February 2019

Incoming Kindergarten Students For 2019-2020

Registration for incoming kindergarten students will begin February 19th and will continue through March 29th. The school will be sending home registration materials the week of February 15th with siblings here at Orchard. If it is a new family that does not have students at our school we will contact the parents to pick up the registration materials. If you have a friend or a neighbor that may not be aware of kindergarten registration please have them call the school at (801) 402-1700.

Keyboarding

Research shows that virtually every career requires keyboarding. As your child reaches upper grades, keyboarding skills will be a vital attribute for success in school. Students grades 3-6 will increase their speed and accuracy by practicing at home on Edotyping.com.

Orchard Families,

We just finished the second and final Book Fair of the year and it was quite a success! Special thanks goes to Robilyn Lake and Rosemary Glines for all their hard work and dedication. They are the ones who made the Book Fair happen. We are also thankful for all the volunteers that helped as well.

For the month of February and March, the students who participate in Book Battle will be studying and practicing with their groups to be ready to compete at the end of March. This has become such a popular and fun event for the kids to compete in. If your child did not choose to participate this year, there will be the opportunity next year. Every teacher has every book needed for the Book Battle that the students can borrow.

Thanks to all that help and support the PTA—without you we couldn't do all these great programs.

~Orchard PTA Board
