Paulynn Hacking

Tristin Beck

Brenda Bacon

Brian Lifferth

Dana Hamaker

Absent: James Harwell

Excused: Stephanie Phillips

ADMINISTRATION REPORT

- School Improvement Plan (SIP): Discussed results from last year's plan. We will have \$11K in surplus trust lands money to pay for additional resources by the end of the school year. The council determined that these funds will go towards the expected refresh budget for next year, which will pay for laptops and iPads. Proposed by Dana Hamaker and seconded by Brenda Bacon. Unanimous decision by the council.
- Computer Refresh: Our school will receive \$61K from the district for new computers next year. This money is specifically set aside to replace devices and plan for growth. (Technology is rotated every 4-5 years, as needed). Council will consider also allocating trust lands funds to the computer refresh fund for next year and vote at the next meeting on 3.13.19
- 6th grade is 1 to 1 technology. Every other grade is 2 to 1 and will remain that way.
- Educational Minecraft update: kids can work collaboratively in a "world" and teacher sets parameters. ie, studying ancient civilizations (like Egypt) and then re-recreating in Minecraft. Create a water cycle, etc. Kids can also learn to code within the program.

DISCUSSION ITEMS

- Discussed teacher needs for next year's SIP and will vote on expenditures at the next meeting.

NEXT MEETING DATES

All meetings will be held in the conference room by the office at 3:45 pm.

*Dates are subject to change and will be posted online.
