

STUDENT: ACCEPTABLE USE AGREEMENT

Franklin Pierce Schools - Electronic Information Resources

Introduction:

Electronic information resources are available to students of Franklin Pierce Schools. These resources include access to the internet and other network files or accounts. Our goal in providing electronic services to students is to promote educational excellence by facilitating resource sharing, innovation, and communication.

Scope:

Internet access is coordinated through a complex association of government agencies, as well as regional and state networks. Worldwide access to computers and people may involve the availability of materials considered to be inappropriate, illegal, or of no educational value. On a global network, it is virtually impossible to control all materials. However, through a filtering and monitoring system, Franklin Pierce Schools has taken precautions to restrict access to inappropriate materials. Those users who access, publish, or attempt to access or publish inappropriate material or illegal internet sites will be subject to discipline, which may include the possibility of suspension or expulsion.

The smooth operation of the network is dependent upon the proper conduct of the users who must adhere to strict guidelines, rules, and regulations. Such are provided so that student users are aware of the responsibilities they are about to accept. In general, their responsibilities necessitate acceptable, ethical, and appropriate utilization of the electronic network resources.

Terms and Conditions of this Acceptable Use Agreement:

The student signature at the end of this Acceptable Use Agreement is legally binding. The signatures also indicate the student and parent/guardian have carefully read and understood the terms and conditions of appropriate use and thereby agree to abide by them.

1. **Acceptable Use:** Acceptable use means that a student uses the internet and other electronic information resources in an appropriate manner, abiding by the rules and regulations as described in this agreement. Students who "publish" on the internet must abide by the approved publishing procedures and district guidelines.
2. **Privileges:** The use of electronic information resources is a privilege, not a right. Inappropriate use of these resources may result in disciplinary action (including the possibility of suspension or expulsion) and/or referral to legal authorities. The principal, teacher/supervisor, or systems administrator may limit, suspend, or revoke access to electronic resources at any time.
3. **Network Etiquette:** Each student is expected to abide by the generally accepted rules of user etiquette. These rules include, but are not limited to, the following:
 - Be polite
 - Never send or encourage others to send abusive messages
 - Use appropriate language
 - No sales, advertisements, or solicitations, etc...

Use electronic mail appropriately. Whatever is written, sent, or received on an isolated terminal has the potential to be viewed globally.

Email is not guaranteed to be private. Everyone on the system has potential access to email. Parents or legal guardians may gain access to their student's email upon request. Messages relating to, or in support of, illegal activities or inappropriate activities as pertaining to this Acceptable Use Policy must be reported to the principal, teacher/supervisor, or systems administrator.

4. **Unacceptable Network Use:** Transmission or intentional receipt of any inappropriate material or material in violation of law or district policy is prohibited. This includes, but is not limited to: copyrighted material; threatening or obscene material; material protected by trade secrets; commercial activities by for-profit institutions; use of product advertisement or political lobbying, including lobbying for student body office; the design or detailed information pertaining to explosive devices; criminal activities or terrorist acts; sexism or sexual harassment; pornography; gambling; illegal solicitation; racism; and inappropriate language. Illegal or inappropriate activities, including games, use of the network in any way that would disrupt network use by others, or activities of any kind that do not conform to the policies and rules and regulations of Franklin Pierce Schools, are forbidden.

5. **Vandalism:** Vandalism is defined as any malicious attempt to harm or destroy property of the user, another user, or of any other agencies or networks that are connected to the network or the internet. Vandalism also includes, but is not limited to: abusive overloading of data on the server and/or the uploading, downloading, or creation of computer viruses. Any engagement in network vandalism constitutes unacceptable use and will subject the student to appropriate disciplinary action.

6. **Security:** Security on any computer system is a high priority because of multiple users. Do not use another individual's account, nor log on to the system as the systems administrator. Any security concern must be reported to the principal, teacher/supervisor, or systems administrator.

7. **Privacy:** It is advised that students not reveal personal information such as: home address, phone numbers, passwords, credit card numbers, or social security numbers. This also applies to others' personal information or that of organizations. When publishing on the internet, students' pictures should not be identifiable by name.

8. **Updating:** Account changes, such as to phone numbers, locations, or addresses, must be reported by the account owner to the systems administrator.

9. **Service Disclaimer:** Franklin Pierce Schools makes no warranties of any kind, whether expressed or implied, for the service it is providing. Franklin Pierce Schools will not be responsible for any damages the student may suffer while on this system. These damages may include, but are not limited to: loss of data as a result of delays, non-deliveries, mis-deliveries, or service interruptions caused by the system or by student error or omission. Use of any information obtained via the information system is at the student's own risk. Franklin Pierce Schools specifically denies any responsibility for the accuracy of information obtained through electronic information resources.

Also, should I choose to "publish" on the internet, I will work under the guidance of a content sponsoring teacher.
