Scholarship Guidelines

Dear Student,

The FranCenter of Darien, Illinois is making scholarship funds available to learning disabled high school seniors who are enrolling in a two or four year college or university or trade school.

The definition that will be used to determine specific learning disability qualifications is taken from the State of Illinois Rules and Regulations to Govern the Administration and Operation of Special Education.

Specific learning disability -- The child exhibits a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, which may manifest itself in an imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations. Such items include conditions as perceptual handicaps, brain injury, minimal brain dysfunction, dyslexia, and development aphasia. The term does not include children who have learning problems which are primarily the result of visual, hearing, or motor handicaps, mental retardation, emotional disturbance, environmental, cultural, or economic disadvantage.

Eligibility

1. Applicant must be a resident of the state of Illinois.
2. The applicant must show evidence that the applicant was diagnosed as learning disabled at some time in his/her elementary or secondary school years. (A photo copy of an Individual Education Plan-IEP and/or Psychological Evaluation may be used for documentation.) These will be returned if the applicant provides a stamped, self-addressed envelope.

3. These scholarships will be awarded in part on the basis of financial need
4. Upon proof of acceptance into college or university the scholarship money will be sent to the school's financial aid office.
