

Resources for Candidates and School Board Members

The Illinois Association of School Boards is dedicated to the 6,000 Illinois men and women who donate their time and talents to the cause of excellence in local school governance.

To that end, IASB makes available many materials and resources to school board members elected or appointed, as well as to those citizens who are candidates for their school boards or who are considering such candidacy.

Most of these materials are available for free on our public website, www.iasb.com. The resources represented here have been selected to provide insight into the social and educational challenges facing school boards as well as some practical realities of school board service.

If you have any questions regarding these materials, or if you are looking for additional information about school board service, please contact the IASB publications department at 217.528-9688, ext. 1131.

Each resource is identified by title, description and link:
