Contact Guide

The BIS Contact Guide is based on the understanding that whenever a question, issue or problem arises, **the solution is first to be sought at its source**. In any situation, it is best to go to the person directly concerned in order to ensure that parents:

- Gain **first-hand information**,
- Get the **complete story**,
- Receive a **quick and appropriate response**,
- Support the **concept of open communication**, and
- Join the school as a **partner in learning**

In general, if it involves your child’s day-to-day education, classroom activities, relationships or requirements you should **first contact your child’s teacher**, either personally or in writing.

We trust that in following this contact guide you will receive timely and appropriate attention to your suggestions, queries and concerns, and that our commitment to open communication will assist in **maintaining the concept of an effective, efficient and friendly community of learners driven by the school’s mission**.
