math topics that have been tucked away since the beginning of summer! Refine your skills before the first day of school, so you will be better prepared for any problem that comes your way.

Dates and Times:

6th Grade: July 8 - 12, 8:30 - 11:30 a.m.

7th Grade: July 15 - 19, 12:30 - 3:30 p.m.

8th Grade: July 8 - 12, 8:30 - 11:30 a.m.

Instructors: John Emery (6 - 7) & Karl Schmidt (8)

Fee: \$190

All classes will be held on the Wornall Campus unless otherwise stated.

Movie Makers

Lights, camera.... and ACTION! This week you will cover all of the cinematic basics, from film history to script writing, to set design and costumes and props. Then, before the lights are out on this class, you will actually film and edit a collaborative piece of cinematography. Cue the lights, this class is sure to be a blockbuster hit!

Dates and Time: July 29 - Aug. 2, 12:30 - 3:30 p.m.

Instructor: Brant Challacombe

Fee: \$190

Needleworks II - NEW!

Explore the world of weaving, embroidery and needlepoint this week as you learn the basic skills, including how to make different stitches, how to create a pattern and how to weave on a loom. This class promises to be SEW much fun!

Dates and Time: June 3 - 7, 12:30 - 3:30 p.m.

Instructor: Janet Watkins

Fee: \$190

Newswriting

Self-motivated students will get more than "just the facts," as to what it takes to cover and report a story. Nationally-syndicated columnist Mary G. Pepitone will help you go beyond the basics to actually gather the "who, what, when, where, why and hows" of a simulated news event in a controlled setting. After recording facts and doing interviews, you will write a story on deadline in the computer lab, learning time management skills, how to write a compelling lead and the attribution of facts. At the end of the week, you can share with your families your own personal "newspaper" full of stories you have successfully covered and written.

Dates and Time: July 29 - Aug. 2, 8:30 - 11:30 a.m.

Instructor: Mary Pepitone

Fee: \$190

Penrose the Mathematical Cat - NEW!

Referencing the fascinating book "The Adventures of Penrose the Mathematical Cat," we will explore a variety of math principles and concepts that this wonderful feline presents to readers.

Dates and Time: June 17 - 21, 8:30 - 11:30 a.m.

Instructor: John Emery

Fee: \$190

Puzzles, Perplexities & Problems - NEW!

To challenge and strengthen your mental processes and creativity, we will engage in problem-solving through various puzzles, brain teasers and games. Critical thinking skills will be promoted and encouraged!

Dates and Time: June 24 - 28, 8:30 - 11:30 a.m.

Instructor: John Emery

Fee: \$190

Rock Climbing

This class will be un"belay"vable! You will gain confidence as you become a stronger, more experienced climber under the attentive guidance of a trained instructor. Throughout the week, you will work toward mastering basic climbing skills and knowledge, including learning how to follow routes, identify holds, correct belay techniques and use proper climbing footwork.

Dates and Time: June 17 - 21, 12:30 - 3:30 p.m.

Instructor: Anthony Pomo

Fee: \$190

Roller Coaster Madness

Are you ready to experience the ups and downs, the thrills and chills, the sky-high amusement of designing and testing your own roller coaster? Daily, you will put the forces of energy and gravity to work on your very own elevated railways. The week will culminate in a trip to Worlds of Fun, where your knowledge and your courage will be put to the test. Let the madness begin!

Dates and Time: July 8 - 12, 8:30 a.m. - 3:30 p.m.

Instructor: Bram Strookman

Fee: \$380

Science Fiction Frenzy - NEW!

Take a seat in your time machine and prepare to travel into the world of science fiction through classic movies that will serve as writing prompts to start your own script. Explore other universes, defend the planet and, most of all, let your imagination, or the force, guide you.

Dates and Time: July 15 - 19, 8:30 a.m. - 3:30 p.m.

Instructor: Nicholas Hennessy

Fee: \$190

Stadium Sights

Discover the history of Kansas City's professional sports teams as you tour a different stadium or sports museum each day. From football to soccer, and both baseball stadiums in-between, this week is sure to leave you cheering!

