# Welcome + Meeting Overview

# MHS Project Advisory Team (PAT) - Charge

### **OVERVIEW**

A Project Advisory Team (PAT) will be chartered for the planning of Phase I (Additions and Renovations) for **Memorial High School** under the school's project in the 2017 Bond Program.

Each PAT is an advisory ad hoc committee, representing the various stakeholders of a school community. As such, the PAT is chartered for a defined purpose and time and holds no statutory authority.

The goal of the PAT is to ensure that parents, staff and community members have the opportunity to take part in the planning and design of new schools.

The PAT members will serve as communicators to and from the community during the schematic design and development phases of the project and participate in discussions that will lead to recommendations. The PAT concludes its work once construction begins.

# Welcome + Meeting Overview

# MHS Project Advisory Team (PAT) - Charge

### **CHARGE**

Each Project Advisory Team (PAT) member is charged with **providing input into planning and** design development of Phase I (Additions and Renovations) of Memorial High School.

The PAT will meet in a series of meetings from initial planning through design to the start of construction.

The PAT will work collaboratively and cooperatively with the architect and SBISD Project Manager to conceptualize, develop and refine the project's goals and design.

The PAT will reach a proposed recommendation through consensus.

Any concerns identified by the PAT members should immediately be brought to the attention of the SBISD Project Manager.

The PAT will advise on recommendations regarding the planning and development of the Phase I of Memorial High School.

# MHS Project Advisory Team (PAT) - Charge

### **CHARGE (continued)**

These <u>recommendations will be presented</u> by the project's architects:

- 1) to the **Superintendent of Schools**, and based on approval from the Superintendent,
- 2) to the **Board of Trustees** for their approval. All recommendations must be in alignment with the District's Educational Specifications and Design and Construction Standards.

The Board of Trustees may act upon the recommendations developed with PAT input by approving, amending, altering or not approving all or any part of the recommendations.

Areas of focus from which the PAT should refrain include recommendations regarding school programs, policies and procedures, boundaries of district facilities, instructional arrangements and/or educational pedagogy decided upon and/or subject to District, State and Federal laws.

**Project Advisory Teams are essential participants in the planning** and design process. Team members are asked to agree to participate in various meetings throughout the process.

## What is a "Master Plan"?

The MHS Master Plan will provide a "diagrammatic road map" of how the MHS campus should be developed over time in an effort to ensure that all new construction scope of work within the 2017 Bond Program is properly planned and built for maximum future campus development.

## What is "Master Plan, Phase-1"?

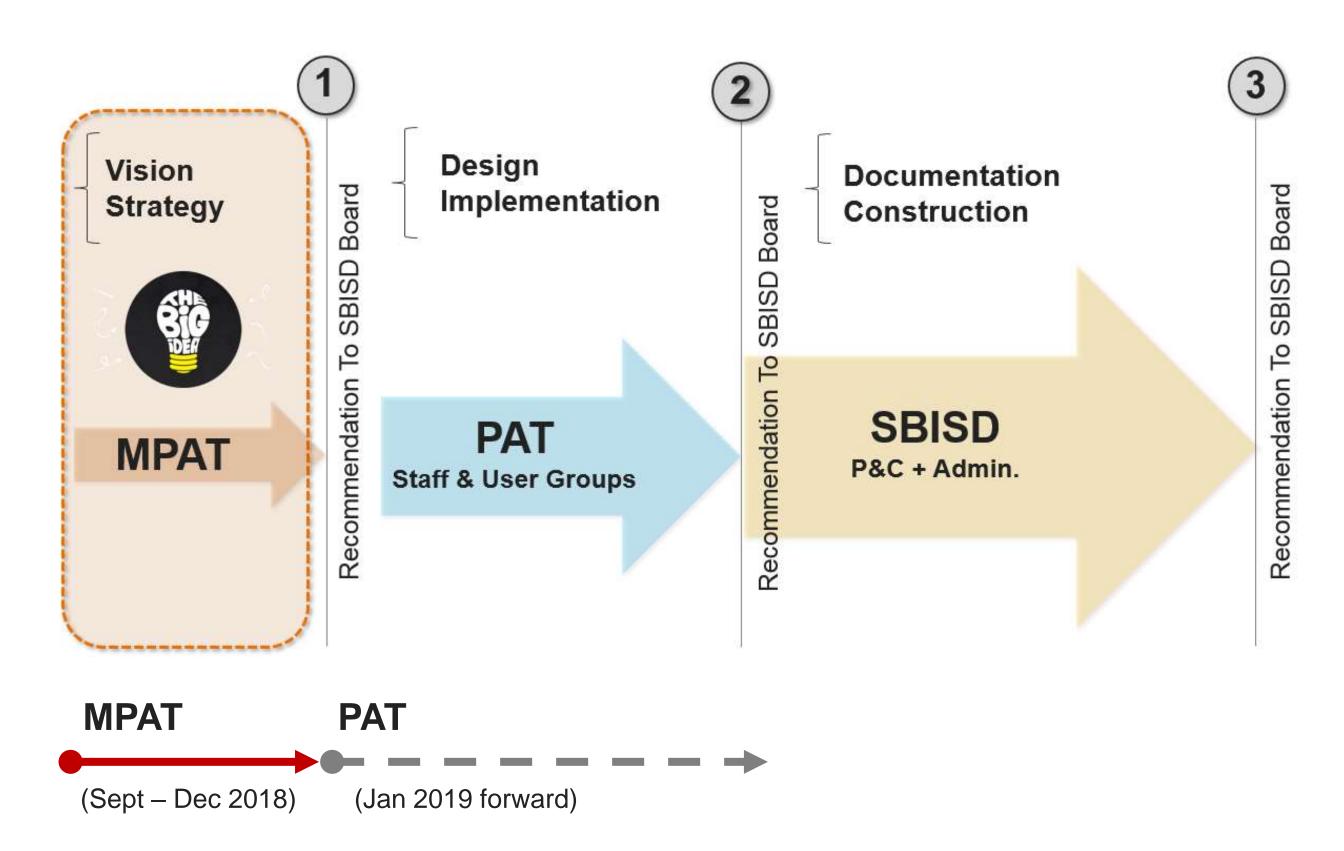

Phase-1 is the "2017 Bond Program scope of work" based on the project scope and budget established in the 2017 Bond Plan. This scope of work is currently scheduled to begin in January 2019 with the Project Advisory Team (PAT). As the Master Plan is developed, the MPAT will explore and provide input on new construction elements that could be contained in "Master Plan, Phase-1"
