

Lab Work at
miCare
Health Center

Your employer sponsored miCare Health Center is proud to offer many common lab tests that you normally would be able to receive at any community health center. Chances are, if you can get the lab from your family physician, you can get it at miCare! On the reverse side is a full list of labs.

Lab costs vary greatly depending on the type of lab one is receiving. Most of the time lab work ranges from \$10 to \$200. miCare eliminates the middle man! Your employer receives a better rate on the cost of the lab tests and they are free to each member.

Save Money on Outside Lab Orders

If your provider orders lab work, fax or bring your lab order to miCare to have labs drawn. The labs are ABSOLUTELY FREE and miCare will fax the results right to your provider! (If your lab is not on this list, please have your provider fax the lab order **2 - 5 days** in advance to **HEIGHTS: 406.281.5191** or **LINCOLN CENTER: 406.281.5181** to make sure the clinic has the necessary supplies,)

*** Genetic Testing at miCare ***

Any genetic test drawn at the miCare Health Center will require an approval letter from your employer's health insurance plan and a completed lab requisition from the ordering provider.

To schedule a lab, call [1.866.888.8035](tel:1.866.888.8035) or visit micarehealthcenter.com to schedule a time for labs to be drawn.

TEST NAME	TEST NAME	TEST NAME
Aerobic Bacterial Culture		Prolactin
AFP, Serum, Tumor Marker	Estradiol	Prostate-Specific Ag, Serum
Albumin	Estrone, Serum	Prot+CreatU (Random) (microalbumin)
ALT (SGPT)	Ferritin, Serum	PT and PTT
Amylase, Serum	Folate (Folic Acid), Serum	PTH, Intact
ANA w Reflex if Positive	FSH and LH	Renal Panel (10)
Antistreptolysin O Ab	GGT	Rheumatoid Arthritis Factor
AST (SGOT)	hCG,Beta Subunit, Qnt, Serum	Rubella Antibodies, IgG
Basic Metabolic Panel 8	hCG,Beta Subunit,Qual,Serum	Sedimentation Rate- Westergren
Beta Strep Gp A Culture	HCV Ab w/Rflx to Verification	T3 Uptake
CA 19-9	HCV antibody	T3Free
Calcium, Ionized, Serum	Hemoglobin A1c	Testosterone
Calcium, Serum	Hep B Surface Ab Qualitative	Testosterone, Serum
Cancer Antigen (CA) 125	Hep Be Ab	Thyroid Antibodies
CBC With Differential/Platelet	Hep Be Ag	Thyroid Cascade Profile
CBC, No Differential/Platelet	Hepatic Function Panel (7)	Thyroid Panel With TSH
CCP antibodies, IgG/IgA	Hepatitis B Surf Ab Quant (vaccination confirmation)	Thyroid Peroxidase (TPO) Ab
CMP 14	Hepatitis Panel, Acute	Thyroxine (T4)
CMP 14 (reflex hgbA1c)	Iron and TIBC	Thyroxine (T4) Free, Direct, S
CMP12+LP+6AC	Iron, Serum	Triiodothyronine (T3)
Comp Metabolic Panel 12	LDH	TSH
Cortisol	Lipase, Serum	TSH and Free T4
C-Reactive Protein, Quant	Lipid Panel w Chol/HDL ratio	TSH, Rflx abn to Free T4
Creatine Kinase (CK), MB/Total	Magnesium, Serum	UA/M w/rflx Culture, Routine
Creatine Kinase,Total,Serum	Mononucleosis Test, Qual	Uric Acid, Serum
Creatine, 24-Hour Urine	Nicotine Metabolites	Urinalysis, Complete
Creatine, Serum	Phosphorus, serum	Urinalysis, Routine
DHEA, Serum	Potassium, Serum	Urine Culture, Routine
DHEA-Sulfate	Progesterone	Urine Culture,Comprehensive
ESR-Wes+ANA+RA Qn+CRP		Vitamin B12 and Folate

Labs not on this list may still be drawn at the miCare Health Center. Please ensure lab orders are faxed 2 - 5 days in advance to **HEIGHTS: 406.281.5191** or **LINCOLN CENTER: 406.281.5181** to ensure supplies are available.