Dates and Time: June 10 - 14, 12:30 - 3:30 p.m.

Instructor: Lisa Fairchild

Fee: \$190

Strength & Conditioning

Intended for those who want to learn the basics of strength training and conditioning, this course will help you learn proper movement and exercise patterns. You will engage in multiple facets of physical fitness including basic resistance training, calisthenics, polymetrics, agility, speed and flexible training. You will also examine the theory and technique behind Olympic weight lifting and learn how to apply these exercises to develop power and strength. By the end of the course, you will have gained knowledge of fitness techniques that can be used for training in sports to prevent injury and improve overall athletic ability.

Dates and Time: June 17 - 21, 12:30 - 3:30 p.m.

Instructor: Sam McGriff

Fee: \$190

String Art

Your imagination and creativity are hanging by a string this week! Create unique works of art using the modernized version of string art, originally used in the 19th Century as a mathematical teaching tool of geometric shapes and patterns.

Dates and Time: June 3 - 7, 8:30 - 11:30 a.m.

Instructor: Mary Hodge

Fee: \$190

Sumobot Scrimmage

Create your own robot to compete in a Sumobot scrimmage! Robots will be created to perform specific tasks, such as pushing objects out of a Sumo ring. No programming experience necessary.

Dates and Time: June 10 - 14, 12:30 - 3:30 p.m.

Instructor: Karen Wilson

Fee: \$190

Sun-sational Stained Glass

This is your window of opportunity to explore the concept of stained glass art, an explosion of colors beautifully displayed when exposed to sunlight. This historical, yet colorful, art class promises to be a kaleidoscope of fun for even the advanced artist.

Dates and Time: July 22 - 26, 8:30 - 11:30 a.m.

Instructor: Michael Jones

Fee: \$190

Swim and Splash

Are you ready for a splashing good time in a swimming pool? There will be plenty of supervised play time with organized activities. Bring your sunscreen, bathing suit, towel and water bottle. Come ready to cool off and have fun in the sun!

Dates and Time: July 15 - 19, 12:30 - 3:30 p.m.

Instructor: Martha Bailey

Fee: \$190

Welcome to Musical Theatre

If you like acting, singing and dancing, then musical theatre is for you! In this class, you will perform showstoppers from Broadway and the Coterie stage. We'll learn songs that will take you around the world and right back home from some of the most popular Broadway shows, such as *Waitress*, *Spamalot*, *Hamilton* and more. You will spend the week exploring characters, learning choreography and singing in an ensemble under the direction of an expert musical theater actor and a professional accompanist. You will perform as a chorus for family and friends during the final class.

Dates and Time: July 22 - 26, 8:30 - 11:30 a.m.

Instructors: The Coterie Theatre

Fee: \$190

Wood Turning

Learn how to make hand-crafted projects on a wood turning lathe. This experience will allow you the opportunity to learn the proper use of many tools and perfect the skill of turning raw wood into works of art.

Dates and Time: June 17 - 21, 8:30 - 11:30 a.m.

Instructor: Micheal Jones

Fee: \$225

Grades 9-12

ACT/PSAT/SAT Mathematics Preparation – Sessions A and B

This class will teach you strategies and techniques necessary for success on standardized mathematics exams such as the ACT or SAT. You will become familiar with the different types of questions by taking timed tests and then analyzing the questions for patterns and logical approaches. Necessary mathematics skills from Algebra and Geometry will be reviewed and emphasized. Session A and Session B are distinct courses with different tests and materials. It is not necessary to take both session A and B, however, you will be much better prepared if you do.

Dates and Times:

Math PREP A

June 3 - 7, 12:30 - 3:30 p.m. OR

June 24 - 28, 8:30 - 11:30 a.m.

MATH PREP B

June 10 - 14, 12:30 - 3:30 p.m. OR

June 17 - 21, 8:30 - 11:30 a.m.

Instructor: Karl Schmidt

Fee: \$190 per session

All classes will be held on the Wornall Campus unless otherwise stated.

