   John Kohner, Board Clerk
A RESOLUTION ESTABLISHING ABSENTEE BALLOT BOARD FOR THE
NOVEMBER 7, 2017 GENERAL ELECTION

WHEREAS, Minnesota Statutes, Section 203B.121 requires that a school board must establish an absentee ballot board by ordinance or resolution.

BE IT RESOLVED by the School Board of Independent School District No. 272 that the Eden Prairie Schools Absentee Ballot Board is hereby established, and that the individuals named on Exhibit A, and on file in the office of the School District Clerk, are hereby appointed to the Eden Prairie Schools Absentee Ballot Board for the November 7, 2017 General Election; and

BE IT FURTHER RESOLVED that the School Board of Independent School District No. 272 also appoints other individuals and all members appointed as Hennepin County election judges, as authorized under Minn. Stat. 204B.21, subdivision 2, to serve as members of the Independent School District No. 272 Absentee Ballot Board; and

BE IT FURTHER RESOLVED that the School District Election Clerk is hereby authorized to make any substitutions or additions as deemed necessary.

Passed and adopted by the School Board of Independent School District No. 272 this 28th day of August, 2017.

This resolution was adopted by the school board of Independent School District No. 272 on this 28th day of August, 2017 by a vote of ____ ayes and ____ nays.

## Superintendent Monitoring Report

**Policy Name:** 2.1 Emergency Superintendent Succession  
**Monitoring Timeframe:** July 2016 to June 2017

### Policy Quadrant: Executive Limitations  
**Date of School Board Monitoring:** August 28, 2017

### Global Constraint:
To protect the Board from sudden loss of Superintendent services, the Superintendent shall not permit there to be fewer than two other staff members sufficiently familiar with Board and Superintendent issues and processes who would be able to take over with reasonable proficiency as an interim successor.

### Operational Interpretation:
1. It is my interpretation that the Board requires a proactive plan that assures uninterrupted leadership of the organization due to a planned or unplanned short-term absence by the Superintendent.
   a. “Short Term” may be interpreted to be as little as one (1) day to as many as ten (10) workdays.
   b. In the event of an unplanned or planned absence, the Superintendent or his/her Assistant shall notify the Chair of the School Board.

2. It is appropriate that a line of succession be established with licensure, knowledge, and experience as the expected qualifications. The following persons and positions are designated to assume District leadership as the “Acting” Superintendent (in the order indicated) on behalf of the Superintendent in his/her anticipated or unanticipated absence.
   a. Assistant Superintendent*  
      Dr. Joshua Swanson*
   b. Director of Community Education*  
      Dr. Shawn Hoffman-Bram*
   c. Director of Personalized Learning and Teaching  
      Randi Anderson*
   d. Executive Director of Business Services  
      Jason Mutzenberger
   e. Executive Director of Human Resources  
      Thomas May

*Licensed as a District Superintendent in Minnesota

---

**Policy Monitoring Column**

**FOR BOARD USE ONLY**

| Compliance rating: | OI is/is not reasonable  
| Data does/does not provide adequate evidence of compliance |

*Include specific evidence for rating conclusion and recommendations.*

**Board member name:**

(enter rating and reasoning when appropriate)
## Justification:

1. MN Statute 123B.143 SUPERINTENDENT. Subdivision 1. Contract; duties. All districts maintaining a classified secondary school must employ a superintendent who shall be an ex officio nonvoting member of the school board.  
   a. The succession list (#2 above) contains at least two current administrators with District Superintendent certification.

2. Executive Directors and the Chief Operating Officer are knowledgeable of all major district processes.  
   a. These major processes are; educational programs, community education, family education, business services, technology, food services, facilities, human resources, communication and transportation. They are knowledgeable due to weekly Executive Cabinet meetings routinely held throughout the year. These meetings consist of regular discussion, problem solving, and decision making, communication or strategic planning for all major processes within the system.

3. The Executive Directors and the Chief Operating Officer are knowledgeable regarding Eden Prairie school governance and able to follow the correct process for communication and implementation with the board.  
   a. All members of the Executive Cabinet are involved in writing the policies and are familiar with all Ends, Executive Limitations, Board Management Delegation and Governance Process Policies. They are also active in writing and reporting on all Monitoring Reports. Executive Directors work in partnership with the board governance subcommittee.

4. The Executive Directors and the Chief Operating Officer are fully trained and licensed in their respective fields and have extensive leadership, supervision and organizational development experience.  
   a. Degrees, licensure or training for these staff members is available upon request.

5. The members of the Executive Cabinet are fully trained to activate and lead the District Crisis Center (DCC).  
   a. The Executive Cabinet and their immediate subordinates have participated in the development of the plan itself and have participated in emergency planning exercises and drills. They have participated in debrief sessions following the drills.

## Measurement Plan:

1. The School Board will review EL 2.1 bi-annually.

2. The effectiveness of this plan will be reviewed in debrief fashion by the Executive Committee if enacted and its findings reported to the Board.
### Evidence:

1. The Assistant Superintendent, Director of Community Education, and Director of Personalized Learning and Teaching held valid Superintendent licenses issued by the Minnesota Department of Education during the monitoring period.

2. A review of the Superintendent’s calendar demonstrates that the Superintendent’s Cabinet meets on a regular basis in order to share information regarding the overall status of the District and its functions.

### Statement of Assertion:

Report is Reasonable and Evidence support the Operational Interpretation.

### Board member’s summarizing comments:
### Eden Prairie School District 272 Superintendent Monitoring Report

**Policy Name:** EL 2.2 Treatment of Students  
**Monitoring Timeframe:** July 2016 to June 2017

---

**Policy Quadrant:** Executive Limitations  
**Date of School Board Monitoring:** August 28, 2017

---

### Global Constraint:

The Superintendent shall not cause or allow an educational environment that is unsafe, unwelcoming, inequitable, disrespectful, unnecessarily intrusive, or that otherwise inhibits the effective learning needs of each student.

**Operational Interpretation:**

A safe learning environment is focused on academic achievement, maintaining high standards, fostering positive relationships between staff and students, and encouraging parental and community involvement. (National Dropout Prevention Center/Network)

**Justification:**

The District approves, disseminates, reviews, and enforces the following District Policies that are intended to create and support a safe learning environment.

- Bullying prohibited ...................................................514
- Community notification, predatory offenders ........906
- Crisis management plan .................................806
- Hazing prohibited.......................................................526

---

| 2.2.1 Furthermore, the Superintendent shall not: Allow students to be unprotected against violence or harassment. |  |

<table>
<thead>
<tr>
<th>Operational Interpretation:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>The policy of the school district is to maintain a learning environment that is free from harassment and violence on the basis of race, color, creed, religion, national origin, sex, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. The school district prohibits any form of harassment or violence on the basis of race, color, creed, religion, national origin, sex, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability.</td>
<td></td>
</tr>
</tbody>
</table>
assistance, sexual orientation, or disability. (District Policy 413: Harassment and Violence) Staff training and student engagement are critical components of a safe school.

