Dear Parents and Students of St. Martin Parish:

Welcome to a new school year. A new school year is a time for growth and new learning adventures. The key for a successful school year is preparation and the best way to prepare is to possess knowledge of what is expected.

The purpose of the Student/Parent Handbook is to explain what is expected of students and parents during this school year. This booklet provides information on the guidelines and procedures adopted by the School Board to maintain a good learning environment and a safe school environment. Parents and students should read the manual carefully. The knowledge of what is to be expected enables students to become successful.

The Student/Parent Handbook provides our students with rules that will help them become responsible adults. It provides up to date information from legislative statutes and Board policies as well as providing procedures for a consistent and fair program to help students handle school day situations they may encounter. It outlines disciplinary actions that state the consequences ranging from moderate to severe. Most importantly, the discipline process allows students opportunities to modify their behavior and to prepare for success.

It is important that good habits are formed early. Positive actions become good habits through repetition and good habits contribute to learning success. Review the information in the Student/Parent Handbook with your child. Keep it for future reference. Use the booklet as a guide for your child to succeed. Repeated small successes help develop our students properly and provide a basis for larger successes in life.

We want all students to be successful. Communication among parents, students and school educators is crucial to a successful school year. Keep in touch with your school throughout the school year.

Sincerely,

Lottie P. Beebe, Ed. D.

STUDENT RIGHTS AND RESPONSIBILITIES

Students, as citizens of the United States, are guaranteed certain individual rights and have corresponding individual responsibilities. While student rights in most cases are specific, student responsibilities are implied. The word “responsibility”, in this context refers mainly to the individual’s obligation to others within his/her society, because, in order for an individual to preserve his/her rights, each must take upon himself/herself a sense of responsibility toward the preservation of the rights of others. Parents, teachers, and administrators have responsibility, indeed a duty, to protect the rights of students while maintaining an educational atmosphere conducive to the teaching, learning process. The concept of balancing the rights of the individual with the rights of society is as valid in the educational community as in the larger community. Responsibilities then become the foundation upon which individual rights become meaningful and effective.

If one were to enumerate the various responsibilities incumbent upon students, the list would be endless. However, within a school setting and in society, there are certain special responsibilities required of a citizen, who is a student in school that are of vital significance.

Each student has the responsibility to:

- A. Become informed of and adhere to reasonable rules and regulations established by the School Board and implemented by administrators and teachers.
- B. Respect the human dignity and worth of every other individual.
- C. Refrain from libel, slanderous remarks and obscenity in verbal and written expression.
- D. Study diligently and maintain the best possible level of academic achievement.
- E. Be punctual and present in the regular school program to the best of his/her ability.
- F. Dress and groom in a manner that meets reasonable standards; health, cleanliness, safety, and the uniform dress and appearance code.
- G. Help maintain and improve the school environment; preserve school property and exercise the utmost care while using school facilities.
- H. Refrain from gross disobedience, misconduct or behavior that disrupts the educational process.
- I. Respect the reasonable exercise of authority by school administrators and teachers in maintaining discipline in the school and at school sponsored activities.
- J. Continue or become actively involved in one’s education, understanding of people and preparation for adult life.

St. Martin Parish School Board is committed to providing the best education possible for every student in St. Martin Parish regardless of race, sex, religion, disability or national origin. In order to meet its commitment to guard and maintain for all students the right to equal opportunity in education and to assure an atmosphere conducive to learning, while protecting the United States Constitution and its Amendments, the St. Martin Parish School Board has adopted this “Statement of Policy” concerning student rights and responsibilities.

Every school in itself is a community made up of students, teachers, principals and other support staff. The school, as a community, exists and operates subject to policies and laws that guide the conduct of its members. The function of policies and laws is to assure the community membership that individual rights, privileges and freedoms will not be abridged by disruptive behavior of individuals or groups.

The primary goal of the school system is to provide a quality education for all its students. The rights and responsibilities contained in this handbook have been adopted by the St. Martin Parish School Board to achieve this goal. It is the responsibility of everyone in the school community to respect and accept student rights, recognize and support student responsibilities, and utilize administrative policies for the betterment of the educational process in the school system.

Below are the student rights and responsibilities:

A. QUALITY EDUCATION - Students have the right to pursue, through study and application, a quality education at public expense and to attain personal goals through participation in the entire school program. In order to obtain a quality education, students must attend classes daily, be on time for all classes, and obey school and district regulations.

B. ATTENDANCE - Students, including those married or pregnant, have the right to attend school until graduation provided they are not expelled because of their conduct. Regular attendance in school is expected of all students. Students shall attend school between kindergarten and 18 years of age. Students between 16 and 18 years of age may withdraw prior to graduation with written consent of a parent, tutor, or legal guardian in order to attend an alternative education program or a vocational-technical education program but will remain under compulsory attendance for fulfilling the attendance requirement for said alternative programs. (La. R. S. 17:226). To be eligible to receive grades/credits for course work, elementary and middle school students (grades 1-8) shall be in attendance a minimum of 160 days a school year. Secondary students (grades 9-12) shall be present 82 days per semester (State of LA, Bulletin 741 & St. Martin Parish Policy). The responsibility for a child attending school lies with the parents or the legal guardian. If the child is chronically absent from school, the parent and/or child may be referred to Child Protection, Court, FINS, and/or the local District Attorney's Office by the Child Welfare & Attendance Office.

C. SAFETY - Students have the right to expect that the school will be a safe place to obtain an education. In order to assure the safety of others, students must follow established rules and regulations and conduct themselves in accordance with the rules. It is the responsibility of the parent/guardian to insure that the school is given current, working telephone and emergency numbers. The school must be informed of any change in status concerning these numbers. Students have a responsibility to report any problems at the school to the teachers and/or administrators.

D. ON CAMPUS COMMUNICATIONS - Students have the right to express their opinions verbally, provided such expressions are not indecent, vulgar, or lewd and are not slanderous of another person. Students have the right to distribute written materials, but prior to distribution, the student must receive written approval from the principal or his/her designee. The written approval will include the number of times a day and the number of days the material can be distributed in the schools. At least 48 hours prior to the intended time for distribution, materials should be submitted for review to determine compliance with the above stated prohibitions. Distribution of materials in areas of the campus that would disrupt order or impede the free flow of student movement is prohibited. Students receiving permission to distribute the materials are also responsible for the cleanup of the materials distributed in a manner that is not disorderly or coercive, and all materials must bear a permanent official disclaimer of school sponsorship. Students are responsible for knowing that certain expressive activities are prohibited, such as: indecent, vulgar or lewd material or obscenity, materials that invade the privacy of others, materials that promote illegal activities for minors, materials that infringes on someone's copyright, and materials form non-student sponsored organizations.

E. OFFICIAL INFORMATION - 1) Parents or guardians have the right to review with a counselor all official files and data which pertain to the student personally. Students over 18 years of age may make the same request. They have a right to challenge the accuracy of the data through a formal hearing. Schools must produce such records for examination within 30 days of a written request. The school shall respond to reasonable requests for explanation and interpretation of a student's records. 2) No official record, file or data pertaining to any individual student that is personally identifiable to the student shall be released to anyone other than the student and /or parents except as authorized by law unless the student and/or parents have executed a written release of such information to a particular person or agency.

F. FULL PARTICIPATION - Students have a right to expect to be able to have full participation in all school organizations based upon their academic credentials and personal talent in accordance with

School Board policy and guidelines governing that particular activity. Students have a responsibility to take part in all school activities which are designed to help develop them into full functioning, self-reliant adults.

G. DECISION MAKING - Students have the right to assist in decisions that affect their lives in school. This right includes decisions related to election of courses of study beyond the required curriculum, participation in activities, and representation in an active student government organization. Students should take part in student government by running for office or voting for the candidate of their choice. They are also responsible for making any problems known directly to the staff or through this representation.

H. DUE PROCESS - No student shall be punished for committing any offense except in accordance with law and School Board regulations, and every student shall be afforded due process of law. Copies of School Board and school system regulations requiring or prohibiting certain conduct and the ensuing punishments for violations shall be made available to all students. Due process shall include that the student be advised by the principal or a designee of misconduct of the regulation that has been violated and the detailed reasons for such accusation. The student must be given the opportunity to respond to the accusation. The right of due process is more fully described in La. R.S. 17:416 and in another part of this handbook.

I. BUS SAFETY - Students have the right to ride the school bus to and from school and should recognize that it is a privilege. Students have the right to expect that the school bus will be a safe means of transportation. Students must obey the rules or lose the privilege of riding the bus. Students must follow established school bus rules and regulations in order to insure the safety of others. Any misbehavior on the bus or when going to or returning from school may result in temporary or permanent loss of bus riding privileges. In this case, transportation to and from school becomes the responsibility of the parent/guardian.

J. DRESS AND GROOMING - Students have a responsibility to dress and appear on school campus according to the standards of propriety, safety and health set forth by the St. Martin Parish School Board and/or its schools. Profane or obscene language, gestures or inference of profanity or advertisement of tobacco, alcohol, drugs or illegal substances or weapons on any article of clothing or jewelry is prohibited at all grade levels. Uniforms are mandatory at all grade levels.

III. ST. MARTIN PARISH SCHOOL BOARD

TITLE I PARENT INVOLVEMENT POLICY

Parent Involvement: Empowering parents to participate in their children's education.

The St. Martin Parish School Board recognizes that parental involvement is the key to academic achievement. The term *parent* refers to any caregiver who assumes responsibility for nurturing and caring for children, including parents, grandparents, aunts, uncles, foster parents, stepparents, etc. Studies demonstrate that when parents are involved in their children's education, the attitudes, behaviors, and achievement of students are positively enhanced.

Parents and families provide the primary educational environment for children; consequently, parents are vital and necessary partners, with the educational communities, throughout their children's school career. Although parents come to the schools with diverse cultural backgrounds, primary languages, and needs, universally all parents want what is best for their children. Parental involvement must be a focus in the classroom if schools are to be able to achieve high academic standards and create productive citizens. Schools in collaboration with parents, teachers, students and administrators, must establish and develop efforts that enhance parental involvement and reflect the needs of students, parents, and families in the communities which they serve.

District personnel, including a Family Involvement/Early Childhood coordinator, will provide coordination and technical assistance to schools as schools plan and implement effective parental involvement activities by hosting two parental involvement committee chair meetings annually. District personnel will work with school personnel to present activities to build the schools' and parents' capacity for strong parental involvement. A Family Involvement Coordinator will be available for consultation, assistance and coordination of parental involvement activities during the school year in collaboration with the Title I schools in the district with the ultimate goal of working with parents to improve student academic achievement and school performance.

A district Parental Advisory Council (PAC) will be organized from parent representatives of Title I schools. This Council will meet two times per school year to address parental concerns, plan and evaluate educational workshops, review and /or revise the Title I Student-Parent-School Compact, and evaluate and revise the district and school Parental Involvement Policies.

The St. Martin Parish School System will take action, with the involvement of parents to complete an annual evaluation of the content and effectiveness of this parental involvement policy in improving the quality of its Title I, Part A schools. The evaluation will include identifying barriers to greater participation by parents in parental involvement activities (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). The school district will use the findings of the evaluation about its parental involvement policy and activities to design strategies for more effective parental involvement, and to revise, if necessary (and with the involvement of parents) its parental involvement policies. Specifically, the annual evaluation of the content and effectiveness of the parental involvement policy will be conducted by the Family Involvement/Early Childhood coordinator and Title I School Family Involvement Committee to identify ways of improving the academic quality of the schools and employ new methods of obtaining a greater participation in parental involvement at the school and district levels.

Employing group presentations and individual meetings, school personnel, with assistance from District & Title I personnel, will promote parental understanding of the State's Academic content standards, State student achievement standards, and State and local assessments. These presentations will occur at the beginning of each academic year and upon receipt of assessment results. Presentations will provide detailed overviews of the standards and assessments along with suggestions for monitoring student's progress and improving student achievement.

