

STEM Classes with Mrs. Dunlay

For Grades 3 - 6

CHANGE IN DATES!!!

CODING

Mondays, Mar. 11-Apr. 1

3:00-4:00 p.m. in Mrs. Dunlay's Kindergarten Room

\$20 Registration Fee Register by March 1st

Kids will learn the basics of coding in a variety of games. Kids will participate in human coding, coding board games, coding with robots, and coding iPad programs. Children will get the basics of how to code. Those who already know a bit of coding are welcome too. Students will be taught at whatever coding level they are at.

LEGO ROBOTICS

Mondays, Apr. 8, 15, 22, 29

3:00-4:00 p.m. in Mrs. Dunlay's Kindergarten Room

\$20 Registration Fee Register by Mar. 25th

Students will use WeDo Lego kits to create robots. They will control these robots by coding them on the LEGO WeDo app on the iPad. Students will learn how to code the robots to move in a variety of ways.

*Let your child's teacher & Valleyland know that your child will be attending the class.
A child will not be allowed to stay if the teacher has not been notified.*

To Register:

- Mail lower portion to Community Education, or submit to the elementary office.
- Register online (Chatfield.k12.mn.us > online store > community education)
