

Grading Policy

The Troy School District has adopted the following numerical equivalents for figuring grade point averages:

A-4.0

B-3.0

C-2.0

D-1.0

Teachers may indicate grades with a plus or minus, however, the numerical equivalent will remain the same. For example, an A, A+, and A- will all be equal to four points. The Middle School honor roll requires that students attain a "B" (3.0) average for all grades for classes taken during the marking period.
