B. District Investigations

The District may perform investigations of proposing parties that extend beyond contacting the references identified in the proposals.

C. Selection of Finalists

RFQ/P Packets shall be evaluated and the Project awarded in the following manner:

1. All proposals received shall be reviewed to determine those that meet the format requirements and the standards specified in RFQ/P.

2. District shall evaluate the qualifications of the Respondents based solely upon the adopted criteria and evaluation methodology, and shall assign a best value score to each proposal. Once the evaluation is complete, all responsive proposals shall be ranked from the highest best value to the lowest best value to the District.

3. The District's Board of Education shall award the Project to the responsive proposer whose proposal is determined, in writing by the Board of Education, to be the best value to the District.

4. If the selected developer refuses or fails to execute the tendered proposed contract, the Board of Education may award the contract to the proposer with the second highest best value score if it deems it to be for the best interest of the District. If the second selected developer refuses or fails to execute the tendered instrument, the Board of Education may award the instrument to the proposer with the third highest best value score if it deems it to be for the best interest of the District.

5. Notwithstanding any other law, upon issuance of a contract award, the District shall publicly announce its award, identifying the entity to which the award is made, along with a statement regarding the basis of the award. The statement regarding the District's contract award and the contract file shall provide sufficient information to satisfy an external audit.

D. Interviews

The District will invite some of the finalists to meet with a District selection committee. Key proposed Project staff will be expected to attend the interview. The interview will be an opportunity for the District selection committee to review the proposal, the firm's history, and other matters the committee deems relevant to firm evaluation with the firm. The interview will start with the firm presenting its proposal and its Project team. The finalists may be required to submit in advance of the interview a more detailed fee proposal. If requested, this fee proposal shall include all charges and costs proposed to be charged to the District, including rates for extra work.

Any comments or objections to the form of Agreement attached hereto as **Appendix B** to this RFQ/P shall be provided in writing before the interview and may be the subject of inquiry at the interview. Any comments or objections to the form of Agreement not provided in writing before the interview will not be entertained by the District.

Following the interviews, it is expected that the selection committee will make best value recommendations to District staff regarding the finalists and awarding the contract. The criteria for these recommendations are identified above.

E. Final Determination and Award

The District reserves the right to contract with any entity responding to this RFQ/P for all or any portion of the work described herein and/or in an agreement offered to the entity, to reject any proposal as non-responsive, and/or not to contract with any firm for the services described herein. The District makes no representation that participation in the RFQ/P process will lead to an award of contract or any consideration whatsoever. The District reserves the right to seek proposals from or to contract with any firm not participating in this process. The District shall in no event be responsible for the cost of preparing any RFQ/P Packet in response to this RFQ/P.

The awarding of contract(s) is at the sole discretion of the District. The District may, at its option, determine to award contracts only for portions of the scope of work. In such case, the successful proposing firm will be given the option not to agree to enter into the Agreement and the District will retain the right to negotiate with any other proposing firm selected as a finalist. If no finalist is willing to enter into a contract for the reduced scope of work, the District will retain the right to enter into negotiations with any other Respondent responding to this RFQ/P.

The RFQ/P packet, and any other supporting materials submitted to the District in response to this RFQ/P will not be returned and will become the property of the District unless portions of the materials are designated as proprietary at the time of submittal, and are specifically requested to be returned.