Workshops using Dr. Ruby Payne's "A Framework for Understanding Poverty" will be presented to facilitators from each school who, in turn, will train personnel at their respective schools. This training will address many of the issues influencing effective parental involvement in schools with high poverty.

At the onset of each year and quarterly, a collaborative agency partnership meeting is held between Headstart, Office of Family Support, Department of Health and Hospitals, Families Helping Families, St. Martin Parish Special Services, Title I and LA4 representatives to discuss the program year and outreach for parental involvement. It is the intent of this partnership to provide families with avenues the necessary tools and resources needed to ensure student success in school by addressing all needs of the family.

In order to enhance parental involvement, **six essential elements** should be promoted:

1. Communication between home and school is regular, two-way, and meaningful:

Effective communication requires school-initiated contact with the parent and parent-initiated contact with the school where both parties provide vital information about a child's strengths, challenges, and accomplishments. To effectively communicate, both parties must be aware of issues such as cultural diversity and language differences and appropriate steps must be taken to allow clear communication for

all participants. LEP tutors are available to translate oral or print materials sent to homes of parents whose dominant language is not English.

2. Responsible parenting is promoted and supported: The family plays a primary role in a child's education, and schools must respect and honor traditions and activities unique to a community's cultural practices and beliefs. Parents are linked to programs and resources within the community that provide support services to families.

3. Parents play an integral role in assisting student learning: Educators recognize and acknowledge parents' roles as the integral and primary facilitator of their children's education. Research demonstrates that student achievement increases when parents are actively involved in the learning process.

4. Schools are open and inviting to parents and families and are actively seeking parental support and assistance for school programs: Parents are welcome in the school. Their support and assistance are sought. Capitalizing on the expertise and skills of the parents strengthens the family, school and community partnership.

5. Parents are full partners in the decisions that affect children and families: Parents and educators have a joint responsibility to make informed decisions related to all aspects of education provided to St. Martin Parish's youth. The role of parents in shared decision making should be continually evaluated, refined, and expanded. Activities to promote effective participation of parents in decision making will include, but is not limited to:

At least one parent, who is NOT a St. Martin Parish school employee, will serve as a member of each school's advisory council as an equal member.

Parent representatives will be involved in the development, review and evaluation applications for State and/or Federal funds.

District personnel will provide coordination and technical assistance needed in schools' planning and implementing effective parental involvement activities.

District personnel will present activities to build the schools' and parents' capacity for strong parental involvement.

Periodic collaboration of personnel in charge of school, State and Federal program parental involvement projects will coordinate activities at the school and district levels.

A District Parent Advisory Council consisting of a parent representative from each school (to include parents who are economically disadvantaged, disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background) will meet at least twice each year. Once at the beginning of the school year to present the District Parental Involvement Policy and to discuss how the policy should be examined and monitored. Once at the end of the school year to evaluate the policy and consider suggestions for improvement. The policy is read and the effectiveness of each item is determined. Parents participate in a needs assessment at the end of each school term. Suggestions for improvements are reflected in the revised Parental Involvement Policy. The determination of barriers is made through information provided by school personnel, comments made at Parish Advisory Committee meetings, personal contact with parents, and responses provided on meeting evaluations.

School, State and/or Federal programs will coordinate activities to involve parents in school activities. Some activities conducted are: District-wide parent/teacher conference days (two per year), school open house activities (including school's parental involvement plan/policy) at the beginning of each school year,

inclusion of parents on school advisory councils, parent workshops to strengthen parenting skills and/or to focus on activities to improve students' academic performance. Individual schools and projects will provide additional activities.

6. Community resources are made available to strengthen school programs, family practices, and student learning: Schools and parents will cultivate relationships with additional members of the community in order to promote and effectively increase educational opportunities for children. The district has implemented a Partner in Education program which involves the community (business & parents) in adopting & partnering with schools. A yearly system report is published and distributed to parents and community leaders which include test results, school accomplishments, programs and activities, and participating community leaders. Together, parents, educators and community members will join efforts toward identifying and promoting community resources and innovative programs for strengthening schools, families, and student learning.

Providing all St. Martin Parish's children with equal access to quality education is a primary goal. It is vital that all partners (parents, educators, communities, etc.) have the opportunity to provide input and offer resources to meet this goal. These partnerships are mutually beneficial. Developing cooperative efforts and linking access to resources will ensure improved academic achievement for all students, as well as quality schools.

IV. ST. MARTIN PARISH HOMELESS POLICY

The mission of the St. Martin Parish School District Homeless program is to provide homeless children and youth equal access to its educational programs and an opportunity to meet the same challenging State of Louisiana and District academic standards. Students will be protected from discrimination and will not be segregated on the basis of their homelessness.

Homeless students are identified during enrollment. The students shall be immediately enrolled even if the student lacks records normally required for enrollment. School secretaries and/or guidance counselors submit referral forms to the homeless liaison who, in turn, sends forms to the homeless advocate. The homeless advocate completes a home visit to assess living arrangements and assist the parent/guardian in completing the homeless forms to ensure needs are being identified. Once the residency questionnaire form is completed, it along with the referral form, is sent to the homeless liaison's office. The homeless liaison reviews and approves the forms. The student is then identified as homeless on the parish mainframe by entering the student's primary nighttime residence. A copy of the referral form is sent to the School Food Service Supervisor to keep on file and to the school to be placed in the student's cumulative record. Homeless students automatically qualify for free lunch. The Title I Homeless Program provides school fees, supplies and uniforms for each registered homeless child.

Referral forms are sent to the School-Based Health Center coordinator. A social worker shall contact the homeless family to see if any assistance is needed. The school-based health centers offer preventive and primary health services that address the physical, emotional and educational needs of students.

For students requesting to stay in the school of origin, the homeless liaison contacts the transportation supervisor who then makes arrangements for transportation to school of origin when feasible. Transportation shall be provided in accordance with District transportation guidelines. If a family chooses to stay in the school of origin after permanent housing has been found, transportation (when possible) will be provided for the duration of that school year, if requested by the family and if feasible.

Each homeless child/youth shall be provided services comparable to other students in the school. Student data is used to determine the need for further academic services. The District uses Dibels, RTI and tutors

paid with Title I. The district also provides access to Virtual School for high school students. Student folders are kept in the Homeless Liaison's office with homeless forms and documentation that the students' needs were met.

Grievances may be filed, by the student's parent or guardian, if they feel that student rights have not been served appropriately. Grievances shall be processed in a timely manner utilizing the following steps: (1) A grievance is filed with school. Administrator and Supervisor attempt to resolve grievance. (2) If grievant is not satisfied, may appeal to the Superintendent or designee. Superintendent shall conduct a full hearing on grievance. A written recommendation is provided to grievant. (4) If unsatisfied, grievant may appeal to St. Martin Parish School Board. (5) If unsatisfied, grievant may appeal to the State Department of Education.

It is the goal of the District to provide the best education possible to every student and to blend homeless students into the general school population without stigma of their home situation.

H. COMPULSORY ATTENDANCE AGES

State law establishes that any child between the ages of seven (7) and eighteen (18) inclusive (i.e., from his/her seventh to his/her eighteenth birthday) shall be required to attend school except as exemptions are provided by statute. J. TRUANCY

All instances of possible truancy from school shall be investigated, as required by law, and appropriate measures will be taken by the school administration and/or supervisor of Child Welfare and Attendance. A student, absent from school without an authorized excuse or leaves school before the end of the day without permission, shall be subject to suspension. (La. R.S. 17:221, La. R.S. 17:223, La. (La. R. S. 17:226). Upon receiving such a request the school system shall be responsible for determining whether the student remains in regular school or attends an alternative education program or vocational education program and for developing and implementing an individualized program for such student effective July 1, 2002 (La. R.S. 17:221).

V1. SECTION 504 of THE REHABILITATION ACT OF 1973 PARENT AND STUDENT RIGHTS IN STUDENT DETERMINATION OF PROGRAM ELIGIBILITY

The following is a description of the rights granted by federal law (Section 504 of the Rehabilitation Act of 1973) to students with disabilities. The law states that “qualified disabled persons will not be discriminated against on the basis of disability in any program, activity or employment practice. A disabled person is defined as any person who has a physical or mental impairment which substantially limits one or more major life activities, has a record of such impairment, or is regarded as having such impairment.” The intent of the law is to keep students and parents fully informed concerning decisions about the student and their right to agree or disagree with any of these decisions.

YOU HAVE THE RIGHT TO:

- A. Have the school system advise you of your rights under federal law (Section 504).
- B. Have your child receive free appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to have the school system make reasonable accommodations to allow your child an equal opportunity to participate in academic, nonacademic, and extra-curricular activities offered by the school system.
- C. Have your child take part in, and receive benefits from, public education programs without discrimination because of his/her disabling condition.
- D. Receive notice and an invitation to participate in meetings with respect to identification, evaluation, and educational placement of your child, including proposals to initiate or change, or refusal to initiate or change the identification, evaluation, and educational placement of your child. - E. Have your child educated in facilities and receive services comparable to those provided non-disabled students.
- F. Have your child receive accommodations/modifications and related services that will meet his/her needs as well as the needs of non-disabled students if he/she is found to be eligible for services under Section 504.
- G. Have fair evaluation, educational and placement decisions made based upon a variety of information sources and by persons who know the student, the evaluation date, and placement options.

- L. Receive a response from the school system to reasonable requests for explanations and interpretations of your child's records.
- M. Request amendment of your child's educational records if there is reasonable cause to believe that they are inaccurate, misleading, or otherwise in violation of the privacy rights of your child. - N. Have an opportunity to present complaints and/or to request mediation or an impartial due process hearing related to decisions or actions regarding your child's identification, evaluation, educational program or placement. You and your child may take part in the hearing and have an attorney represent you. Hearing requests must be made through the St. Martin Parish 504 Coordinator.

VII. STUDENT RECORDS (FERPA)

Notification of Rights

Family Educational Rights & Privacy Act (FERPA)

Release of Student Records: According to La. R.S. 17:81, education records or information from education records may be release to state and local law enforcement officials and other officials within the juvenile justice system without the consent of the parent or guardian of the student who is the subject of the records according to the terms set forth in said statute.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are outlined below:

A. The right to inspect and review the student's education records within 45 days of the day the St. Martin Parish School Board receives a request for access. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

B. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask St. Martin Parish School Board to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School Board decides not to amend the record as requested by the parent or eligible student, the School Board will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

C. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School Board as an administrator, supervisor, instructor, or support staff member(including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the St. Martin Parish School Board has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.[Optional] Upon request, the St. Martin Parish School Board discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

D. The right to file a complaint with the U.S. Department of Education concerning alleged failures by St. Martin Parish School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue. S.W.
Washington, D.C. 20202-4605

The following “Directory Information” shall also be released when necessary. “Directory Information” includes name of student, address, telephone listing, date and place of birth, photo, major field of study, participation in officially recognized activities and sports, weight and height of members of the athletic teams, dates of attendance, degrees and awards received, and the most recent educational institution or agency attended by the students. If parents do not want this information distributed, they must notify the school in writing, within the first fifteen (15) days of the school year.

The Family Educational Rights and Privacy Act (FERPA) is a Federal law designed to protect the privacy of a student's education records. The law applies to all schools which receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student, or former student, who has reached the age of 18 or is attending any school beyond the high school level. Students and former students to whom the rights have transferred are called eligible students.

VIII. STUDENT APPEARANCE

A. STUDENT DRESS & APPEARANCE CODE

The St. Martin Parish School Board has a responsibility to establish a dress and appearance policy that balances the rights of its students for freedom of expression and individuality against its duty and responsibility to maintain a positive learning environment on campus and to foster the values of the communities served by the public schools.