**Justification:**
State law (Minn. Stat. § 121A.03) requires that school districts adopt a sexual, religious, and racial harassment and violence policy that conforms with the Minnesota Human Rights Act, Minn. Stat. Ch. 363A (MHRA). District Policy 413: Harassment and Violence complies with that statutory requirement and addresses the other classifications protected by the MHRA and/or federal law.

**Measurement Plan:**
Sociologists describe “norms” as understandings that govern individuals' behavior in society. In this context, the policy statement reflects a norm, social contract, or expectation detailing how members of the school community are expected to behave towards each other. One hundred percent compliance with this policy is the district’s goal; however, it is improbable that all instances of harassment or violence will be mitigated throughout the district during a calendar year. As stated above, violation of this norm (policy) occurs when any pupil, teacher, administrator, or other school personnel of the school violates District Policy 413. With that said, mitigation and elimination of harassment and violence are ongoing district goals. Therefore:

1. Systemic efforts to mitigate incidents related to harassment and violence in the school setting shall be reported.
2. District actions to remain in compliance with Policy 413 shall be reported.

Voluntary compliance within the school community shall be measured and by the number of reportable incidents of harassment and/or violence as defined by Policy 413 and reported via the annual Discipline Incident Reporting System (DIRS) Report.

**Evidence:**

1. Systemic efforts to mitigate incidents related to harassment and violence in the school setting shall be reported.
   a. Student handbooks approved by the School Board on July 24, 2017 included the district policies on violence harassment and the consequences for failure to abide by the prohibitions as listed.
   b. Staff are expected to remain vigilant in their supervision of students and report violations to their supervisors.
   c. Principals, Associate Principals, Deans, staff, and security personnel provide student supervision and take appropriate actions when student behavior is contrary to Policy 506 Student Behavior and/or the Student Handbook.
d. The District contracts with the Eden Prairie Police for School Liaison Officers to further enforce and provide security within our school buildings and at selected school events.

e. The human resources department provides training on how to recognize and report sexual, racial, and religious harassment and violence to all new employees within thirty (30) days of their hire date. In addition to the new hire training, the transportation and buildings/grounds staff are retrained annually (spring/summer).

f. Positive Behavior Interventions and Supports (PBIS) implementation with MDE-supported training began in 4 elementary schools summer of 2015. Since that time 1 additional elementary school and 2 secondary schools have begun implementation. A plan is in place to support implementation in all schools by 2018-19. This is a research based program to strengthen climate, culture, and proactively teach expectations, which has been shown to support successful school interactions for all students and reduce undesired behavior.

g. Middle School
   i. 7th Grade Courage Retreat. With the support of Youth Frontiers, all 7th grade students go off campus for one day with teachers on their team to develop skills in building trusting relationships with each other. The topics of bullying and harassment are a major component of the curriculum.
   ii. In our advisories, all students’ complete lessons related to bullying and harassment.
   iii. In 7th and 8th grade health classes bullying and harassment issues are taught as part of the curriculum.
   iv. Our deans and counselors deal with bullying and harassment issues when they occur.

2. The data below is from the FY 2017 DIRS report to MDE.
   The District submitted its annual DIRS Report (District Incident Report System) in Summer, 2017. The DIRS Manual lists twenty-nine student offenses that are tracked from the Infinite Campus Student Information System. The DIRS Manual provides definitions of each of the reportable offenses in order to maintain consistency of reporting. For purposes of this report, the following student offenses were used to aggregate the data.

According to the 2016-17 DIRS Report, EPS experienced the following reportable offenses in grades K-12:

<table>

</table>

Analysis
1. The tables may contain data sets expressed as “X”. Statutory data privacy provisions preclude the District from reporting data sets of less than 10 incidents.
2. The data reported is “incident data” not “student data”. Incident data includes duplicated counts, which means one student may be represented in multiple data sets. (ex. A reported field of 4 incidents may include the acts of 3 students during one event).
3. District administration analyzed the data and compared the 2015-16 and 2016-17 data sets specific to violence. The analysis showed an increase of 36 incidents in the aggregate across grades K-12. Efforts were made to align the way that data was collected by sites during the 16-17 school year, which may have also increased the accuracy of the data compared to prior years. The district efforts focused on proactive strategies for teaching students’ appropriate ways to
solve problems and for accessing adult support before a situation becomes violent will continue to be a priority in the 2017-18 school year.

4. The district is taking proactive steps to eliminate incidents of harassment or violence that are research based and when an incident occurs the district is taking appropriate action.

**Statement of Assertion:**
Report is Reasonable and Evidence support the Operational Interpretation

<table>
<thead>
<tr>
<th>2.2.2</th>
<th>Furthermore, the Superintendent shall not: Allow private student data to be unprotected.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Operational Interpretation:</strong></td>
<td>The school district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.</td>
</tr>
<tr>
<td>State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder. (District Policy 515: Protection and Privacy of Pupil Records)</td>
<td></td>
</tr>
<tr>
<td><strong>Justification:</strong></td>
<td>The procedures and policies regarding the protection and privacy of parents and students as provided in District Policy 515: Protection and Privacy of Pupil Records are adopted by the school district, pursuant to the requirements of 20 U.S.C. § 1232g, et seq., (Family Educational Rights and Privacy Act (FERPA)) 34 C.F.R. Part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, and Minn. Rules Parts 1205.0100-1205.2000</td>
</tr>
</tbody>
</table>
| **Measurement Plan:** | The school district shall give parents of students currently in attendance and eligible students currently in attendance annual notice by such means as are reasonably likely to inform the parents and eligible students of the following:  
  1. That the parent or eligible student has a right to inspect and review the student’s education records and the procedure for inspecting and reviewing education records; |
2. That the parent or eligible student has a right to seek amendment of the student’s education records to ensure that those records are not inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights and the procedure for requesting amendment of records;

3. That the parent or eligible student has a right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that federal and state law and the regulations promulgated thereunder authorize disclosure without consent;

4. That the parent or eligible student has a right to file a complaint with the U.S. Department of Education regarding an alleged failure by the school district to comply with the requirements of FERPA and the rules promulgated thereunder;

5. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest for purposes of disclosing education records to other school officials whom the school district has determined to have legitimate educational interests; and

6. That the school district forwards education records on request to a school in which a student seeks or intends to enroll or is already enrolled as long as the disclosure is for purposes related to the student’s enrollment or transfer and that such records may include suspension and expulsion records pursuant to the federal No Child Left Behind Act and, if applicable, a student’s history of violent behavior.

The school district shall provide for the need to effectively notify parents of students identified as having a primary or home language other than English, and shall provide for the need to effectively notify parents or eligible students identified as disabled.

**Evidence:**

1. The school district provided parents and eligible students currently in attendance an annual notice of their rights (per the measurement plan) via the student handbooks distributed and/or accessible by each student at the beginning of the 2016-17 school year or upon later registration in the District, through the District and school websites, and the *Parent Post* e-newsletter.

2. There were no instances indicating an outside governmental agency finding of non-compliance with the MN Student Data Privacy Act during the reporting period.

**Statement of Assertion:**

Report is Reasonable and Evidence support the Operational Interpretation
### 2.2.3 Furthermore, the Superintendent shall not: Unfairly or inequitably identify and address student behavior violations.

