

# Student Equipment Responsibility Form

*Please Print Legibly*

<b>Student Name</b>		<b>ID #</b>	
<b>Parent Name</b>		<b>School</b>	
<b>Equipment</b>	<b>Serial Number</b>		
iPad Air + Charger			

Troy School District has selected a heavy-duty iPad case that should NEVER be removed from the iPad. The case has a protective outer shell to resist screen and/or case related breakage. Removal of this case invalidates this agreement and full replacement costs may be incurred.

If the iPad or case is damaged and the estimated repair cost exceeds \$100, the following costs will be incurred (intentional damage to the iPad is not covered):

### Damage Fees Schedule

Occurrences within Year 1-3	Damaged Device, Cracked Screen	Stolen Device	Lost Device
First Occurrence	No charge	\$100	\$100
Second Occurrence	\$50	\$250	\$250
Third Occurrence	Full Replacement \$510		
iPad Charger/Charging Cord	Full Replacement \$29		

In the case of a stolen iPad, a copy of a completed police department report must be returned to Troy School District, and the stolen device fee may be waived at the District's discretion.

By signing this Equipment Responsibility Form, I agree to abide by the Acceptable Use Policy for the Troy School District [See District website for a copy of the policy].

I agree to reimburse the Troy School District for repair and/or replacement costs generated by damage to or loss of this equipment per the damage fee schedule above. I understand that all equipment must be returned if my student leaves the District including the case, charger and charging cord. If a replacement is purchased, it will be an exact replacement of original equipment provided.

This equipment will not be used in violation of Board Policy, or City, County, State or Federal law(s). All decisions regarding misuse or misconduct of equipment, as well as penalties and fines, are determined by the Director of Technology. I agree to allow the Troy School District to create an Apple ID for my child to be used with my child's district issued iPad.