Students will wear clothing and optional accessories that do not detract from the learning process. To ensure an atmosphere of order, discipline, and safety, which are prerequisites to providing education, students will be required to follow the guidelines below at school, on a school bus, or at a school sponsored activity or field trip:

1. All students enrolled in St. Martin Parish shall wear school IDs.
2. If earrings (including “body piercing” jewelry) are allowed by individual school policy, they can only be worn on the ear.
3. Heavy chains hanging from belt loops or pockets and other type items are prohibited.

5. Sunglasses (unless prescribed by a physician) are prohibited. A principal or designee may request a statement from the physician.
6. Book bags, Knapp sacks, or other bags used to carry student books and accessories must be mesh or see-through.
7. Gang-related jewelry, insignias, colors, paraphernalia, and materials are prohibited. Such may vary school to school and may change year to year.

9. Excessive jewelry or clothing that is considered a distraction or a danger by the administrator is prohibited. (ex. Black trench coats, large dangling or hoop earrings, oversized purses etc.).
10. Body art/tattoos which cause undue attention, distracting from the educational environment as determined by the principal must be covered.

Individual school administrators have the right to implement a more restrictive student dress and appearance code policy. Any student who violates the Student Dress and Appearance Policy will be subject to the following consequences:

POLICY: It is the policy of St. Martin Parish School-Based Health Centers to assist in providing medical school excuses.

The St. Martin Parish School-Based Health Centers can provide up to six (6) medical excuses a year for student absences.

Excuses will be given if:

The student has a completed consent form for services at the SBHC.

The parent/guardian contacts the SBHC the day of the absence.

Excuses will be entered into the student's attendance record. The parent does not have to pick up the excuse.

Parents may request a work excuse if their child is receiving an excuse for the same day. The health center staff will have a handwritten excuse available to be faxed or picked-up by the parent. The same guidelines will be followed for parent excuses as for student excuses.

Students leaving school with an illness should receive an excused absence from the school.

C. MEDICATION IN SCHOOL

As a general principle, medications are not to be given at schools. Acutely ill students should be sent home. Students convalescing from an acute illness should remain at home until the need of medication no longer exists. Students are not allowed to have any drugs in their possession on the school grounds.

Special circumstances exist for a health problem that can be expected to be of a longer duration. When such a condition exists, the following will be adhered to:

To assure school attendance for students who must use medication in the treatment of chronic disabilities or illness, any student who is required to take medication during the regular school day, must comply with school regulations. These regulations must include at least the following:

1. Parents may come to the school and administer medication anytime during the school day, after checking in at the school office and signing the necessary document.
2. School nurses will observe trained school personnel before approving staff to administer medication.
3. **Parents will be responsible** for medication at school until staff has completed training.
4. School nurses will be responsible for accepting and/or reviewing new medication (only one medication per form). Please do not bring new medication to school, unless an appointment has been made to meet with nurse.
5. A parent/guardian is required to call the school nurse and schedule an appointment. The school nurse will meet with the parent/guardian and student at his/her school. See below for nursing staff numbers.
6. When appointments are scheduled, an assessment of the child and pertinent health information from the parent and child will be obtained.
7. Refilled medications will continue to be accepted by the school personnel, after being checked in by nurse, if the orders remain the same for that school year.
8. According to state policy, a parent may not refill a pharmacy bottle with medications from another container. The medication must have the original bottle when filled from the pharmacist.
9. If your child needs a medication at school the guardian/parent should contact the nurse responsible for that school.
10. For field trips or school sponsored trips, if a student has medical needs, the school will designate a trained unlicensed school employee (**TUSE**) to supervise that student and provide for medical needs of that student for the duration of the trip. In addition, the school will also designate an additional school employee to attend the trip to supervise the other student on the trip if the **TUSE** must attend to the medical needs of the student with the medical condition. This cannot be delegated or assigned to a non-employee, such as a parent volunteer.
11. The parent/guardian will provide the school administrator with a written request for the medication to accompany their child prior to the day of scheduled field trip. The principal/designee will attempt to assign a trained staff member for medication delivery on the field trip. If a problem arises with assignment, the principal/designee will call the parent.
12. School medication orders shall be limited to medication that cannot be administered before or after school hours. Special circumstances must be approved by school nurse. (example: emergency medicine or court order medicine)
13. The St. Martin Parish School Nurse Program may bill Medicaid for nursing related services, including, but not limited to vision and hearing screenings. Vision/hearing screenings are available to all Medicaid-individuals eligible for EPSDT. Nursing Assessment/Evaluation are covered for all Medicaid eligible students.
14. The School Nurse Program may enter information into my child's LINKS(Louisiana Immunization Network for Kids Statewide) record, which is the state's immunization registry.

**St. Martin Parish School Nurse Program
Initial Notice and Consent
Regarding Medicaid Reimbursement**

NOTICE

The Louisiana Department of Health (LDH) Medicaid program allows school districts to request reimbursement for costs associated with provision of certain IEP and IHP related services. These services include occupational and physical therapy, speech pathology, behavioral health services, nursing services, and special transportation. Schools are required to provide notice and to obtain consent from a parent before accessing a child's Medicaid benefits.

St. Martin Parish School Nurse Program seeks your consent to disclose personally identifiable information about your child to Louisiana Medicaid to access reimbursement for the IEP/Medicaid covered health services that are provided at school. In order to submit claims for IEP/IHP/Medicaid covered services, the following types of records may be required: child's full name, address, date of birth, Medicaid ID, disabilities, types of services and dates of services delivered. This disclosure of information to Louisiana Medicaid and its affiliates and access to Medicaid reimbursement for the school district shall not result in any decrease in available lifetime Medicaid coverage, result in any cost to you or your family, increase any premiums or lead to the discontinuation of your child's benefits or insurance or create any risk of loss of your child's eligibility for home and community-based waivers based on total health-related expenditures.

You may withdraw this consent in writing at any time. If you refuse consent or withdraw consent to allow access to the Medicaid benefits, it will not relieve the school system of its responsibility to ensure that all required IEP/IHP services are provided at no cost to your child. Please send this written correspondence to the School Nurse Coordinator:

1 What is HPV?

Genital **human papillomavirus (HPV)** is the most common sexually transmitted virus in the United States. More than half of sexually active men and women are infected with HPV at some time in their lives.

About 20 million Americans are currently infected, and about 6 million more get infected each year. HPV is usually spread through sexual contact.

Most HPV infections don't cause any symptoms, and go away on their own. But HPV can cause **cervical cancer** in women. Cervical cancer is the 2nd leading cause of cancer deaths among women around the world. In the United States, about 12,000 women get cervical cancer every year and about 4,000 are expected to die from it.

HPV is also associated with several less common cancers, such as vaginal and vulvar cancers in women, and anal and oropharyngeal (back of the throat, including base of tongue and tonsils) cancers in both men and women. HPV can also cause genital warts and warts in the throat.

There is no cure for HPV infection, but some of the problems it causes can be treated.

2 HPV vaccine: Why get vaccinated?

The HPV vaccine you are getting is one of two vaccines that can be given to prevent HPV. It may be given to both males and females.

This vaccine can prevent most cases of cervical cancer in females, if it is given before exposure to the virus. In addition, it can prevent vaginal and vulvar cancer in females, and genital warts and anal cancer in both males and females.

Protection from HPV vaccine is expected to be long-lasting. But vaccination is not a substitute for cervical cancer screening. Women should still get regular Pap tests.

3 Who should get this HPV vaccine and when?

HPV vaccine is given as a 3-dose series

1st Dose Now

2nd Dose 1 to 2 months after Dose 1

3rd Dose 6 months after Dose 1

Additional (booster) doses are not recommended.

Routine Vaccination

This HPV vaccine is recommended for girls and boys **11 or 12 years of age**. It *may* be given starting at age 9. **Why is HPV vaccine recommended at 11 or 12 years of age?** HPV infection is easily acquired, even with only one sex partner. That is why it is important to get HPV vaccine before any sexual contact takes place. Also, response to the vaccine is better at this age than at older ages.

Catch-Up Vaccination

This vaccine is recommended for the following people who have not completed the 3-dose series:

Females 13 through 26 years of age.

Males 13 through 21 years of age.

This vaccine *may* be given to men 22 through 26 years of age who have not completed the 3-dose series.

It is *recommended* for men through age 26 who have sex with men or whose immune system is weakened because of HIV infection, other illness, or medications. HPV vaccine may be given at the same time as other vaccines.

4 Some people should not get HPV vaccine or should wait.

Anyone who has ever had a life-threatening allergic reaction to any component of HPV vaccine, or to a previous dose of HPV vaccine, should not get the vaccine. Tell your doctor if the person getting vaccinated has any severe allergies, including an allergy to yeast.

HPV vaccine is not recommended for pregnant women. However, receiving HPV vaccine when pregnant is not a reason to consider terminating the pregnancy. Women who are breast feeding may get the vaccine.

People who are mildly ill when a dose of HPV vaccine is planned can still be vaccinated. People with a moderate or severe illness should wait until they are better.

5 What are the risks from this vaccine?

This HPV vaccine has been used in the U.S. and around the world for about six years and has been very safe.

However, any medicine could possibly cause a serious problem, such as a severe allergic reaction. The risk of any vaccine causing a serious injury, or death, is extremely small.

Life-threatening allergic reactions from vaccines are very rare. If they do occur, it would be within a few minutes to a few hours after the vaccination.

Several **mild** to **moderate** problems are known to occur with this HPV vaccine. These do not last long and go away on their own.

Reactions in the arm where the shot was given: - Pain (about 8 people in 10) - Redness or swelling (about 1 person in 4)

Fever: - Mild (100° F) (about 1 person in 10) - Moderate (102° F) (about 1 person in 65)

Other problems: - Headache (about 1 person in 3)

Fainting: Brief fainting spells and related symptoms (such as jerking movements) can happen after any medical procedure, including vaccination. Sitting or lying down for about 15 minutes after a vaccination can help prevent fainting and injuries caused by falls. Tell your doctor if the patient feels dizzy or light-headed, or has vision changes or ringing in the ears. Like all vaccines, HPV vaccines will continue to be monitored for unusual or severe problems.

6 What if there is a serious reaction?

What should I look for?

VACCINE INFORMATION STATEMENT

Meningococcal Vaccines

What You Need to Know

Many Vaccine Information Statements are available in Spanish and other languages. See www.immunize.org/vis. Hojas de Información Sobre Vacunas están disponibles en Español y en muchos otros idiomas. Visite <http://www.immunize.org/vis>

1 What is meningococcal disease?

Meningococcal disease is a serious bacterial illness. It is a leading cause of bacterial meningitis in children 2 through 18 years old in the United States. Meningitis is an infection of the covering of the brain and the spinal cord.

Meningococcal disease also causes blood infections.

About 1,000 – 1,200 people get meningococcal disease each year in the U.S. Even when they are treated with antibiotics, 10-15% of these people die. Of those who live, another 11%-19% lose their arms or legs, have problems with their nervous systems, become deaf or mentally retarded, or suffer seizures or strokes.

Anyone can get meningococcal disease. But it is most common in infants less than one year of age and people 16-21 years. Children with certain medical conditions, such as lack of a spleen, have an increased risk of getting meningococcal disease. College freshmen living in dorms are also at increased risk.

Meningococcal infections can be treated with drugs such as penicillin. Still, many people who get the disease die from it, and many others are affected for life. This is why preventing the disease through use of meningococcal vaccine is important for people at highest risk.

2 Meningococcal vaccine

There are two kinds of meningococcal vaccine in the U.S.:

Meningococcal conjugate vaccine (**MCV4**) is the preferred vaccine for people 55 years of age and younger.

Meningococcal polysaccharide vaccine (**MPSV4**) has been available since the 1970s. It is the only meningo-coccal vaccine licensed for people older than 55.

Both vaccines can prevent 4 types of meningococcal disease, including 2 of the 3 types most common in the United States and a type that causes epidemics in Africa. There are other types of meningococcal disease; the vaccines do not protect against these.

3 Who should get meningococcal vaccine and when?

Routine Vaccination

Two doses of MCV4 are recommended for adolescents 11 through 18 years of age: the first dose at 11 or 12 years of age, with a booster dose at age 16.