**Operational Interpretation:**

1. I interpret “unfairly identify” student behavior violations to mean the District student discipline policy adequately describes those behaviors or actions for which any student could reasonably expect an appropriate and consistent official action from a school staff member or administrator.

2. I interpret “inequitably address” to mean that there is a District expectation that administration and staff enforce the student discipline policy is applied equitably and consistently to all students in response to the identified student conduct violation. This includes an expectation of consistency regarding the severity of the consequence, regardless of the student’s demographic designation.

3. Failure to unfairly or inequitable identify and address student behavior is referred to as “disproportionality”.

**Justification:**

1. District Policy 506 Student Discipline was adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

2. Disproportionality: Suspension is associated with negative outcomes for society in general. Skiba and colleagues have found that suspension is applied disproportionately to students who are older, male, from low socio-economic background, are a racial/ethnic minority, or have been identified with a disability. Specifically, students of a minority background are suspended more often, for less serious and more subjective behaviors, and with more serious consequences (Mendez & Knoff, 2003). Instead of supporting students with risk factors, suspension often increases the disparity between student groups. “Disproportionate Minority Representation in Suspension and Expulsion in Minnesota Public Schools: A report from the Minnesota Department of Education [http://tinyurl.com/jwvr7rp](http://tinyurl.com/jwvr7rp).

**Measurement Plan:**
The Disciplinary Incident Reporting System (DIRS) enables both the Minnesota Department of Education and our school district to comply with state and federal reporting requirements. DIRS is a web-based, password-protected system through which all public school districts must report disciplinary incidents that result in either suspension or expulsion.

Minnesota Statutes, section 121A.06, Subdivision 3, requires the Minnesota Department of Education (MDE) to annually report on disciplinary incidents, and incidents involving dangerous weapons, that occur in Minnesota public schools. Data for this report is obtained from MDE’s Disciplinary Incident Report System (DIRS).

Eden Prairie Schools submits its DIRS data each July to the Minnesota Department of Education. Longitudinal and current year data from this report shall be used to inform in the monitoring report.

**Evidence:**
The data included in this report is from the FY 2017 DIRS report to MDE.

1. Number of expulsions in 2016-17 = 0 students
2. Out-of School Suspensions by MDE demographic

The Minnesota Department of Education annually reviews district discipline data to determine if a district is disproportionate in student discipline specific to any student subgroup population. To date, Eden Prairie Schools has not been identified as being “disproportionate”. Administration continues to examine programs and services and recognizes the need to direct additional efforts toward creating alternatives to suspension for our students. These efforts are focused around culturally responsive instruction and positive behavior supports for all students.

**Statement of Assertion:**
Report is Reasonable and Evidence support the Operational Interpretation

**2.2.4 Furthermore, the Superintendent shall not:** Hire paid personnel without first completing an appropriate background check.

**Operational Interpretation:**
The purpose of Policy 404 Employment Background Checks is to maintain a safe educational environment in the school district in order to promote the physical, social, and psychological well-being of its students. To that end, the school district will seek a criminal history background check for applicants who receive an offer of employment with the school district.
**Justification:**
State Statute (123B.03) requires school districts to conduct criminal background checks on all employees.

**Measurement Plan:**
Compliance is demonstrated by consistent application of Policy 404 Employment Background Checks.

**Evidence:**
All paid personnel who were newly employed by the District during the reporting period completed an appropriate background check prior to hire.

**Statement of Assertion:**
Report is Reasonable and Evidence support the Operational Interpretation

### 2.2.5 Furthermore, the Superintendent shall not: Allow any volunteer unsupervised time with students without first completing an appropriate background check.

**Operational Interpretation:**
Parent involvement is an important aspect of Eden Prairie Schools as it helps create a sense of community where our students, staff, parents, and community members work together to ensure the success of all students. Eden Prairie Schools offers many opportunities for parents and community members to be involved in our schools. To that end, the school district will seek a criminal history background check for all volunteers using the following criteria:

1. Will the person have significant student contact (such as one-on-one contact with students, driving, and overnight field trips)?
2. Does the volunteer work require a significant amount of time alone with students with a low level of staff supervision (such as volunteer coaches or mentors)?

**Justification:**
State Statute (123B.03) requires school districts to conduct criminal background checks on all employees, student activities staff, and student activities volunteers (with the exception of enrolled student volunteers).

**Measurement Plan:**
1. If the decision matrix listed above indicates that a background check is necessary, the background check process is required, and the Human Resources Department and the responsible staff member review its results. If there are no concerns, the responsible staff member contacts the potential volunteer.
2. If the decision matrix indicates that a background check is not necessary and there are no concerns voiced by school personnel, the responsible staff member contacts the potential volunteer as appropriate.

**Evidence:**
The school district conducted criminal background checks on all volunteers (with the exception of enrolled student volunteers) per the Operational Interpretation during the reporting period.

**Statement of Assertion:**
Report is Reasonable and Evidence support the Operational Interpretation

### 2.2.6 Furthermore, the Superintendent shall not: Neglect to assure an equitable system for access to academic programming.

**Operational Interpretation:**
Educational equity is based on the principles of fairness and justice in allocating resources, opportunities, treatment, and success for every student. Educational equity programs promote the real possibility of equality of educational results for each student and between diverse groups of students. Equity strategies are planned, systematic, and focused on the core of the teaching and learning process. (Source: Northwest Regional Education Laboratory).

**Equity** is defined as: fairness, justice, and impartiality.
**Equal Access** means impartiality in opportunity.
**Equal Educational Opportunities** means providing appropriate resources, opportunities, and treatment for each student.

**Justification:**
The four key action components that ensure educational excellence by incorporating equitable and effective school practices are:

- **Access** Educational institutions must ensure every student has an equal opportunity to participate in all aspects of the educational process, including learning facilities, resources, and extracurricular and curricular programs.

- **Instruction** Educational institutions must use instructional practices that promote positive images of diverse groups and a strong commitment to an equitable approach to teaching and learning.

- **Materials** Educational institutions and staff members must review textbooks, audiovisuals, and other materials to minimize bias in content, graphics, pictures, and language.
Assessment: Educational institutions must account for variances in student learning styles and cultural backgrounds, and align assessment with school curricula, instruction, and systemic improvement goals.

Measurement Plan:
This policy shall be measured against the four key components (Access, Instruction, Materials, Assessment) listed in the justification of this policy.

Evidence:
1. Access:

X=less than 10; *Data retrieved from Infinite Campus course records on 8/9/17.

