

September 2018 minutes for Community Council meeting

Prior to meeting, councilmembers asked to read DSD Policy and Procedures for Community Council (online)

Elected positions, votes cast, confirmed: Chair: Heather Taylor / Vice Chair: Jen Christensen

Chairperson will set agenda, conduct mtg, keep minutes (there's a code), inform us of resources available on Land Trust Website...

Compiled list of contact info of council members to post on school website.

Planned meeting schedule for the year. Heather Taylor will post it in front vestibule and teacher's lounge. And will send it to Heidi Birth for posting online.

Data and Annual Year Summary Review was pushed to next month's meeting.

Review rules of order for CC meetings (available on DSD website)

3 upcoming optional meetings are open for CC training, put on by district. October 24, Nov 14, and Nov 28

Discussed technology use in school. Ideas/needs for future:

- educate parents on how/why we're using our tech at school

- 1 benefit teachers like that parents may not be aware of: kids have to participate on their tech—send something to teacher (not just have it done by end of class instructions, like traditional learning).

- maybe find out how much in-class time is on ipads?

STEAM night. Silent auction needs donations. Tiffany Wallis and Laurie Ellesworth in charge. Need a name for the event that points out fundraiser, STEAM, and maybe tech trek reference? How should the money donated be used? Food ideas discussed. This year, all activities free. Hope parents will spend \$ on food and auction and cash donations. Is there a way to encourage cash donations (some fun drop)?