Adolescents in this age group with HIV infection should get three doses: 2 doses 2 months apart at 11 or 12 years, plus a booster at age 16.

If the first dose (or series) is given between 13 and 15 years of age, the booster should be given between 16 and 18. If the first dose (or series) is given after the 16th birthday, a booster is not needed.

Other People at Increased Risk

College freshmen living in dormitories.

Laboratory personnel who are routinely exposed to meningococcal bacteria.

U.S. military recruits.

Anyone traveling to, or living in, a part of the world where meningococcal disease is common, such as parts of Africa.

Anyone who has a damaged spleen, or whose spleen has been removed.

Anyone who has persistent complement component deficiency (an immune system disorder).

People who might have been exposed to meningitis during an outbreak.

Children between 9 and 23 months of age, and anyone else with certain medical conditions need 2 doses for adequate protection. Ask your doctor about the number and timing of doses, and the need for booster doses.

MCV4 is the preferred vaccine for people in these groups who are 9 months through 55 years of age. MPSV4 can be used for adults older than 55.

4 Some people should not get meningococcal vaccine or should wait.

Anyone who has ever had a severe (life-threatening) allergic reaction to a previous dose of MCV4 or MPSV4 vaccine should not get another dose of either vaccine.

Anyone who has a severe (life threatening) allergy to any vaccine component should not get the vaccine. *Tell your doctor if you have any severe allergies.*

Anyone who is moderately or severely ill at the time the shot is scheduled should probably wait until they recover. Ask your doctor. People with a mild illness can usually get the vaccine.

Meningococcal vaccines may be given to pregnant women. MCV4 is a fairly new vaccine and has not been studied in pregnant women as much as MPSV4 has. It should be used only if clearly needed. The manufacturers of MCV4 maintain pregnancy registries for women who are vaccinated while pregnant.

Except for children with sickle cell disease or without a working spleen, meningococcal vaccines may be given at the same time as other vaccines.

5 What are the risks from meningococcal vaccines?

A vaccine, like any medicine, could possibly cause serious problems, such as severe allergic reactions. The risk of meningococcal vaccine causing serious harm, or death, is extremely small.

Brief fainting spells and related symptoms (such as jerking or seizure-like movements) can follow a vaccination. They happen most often with adolescents, and they can result in falls and injuries. Sitting or lying down for about 15 minutes after getting the shot – especially if you feel faint – can help prevent these injuries.

Mild problems

As many as half the people who get meningococcal vaccines have mild side effects, such as redness or pain where the shot was given.

If these problems occur, they usually last for 1 or 2 days. They are more common after MCV4 than after MPSV4.

A small percentage of people who receive the vaccine develop a mild fever.

Severe problems

Serious allergic reactions, within a few minutes to a few hours of the shot, are very rare.

6 What if there is a moderate or severe reaction?

What should I look for?

Any unusual condition, such as a severe allergic reaction or a high fever. If a severe allergic reaction occurred, it would be within a few minutes to an hour after the shot. Signs of a serious allergic reaction can include **difficulty breathing, weakness, hoarseness or wheezing, a fast heartbeat, hives, dizziness, paleness, or swelling of the throat.**

What should I do?

Call a doctor, or get the person to a doctor right away.

Tell your doctor what happened, the date and time it happened, and when the vaccination was given.

Ask your provider to report the reaction by filling a Vaccine Adverse Event Reporting System (VAERS) form. Or you can file this report through the VAERS website at www.vaers.hhs.gov, or by calling **1-800-822-7967**.

VAERS does not provide medical advice.

7 The National Vaccine Injury Compensation Program

The National Vaccine Injury Compensation Program (VICP) was created in 1986.

Persons who believe they may have been injured by a vaccine can learn about the program and about filing a claim by calling **1-800-338-2382** or visiting the VICP website at www.hrsa.gov/vaccinecompensation.

Generally, PHI is individually identifiable health information, including demographic information, collected from you or created or received by a health care provider, a health care clearinghouse, a health plan, or your employer on behalf of a group health plan, that relates to: (1) your past, present, or future physical or mental health or condition; (2) the provision of health care to you; or (3) the past, present, or future payment for the provision of health care to you.

You are asked to provide a signed acknowledgement of receipt of this Notice. Our intent is to make you aware of the possible uses and disclosures of your PHI and your privacy rights. The delivery of health care services will in no way be conditioned upon your signed acknowledgment. If you decline to provide a signed acknowledgement, we will continue to provide your treatment, and will use and disclose your PHI for treatment, payment and healthcare operations when necessary.

St. Martin Parish School-Based Health Centers: We consent to the exchange of relevant health information (including information about physical exams, health histories, and other information) between the school nurse program and the health center staff as needed in order to facilitate evaluation of this student's health needs, special education multi-disciplinary evaluations, disciplinary referrals, attendance records, and immunization records. We understand that due to the confidential nature of services provided at the health center, only information regarding crisis or threat of grave or serious harm to self or others will be shared with the school principal.

An electronic medical record system to support the efficient care and services provided by each of the health centers' licensed health care providers. Your medical record will be maintained in electronic form as a single unified medical record and may be used by the St. Martin Parish School-Based Health Centers for treatment, payment and healthcare operations purposes. Any request for your medical record will encompass the entire unified record unless otherwise specified by you in a written authorization.

Each time you visit ST. MARTIN PARISH SCHOOL-BASED HEALTH CENTERS a record of your visit is made. This information, often referred to as your health or medical record, serves as a:

- documentation of your symptoms, examinations and test results, diagnoses and treatment;
- means of communication among the many health care providers who contribute to your care;
- means by which you or a third-party payer can verify that services billed were actually provided;
- source for information for public health officials charged with improving the health of the state and the nation; and
- tool with which we can assess and continually work to improve the care we render and the outcomes we achieve.

Understanding what is in your record and how your health information is used helps you to: ensure it is correct, better understand who, what, when, where and why others may access your health information, and make more informed decisions when authorizing disclosure to others.

Louisiana Health Information Exchange (LaHIE): LaHIE is the state’s official health information exchange. To give you the safest, best care, your health care provider needs access to important information: your medical history, allergies, prescriptions, specialist visits, lab results and more. LaHIE is designed to provide your doctors with access to this information. Louisiana is an “opt in” state, which means your consent is required in order for your health information to be accessible through LaHIE. You are requested to indicate your decision on the acknowledgement page.

Telehealth Services: Telemedicine is the use of telecommunication and information technologies in order to provide clinical health care. Students attending in St. Martin Parish are eligible to receive services through this modality. Services are provided by a Licensed Practical Nurse/Registered Nurse and Nurse Practitioner and/or Physician.

Patient Portal: The St. Martin Parish School-Based Health Centers utilize a unified electronic medical record system. This system allows the patient to view their information through their patient portal which requires an email address from the patient. Patient portal is designed to enhance patient-provider communication; it is not designed to replace a face to face provider encounter. Complex or multiple questions may require an office visit. We strive to keep all of the information in your records correct and complete. If you identify any discrepancy on your record, you agree to notify us immediately. Additionally, by using the patient portal, the user agrees to provide factual and correct information. **All communication via Patient Portal will be included in your permanent patient record.**

Links: We also understand that the school health center may enter information into my child’s LINKS (Louisiana Immunization Network for Kids Statewide) record, which is the state’s immunization registry.

We may disclose your PHI to other providers, doctors, nurses, technicians, medical students, or other personnel who are involved in taking care of you at the St. Martin Parish School-Based Health Centers. In addition, the doctor may need to tell the dietitian if you have diabetes so that he or she can arrange for appropriate meals. Different departments of the St. Martin Parish School-Based Health Centers may also share

medical information about you in order to coordinate the different things you need, such as medications, lab work and x-rays, and we may disclose your PHI to third parties with whom we coordinate to manage your care.

Data is gathered through claims and medical records to determine the effectiveness and quality of care provided by the Health Plans.
- For Health Care Operations. We may use and disclose your PHI for our day-to-day operations and functions, such as quality assessment/improvement activities, business planning and development, and resolution of internal grievances. - Research. Under certain circumstances, we may use and disclose health information about you for research purposes through a special approval process designed to protect patient safety, welfare, and confidentiality. This process evaluates a proposed research project and its use of medical information, trying to balance the research needs with patients' need for privacy of their medical information. For example, a research project may involve comparing the health and recovery of all patients who received one medication to those who received another, for the same condition. We may also disclose health information about you to people preparing to conduct a research project, for example, to help them look for patients with specific medical needs, so long as the information they review does not leave the St. Martin Parish School-Based Health Centers.

- Required by Law. As required by federal, state or local law, we may use and disclose your PHI.
- To Avert a Serious Threat of Health or Safety. We may use and disclose health information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. You have a right to opt out of receiving fundraising communications and all fundraising communications will include information about how you may opt out of future communications.

- Is accurate and complete.

To request an amendment, your request must be made in writing. In addition, you must provide a reason that supports your request. XII. SCHOOL WELLNESS POLICY SUMMARY

The St. Martin Parish School Board promotes student health, preventing childhood obesity, and combating problems associated with poor nutrition and physical inactivity. The healthy, physically active child is more likely to be academically successful. The school district has goals and action plans for the following areas: nutrition education, physical activity, nutrition standards for all foods available on school campus during the school day, and other school-based activities designed to promote student wellness. All state and federal guidelines were incorporated in this policy. The policy will be monitored, assessed, reviewed, and improved, as needed by the SHAC.

In addition, it is the policy of the St. Martin Parish School Board that students, employees and/or visitors are not allowed to use any tobacco product on any St. Martin Parish School Board property, including all schools, administrative buildings, school buses, and any other St. Martin Parish School Board vehicle. The use or possession of tobacco products at any school function, including school functions held off school grounds and/or after school hours is also prohibited. Violations shall subject students, employees, and visitors to appropriate disciplinary action.

XIII. SCHOOL RESOURCE OFFICERS

School Resource Officers will function under dual administration of the St. Martin Parish Sheriff's Office and the St. Martin Parish School Board with law enforcement being the priority supervisor. While school is in session, the School Resource Officer will report to the school principal or his/her designee at their assigned school.

Focusing on the prevention of juvenile delinquency and enhancing the relationship of law enforcement and the school community, including students, school staff and the community at large are two of the objectives of the School Resource Officer Program. In addition, the program will establish a rapport with young people to promote a better understanding of the role of law enforcement and its attempts to divert youth from the juvenile justice system by providing interaction, reality-based counseling, education, and problem identification of students both at home and at school.

XIV. SCHOOL VISITORS

All visitors shall check in with the main office of the school and obtain clearance from the school administrator prior to contact with a staff member or student. Visitors shall not be allowed to contact or visit with students on campus at any time without approval of the school administrator. All unauthorized visitors are subject to prosecution.

What is possible?

Access to the Internet will enable students to explore thousands of libraries, databases, museums, and other repositories of information. Families should be aware that the school and District websites may contain links that are maintained and controlled by third parties. Because some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate, or potentially offensive, District personnel will make every effort to filter, screen, and research links for appropriateness. St. Martin Parish School District is not responsible for the content in the linked site, any link contained within the linked site, or any changes or update to the linked site that changes its appropriateness.

We believe that the benefits to students from access to the Internet in the form of information resources and opportunities for collaboration exceed the disadvantages. Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. Therefore, we support and respect each family's right to decide whether or not to allow access.

STUDENT ASSIGNMENT

GENERAL POLICY

The St. Martin Parish School Board shall have authority and responsibility for the assignment, placement, transfer, and continued education of all students attending schools within its jurisdiction. The School Board shall require a student to attend the appropriate school as determined by the domicile of the parent and/or legal guardian. Each student shall have only one residence (domicile) which is determined to be the place where he/she predominantly sleeps, takes meals, and maintains personal belongings. When legal custody has been awarded by a court of law, or by provisional custody by mandate/court decree, the domicile shall be the principal residence of the parent awarded primary or domiciliary custody, or if he/she is eighteen years old or has been emancipated by a court order, by the student's own domicile, if not specifically contrary to the provisions of an order of a court of competent jurisdiction providing for the assignment of students.