*Data retrieved from Infinite Campus enrollment records on 8/9/17.
2. Instruction:
   a. Sheltered Instruction Operating Protocols (SIOP): research-based and validated model of sheltering instruction for English Language Learners.
   b. All Eden Prairie Schools employees completed a Culturally Responsive Practices online course.
   c. Beyond Diversity and Site based equity teams build racial and cultural awareness and capacity toward culturally responsive teaching, focused on eliminating the racial achievement gap.
   d. Kinder Camp: August camp for students transitioning into kindergarten, focused on children who have not had a preschool experience and/or may not yet be kindergarten ready. Opportunity for informal evaluation to target instruction earlier in the school year and make the most appropriate placement decisions for the student and family.
   e. The Brotherhood and Sisterhood – high school organizations for students at risk, under-represented, and/or of color toward outcomes of student engagement, self-advocacy, and successful high school outcomes.
   f. Dare 2 Be Real WMEP student program in place at the high school. This program promotes, addresses and discusses racial equity and leadership. Students undergo intensive training and structured discussions that are intended to prepare a new generation for global readiness.
   g. Advancement Via Individual Determination (AVID) program implemented in 6 schools.
   h. High school students of color participate in the WMEP Civil Rights Research Tour, a powerful opportunity for students and staff to impact the way history and ethnic studies are taught in the region.

3. Materials
   a. Educational institutions and staff members must review textbooks, audiovisuals, and other materials to minimize bias in content, graphics, pictures, and language
   b. Curriculum Improvement Committee (CIC) program cycle
   c. Professional Development (Deconstruct & Reconstruct Curriculum and How do you recognize bias in the curriculum)
   d. The World’s Best Workforce parent advisory group reviews equitable learning opportunities with an emphasis in the area of curriculum, instruction and assessment.

4. Assessment
   a. AVID (advancement via individual determination) is a set of strategies to help students become college and career ready. A large component of the middle school and high school AVID programming is a requirement that students take enriched or advanced course work. To empower students, AVID offers a series of research based strategies, structures, and supports to eliminate opportunity gaps and increase success while students engage in challenging work. AVID at the elementary level lays the groundwork for success as students’ progress through middle and high school. The AVID strategies have a long track record of benefiting each student, but are particularly effective at helping traditionally underserved students perform at high levels.

**Statement of Assertion:**
Report is Reasonable and Evidence supports the Operational Interpretation

**2.2.7 Furthermore, the Superintendent shall not: Allow students to be uninformed of their protections under this policy.**

**Operational Interpretation:**
Students have a right to be active participants in their education and the environment in which they work and learn. The District is responsible for informing students and parents of their rights and responsibilities as members of the school community. Parents represent their child until the “age of majority.”

When using the term “parent” I am referring to a child’s guardian or to any other adult allowed and/or permitted by law to access private educational records and/or make educational decisions for the child.

**Justification:**
The practice of annual notification of student rights and responsibilities is supported by state statute and requirements as set forth in District Policy.
It is the practice of the School District to develop Student Handbooks each school year that include the rights and responsibilities of students. The Student Handbook is distributed and posted online for easy access. The following District Policies require annual notification:

- Harassment 413
- Student Discipline 506
- Bullying 514
- Hazing 526

Parents are required to acknowledge in writing that they have read and understand the Student Handbook, as under the law they are required to make educational decisions on behalf of their child until that child has reached the “age of majority.” The “age of majority” is the age at which a person, formerly a minor, is recognized by law to be an adult, capable of managing his or her own affairs and responsible for any legal obligations created by his or her actions. The “age of majority” in Minnesota is age 18.

Measurement Plan:
Compliance with this policy shall be evidenced by the annual process of student handbook creation, dissemination, and acknowledged receipt and understanding by students and parents.

Evidence:
The District complied with the expectations of this policy as evidenced by the annual process of student handbook creation, dissemination, and acknowledged receipt and understanding by Eden Prairie students and parents during the reporting period.

Statement of Assertion:
Report is Reasonable and Evidence support the Operational Interpretation

2.2.8 Furthermore, the Superintendent shall not: Neglect to assure that all allegations of student maltreatment are handled in a timely manner.

Operational Interpretation:
“Neglect” is interpreted as failing to act
“Assure” is interpreted as *making something certain*
“Timely Manner” in this context means *as soon as possible but in no event longer than 24 hours*

**Justification:**
District Policy 414 MANDATED REPORTING OF CHILD NEGLECT OR PHYSICAL OR SEXUAL ABUSE fully complies with Minn. Stat. § 626.556 requiring school personnel, as mandated reporters, to report suspected child neglect or physical or sexual abuse as soon as possible but in no event longer than 24 hours after becoming aware of the alleged maltreatment.

“Mandated reporter” means any school personnel who knows or has reason to believe a child is being neglected or physically or sexually abused. The statute requires that reports be made directly to law enforcement and/or MDE by the person who “has reason to believe...”, not by his/her supervisor.

**Measurement Plan:**

1. **DISSEMINATION OF POLICY AND TRAINING**
   a. This policy shall appear in school personnel handbooks.
   b. The school district will develop a method of discussing this policy with school personnel.
   c. This policy shall be reviewed at least annually for compliance with state law.

2. **MANDATED REPORTING**

3. Compliance will be demonstrated by adhering to all requirements of Minn. Stat. § 626.556 and District Policy 414 MANDATED REPORTING OF CHILD NEGLECT OR PHYSICAL OR SEXUAL ABUSE

**Evidence:**
The school district reports all instances of child neglect, physical and sexual abuse. The school district has not been found in violation by MDE.

**Statement of Assertion:**
Report is Reasonable and Evidence support the Operational Interpretation.

School Board member’s summarizing comments:
## Eden Prairie School District 272
### Superintendent Monitoring Report

<table>
<thead>
<tr>
<th>Policy Name: <strong>2.7 Asset Protection</strong></th>
<th>Monitoring Timeframe: July 2016 to June 2017</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Policy Quadrant: Executive Limitations</strong></td>
<td>Date of School Board Monitoring: August 28, 2017</td>
</tr>
</tbody>
</table>

### Global Constraint:
The Superintendent shall not cause or allow district assets to be unprotected, inadequately maintained, inappropriately used, or unnecessarily risked.

### Operational Interpretation:
I interpret compliance with the overall policy to mean that all twelve (12) policy provisions are in compliance. Furthermore:
1. I interpret “assets” to mean physical and intellectual property of the District with a value greater than $5,000.
2. I interpret “unprotected” to mean assets without insurance and/or a plan/guiding procedures.
3. I interpret “inadequately maintained” to mean a lack of preventive maintenance, repair, or renovation which may cause an asset to deteriorate and experience an accelerated depreciation, within available financial resources.
4. I interpret “inappropriately used” to mean the utilization of assets not in accordance with the desired Ends of the district.
5. I interpret “unnecessarily risked” to mean the exposure of assets to circumstances resulting in a higher likelihood of theft or otherwise being unavailable for the asset’s intended purposes.

### Justification:
The provisions 2.7.1 through 2.7.12 adequately summarize and categorize those district assets that this policy protects.

### Measurement Plan:
All provisions are in compliance.
**Evidence:**
Presented in provisions 2.7.1 through 2.7.12.

**Statement of Assertion:**
Report is Reasonable and Evidence support the Operational Interpretation

### 2.7.1 Furthermore, the Superintendent shall not: Develop a facilities construction, renovation and maintenance plan that is not part of a comprehensive rolling ten year plan.

**Operational Interpretation:**
I interpret “a comprehensive rolling ten-year plan” to be a master plan for facilities construction, renovation, and/or maintenance that is reviewed and updated annually. The annual update allows the District to consider alternatives to the plan in order to reflect new facility needs and educational plans for the future.

