

**Fremont Union High School District
Architectural Services Pool
Addendum 2**

Due to the overwhelming response by firms, the District is still in the process of evaluating submittals for its' Architectural Services Pool. All firms are still being considered for the Pool. You will be notified by email and by posting on the website at www.fuhsd.org/departments/business-services when there is an update in the process.

Thank you for your patience and understanding.
