1. Staff Development Request (Blue Sheets)
 - a. No Blue Sheets
2. Academy Day Wrap Up
 - a. Feedback Survey
 - i. Mostly positive feedback
 - ii. Health Expo was a letdown for people who went to it as a session. Health Expo with health presenter for next year. Health Expo could only be at lunch but that is not a lot of time for vendors.
 - iii. Lunch- We need more options to keep staff on location. Couple of years ago we talked about food trucks. We could do like what we did at back to school bringing in food.
 - iv. Collaboration- Lot of positive comments but many asked for direction. Next year have starter questions. If groups do not need it, they do not have to use it. Some groups asked for a way to communicate as a group after Academy Day.
 - b. Additional idea for future Academy Day
 - v. More help: More people help with technology and running people to rooms.
 - vi. Two tables: Presenter Registration, Help Desk
3. Back to School 2019
 - a. Mini Academy day for Fall