**Justification:**
A school district needs an ongoing program of assessment of existing school sites and facilities in order to identify school facility improvement issues, alternative means of addressing those issues, and to maintain a quality educational environment for students, staff, and community/partnership users. “To establish and maintain quality school facilities and a desirable learning environment for students, staff, and community users, an ongoing assessment of school facility needs and a program of public information about those needs is essential. (Guide for Planning School Construction Projects in Minnesota; MDE, 2003; p. 37)

**Measurement Plan:**
1. The comprehensive rolling ten year facilities plan shall be reviewed and updated on an annual basis.
2. The comprehensive rolling ten year facilities plan shall be consulted and referenced during the development of any facilities construction, renovation, and/or maintenance plan.
3. The Capital Fund budget shall be reviewed and updated on an annual basis.

**Evidence:**
At the January 23, 2017 school board meeting, the district sold general obligation facility maintenance bonds to fund two years of deferred maintenance projects. The school board approved on July 25, 2016 a multi-year facilities plan of proposed projects by building location as part of the 10-year long-term facility maintenance plan which was submitted to MDE for review and approval in July 2016.

At the April 25, 2016 school board meeting, the board approved the 2016-17 capital budget which included funds to address facility improvements. Prior to approval, administration worked with principals, department leaders, facility staff, and the Superintendent’s Cabinet to determine priorities for maintaining district facilities.
Facility work completed or planned in FY17 adhered to the Comprehensive Facility Plan and included the following components:
1. The district continued working on a long-term facility planning process geared to align with the strategic plan
2. Implemented facility changes to accommodate educational program needs and related space concerns
3. Discussed with the School Board deferred maintenance and capital fund expenditures and revenue sources
4. Planned for the updating of CMS domestic water piping, phase 1 of Cedar Ridge roof replacement, phase 3 of Eden Lake roof replacement, district-wide pavement upgrades, Prairie View window replacements, and a new bus wash in Transportation
5. Development of Designing Pathways recommendations

**Statement of Assertion:**
Report is Reasonable and Evidence support the Operational Interpretation

**2.7.2 Furthermore, the Superintendent shall not:** Fail to insure against theft and casualty losses at 100 percent of replacement value and against liability losses to School Board members, staff, and the organization itself in an amount greater than the average for comparable organizations.

**Operational Interpretation:**

1. **Property, Casualty, Umbrella** insurance coverage is in place to insure the School District for losses to real and personal property per Statement of Values on file with the insurance company.
   a. “Fail to insure against theft and casualty losses at 100 percent of replacement value” is interpreted to mean a level of theft and casualty insurance that assumes a reasonable level of risk with consideration to the overall cost of said insurance (See Justification 2.a.).
2. **Equipment breakdown** insurance coverage is in place specifically for boilers and machinery.
3. **Automobile** insurance coverage is in place to insure the School District for losses resulting from owned, financed, leased or rented school buses, vans, driver’s education vehicles and ground/facilities vehicles are as per Schedule on file with the insurance company.
4. **Commercial General Liability, Umbrella Excess Liability** coverages are place to insure against Bodily Injury & Property Damage Liability; Personal & Advertising Injury Liability; Medical Payments; Violent Event Response, Employee Benefits Liability and Sexual Abuse
5. **School Leader’s Errors & Omissions** coverage included Directors and Officers and school leader’s professional.
6. Crime coverage included for loss sustained from employee dishonesty, theft, disappearance and destruction.
7. Inland Marine coverage for the transport of goods in transit, as well as moveable property and instrumentalities of communication. These categories include items such as instruments, cameras, fine arts, signs, valuable papers, electronic data processing and miscellaneous equipment.
**Justification:**

This policy revolves around risk management that is the identification, assessment, and prioritization of risks. The strategies to manage risk typically include transferring the risk to another party, avoiding the risk, reducing the negative effect or probability of the risk, or even accepting some or all of the potential or actual consequences of a particular risk. The business office uses Marsh & McLennan for brokerage services for this category of insurance coverage. Below are a number of considerations and coverage categories reviewed on an annual basis, the last review being May 30, 2017:

1. Policies and procedures are in place to provide assurance of protection & supervision of facilities and equipment.
   (District Policy 902 Use of School District Facilities and Equipment)

2. Insurance is meant to provide a reasonable assurance that the owner of the insured real property can fully replace it in case of a loss. In this case, the Administration has chosen to insure at 100% of replacement value which considers the following pertinent facts:
   a. The current estimated property value is $454,122,766, based on a property appraisal completed in 2013 which showed that the District’s real and personal property replacement values are $432,053,000 plus nominal increases each year.
   b. The property insurance plan the District purchases utilizes Special Form Replacement Cost on a Blanket Property coverage basis (i.e., total property limit can be used at any one location or multiple locations), meaning the only loss situation that the full 100% coverage would be utilized would be in the case of the complete destruction of all real and personal property of the District in every location in a single event. If the District were to lose multiple buildings in a single event, the total amount of insurance coverage would be available to rebuild and refurbish those school sites.

3. School Districts are subject to Minnesota Rule: Chapter 466. Tort Liability, Political Subdivisions.
   (https://www.revisor.mn.gov/statutes/?id=466&view=chapter#stat.466.02) A school district cannot be held liable for actions that are not foreseeable when reasonable measures … are employed to insure adequate … duties are being performed …, and there is adequate consideration being given for the safety and welfare of all students in the school. (http://cousineaulaw.com/laws/minnesota-tort-laws)
   a. In most education-related civil lawsuits there are two main categories of tort liability relevant to educational institutions—Intentional and Negligent Torts.
      i. Intentional Torts—occur when an individual attempts or “intends” to cause harm to another. For intent to exist, the individual must be aware that injury will, or could, be the result of the act.
      ii. Negligent Torts—there are four elements of a negligent tort:
         1. Duty—The duty of an individual or the institution to protect those in our care
         2. Breach (of Duty)—failure of the individual or institution to exercise a standard of reasonable care.
         3. Proximate Cause—showing that the individual or institution failed to exercise a standard of reasonable care.
         4. Injury—No matter how great the duty (Element 1), how egregious the breach of that duty (Element 2), or how foreseeable the consequences and proximate cause of the individual or institution’s standard of care (Element 3), there is no liability if actual injuries cannot be proven.
**Measurement Plan:**
Compliance with this policy shall be evidenced through annual review of school district risk management processes and the subsequent renewal of our insurance plans that conform to the interpretation of this policy.