ACT/PSAT/SAT Verbal Preparation

This course will help prepare for the ACT/PSAT/SATs by stressing the nature of the writing topics and the structure of a suitable response. We will also review strategies for the other verbal sections of the tests, including critical reading and sentence completion. You will work on writing samples and have the opportunity to complete several sample tests so that by the end of the week, you will feel better prepared for taking a college entrance exam.

Dates and Times:

June 3 - 7, June 10 - 14, OR July 29 - Aug. 2

All classes 8:30 - 11:30 a.m.

Instructor: Dr. Kim Banion

Fee: \$190 per session

Audition Lab

This class is a great way to prepare yourself for coming auditions! With the help of a professional teaching artist, you will choose audition monologues that match your age, personality and individual audition needs. You will use this week to prepare a monologue, develop successful strategies for cold readings and learn how to create a professional resume. The final class will include a special audition with Jeff Church, Coterie producing artistic director, or a member of the Coterie staff, for youth roles in the coming Coterie season.

Dates and Time: July 22 - 26, 12:30 - 3:30 p.m.

Instructors: The Coterie Theatre Staff

Fee: \$190

Creative Writing

Through creative writing and reading, you will learn various approaches to poetry analysis by engaging directly with the vocabulary choices that the poet makes. You will focus on vocabulary enhancement, including how diction and tone function together, and how to find the open door of invitation in a poem through its individual words.

Dates and Time: June 17 - 21, 12:30 - 3:30 p.m.

Instructors: Piper Abernathy

Fee: \$190

Fusing Fundamentals

Learn the basics of fusing glass to create beautiful works of art. During the week, you will complete projects including, but not limited to, jewelry, sun-catchers and key chains. We will end the week with an open-studio to allow you to share your work with friends and family.

Dates and Time: June 10 - 14, 8:30 - 11:30 a.m.

Instructors: Marlene Toms & Anna Toms

Fee: \$190

Introduction to Algebra II

2-week course

If you have previously taken Algebra I and wish to review the essential skills and topics necessary for success in Algebra II, then this class is for you. Topics to be covered include: operations with real numbers, properties of real numbers, equations, problem-solving, polynomials, exponents, radicals, factoring, ratio and proportions, graphing, systems of equations, inequalities and quadratic functions.

Dates and Time: June 17 - 28, 12:30 - 3:30 p.m.

Instructor: Karl Schmidt

Fee: \$380

Introduction to Geometry

2-week course

If you have previously taken Algebra I and wish to preview some of the essential skills and topics necessary for success in Geometry, then this is the class for you. Topics to be covered include: geometric notation, parallel lines, congruent triangles, quadrilaterals, similarity, right triangle trigonometry and polygons. This course will also preview the skills necessary to apply various theorems, postulates and definitions to complete two-column proofs.

Incoming grades: 9 - 10

Dates and Time: July 8 - 19, 12:30 - 3:30 p.m.

Instructor: Karl Schmidt

Fee: \$380

Footloose Performance Camp

2-week course

This exhilarating Broadway smash follows Ren as he moves from Chicago to a small farm town, where dancing is prohibited. Based on the hit movie, this show has all of the best music from the 80s and amazing teen roles for everyone to have their moment to shine! All students enrolled will have a speaking role—some large and some small. All students will also sing in the chorus and some will have solos. Auditions will be held the first day, and the casting will be determined then.

Dates and Time: July 8 - 19, 8:30 a.m. - 3:30 p.m.

Performance Times:

Friday, July 19, at 7 p.m., and Saturday, July 20, at 2 p.m.

Students must be able to perform in both performances.

Instructors: The Coterie Theatre Staff

Fee: \$550

Sketch Comedy

Jump in and learn how to create scenes that will leave your audience rolling in the aisles!

Students will develop an understanding of the rules of comedy, character and timing as they have fun writing and performing sketches with their fellow actors. Ready to join our sketch comedy troupe? This class offers an opportunity for consideration in The Coterie's Comedy Master class.

