Reading Improvement: Testing is done.

Technology Advancement: Mini labs were purchased.

Professional Development: The training was amazing.

Progress on SIP Plan:

Goal 1: Increase the percent of K-3 students scoring “at/above benchmark” on middle of year DIBELS by 2% (from 74% to 76%).

We did not meet this goal. While we did improve our percent by 2% from BOY (69%) to MOY (71%), our MOY for 2017-2018 was 74% and 71% for 2018-2019.

60% of students are expected to make typical or above progress.

In 1st grade, 69% of our students made typical or above progress.

In 2nd grade, 65% of our students made typical or above progress.

In 3rd grade, 67% of our students made typical or above progress.

At MOY this year WB had 69% of 1-3 students making Typical Progress or better.

At MOY last year WB had 54% of 1-3 students making Typical Progress or better and ended with 66%.

Goal 2: Increase the number of students with SAGE proficiency in mathematics from 56% to 58%.

Progressing according to plan. Utah changed our criterion referenced test from SAGE to RISE. However, we believe we will still be able to compare mathematics proficiency in the spring of 2019 to spring of 2018.

Goal 3: 23 teachers will be trained in implementation of Project Lead the Way. Additionally, 614 students will participate in PLTW.

Progressing according to plan. All 23 of our teachers were trained in the PLTW process. By the end of the 2018-2019 school year, all of our students will have completed a PLTW module.

Currently, 7 teachers have completed the module, 8 teachers are in the process of a module, and 8 teachers still have to complete a module.

Parent Recess Volunteers: We have had a few people volunteer. Kevin Smith, an intern who is getting some elementary hours at West Bountiful, is helping with this.

Next Meeting –March 5th at 4:00 in the conference room