**Evidence:**

**Coverage in place July 1, 2016**
1. **Property, Casualty, Umbrella** insurance coverage is in place through Riverport (July 1, 2016-July 1, 2017)
2. **Equipment breakdown** insurance coverage is in place through Hartford Steam Boiler Inspection & Insurance Co. (July 1, 2016-July 1, 2017)
3. **Automobile** insurance coverage is in place through Riverport (July 1, 2016-July 1, 2017)
4. **Commercial General Liability, Umbrella Excess Liability** coverages are in place through Riverport (July 1, 2016-July 1, 2017)
5. **School Leaders Errors & Omissions** coverages are in place through Riverport (July 1, 2016-July 1, 2017)
6. Crime coverages are in place through Riverport (July 1, 2016-July 1, 2017)
7. Inland Marine coverages are in place through Riverport (July 1, 2016-July 1, 2017)

**Statement of Assertion:**
Report is Reasonable and Evidence support the Operational Interpretation

**2.7.3 Furthermore, the Superintendent shall not: Subject facilities and equipment to improper wear and tear or insufficient maintenance.**

**Operational Interpretation:**
I interpret this to mean all facility reviews and maintenance plans are in place for all school district buildings and grounds. The School Board is informed about the financial resources needed to implement the plans and that school budgets reflect the identified facility needs (within fiscal limitations).

**Justification:**
1. Proactive maintenance plans, explicitly stated facility needs with associated costs, and appropriate budgets are essential to ensure school district assets are protected.
2. Facilities and equipment such as computers, school buses, boilers, air handling units, coolers and freezers, dishwashers, serving lines and ovens routinely exceed their expected useful life due to the following procedures, training and asset handling requirements:
   a. Maintenance staff, technology staff, food service staff and school bus mechanics keep detailed records of maintenance schedules for all equipment
   b. All staff is trained on the use of equipment that they operate and hold appropriate licensure or certification where required
c. Access to facilities and equipment is limited through security, either human or electronic, at all times. The proper authorities and key staff are notified in the case of breach of this security.

<table>
<thead>
<tr>
<th>Measurement Plan:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Short and long-term maintenance plans are in place for each district facility. The School Board receives facilities progress reports as needed or desired throughout the year. Budgets include funds for maintenance and equipment needs as determined in district plans within available resources. Finally, the Superintendent approves expenditures from building contingency funds as needed.</td>
</tr>
</tbody>
</table>

<table>

<tbody>
<tr>
<td>Eden Prairie Community Education reserved buildings for 2,392 uses that served approximately 18,888 community members during FY 2017.</td>
</tr>
</tbody>
</table>
The Eden Prairie High School Student Activities Department rented its facilities (performing arts center, bubble, activity center, gyms, private instructor rooms, music areas, fields, and tennis courts) for 9,789 events during FY 2017.

Information regarding the procedures in place for community use of District facilities can be found at: http://comed.edenpr.org/facility_use

**Statement of Assertion:**
Report is Reasonable and Evidence support the Operational Interpretation

### 2.7.5 Furthermore, the Superintendent shall not: Unnecessarily expose the organization, its School Board, or its staff to claims of liability.

**Operational Interpretation:**
I interpret this to mean the actions of the school board, the superintendent’s behavior, and the behavior of all district employees will be governed by state and federal law.

**Justification:**
The best way to preserve the legal liability of the school district is to ensure policies and procedures are current, the School Board and Staff are aware and understand the policies and procedures, and that required trainings (Federal and State) occur annually. A deliberate provision for staff awareness of legal responsibilities and professional behavior is essential.

**Measurement Plan:**
*Commercial General Liability, Umbrella Excess Liability and School Leader’s Errors & Omissions and Crime* coverages are in place to insure against Bodily Injury & Property Damage Liability; Personal & Advertising Injury Liability; Medical Payments; Employee Benefits Liability and Sexual Abuse, School Leader’s Professional, Director’s and Officer’s Liability, and Employment Practices Liability.

In addition, we provide opportunities for training to staff and Board members on Federal and State laws annually as required. Written policies indicating appropriate procedures for various activities within the district are in place and available on our web site and in the central office.

**Evidence:**
- *Commercial General Liability, Umbrella Excess Liability* coverages are in place through Riverport Insurance Services (July 1, 2016-July 1, 2017)
- *School Leader’s Errors & Omissions* coverages are in place through Riverport Insurance Services (July 1, 2016-July 1, 2017)
- Crime coverages are in place through Riverport Insurance Services (July 1, 2016-July 1, 2017)
Statement of Assertion:
Report is Reasonable and Evidence support the Operational Interpretation

2.7.6 Furthermore, the Superintendent shall not: Endanger the organization's public image, its credibility, or its ability to accomplish ends.

Operational Interpretation:
I interpret this to mean the Superintendent shall not cause or allow any practice, activity, decision, or organizational circumstance that is unlawful, unsafe, imprudent, or in violation of commonly accepted educational and professional ethics and practices.

Justification:
1. The school district’s image, credibility, and ability to accomplish its Ends must be protected at all times. A deliberate provision and attention to maintaining a current, purposeful, legal, and ethical financial system significantly improves the district’s ability to achieve its Ends and maintain the support of its community.
2. Superintendents are not only subject to rules and regulations related to the operation of a school district, but also to the Minnesota Code of Ethics for School Administrators (MN Rule 3512.5200).

Measurement Plan:
1. This policy shall be measured by the presence (or lack thereof) of any formal complaints found to be factual by the School Board, their designee, or the Board of School Administrators that the public image, credibility, or ability to accomplish our Ends has been endangered.
2. Other evidence to support compliance with this policy include the acceptance of related Executive Limitation monitoring reports determined to be in compliance by the School Board.

Evidence:
1. There were no formal complaints made to the School Board or Board of School Administrators regarding public image violations or violations against the rules and regulations set forth by the Minnesota Code of Ethics for School Administrators.
2. All Executive Limitation monitoring reports regarding public image and credibility were accepted as in compliance.

Statement of Assertion:
Report is Reasonable and Evidence support the Operational Interpretation
Furthermore, the Superintendent shall not: Allow uninsured personnel access to material amounts of funds.

Operational Interpretation:
I interpret this to mean that adequate internal controls and insurance coverages are in place to limit the District’s exposure and risk of loss.

Justification:
Insurance coverage is essential to protect the overall integrity of the financial system. Insurance ensures that fraud, negligence, or theft by an employee will have a limited impact on the school district.

Proper internal controls are essential to limit the district’s exposure to loss through fraud or error.

Measurement Plan:
1. The School District develops, publishes, enforces, and reviews annually internal controls regarding access to funds.
2. The external auditors annually review the system of internal controls, conduct a system walk-through and report any exceptions.
3. Employee Theft and Dishonesty/Crime policies are in place to insure against: Employee Theft Per Loss (also includes Public Employees Faithful Performance); Depositor’s Forgery/Alteration; Theft, Disappearance & Destruction (Money, Securities & Other Property – including Robbery & Safe Burglary; and Computer Funds & Transfer Fraud.

Evidence:
1. The District Business Office conducted its formal internal control annual review and trained Business Office employees regarding the District’s regulations regarding access and handling of district funds in June 2017.
   a. The internal control procedures revealed no exceptions during FY 2017.
   b. Each site petty cash and safe is randomly audited annually by business office staff.
   c. All cash deposits must be accompanied by a written cash receipt. Cash receipt backup retained at the site is randomly audited by business office staff.
   d. The use of the online payment systems, Feepay, PayPams and USAePay will reduce the amount of cash transactions throughout the district, especially in student activities and food service.
2. The FY 2017 financial audit required by state statute will be presented on or about November 27, 2017. The audit report includes a section on “Internal Controls” that would indicate concerns with the District’s internal processes and controls during the prior fiscal year.
3. The FY 2016 Audit indicated no internal control deficiencies regarding uninsured personnel access to material amounts of funds.
Statement of Assertion:
Report is Reasonable and Evidence support the Operational Interpretation

2.7.8 Furthermore, the Superintendent shall not: Receive, process, or disburse funds under controls that are insufficient to meet the School Board-appointed auditor's standards.