The United States District Court order governing desegregation of St. Martin Parish Schools generally requires students to attend a school located in the attendance zone in which the custodial parent or legal guardian of the child is domiciled.

LEGAL CUSTODY DECREES IN DIVORCE PROCEEDINGS

In case of divorce, a student shall attend school in the zone in which the parent who has domiciliary custody resides. Proof of domiciliary custody shall be a certified copy of the decree of the court which issued the custody order, whether the order grants temporary or permanent custody. Where the custody decree provides for split custody, the decree should specify at which parent's domicile the child should attend school. A custody decree which orders a student to attend a school which is located in a zone other than a zone in which the child's domiciliary parent or other party enjoying legal custody resides would violate the desegregation order and cannot be implemented unless the child's assignment is approved under the process of approval of attendance out-of-zone spelled out below.

AWARD OF CUSTODY OF PERSON OTHER THAN A PARENT

If a court determines that joint or sole custody to either parent would result in substantial harm to a student, and awards custody to another person, then the child shall attend school in the zone where the custodial person is domiciled. A certified copy of the court's order shall be provided to the school board.

PROVISIONAL OR TEMPORARY CUSTODY BY COURT DECREE

Where any other legally valid temporary or provisional custody decree has been granted by a court giving an individual of legal age custody of a minor student, then that student may attend school in the zone where the student's provisional custodian is domiciled. A certified copy of the temporary or provisional custody decree shall be provided to the school board.

JUVENILE COURT CUSTODY DECREES IN CASES OF ABANDONED OR ABUSED CHILDREN

When a child has been abandoned by being placed in the physical custody of a non-parent or the Louisiana Department of Social Services and/or if parental rights have been terminated by a juvenile court for any of the grounds specified in Article 1015 of the Louisiana Children's Code or any other applicable law, then the child shall attend school in the zone where the person or persons given temporary custody of the child by the juvenile court are domiciled. A certified copy of the juvenile court's order shall be provided to the School Board.

CHILDREN IN FOSTER CARE

A child placed in foster care by the Louisiana Department of Social Services and/or pursuant to Juvenile Court Order and temporarily residing in the district shall be enrolled and allowed to attend school in the zone where the foster parent or parents are domiciled.

CHILDREN OF EMPLOYEES

A child of employees who reside in St. Martin Parish shall be allowed to attend the school where their parent is employed.

STUDENTS FROM OUTSIDE THE PARISH WHO ARE CHILDREN OF EMPLOYEES

Normally, a student who does not actually reside in the geographical boundaries of a St. Martin Parish School System shall not attend a school in the system. However, if in the opinion of the principal, the child of an employee can enroll without creating an undue hardship in respect to overcrowding, or materially impacting the racial balance at the school, he/she may attend school in the school system with School board approval.

STUDENT FROM ST. MARTIN REQUESTING ATTENDANCE IN ANOTHER PARISH

Requests of students who are domiciled in St. Martin Parish to attend public schools located outside of St. Martin Parish will be reviewed by the Supervisor of Child Welfare and Attendance and the

Superintendent of St. Martin Parish and by the principal of the out-of-parish school, which the student desires to attend. The decision to grant or deny the requests will be made by the Transfer Review Committee.

AVOIDING SPLIT OF FAMILIES IN STUDENT ASSIGNMENT

Where two or more students from a particular family are being assigned or transferred siblings should not be split in the process. **(Board approved 2007)**

HOME VISITS

Information provided to the Supervisor of Child Welfare & Attendance to be presented to the committee may be verified with a homevisit by the Superintendent's designee. **(Board approved March 2011)**

ASSIGNMENTS FOR DISABLED STUDENTS

The School Board shall require that disabled students be assigned to programs within attendance zones, if possible. However, if an appropriate program is unavailable within a student's attendance zone, the student may be placed in a school specifically designed to provide for the appropriate needs of the student.

ATTENDANCE OUT OF ZONE- EXCEPTIONS

Special Education Students

Special exceptions may be granted for the children attending special education classes. These students must be recommended and approved by the Supervisor of Special Education in order to attend a school other than the one in their zone.

TRANSPORTATION OF OUT OF ZONE

Students granted an exception for attendance may be provided transportation by St. Martin Parish School Board unless the bus is overcrowded. Overcrowding will be determined by the Director of Operations and/or Supervisor of Transportation. At that time, students riding the bus based on a hardship will be removed first, upon administrative review and/or recommendation. The final decision will be made by the superintendent or a designee. **(Revised Sept.2010) Board Approved Sept. 2010**

EXTREME HARDSHIP

On the ruling of the Supervisor of Child Welfare and Attendance, a hardship temporary transfer may be granted for the following reasons:

Medical or psychological recommendation from competent authority that a child's health requires for a change of school or residence. A certified medical record supporting such a recommendation must be supplied with a request.

Serious illness in the family that warrants a change of residence.

Other extraordinary circumstances wherein the best interests of the pupil would be served by a transfer.

D) Location of a child care provider's residence will not suffice to create an extreme hardship to justify a student's transfer. **(Board approved March 2011)**

A transfer request shall not be considered unless form T-100 is submitted to the Supervisor of Child Welfare and Attendance.

TRANSFERS AND TRANSFER REVIEW COMMITTEE

The school board will grant transfer to a student from one attendance zone to another, only when a student moves from one zone or district to another or if the student requires special education or

hardship exception. All request for transfer shall be evaluated and either granted or denied by a Transfer Review Committee which shall be composed of four central office administrators and four principals from St. Martin Parish Schools. The racial composition of the Transfer Review Committee shall be four blacks and four whites. The Supervisor of Child Welfare and Attendance and the Truancy Coordinator shall serve as two of the administrators on the transfer review committee.

DEADLINE FOR TRANSFER REQUESTS

All requests for transfer for the coming academic year must be made to the Supervisor of Child Welfare and Attendance by the end of the day on May 1st of each year.

DECISION OF TRANSFER REVIEW COMMITTEE FINAL

All decisions granting or denying a request for transfer by the Transfer Review Committee are final.

MAJORITY TO MINORITY TRANSFER POLICY

A student attending a school in which his or her race is in the majority may request assignment to another school where space is available and where his race is in a minority. All such requests shall be made to the Supervisor of Child Welfare and Attendance.

VERIFICATION OF DOMICILE

The principal shall be responsible for monitoring school enrollment and shall have authority to remove or transfer any student attending school out of district or out of zone. When investigating the domicile of a student, the School Board, through the principal, shall attempt to verify the primary place of residence of the legal parent or legal or provisional guardian. Such verification of domicile shall be based on such items as the following:

Voter registration data, utility deposit receipts, homestead exemption receipts, 911 addresses, home rental receipts, and home visit by a school official, or
Certified copy of a judicially ordered tutorship, custody or guardianship of any minor child student not domiciled or in the custody of their natural and/or legal parent. Verification of the physical residency of the legal custodian, tutor/tetra or non-parent shall also be required, or
Any other documentation as may be stipulated by the Board.

The school principal or his/her designee shall be responsible for monitoring the school enrollment list and shall immediately refer to the Supervisor of Child Welfare and Attendance to determination or proper school assignment.

DISCOVERY OF ATTENDANCE OUT OF ZONE

If a principal or administrator in St. Martin Parish discovers that a student is attending school out of the proper zone during the course of the school year before mid-term, the student must be withdrawn and enrolled in the proper school in the student's correct zone. In cases discovered after mid-term, the student will be allowed to complete the school year at the student's current school. The student must be transferred to the correct school in the proper zone for the beginning of the next school year.

*Revised 2007/Board approved 2007

FALSIFICATION OF DOCUMENTS

Falsification of any documents or information provided to the St. Martin Parish School personnel by someone seeking the transfer or admission of a student to a particular school shall be grounds for rejecting the request for transfer or admission without further consideration.

DISCIPLINE POLICY

XVIII. DISCIPLINE

A. DISCIPLINE PHILOSOPHY STATEMENT

The St. Martin Parish School Board strives to operate schools in a manner that provides for an orderly process of education for each child in the system. Although supervisors at schools are not absolute insurers of the children's safety, a reasonable standard of care commensurate with the age of the children under the attendant circumstances is the norm of the School Board in providing adequate supervision.

Education is a parental responsibility, only part of which is delegated to the school. In order to help create an atmosphere that encourages learning according to the school philosophy, it is necessary that certain levels of conduct and discipline be maintained. To achieve this end, certain guidelines are to be followed to enable the teacher and the student to be more comfortable with one another.

Discipline, under this policy, means convincing students that it is to their benefit to follow rules. Self-discipline means the ability to make a plan and carry it out. Responsibility means the ability to look at one's behavior, evaluate it, and make a plan to do better. Allowing individuals to live with the natural and/or reasonable consequences of their actions is, in the opinion of the School Board, the essence of an effective discipline system. Therefore, if disciplinary measures are taken, they will be non-discriminatory, fair, age-appropriate, and proportionate to the severity of the student's behavior.

Every member of the school community, including students, parents, and the school staff, has a responsibility to promote (1) self-respect and self-discipline, (2) maximum opportunities for learning, (3) regular attendance at school, (4) orderly conduct and behavior, and (5) freedom from fear, insult, or injury. To ensure success, School Wide-Positive Behavior Incentive Supports (PBIS) are being implemented in all St. Martin Parish Schools. It is a research-based process that utilizes collaborative, assessment-based approaches to develop effective interventions for problem behavior. PBIS emphasizes the use of proactive, educative and reinforcement based strategies. PBIS encourages a positive climate school wide, in all locations and for all students. PBIS aims to build effective environments in which positive behavior is more effective than problem behavior. The implementation of these strategies will be monitored to ensure that all schools implement the district's discipline policy in a fair and effective manner. ***(Required by Juvenile Justice Act 1225; BESE School Master Plan for Discipline)***

The State of Louisiana guarantees to all of its citizens the right to a free public education. Each student thus entitled has a corresponding responsibility to join with other members of the school community in respecting the rights and responsibilities of others in that community and in helping to establish an effective climate for learning within the school. When a student's behavior exhibits marked deviation from acceptable norms, it is the responsibility of the teacher, principal, and counselor or other personnel to undertake every effort to identify the problem, to secure parental understanding and cooperation, and to help the student in accordance with their best judgment and available resources.

In those cases where corrective action becomes necessary, the disciplinary measures taken shall be positive, constructive, and directed toward serving educational ends. It must be clearly understood by the student, his/her parents, and educators that the purpose of all disciplinary action is to correct the offense(s) that negatively impact the learning environment of the school, and to teach the student that education is a right, qualified by the responsibility to comply with reasonable rules and regulations. While the school is concerned with the individual and his/her welfare, it must also be concerned with the group and its welfare and in preserving the proper atmosphere for teaching and learning. When the efforts of all concerned fail to modify a student's behavior and the misconduct of the individual is beyond the school system's resources for correction, denial of school attendance, following the School Board's appropriate due process procedures for suspension or expulsion may be initiated.

B. CODE OF CONDUCT

The purpose of the code of conduct is to help provide students and teachers notice of unacceptable behaviors. It should be used to prevent and/or correct behaviors. HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 25

A. For purposes of removal of a student with a disability from the student's current educational placement under §519.B. - L. of these Regulations, a change of placement occurs when

A student with a disability is removed from his or her current educational placement for more than ten consecutive school days; or

A student with a disability is subjected to a series of removals that constitute a pattern because they cumulate to more than ten school days in a school year and because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

B. School personnel have the authority to order a change in placement for a student with a disability when certain conditions exist. * See a, b, c below.

1. School personnel may order a removal of a student with a disability from the student's current educational placement for not more than ten consecutive school days for any violation of school rules to the extent a removal would be applied to a student without a disability, and school personnel may order additional removals of not more than ten consecutive school days in the same school year for separate incidents of misconduct as long as the removals do not constitute a change of placement as defined in 519. A. of this section.

2. School personnel may order a change in placement of a student with a disability to an appropriate interim alternative educational setting for the same amount of time a student without a disability would be subject to discipline, but for not more than forty-five (45) school days. A decision should be made within 15-20 days.

a. The student has carried a weapon to school or to a school function under the jurisdiction of the State or an LEA; or

b. The student has knowingly possessed or used illegal drugs or sold or solicited the sale of a controlled substance while at school or a school function under the jurisdiction of the State or an LEA.

c. Severe bodily harm to self and/or others, which is purposefully caused. In cases of self-defense, all information will be reviewed to determine if a consequence should be administered.

C. For purposes of this section, the following definitions apply:

1. Controlled substance means a drug or other substance identified under schedule I, II, III, IV, or V in Sec. 202 (c) of the Controlled Substance Act (21 U.S.C. 812 (c)).
2. Illegal drug means a controlled substance, but does not include a substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under that Act or under any other provision of Federal law.
3. *Weapon* has the meaning given the term *dangerous weapon* under paragraph (2) of the first subsection (g) of Sec. (g) of Sec 930 of Title 18, United States Code.
4. Severe bodily harm to self and/or others – has the meaning given to the term “serious bodily injury” under federal law (18 U.S.C. § 1365(h) (3)) and federal regulations. Section 1365(h) (3) defines “serious bodily injury” as “bodily injury which involves—(A) a substantial risk of death; (B) extreme physical pain; (C) protracted and obvious disfigurement; or (D) protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

D. A hearing officer who meets the requirements of §502 of these regulations has the authority to order a change in placement for a student with a disability when certain conditions exist. * See a, b, c below.

The hearing officer may order a change in the placement of a student with a disability to an appropriate interim alternative educational setting, for not more than forty-five (45) days if the hearing officer, in an expedited due process hearing:

- a. Determines that the LEA has demonstrated by substantial evidence that maintaining the current placement of the student is substantially likely to result in injury to the student or to others (substantial evidence means beyond a preponderance of the evidence);
Considers the appropriateness of the student's current placement;
- b. Considers whether the LEA has made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services; and
- c. Determines that the interim alternative educational setting (IAES) that is proposed by school personnel who have consulted with the student's special education teacher meets all IAES requirements as set forth in paragraph F below.

E. An LEA need not provide services during periods of removal under §519.B.1. to a student with a disability who has been removed from his or her current placement (suspension or expulsion) for ten school days or less in that school year, if services are not provided to a student without disabilities who has been similarly removed.

In the case of a student with a disability who has been removed from his or her current placement for more than ten school days (suspension or expulsion) in that school year, the LEA, for the remainder of the removals, shall provide services to the extent necessary to enable the student to progress appropriately in the general curriculum and to advance appropriately toward achieving the goals set out in the student's IEP, if the removal is

- a. Under the school personnel's authority to remove under §519.B.1 for not more than ten consecutive school days as long as that removal does not constitute a change of placement as defined in §519.A. of these Regulations; school personnel, in consultation with the student's special education teacher, shall determine the extent to which services are necessary to enable the student to progress appropriately in the general curriculum and to advance appropriately toward achieving the goals set out in the student's IEP;
- b. For behavior that is not a manifestation of the student's disability consistent with § 519.G of these Regulations; the student's IEP team shall determine the extent to which services are necessary to enable the student to progress appropriately in the general curriculum and to advance appropriately toward achieving the goals set out in the student's IEP.

2. An LEA shall provide services, accommodations and/ or modifications, that will enable the student to continue to progress in the general curriculum and to continue to receive those services and modifications, including, those described in the student's current IEP, that will enable the student to meet the goals set out in that IEP. The LEA shall include services and accommodations and/ or modifications designed to address the behavior described below and to prevent the behavior from recurring if the removal is for

- a. Drugs or weapon offenses (the IEP team determines the interim alternative educational setting)
- b. Based on a hearing officer's determination that maintaining the current placement of the student is substantially likely to result in injury to the student or others if he or she remains in the current placement. (School personnel in consultation with the student's special education teacher shall propose the interim alternative educational setting to the hearing officer.)

F. Either before or not later than ten business days after either first removing the student for more than ten school days in a school year or commencing a removal that constitutes a change of placement as defined in 519.A., and including the action describe 519 B.2 of this section, the LEA shall follow prescribed procedures as listed below.

1. If the LEA did not conduct a functional behavior assessment and implement a behavioral intervention plan for the student before the behavior that resulted in the removal occurred, the LEA shall convene an IEP meeting to develop an assessment plan.
2. If the student already has a behavioral intervention plan, the IEP team shall meet to review the plan and its implementation as necessary, to address the behavior.
3. As soon as practicable, after developing the behavioral intervention plan and completing assessment required by the plan, the LEA shall convene an IEP meeting to develop appropriate behavioral interventions to address that behavior and shall implement those interventions.
4. If subsequently, a student with a disability who has a behavioral intervention plan and who has been removed from his or her placement for more than ten school days in a school year is subjected to a removal that does not constitute a change of placement, the IEP team members shall review the behavior intervention plan and its implementation to determine whether modifications are necessary.
 - a. If one or more of the team members believe that modifications are needed, the team shall meet to modify the plan and its implementation to the extent the team determines necessary.

G. The interim alternative educational setting referred to in paragraph B of this section shall be determined by the IEP team. Any interim alternative educational setting in which a student is placed under paragraphs B.2 and C of this section shall

Be selected so as to enable the student to continue to progress in the general curriculum, although in another setting, and to continue to receive those services and accommodations and/ or modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in that IEP; and

Shall include services and accommodations and/ or modifications designed to address the behavior described in paragraph B.2 and C. and to prevent the behavior from recurring.

H. Manifestation determination review is required whenever an action involving a removal that constitutes a change of placement for a student with a disability is contemplated.

1. Not later than the date on which the decision to take that action is made, the parents shall be notified of that decision and shall be provided the procedural safeguards notice (Louisiana's Educational Rights of Children with Disabilities).
2. Immediately, if possible, but in no case later than ten school days after the date on which the decision to take that action is made, a review shall be conducted of the relationship between the student's disability and the behavior subject to the disciplinary action.

3. The review shall be conducted by the IEP team and other qualified personnel in a meeting.
4. In carrying out the manifestation determination review, the IEP team and other qualified personnel may determine that the behavior of the student was not a manifestation of the student's disability only if the IEP team and other qualified personnel
 - a. Consider, in terms of the behavior subject to disciplinary action, all relevant information - the evaluation and diagnostic results, including the results or other relevant information supplied by the parent or student; observations of the student; and the student's IEP and placement and determine that
 - i. In relationship to the behavior subject to disciplinary action, the student's IEP and placement were appropriate and the special education services, supplementary aids and services, and behavior intervention strategies were provided consistent with the student's IEP and placement;
 - ii. The student's disability did not impair the ability of the student to understand the impact and consequence of the behavior subject to disciplinary action; and
 - iii. The student's disability did not impair the ability of the student to control the behavior subject to disciplinary action.
5. If the IEP team and other qualified personnel determine that any of the standards in paragraph 4.b. of this section were not met, the behavior shall be considered a manifestation of the student's disability.
6. If the IEP team and other qualified personnel determine that the behavior is a manifestation of the student's disability, the disciplinary removal cannot occur, unless the removal is in accordance with §519.B.2.(a) and (b) and §519 C. of these Regulations. The IEP team may consider modification to the student's program (e.g., additional related services, counseling, changes in the behavior management plan increased time in special education, changes to class schedules, change of teacher).
7. The manifestation review meeting may be conducted at the same IEP meeting that is convened to conduct the functional behavioral assessment.
8. If in the review, the LEA identifies deficiencies in the student's IEP or placement or in their implementation, it shall take immediate steps to remedy those deficiencies.
 - I. When the determination is made that the behavior was not a manifestation of the student's disability, prescribed guidelines shall be followed.
 1. If the results of the manifestation determination review is that the behavior of the student was not a manifestation of the student's disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities except a FAPE as defined in paragraph E. of this section shall be provided.
 2. If the LEA initiates disciplinary procedures applicable to all students, the LEA shall ensure that the special education and disciplinary records of the student with a disability are transmitted for consideration by the persons or persons making the final determination regarding the disciplinary action.
 3. Except as provided in §519.K.1 of these Regulations, if a parent requests a hearing to challenge a determination made through the review process that the behavior of the student was not a manifestation of the student's disability, the student's status during due process proceeding shall follow §514 of these Regulations.
 - J. If the student's parent disagrees with a determination that the student's behavior was not a manifestation of the student's disability or with any decision regarding placement and discipline, the parent may request a hearing.
 1. The State or LEA shall arrange for an expedited hearing in any case described in the above paragraph if a hearing is requested by a parent.
 - a. In reviewing a decision with respect to the manifestation determination, the hearing officer shall determine whether the LEA has demonstrated that the student's behavior was not a manifestation of the student's disability.

- b. In reviewing a decision under §519 B.2. of these Regulations to place a student in an interim alternative educational setting, the hearing officer shall apply the standards in §519 G. of these Regulations.
- K. The student's placement during appeal shall follow prescribed guidelines.
1. If the parents request a hearing or an appeal regarding a disciplinary action described in §519.B.2. or §519.C. to challenge the interim alternative educational setting or the manifestation determination, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until expiration of the time period provided for in §519 B.2 or §519 c, whichever occurs first, unless the parent and the State or LEA agree otherwise.
 2. If a student is placed in an interim alternative educational setting pursuant to §519 B.2 and §519 C. and school personnel propose to change the student's placement after expiration of the interim alternative placement, during the pendency or any proceeding to challenge the proposed change in placement, the student shall remain in the current placement (student's placement prior to the interim alternative educational setting), except as provided in §519 J.1.
 3. The LEA may request an expedited due process hearing if school personnel maintain that it is dangerous for the student to be in the current placement (placement prior to removal to the interim alternative education setting) during the pendency of the due process proceedings.
 - a. In determining whether the student may be placed in the alternative educational setting or in another appropriate placement ordered by the hearing officer, the hearing officer shall apply the standards in §519 F.
 - b. A placement ordered pursuant to 3.a above may not be longer than forty-five (45) days.
 4. The procedures in 3.a above may be repeated as necessary.
- L. A student who has not been determined to be eligible for special education and related services under this part and who has engaged in behavior that violated any rule or code of conduct of the LEA including any behavior described in §519 B and 519 E, may assert any of the protections provided for in this section if the LEA had knowledge (as determined in accordance with paragraph (2) below) that the student was a student with a disability before the behavior that precipitated the disciplinary action occurred.
1. An LEA shall be deemed to have knowledge that a student is a student with a disability if
 - a. The parent of the student has expressed concern in writing (or orally if the parent does not know how to write or has a disability that prevents a written statement) to personnel of the LEA that the student is in need of special education and related services;
 - b. The behavior or performance of the student demonstrates the need for these services, in accordance with the definition of a student with a disability;
 - c. The parent of the student has requested an evaluation of the student; or
 - d. The teacher of the student or other personnel of the LEA has expressed concern about the behavior or performance of the student to the director of special education of the LEA or to other personnel in accordance with the LEA's established child find or special education referral system.
 2. An LEA would not be deemed to have knowledge under paragraph 2 above, if as a result of receiving the information specified in that paragraph, the LEA either
 - a. Conducted an evaluation and determined that the student was not a student with a disability; or Determined that an evaluation was not necessary and provided notice to the student's parents of its determination.
 3. Certain conditions apply if there is no basis of knowledge.
 - a. If an LEA does not have knowledge that a student is a student with a disability, in accordance with paragraphs 1 and 2 above, prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as measures applied to students without disabilities who engaged in comparable behaviors.

