6th grade issues: None

7th grade issues: Teachers aren't being told in a timely manner about students in ISS. They want to send work quickly and know exactly what happened and why they were in there. **Teachers should do their best when writing the referral to include all teachers of that student so that they are notified.** Technology is impossible to do whole class instruction. **Work with your team and do your best to share for now :) And don't forget to plan and sign up for Cart 3!**

8th grade issues: None

Electives: None

EC: None

LA: Hoping to get some EOG prep materials. IXL does not meet all the needs of LA

Math: None

SIT Plan: Review goals and objectives, fill out the MONITOR implementation goal sheet