Operational Interpretation:
I interpret this to mean the District audit and financial statements must be based on Generally Accepted Government Auditing Standards, the federal Single Audit Act, and the Minnesota Legal Compliance Guide issued by the Office of the State Auditor in reference to the school district’s financial resources.

Justification:
School districts are required to have an annual independent financial audit, to submit audited financial data to the Minnesota Department of Education (MDE) electronically, and to submit all required components of the audit report to MDE and to the Office of the State Auditor.

Measurement Plan:
The Annual Audit Report that routinely tests the district’s financial processes and practices. Non-compliance would be reflected by “findings” published in the Annual Audit Report to the Board of Education.

Evidence:
The School Board approved the FY16 audit on November 26, 2016 and these reports were submitted to the Minnesota Department of Education and the State Auditor’s office in December 2016. The FY16 Annual Audit revealed one legal compliance finding and two internal control findings over compliance. A corrective action plan was put in place to address the findings.

Statement of Assertion:
Report is Reasonable and Evidence support the Operational Interpretation

2.7.9 Furthermore, the Superintendent shall not: Compromise the independence of the School Board’s audit or other external monitoring or advice.

Operational Interpretation:
I interpret this to mean I will not interfere with the external auditing process and not utilize auditing personnel for other financial business. I will ensure the annual audit takes place in a timely manner.
**Justification:**
The external audit is, in its purest form, a report card on the overall functioning of the school district. As such, the Superintendent and Executive Director of Business Services should cooperate (and not disrupt) the audit process to all possible extent. As a primary safeguard to maintaining fiscal integrity, the external audit should remain as neutral to the administration and operations of the district as possible.

**Measurement Plan:**
Per State Statute, the School Board appoints an external auditor to conduct all external audits. Audits are conducted at the beginning of each fiscal year, and must be completed by the School Board prior to December 31. As a part of the process, the School Board meets with the external auditor to review the audited statements and to report its findings.

**Evidence:**
The School Board approved the FY 2016 audit on November 26, 2016 and these reports were submitted to the Minnesota Department of Education and the State Auditor’s office in December 2016.

**Statement of Assertion:**
Report is Reasonable and Evidence support the Operational Interpretation

**2.7.10 Furthermore, the Superintendent shall not: Substantially change the principal educational purpose of a school by closing, repurposing, consolidating, combining or creating new or choice destination schools without School Board approval.**

**Operational Interpretation:**

1. I interpret *school* as:
   a. The legal definition of *school* per Minnesota Statute 120A.05,
   b. I further interpret *school* to be the “real property” consisting of any one of the eight (8) current *school* buildings and Lower Campus.

2. The phrase *principal educational purpose* is interpreted as the standard course of academic programs implemented to meet the standards established by the Minnesota Commissioner of Education (MN Statute 120A.05).

3. I interpret *substantially change the principal purpose of a school* to mean:
   a. Alter the primary use of one of the District’s elementary, middle or secondary schools per the legal definition of a *school* (MN Statute 120A.05).
   b. Significantly alter the physical space and primary use of a specially designated or designed space of a *school* (i.e. gym, swimming pool, media center, etc.).
   c. To demolish, reconfigure, or remodel in order to create a new use at a cost in excess of $100,000 at one site.

4. I interpret *by closing or repurposing it* to mean:
   a. *Closing* is eliminating the use of a District *school* building for any District purpose.
   b. *Repurposing* is:
Creating a District “Destination School”

Using a District school building for a purpose not associated with a school.

I interpret by consolidating or combining it with another school to mean:

- The action of moving one school into another school’s building, and eliminating one of the schools affected, or;
- Moving one school into another school’s building, and changing the principal educational purpose of individual schools.

I interpret board approval as an affirmative majority vote by a quorum of the School Board on a recommendation provided by the Superintendent or his/her designee.

Justification:

1. The legal definition of school was used to delineate those structures from other District real properties.
2. Minnesota Statute 120A.05 defines the principal educational purpose of school sites:
   a. Subd. 9. Elementary school. "Elementary school" means any school with building, equipment, courses of study, class schedules, enrollment of pupils ordinarily in prekindergarten through grade 6 or any portion thereof, and staff meeting the standards established by the commissioner.
   b. Subd. 11. Middle school. "Middle school" means any school other than a secondary school giving an approved course of study in a minimum of two consecutive grades above 4th but below 10th with building, equipment, courses of study, class schedules, enrollment, and staff meeting the standards established by the commissioner of education.
   c. Subd. 13. Secondary school. "Secondary school" means any school with building, equipment, courses of study, class schedules, enrollment of pupils ordinarily in grades 7 through 12 or any portion thereof, and staff meeting the standards established by the commissioner of education.
      (Note: the Education Center in Eden Prairie is not included in this definition, as the District does not own real property at that site.)
3. The definition of “Real Property” was used to differentiate it from other types of property owned by the district
   a. “Real Property” is defined as “A building or structure shall include the building or structure itself, together with all improvements or fixtures annexed to the building or structure, which are integrated with and of permanent benefit to the building or structure, regardless of the present use of the building, and which cannot be removed without substantial damage to itself or to the building or structure.” (MN Statute 272.03.b.)
      (Note: the Education Center in Eden Prairie is not included in this definition, as we do not own real property at that site.)
4. Closing or Repurposing
   a. It is not uncommon for individual rooms in a facility to provide several functions as needs arise and priorities change over a period of time while the school as a whole retains its principal educational purpose. Most often, the repurposing of usable space does not require substantial changes to the physical structure.
   b. This interpretation does not limit Administration from managing its schools to produce the desired ends. It does limit the administration from substantially changing to a school in a manner that would:
      i. Physically alter a “specially designated or designed space” for a new use.
ii. Require contracts over $100,000 for repurposing classroom or specialized space at a single school to be approved by the School Board per MN Statute 123B.52 and MN Statute 471.345, Subd. 3.

5. “Destination School”
   a. Meets the legal definition of a school and provides the standard academic program and standards as established by the Minnesota Commissioner of Education in an alternative, enhanced, or specialized learning environment.
   b. Is open to enroll eligible students regardless of their home location within the School District
   c. Provides a specialized academic focus in an alternative, enhanced, or specialized learning environment that may include, but is not limited to: language immersion, technology, environmental studies, fine arts, online, STEM, etc.
      i. Programs such as Level III Gifted Services, Special Education Low Incidence and Center-Based programs, and English Language Learners are not destination schools.
      ii. Eagle Heights Spanish Immersion School is a destination school per this interpretation.
      iii. The Level IV Gifted and Talented programming would be considered a destination school at such point as it encompasses multiple grade levels at one or more school sites.

6. Board Approval
   a. School Board voting rules are self-explanatory and legally required to do the business of the school district.