Dates and Time: June 24 - 28, 12:30 - 3:30 p.m.

Instructors: The Coterie Theatre Staff

Fee: \$190

Welcome to Musical Theatre

If you like acting, singing and dancing, then musical theatre is for you! In this class, you will perform showstoppers from Broadway and the Coterie stage. You will perform as a chorus for family and friends during the final class.

Dates and Time: July 22 - 26, 8:30 - 11:30 a.m.

Incoming Grades: 9 - 10

Instructors: The Coterie Theatre Staff

Fee: \$190

Tour de Kansas City

Discover the freedom and joy of bicycle touring and gear up for a gravel challenge. We will learn basic bicycle maintenance and explore local trails before heading out for a two-day, overnight, 100-mile ride on the Rock Island spur of the famous KATY Trail.

Dates and Time: July 22 - 26, 8:30 a.m. - 3:30 p.m.

Instructors: Alexis Viene & Andres Alfaro

Fee: \$380

Trail Running

Running on trails requires hard work, dedication and a strategic mindset. This course will teach you how to prepare for your run, show you how to properly exercise your muscles and train you on how to react and respond to different terrains. You will also take time to enjoy the view and the nature that surrounds you as you visit local trails daily.

Dates and Time: June 24 - 28, 8:30 - 11:30 a.m.

Instructor: Micheal Jones

Fee: \$190

Writing the College Application Essay

Don't wait until late fall to write those essays most colleges and many universities now require. Take this course and, by the end of the session, have several drafts you can use or slightly alter for the prompts colleges predictably assign each year (most notably found on the Common Application). We will use Harry Bauld's *On Writing The College Application Essay*, and, more importantly, solid sample drafts written by former students. Bring your laptop and be prepared to write and rework drafts every day. Craft these pieces this summer and avoid first-semester anxiety as deadlines start to loom.

(Note: Students enrolling in this course will need to email the teacher two required pieces prior to class.)

Dates and Time:

Session 1: June 3 - 7

Session 2: June 17 - 21

Session 3: July 8 -12

Session 4: July 22 - 26

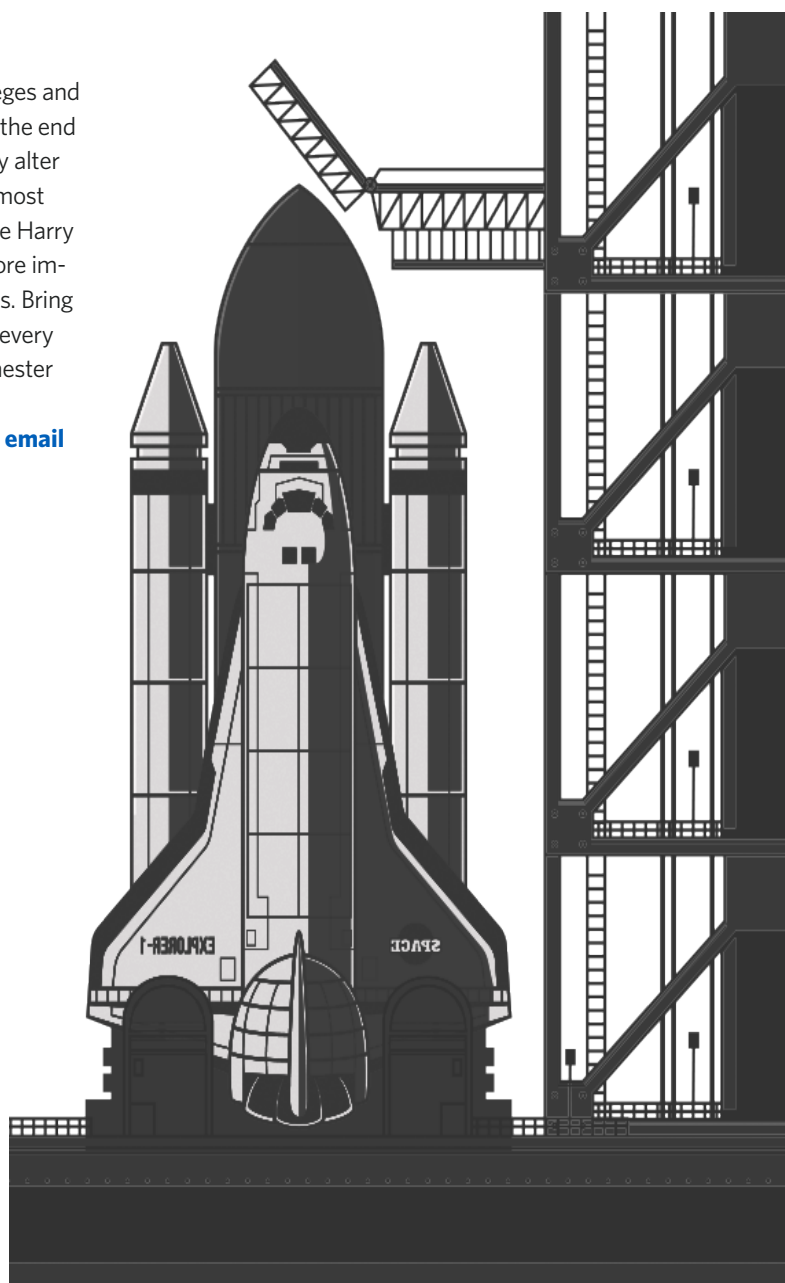

Session 5: July 29 -Aug. 2

Incoming grade: 12

All classes are 9 a.m. - 12 p.m

Instructor: Lorraine Gordon

Fee: \$ 280

Driver's Education

Missouri Residents

Classroom work and driving experience will prepare new drivers for the Missouri examinations for automobile operator's licenses. You will attend two classroom sessions (each Monday) and eight driving/observation sessions for a total of eight classroom hours of instruction and six field hours of driving/observation. You must be at least 15 years old and have a state learner's permit by the first day of class in order to enroll. Daily attendance is mandatory to pass this class. You are still required to pass a driving test according to Missouri state law.

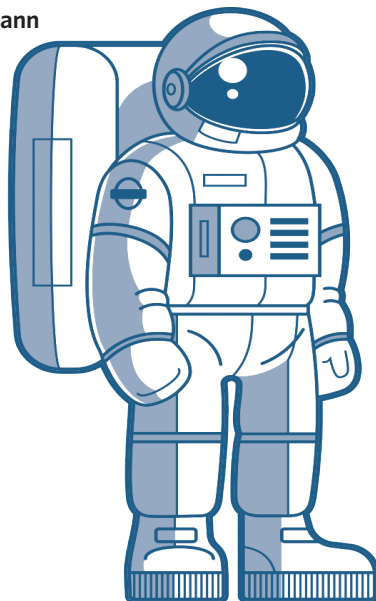

Kansas Residents

The Pembroke Hill summer Driver's Education course is not recognized by the State of Kansas as a driving course that fulfills the state's requirements for Kansas students wishing to obtain a restricted license before the age of 16, because the school is not located within the state of Kansas. At the age of 16, driver's education is no longer a requirement in the state of Kansas and a license may be obtained upon passing the written and driving tests. Our course will prepare students to complete successfully both of the DMV tests and provide students hands-on experience driving with a qualified instructor. You must be at least 15 years old and have a state learner's permit by the first day of class in order to enroll. You will attend two classroom sessions (each Monday) and eight driving/observation sessions for a total of eight classroom hours of instruction and six field hours of driving/observation.

Incoming grades: Age 15 years and older

Instructor: Rudy Wichmann

Fee: \$495

Driving Times

(Tuesday - Friday for two weeks)

7:30 - 9 a.m.	9 - 10: 30 a.m.
10:30 a.m. - 12 p.m.	12:15 - 1:45 p.m.
1:45 - 3:15 p.m.	

Two drivers will drive for 45 minutes each during the same time period each day of driving instruction. During enrollment, you will be asked to choose your preferred driving time. You will only be allowed to choose from driving times that are available.