If a request is made for an evaluation of a student during the time period in which the student is subjected to disciplinary measures, the evaluation shall be conducted in less than sixty business days without exception or extensions.

4. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.

If the student is determined to be a student with a disability, taking into consideration information from the evaluation conducted by the LEA and information provided by the parents, the LEA shall provide special education and related services.

- M. Expedited due process hearings addressed in paragraph J. of this section shall follow the procedures prescribed below.

1. The hearing shall meet the requirements of §507.A. of these Regulations.
2. The hearing shall be conducted by a due process hearing officer that meets the criteria established in §508 of these Regulations.
3. The hearing shall result in a written decision that shall be mailed to the parties within twenty business days of the LEA's receipt of the request for the hearing, without exceptions or extensions.
4. The hearing shall have time lines that are the same for hearings requested by the parents or the LEA.
5. The hearing shall be conducted according to guidelines established in §508 of these Regulations, where appropriate, and according to guidelines established by the Department.
6. The decisions on expedited due process hearings are appealable consistent with the procedures established at §509 of these Regulations. 1. An LEA reporting a crime committed by a student with a disability shall ensure that copies of the special education and disciplinary records of the student are transmitted for consideration by the appropriate authorities to whom it reports the crime.
2. An LEA reporting a crime under this section may transmit copies of the student's special education and disciplinary records only to the extent that the transmission is permitted by the Family Educational Rights and Privacy Act.

D. SUSPENSION/EXPULSION REGULATIONS

TYPES OF SUSPENSIONS/EXPULSION

In-school Suspension: Denial of in class attendance for three days or less. (Students are required to satisfactorily complete all assignments from their teachers before they will be allowed to take make-up tests after a suspension.)

Out-of-school Suspension: Out of school suspension is from one to nine days.

In-school Expulsion: Removal of the student from the regular school campus for a specified length of time longer than ten school days. (Students 18 years and under may be offered an alternative form of education in JCEP in which they will be allowed to continue their education.)

Expulsion: Removal of the student from all regular school settings for a period of not less than one school

semester. A school semester is defined as not less than ninety days. (Students with disabilities shall be offered an alternative form of education in which they may continue to earn grades.)

BOTH SUSPENSION AND EXPULSIONS MAY CARRY OVER INTO THE NEXT SCHOOL YEAR, WHEN NECESSARY, UNLESS OTHERWISE STIPULATED BY STATE STATUTES.

A student, after being suspended out of school on three occasions during the same school year, may, on committing the fourth same offense, be recommended for expulsion by the school administrator. If it is determined that an expulsion occurs, said expulsion could either be in-school to an alternative program or an out-of-school expulsion. The student's reinstatement shall be subject to review and approval by the school board.

A student who has been recommended for expulsion shall remain out of school until a proper hearing has been held and a decision rendered. If a hearing is not held within ten days, the student will be allowed to return to school until the hearing is held.

By action of the principal, any student may be recommended for expulsion for any offense that merits this disciplinary action.

SUSPENSION PROCEDURE

Principals shall make every reasonable effort to investigate all aspects of a discipline problem. Students shall be suspended if it is determined that the nature of the offense demands a suspension.

The principal or designee shall contact the student's parents/responsible adult by telephone or in person to notify them of the suspension. In the event the student's presence may cause a disruption of the orderly operations of the school, immediate removal from school to the parent's custody will take place.

The principal or designee shall contact the parent/guardian about the suspension.

If a parent cannot be reached or is not available to pick up student, the student should be kept in and in-school suspension room.

If the student in an in-school suspension room becomes unstable, school counselors or social workers should be consulted.

A parent needs to be contacted and insist parent take student for emergency assessment. Student should not be sent home unattended.

If the student in an in-school suspension room becomes violent, a call for local law enforcement should be made if de-escalation efforts fail.

In case of suspension or expulsion, the principal or designee shall:

Contact parent, tutor, or legal guardian by phone at the number listed in JCampus and provide a report of the suspension, and

Send a letter (**In cases of expulsion**) to the address on file to the parent, tutor, or legal guardian giving notice of the suspension or expulsion.

Further, a copy must be sent to the Supervisor of Child Welfare within two school days. The principal must keep a copy on file at school.

Parents/guardians must be notified of their right to appeal the suspension. In the event of an appeal, if the suspension is revoked, the days will be counted as excused absences and the student will be allowed to make up work. All appeals are sent to the Supervisor of Child Welfare in the central office.

EXPULSION PROCEDURE

When the Supervisor of Child Welfare is notified of a recommendation for expulsion, a hearing date, time, and place will be set.

- b. Notification of right to counsel will be given.
- c. Notification of the hearing will be by certified mail.
- d. The hearing will be set between five and ten working days of the alleged offense.
- e. Failure to appear at the expulsion hearing without good cause will be considered as a waiver of the student's right and does not interrupt the process.
- f. The student and/or his/her parents have the right to appeal the expulsion decision

- to the Superintendent within five working days.
- g. The student is not allowed to return to school until the appeal hearing is held.

F. CORPORAL PUNISHMENT

Louisiana's R. S. 17:416, amended in 1976 by Act 688, specifically permits the use of reasonable corporal punishment against any student for good cause in order to maintain discipline and order within the public schools.

Corporal punishment must always be a deliberate, reasonable, well thought-out action on the part of school officials. Due process will be given every student subject to corporal punishment.

It will be fairly and impartially administered following the procedures listed below:

Prior to the administering of corporal punishment, as is the case with other disciplinary measures, the principal or assistant principal shall advise the student of the particular misconduct of which he/she is accused as well as the basis for such accusation, and the pupil shall be given an opportunity to explain his/her version of the facts prior to imposition of such corporal punishment.

It will be administered by the principal, assistant principal, or principal designee in the presence of another adult.

Parental contact must be made prior to administering corporal punishment. The child/parent has the right to refuse corporal punishment. A record of each incident of corporal punishment shall be kept.

It will include the name of the student, the time, date, violation, form of discipline administered, the person administering such discipline, and the witnesses thereto.

Instrument (The instrument used to administer corporal punishment shall conform to appropriate instrument as defined by applicable court cases.)

DUE PROCESS

All students have certain legal rights related to discipline in school. Those rights - generally called "due process" - are summarized here. Students are encouraged to talk with their Principal and/or teacher with questions or for further information. Copies of all discipline policies can be obtained from the Superintendent's office or online at www.saintmartinparishschools.org

Substantive Due Process:

Notice of Behaviors That May Result in Disciplinary Action

All students have the right to notice of the substance or type of conduct which may result in disciplinary action. This right is known as "substantive due process". This Handbook and student orientation provide that notice. However, if a student has questions concerning the definition or examples of behaviors (either identified in the Discipline Plan or not) or concerning any part of the Discipline Plan, he/she should immediately talk about those concerns with his/her Principal and/or teacher.

Procedural Due Process:

Notice and Hearing before Loss of Right to Attend School

A student who is accused of misconduct that may result in a loss of the right to attend school has the legal right to receive certain notices and opportunities to respond. This right is commonly referred to as "procedural due process". In St. Martin Parish, students who are suspended or expelled are, in most instances, provided alternative placement and, therefore, no student will lose the right to attend school in the District unless expulsion is required because of the nature and severity of the misconduct (for example, some TYPE C behaviors such as drug and weapon offenses). Nevertheless, the District provides certain due process protections to students where suspension or expulsion is recommended. The degree of notice and response depends on the length of the recommended disciplinary action.

St. Martin Parish Schools Positive Behavior Center Alternative to Suspension

The Positive Behavior Center is a program that provides schools with an off-campus alternative to an out of school suspension. This program allows students to be counted present and receive academic instruction in lieu of being suspended out of school.

The program is located on the campus of Parks Middle School at 1010-A St. Louis Dr., St. Martinville, La. 70582. The teacher is Mr. Emile Wiltz and he may be contacted at 337-909-3816 in the event of an emergency. He is being assisted by two Paraprofessionals who will assist with ensuring that students meet all of their instructional goals.

The student's assigned school nurse (RN) will make the necessary accommodations for students who have health concerns that required medication.

Students who are assigned to the program will be searched for any prohibited items by the home school prior to boarding the bus for transport.

Transportation is provided from the student's home school by a designated parish school bus. In the morning, students will depart from their home school at approximately 8:00 a.m. Students will be provided breakfast and lunch at the Positive Behavior Center. Students will depart from Parks Middle School and return to their home school by 3:00 p.m. in order to return home via their regularly scheduled transportation.

Suspensions up to 10 days

Step 1: The principal or his designee advises the student of the misconduct of which he/she is accused and the basis for such accusation.

Step 2: The student is given the opportunity at that time to explain his/her version of the facts.

Step 3: The principal/designee considers all facts and informs the student of his/her decision and provides written notice with reasons for the disciplinary action to the parent/guardian.

Step 4: The parent/guardian may request review of the Principal's suspension decision by the Superintendent, whose decision will be final.

Suspensions over 10 days (Expulsion)

Steps 1 - 2 above.

Step 3: The principal/designee provides written notice of his/her recommendation for disciplinary action with the basis for same to the parent/guardian and that the student is suspended up to 10 days pending completion of the due process procedure.

Step 4: The Superintendent or his/her designee provides written notice to the parent/guardian of the date and time of a hearing on the principal's recommendation and of the student's rights at the hearing.

Step 5: A hearing is held by the Superintendent or his/her designee.

Step 6: The Superintendent provides written notice of his/her decision to the parent/guardian.

Step 7: The parent/guardian may request review of the Superintendent's expulsion decision by the School Board.

Step 8: The parent/guardian may pursue review of the School Board's expulsion decision in state court.

Right to Alternative Placement and/or to Make-up Classwork

Short-term Suspensions (1-10 days)

A student given a short-term suspension will be provided all work by his/her classroom teachers and has the opportunity to complete all work for full credit. State law does not require the District to provide alternative placement for short-term suspensions; however, depending on the nature of the infraction and the length of suspension, the District may assign a student given a short-term suspension to alternative placement in which case the student is required to attend school at the alternative placement site. If the student is not assigned alternative placement, the student may still make up and receive credit for all classwork but will receive unexcused absences for all days of the suspension.

Long-term suspensions and Expulsions (11 days or more)

A student given long-term suspension or expulsion will be provided all work by his/her classroom teachers and/or be provided a teacher in alternative placement and has the opportunity to complete all work for full credit. State law requires the District to provide alternative placement for long-term suspensions and expulsions (except for certain severe offenses), in which case the student is required to attend school at the alternative placement site. Any student assigned to alternative placement as a result of a long-term suspension or expulsion is required to attend school at the alternative placement site and, if the student refuses or otherwise fails to attend, will be considered truant and receive unexcused absences.

H. TRANSPORTATION: RULES FOR CONDUCT ON SCHOOL BUS

In accordance with La. R.S. 17:158, the St. Martin Parish School Board shall provide free transportation for any student who attends a school of suitable grade approved by the State Board of Elementary and Secondary Education if the student resides more than one mile from such school, and the school is within the jurisdictional boundaries of the parish or city school board.

For the purpose of administration, the distance shall be determined as extending from the student's driveway or entrance to the nearest public road, to the walking entrance of the school building. (The distance shall be measured by the most direct route and may be along roads and walkways.)

No person other than assigned students and authorized persons approved by the local Transportation Supervisor or other authorized school official are allowed to board the bus.

I. RULES FOR SCHOOL BUS RIDERS

A school bus with undisciplined passengers is a hazardous bus. The misbehavior of the students can lead to accidents. The driver must concentrate on the driving task at hand and cannot be expected to constantly discipline the students while the bus is in motion. Therefore, for the safe operation of the school bus, students should be aware that the school bus is an extension of the school. The same rules, rewards, and consequences apply in both settings.

VIDEO CAMERAS ARE UTILIZED ON SCHOOL BUSES TO MONITOR.

