SCHOOL AND COMMUNITY

Greenwich, Connecticut, "Gateway to New England", is a suburban community of 61, 937 residents, located less than an hour from the heart of New York city. A large percentage of residents are college graduates in professional and business careers. The community enjoys a long history of support for its public schools.

Greenwich High School is a four-year comprehensive high school serving 2745 students of ethnic and cultural diversity. Students are randomly assigned to one of five houses. These five houses adjoin a one-acre enclosed area, the Student Center, which serves as cafeteria, meeting hall and place to spend free time. A large Media Center supports all learning programs of the school and helps students become lifelong learners by providing a wide variety of information, resources and technology. The School's philosophy of freedom with responsibility encourages students to make decisions affecting both their study and leisure time.

Recent national surveys identify Greenwich as one of the top high schools in the United States, offering over 305 different courses and a wide variety of co-curricular activities. The school fields forty-two varsity teams which have won numerous county, state and regional championships. Students and teachers consistently earn recognition and high honors not only for academic achievement, but also for artistic, dramatic, and musical accomplishments.

Net current per pupil expenditure—\$17,711.

FACULTY

At present, approximately ninety-one percent of the 263 faculty members have earned Master's Degrees or higher.

SPECIAL PROGRAMS

All freshmen and sophomores participate in a Seminar Program which is an interdisciplinary English/Guidance/Social Studies program providing group guidance, small group tutorials, instructional support, skills instruction and enrichment activities.

The ESL (English as a Second Language) Program provides classes in English, Mathematics, Social Studies, Biology and Chemistry for students with limited English proficiency.

For students who are in need of an alternative educational experience, Greenwich High School provides the full-time Community Learning Program located off campus.

Special Education Programs provide services ranging from Resource Room support for mainstream classes to a Comprehensive Support Program and an off-site Arch Program.

Qualified students enroll in AP Biology, AP Chemistry, AP Physics, AP Environmental Science, AP European History, AP American History, AP US Government, AP Comparative Government and Government Politics and Honors Individual and Family Development may apply for college credit through the UCONN Cooperative Program.

All students participate in a sequential 9-12 Technology curriculum which provides them with a strong base of skills in computer use and resources.

Under the guidance and supervision of faculty members, the Independent Study Program awards credit to students who pursue projects above and beyond the curriculum. All projects are approved and evaluated by an Independent Study Committee.

Full-time Senior Internships in the Greenwich community are available during the last five weeks of the school year. Five hundred forty-three seniors participated in our program in 2010