Session 1: May 28 - June 7

Classroom instruction: Tuesday, May 28, and Monday, June 7, 8:30 a.m. - 12:30 p.m.

Driving instruction: Wednesday, May 29 - Friday, May 31, and Tuesday, June 4 - Friday, June 7

(see driving times)

No class Monday, May 27. Mr. Wichmann will arrange additional driving times with each student on the first day of class.

Session 2: June 10 - 21

Classroom instruction: Monday, June 10, and Monday, June 17, 8:30 a.m. - 12:30 p.m.

Driving instruction: Tuesday, June 11 - Friday, June 14, and Tuesday, June 18 - Friday, June 21

(see driving times)

Session 3: June 24 - July 3

Classroom instruction: Monday, June 24, and Monday, July 1, 8:30 a.m. - 12:30 p.m.

Driving instruction: Tuesday, June 25 - Friday, June 28, and Tuesday, July 2 - Wednesday, July 3

No class Thursday, July 4 or Friday, July 5. Mr. Wichmann will arrange additional driving times with each student on the first day of class. (see driving times)

Instructors

Piper Abernathy— Piper teaches upper school English at Pembroke Hill. She received her masters degree in creative writing & literacy studies from Rockhurst and UMKC.

Andrés Alfaro— Andrés has been an avid cyclist for most of his life. He currently trains and competes in cycling events in the US and his native Costa Rica. He has experience as an outdoor instructor, naturalist guide, and cycling tour guide.

Susie Arnold— A former teacher at Pembroke Hill, Susie holds a bachelor of arts degree in American studies from KU, and a master's degree in elementary education from UMKC.

Martha Bailey— A former PHS faculty assistant and a native of Kansas City, Martha attended K—State and Galveston College.

Kim Banion— Kim teaches upper school English at Pembroke Hill. She received her doctorate degree in English with an emphasis in 19th Century interdisciplinary studies from the University of Nebraska-Lincoln.

Brant Challacombe— A graduate of the University of Kansas, Brant teaches performing arts in the middle and upper school at Pembroke Hill.

Christy Clarke— Christy is a kindergarten teacher at Pembroke Hill. She has a bachelor's degree in early childhood education from Park University.

David D'Ercole— David currently serves as the lower school principal at Pembroke Hill. An avid rock climber, he is also an American Mountain Guide Association certified climbing instructor.

Clemencia D'Ercole— Clemencia is a highly competitive female rock climber, with a passion for teaching students not only how to climb safely, but how to live healthy and active lifestyles.

Caroline Doctor— Caroline is currently a kindergarten teacher at Pembroke Hill. She received her bachelor of arts degree in economics and geosciences from Williams College. Prior to PHS, she taught first grade in Washington, D.C.

Coterie Theatre— The Coterie Theatre teaching artist bios can be found at thecoterie.org/coterie-family/teaching-artist.

John Emery— John teaches seventh grade at Pembroke Hill. He received his degree from Pittsburg State University. John teaches Algebra 1 and Algebra 1 Accelerated. He has been at Pembroke Hill for 14 years, following 20 years in public schools in Kansas.

Lisa Fairchild— Lisa graduated from the University of Missouri - Columbia with a bachelor of science degree in education with an emphasis in early childhood. She has taught at Pembroke Hill since 1993.

Bridget Friday— Bridget received her master's degree from the University of Kansas. She joined Pembroke Hill in 2011 and currently teaches Geometry and Algebra 2.

Kerri Gaillard— Kerri received her bachelor's degree from Drury University. Prior to joining Pembroke Hill, she worked in the Shawnee Mission school district.

Brandon Gillette— Brandon teaches middle school science at Pembroke Hill and assists with the Science Olympiad team. He earned his doctorate in Environmental Geography and Remote Sensing from the University of Kansas.

Lorraine Gordon— Lorraine retired from Pembroke Hill where she began teaching in 1982. She holds bachelor degrees in French and English from Saint Mary College and a master's degree in English from the University of Notre Dame.