K. LOSS OF ACTIVITY PRIVILEGES

Pupils may be suspended from participation in or being present at school extracurricular activities. Only the principal or person designated by the principal may suspend a pupil from participation in extracurricular activities. When under suspension from school, a pupil shall not participate in or be present at any school activities sponsored by the school.

Nothing in this policy is intended to limit a teacher's authority to require a pupil to leave a particular extracurricular activity when the teacher has evidence that the pupil's behavior has been in violation of Board policies or school rules regarding pupil conduct. A report of misconduct and the action taken by the teacher shall be given to the appropriate school administrator at the earliest possible opportunity, preferably not later than the beginning of the next school day. If notification is made to law enforcement authorities, the parents shall be advised by the principal.

L. SUSPENSION OF STUDENT DRIVER'S LICENSE

Students, between the ages of 15 years and 18 years of age, expelled or assigned to the alternative school for 10 or more consecutive school days in accordance with the Board policy for infractions involving the sale or possession of drugs, alcohol, or any other illegal substance, the possession of a firearm, or an infraction involving assault or battery on a member of the school faculty or staff shall be referred for revocation of the student's driver's license. Written notice of the school's disciplinary action shall be forwarded from the school principal to the Department of Public Safety and Corrections.

M. LONG TERM LOSS OF PARTICIPATION IN EXTRACURRICULAR ACTIVITIES

No students in grades 7-12 inclusively, shall be allowed to participate in any school sponsored extracurricular activity in the event such student is arrested for:

1. A violation of any provision of the Louisiana Uniform Controlled Dangerous Substances Act;
2. Any grade of theft or burglary; or
3. Criminal mischief or criminal damage to property wherein destruction or injury to property is in excess of \$100.00.

Furthermore, no student assigned to any alternative disciplinary setting, such as JCEP, shall be permitted to participate in extracurricular activities that are school sponsored. The prohibition against participation in extracurricular activities set forth herein shall be for a term of nine (9) months, commencing with notification by the student's principal, the superintendent, or his/her designee.

Prior to the imposition of the action set forth herein, the student's principal, the superintendent, or his/her designee, shall notify said student and his/her legal guardian(s) accordingly, after which the student/guardian may challenge the suspension from participation in extracurricular activities in the same manner as a proposed expulsion may be contested. In such an instance, the identical procedures that govern expulsion appeals/hearings shall be applicable, except that the aggrieved student shall have no right of appeal beyond any decision that may be rendered by the St. Martin Parish School Board.

For the purpose of this policy, the term “extracurricular activities” shall include, but not be limited to, athletics, band, speech, quiz bowl, cheerleading, boosters, 4-H, prom, and related programs, and any other event that may require off-campus activities. This ban does not include participation in graduation ceremonies for seniors who successfully complete their assignment in the alternative setting.

Nothing herein shall prohibit a sponsor or coach of an extracurricular activity from imposing additional rules, regulations, or restrictions as prerequisites for participation in the event or activity which he or she coaches or sponsors.

N. SEARCH AND SEIZURE POLICIES

State law allows any teacher, principal, school resource officer, and administrator in any parish or city school system of the state to search any building, desk, locker, area or grounds for evidence that the law, a school rule, or parish or city school board policy has been violated. The teacher, principal, school resource officer, or administrator may search the person of a student or his personal effects when, based on the attendant circumstances at the time of the search, there are reasonable grounds to suspect that the search will reveal evidence that the student has violated the law, a school rule, or a school board policy. Such a search shall be conducted in a manner that is reasonably related to the purpose of the search and not excessively intrusive in light of the age or sex of the student and the nature of the suspected offense.

Random searches with a metal detector of students or their personal effects may be conducted at any time, provided they are conducted without deliberate touching of the student.

No teacher, principal, school resource officer, or administrator shall be held personally liable for any action authorized and performed in accordance with state law and the school board policy regarding searches and seizures.

Upon the seizure by any public school teacher, principal, school resource officer, or administrator of any firearm, bomb, knife, or other implement which can be used as a weapon and the careless use of which might inflict harm or injury or any controlled dangerous substance as defined in La. R.S. 40:961(7), the principal or his/her designated administrator shall report the confiscation of such implement or material to the appropriate law enforcement officials. The principal or his/her designated administrator may report the confiscation of any other implement or material.

Any implement or material mentioned herein that has to be reported to law enforcement officials shall be retained and secured by the school principal in such a manner as to prevent the destruction, alteration, or disappearance of it until such time as the law enforcement authority either takes custody of the implement or material or provides notice to the school principal that it need no longer be retained. In the case that it need not be retained, the school principal shall comply with the School Board policy regarding disposal of the item.

The failure of any principal or designated administrator to report the confiscation of such implement or material or the failure to retain and secure such implement or material shall be reported by the law enforcement authority to the employing School Board which shall take disciplinary action pursuant to Board policy.

When verbal diffusing is not successful, the employee is authorized to utilize reasonable and necessary force in the following non-exclusive situations:

1. When the student is at a point of no return psychologically and the outcome is unpredictable.
2. When the student presents a state of mind that leads the employee to conclude that a severe disruption can reasonably be foreseen.
3. When the student appears to the employee to pose a risk of injury to himself or others or to flee from the scene to an unprotected area in an emotional outburst with an unpredictable outcome. The SRO has the discretion to utilize mechanical restraint. (ex. Handcuffs).

R. STUDENT DISCIPLINARY RECORDS

Student records are defined to be all official records, files, and data directly related to that student, specifically including but not necessarily limited to identifying data, academic work completed, level of achievement (grades, standardized test scores), attendance data, scores on standardized intelligence, aptitude, and psychological tests, interest inventory results, health data, family background information, teacher or counselor ratings and observations, and verified reports of serious or recurrent behavior patterns.

or
- e. Due to personnel allocations, the presence of the police officer is at the convenience of the school.

If information which gives rise to the inspection is provided by the police department and the school has a valid interest in performing an inspection in order to maintain the normal order and discipline of the school, the police officer may be invited to participate, but such invitation to participate shall not be required of the authorizing official. It is to be clearly understood by all who act pursuant to this rule that no officer shall, as a matter of right, have the authority to demand to make a search absent a facially valid search warrant or exigent circumstances recognized as allowing a warrantless search.

5. **OTHER EMERGENCY**

Regardless of any provision in this rule, nothing in this rule shall prevent any person from taking such action as may be reasonably deemed necessary or desirable in the face of a threat to life or property, and any item discovered during the course of such action shall be actionable as though it had been discovered during the course of an authorized inspection.

S. SUBSTANCE ABUSE POLICY

Philosophy

The St. Martin Parish School System recognizes that the use of alcohol and other drugs and the problems associated with their use are becoming increasingly commonplace in our society and among youth. Therefore, not only because state law mandates but also because it is in the best interest of the community; the St. Martin Parish School Board directs that steps be taken to promote, enhance, and maintain an alcohol/drug free school system and student body. Along with parents and other segments of the community, the School Board has a role to play in helping students remain alcohol/drug free.

As a result of La. R.S. 17:404(B)(1), relative to alcohol, drug, and substance abuse programs for students, the St. Martin Parish School System will implement the State Board of Elementary and Secondary Education programs such that every student in grades kindergarten through nine is involved for a minimum of sixteen contact hours every school year and in grades 10-12 a minimum of eight contact hours every school year. The required minimum contact hours will be incorporated into a comprehensive school health program.

If appropriate, the school may exercise the authority granted by La. R.S. 40:1098.1 et seq. relative to alcoholism and addiction counseling and treatment for alcohol and drug abuse for minor children.

According to La. R.S. 14:403.1, all school employees are required by law to report students who are in possession of, under the influence of, manufacturing, distributing, or possession with intent to distribute alcoholic beverages, over-the-counter medication, controlled dangerous substances, or any mood-altering chemicals. Any person who makes a report in good faith pursuant to substance abuse will have immunity from civil liability that otherwise might be incurred.

La. R.S. 17:416.3 (A),(C),(D), and (E) as explained in the **Search and Seizure Policy** also mandates the school system report such confiscation of such material to the appropriate law enforcement officials.

Policy and Procedures

Through the efforts of the school-based Student Assistance Teams (SAT) and the parish-wide Safe & Drug Free Schools & Communities Program, the St. Martin Parish Public School System intends to cooperate with all segments of the community in making the means of assistance available to all those individuals who develop alcohol or other drug-related problems. It is mandatory that school personnel report students suspected of substance abuse in our schools in accordance with the following policy and procedures:

The possession, use, delivery, transfer or sale of alcoholic beverages, over-the-counter medication, controlled dangerous substances, prescription drugs, or any mood-altering chemicals by students while on school premises, school buses, or under school supervision, is expressly forbidden.

1. When the principal or designee has reasonable cause to believe that a student has possessed, actually or constructively, manufactured, distributed, possessed with intent to distribute, used, delivered, transferred, sold, or is under the influence of alcoholic beverages, controlled dangerous substances, prescription

drugs, or any mood-altering chemicals on school grounds, a school bus, or at a school sponsored activity in which the student is engaged either as a participant or a spectator, the student will immediately be suspended indefinitely pending a hearing for expulsion. Said expulsion hearing will be conducted within a reasonable time following said infraction. Constructive possession shall be defined as possession whereby a student has dominion and control over the contraband; i.e., possession in locker, vehicle or other area to which student has access.

The following procedures shall be followed:

- a. The student will be accorded due process rights as set forth in this policy.
- b. The parish safe and drug free school coordinator shall be immediately notified of the facts.

- d. The appropriate law enforcement officials will be notified. Therefore, this reporting requirement shall be in addition to the mandatory reports to law enforcement officials required by Louisiana law, including but not limited to La. R.S. 14:403.1.

If evidence presented by the principal or designee is sufficient, the student will be expelled. The student will be eligible to attend an alternative program, if one is available, with the exception of distribution or the intent to distribute controlled dangerous substances. Before a student is admitted into an alternative program the student and parent/legal guardian must agree to the following:

- a. The student must undergo a no-cost assessment/evaluation by a St. Martin Parish School Board approved assessment evaluation agency.
- b. The student must participate in a four-hour drug/refusal education program and the parent/legal guardian must participate in a two-hour drug/refusal education program presented by the School Board Safe and Drug Free Education Prevention Program. Substance abuse counseling/education by a certified counselor may be substituted for classes if proof is shown.

2. When a principal or designee, following a search initiated because a reasonable belief existed that the student was in possession of or distributed over-the-counter medication on school grounds, a school bus, or at a school sponsored activity in which the student is engaged as a participant or a spectator, and the search, as conducted under these conditions and in conformity with School Board policy in fact revealed that the student was indeed in possession of said over-the-counter medication, the parish safe and drug free education coordinator shall be immediately notified of the facts and the following shall apply:

- a. The student will be suspended for a minimum of one to three days to a maximum of nine days with a recommendation for expulsion.

 - a. The student will be suspended for a maximum of three days.
 - b. The student must participate in a four-hour drug/refusal education activity and the parent/guardian must participate in a two-hour drug/refusal education activity presented by the School Board Safe and Drug Free Education Prevention Program.

4. When a principal or designee has reasonable cause to believe, and after verifying same, discovers that a student is in possession of or distributing any facsimile of alcohol, over-the-counter medication, controlled dangerous substance, or any mood-altering chemicals on school grounds, on a school bus, or at a school sponsored activity in which the student is engaged as participant or a spectator, the parish safe and drug free education coordinator will be immediately notified of the facts and the following shall apply:
 - a. Nine day suspension with recommendation for expulsion.
 - b. Attend a four-hour drug/refusal education program. The parent/guardian must attend a two-hour drug/refusal education activity presented by the School Board Safe and Drug Free Education Prevention Program.

In light of such incidences nationwide and in furtherance of the law, and in order to provide a safer environment for students and employees, the St. Martin Parish School Board authorizes random and/or general searches with a hand-held or stationary metal detector of school board property, of students and non-students and any bags, parcels, purses, containers, and so forth, that they bring on to school board property or to school-sponsored activities.