This interpretation has the expectation that the Superintendent will undertake a process that provides adequate background information, opportunities for discussion, and culminates with a specific recommendation for Board action.

Measurement Plan:
The Superintendent shall be found to be in compliance with this policy when:
   1. The district’s school sites retain their “principal” educational purpose,
   2. The district’s school sites are not repurposed, consolidated or combined with another school without Board approval.

Evidence:
No spaces were changed during the reporting period.

Statement of Assertion:
Report is Reasonable and Evidence support the Operational Interpretation

2.7.11 Furthermore, the Superintendent shall not: Allow anyone other than the School Board to name facilities, schools, classrooms, or spaces within the district.
**Operational Interpretation:**
The Eden Prairie School Board is responsible for permanently naming facilities, which includes buildings, rooms, internal spaces, streets, landscape materials and associated exterior furnishings, courts, athletic fields, open spaces, forests, and all other areas owned, operated, or controlled by the Eden Prairie School District.

Eden Prairie School District may name facilities according to provisions established by statute. The School Board may elect to name facilities in recognition of individuals who have attained achievements of extraordinary and lasting distinction or enter into authorized agreements and contracts to lease naming rights for school facilities or enter into an agreement with a sponsoring agent in order to generate alternative sources of revenue to be used according to a plan specified by the School Board.

**Justification:**
Board authority, established in statute, permits the Board to enter into a contract to lease the naming rights for school facilities, sell advertising on or in facilities and otherwise enter into an agreement with a sponsoring agent. The School Board exercises approval authority for naming of all facilities owned, operated, or controlled by the Eden Prairie School District.

**Measurement Plan:** Compliance with this policy shall be evidenced via the Board naming all permanent facilities owned or leased by the District.

**Evidence:**
No spaces were named during the reporting period.

**Statement of Assertion:**
Report is Reasonable and Evidence support the Operational Interpretation

2.7.12 **Furthermore, the Superintendent shall not:** Eliminate any non-state-required programs that would adversely affect our reputation and/or diminish the value of our broad-based educational opportunities without School Board approval.

**Operational Interpretation:**
1. An “educational program” is defined as “a set of learning activities with a specific goal.” In the context of a school district, an educational program is interpreted as a set of courses leading to acquisition or mastery of a set of identified competencies.

2. The core of this policy [The Superintendent shall not] “Eliminate any non-state required programs...without board approval” is self-explanatory. I interpret this policy to mean that Administration must seek approval via official vote of the School Board to discontinue any educational program at any level that is not required by Minnesota statute.

   a. The State of Minnesota requires the following of all of its high school graduates:
i. 4 credits of language arts
ii. 3 credits of mathematics, including algebra, geometry, statistics and probability sufficient to satisfy the standards. Students in the graduating class of 2015 and beyond must complete an algebra II credit or its equivalent as part of the 3-credit requirement. In addition to the high school credits, students in the graduating class of 2015 and beyond must also complete an algebra I credit by the end of eighth grade.
iii. 3 credits of science, including a biology credit. In addition, students in the graduating class of 2015 and beyond must complete a chemistry, physics, or Career and Technical Education (CTE) credit as part of the 3-credit requirement. (The CTE credit must meet the standards underlying the chemistry or physics credit.)
iv. 3½ credits of social studies, including U.S. history, geography, government and citizenship, world history and economics.
v. 1 credit in the arts
vi. 7 elective credits

b. In grades K-8 school districts are required to put state academic standards into place so all students have access to high-quality content and instruction. Districts must develop local standards for subjects that do not have state standards. (Source: MDE) Therefore, specific elective courses and programs are not required at these levels, but the standards embedded in those courses and programs are required to be delivered in some form to students.

3. The phrase “adversely affect our reputation and/or diminish educational opportunities” is subjective in nature. Therefore, the discussion regarding “value” becomes a consideration for the School Board rather than one for the Superintendent in the decision-making process.

UPDATE: Designation of Identified Official with Authority for the MDE External User Access Recertification System

The School Board authorized Superintendent Josh Swanson to act as the primary Identified Official with Authority (IoWA) on July 24, 2017.

Superintendent Josh Swanson recommends the School Board or equivalent governing board also authorize Brenda Haynes to act as the IoWA to add and remove names only for the Eden Prairie Public School District 0272-01.

The Minnesota Department of Education (MDE) requires that school districts annually designate an Identified Official with Authority to comply with State Access Control Security Standard 1.0 which states that all user access rights to Minnesota state systems must be reviewed and recertified at least annually.

The Identified Official with Authority will assign job duties and authorize external user’s access to MDE secure systems for their local education agency (LEA).
Monthly Reports – Resolution of Acceptance of Donations

BE IT RESOLVED by the School Board of Independent School District No. 272 that the School Board accepts with appreciation the following contributions and permits their use as designated by the donors:

**Cedar Ridge Elementary:**
- Donation of $350.00 – Wells Fargo Community Support Campaign (Breanne Pena) – Funds used to enhance our nature/outdoor curriculum.
- Donation $87.49 – Ms. Jennifer Stratton – Funds will be used to enhance reading curriculum.
- Donation $87.51 – Ms. Carrie Twedt – Funds will be used to enhance the nature/outdoor curriculum.

**Oak Point Elementary:**
- Donation of $99.97 – Wells Fargo Foundation Community Support (Evelyn Dorsey) – Funds used to support our school programs.

**Prairie View Elementary:**
- Donation $250.00 – The Gap Foundation (Kristina Huber) – Funds will be used for years to come by present and forthcoming students.

To: Dr. Josh Swanson, Superintendent  
From: The Business Office  
Re: Radon Testing Results

Radon testing is conducted in Eden Prairie Schools every five years or when there are major changes to the foundation or ventilation in a building. Radon is a naturally occurring, radioactive gas that enters buildings from surrounding soil. It is a colorless, odorless, tasteless, radioactive gas, the primary source of ionizing radiation to humans. The level of radon gas present in an area may pose a health hazard to students and staff alike. Testing is the only way to determine how much radon is present in an occupied space and test results are measured in picoCuries/liter (pCi/L) which are used to establish the action levels recommended by the United States Environmental Protection Agency (EPA).

Eden Prairie Schools hired the Institute for Environmental Assessment (IEA) to conduct radon testing at all student-occupied sites within the district. Radon testing and management is not a regulated activity in Minnesota. Given the unique properties of radon gas, it is important to be aware of the risks with prolonged exposure to high levels and to be proactive in controlling it. Eden Prairie Schools created a written program to comply with the Minnesota Department of Health (MDH) Best Practices for Radon Measurement in Minnesota Schools. The purpose of this program is to ensure students and staff have a healthy learning and working environment.

Initial test results from IEA showed radon levels were below the 4 pCi/L action level in 503 of the 505 rooms tested. Test results of two classrooms at Cedar Ridge Elementary showed elevated levels of radon. The district voluntarily conducted more detailed secondary testing in those two rooms, which showed radon levels within the normal range. We will continue to periodically test levels according to program requirements.

District-wide testing confirmed our students and staff are in a healthy environment in all district classrooms.