Nick Hennessy— A Pembroke Hill graduate, Nick has a bachelor in education from Drake University, and taught at the American International School of Salzberg before returning to teach at Pembroke Hill.

Lissy Hodge— A graduate of PHS, Lissy received her bachelor's degree in education from Wheaton College. Before returning to Pembroke to substitute teach, she taught overseas through the Fullbright program.

Mary Hodge— A graduate of PHS, Mary returned to teach at Pembroke Hill in 2000. She has a bachelor of arts degree from Kansas University.

Heather Hoffman— Heather graduated from UMKC in 1996 with a degree in education and has been teaching middle school english at Pembroke Hill since 2003.

Michael Jones— Prior to joining PHS in 2016, Michael worked for Academie Lafayette where he taught third grade. He holds a bachelor's degree in French studies from Webster University and a master's degree in education curriculum and instruction from UMKC.

Kansas City Chess Club— The Kansas City Chess Club, and their staff of certified chess instructors, provides chess classes to 40 different schools in the metro, including Pembroke Hill.

Alice Kroh— Alice teaches second grade at Pembroke Hill. She has a bachelor's degree with an emphasis in developmental psychology. She also has a master's degree in elementary education.

Kerry Ann Masoner— Kerry Ann teaches second grade at Pembroke Hill, and has been the assistant director of the summer program for several years. She received her degree from Northwest Missouri State University.

Hilary McGee— After graduating from PHS, Hilary received her degree from St. Louis University. She is currently the athletic director and P.E. instructor at St. Paul's Episcopal Day School.

Sam McGriff— Both a P.E. teacher and the strength and conditioning coach at PHS, Sam earned a bachelor's degree in nutrition and fitness, pre-med from the University of Missouri.

Linda Mohr— Linda is the middle school math teacher for sixth grade. She has taught in various capacities at Pembroke Hill for the last 15 years.

Mary Mullin— Mary is a third grade faculty assistant at Pembroke Hill. She has also taught kindergarten and science classes for 28 years. She holds a dual degree in early childhood/social work and a master's degree in elementary education.

Lauren Nibberich— Lauren teaches upper school Biology at Pembroke Hill. She received her bachelor of science in biological sciences and master's degree in secondary education from the University of Missouri-Columbia

Mary Pepitone— Mary is a PHS parent and writes the column *Come into My Kitchen* for the *Kansas City Star*. She is also a nationally syndicated journalist with her column *Homestouch* that runs in over 200 newspapers across the country.

Matt Pritchett— Matt has been a physical education teacher and coach at PHS since 1999. Matt holds a coaching license from the US Soccer Federation and the National Soccer Coaches Association of America.

Tabbbie Rice— Tabbbie is a second grade faculty assistant at PHS. She received her bachelors in English from Vanderbilt University, a master's degree in English from NYU, and a masters degree in education from Northwestern University.

Karl Schmidt— Karl has a bachelor of science degree in math from Vanderbilt and has taught math at the PHS upper school since 2001.

Sarah Schopflin— Sarah has more than 18 years of experience teaching children age K-2. She is a kindergarten faculty assistant at PHS.

Meghan Schwend— Meg works in the middle school as an Extended Day coordinator. An alumna of PHS, she received her master's degree in museum studies from the University of Kansas.

Kit Smith— Kit is in the PHS Faculty and Staff Hall of Fame, having been with Pembroke Hill for more than 25 years as an early childhood teacher. She has a degree in human development and family life from Kansas University.

Stephanie Springate— Stephanie teaches music at Pembroke Hill to students in grades first through fifth. She received her degree in music and theory composition from William Jewell College.

Lisa Swalwell— Lisa received her master's degree in curriculum and instruction from the University of Missouri-Kansas City. Before joining the early childhood program at Pembroke Hill, Lisa taught English for twenty years.

Anna Toms— An alumna of Pembroke Hill, Anna earned her bachelor's degree in creative writing and literature from Rockhurst University and her master's degree in English literature from UMKC. Anna currently teaches sixth grade and eighth grade English at PHS.
