1. The topic I plan to research is:
2. In a catalogue search you could use the following terms to help you search out information on your topic.
3. In our library you will find Several books about your topic: Please put the Title, Author and call # for the books you find. You may find that we don't have any books in your topic area, if that is the case leave this blank.
4. Go to Utah's Online Library at <https://onlinelibrary.uen.org/> If you are on a school computer you will be automatically logged in. If you are at home you will need the username and password, please see Mrs Johnson in the library for that information. Try using Gale Kids or Ebsco. Find three Resources and list them here with title and what type of resource it is. ie book, magazine, newspaper.
5. Find two resources online, make sure your websites are authoritative and relevant. Put the Name of the Website, what you will find in it and the URL.
