Helmet Reconditioning
Bid 9721**

Contract will only be awarded to a firm that can comply with original manufacturer's suggested warranty procedures; this includes servicing all helmets under warranty and restoring them to new standards at no additional charge for this service.

It should be clearly understood that a low price proposal is not the sole criteria upon which Troy School District will predicate its selection to make an award. There are other factors that will be taken into consideration. Therefore, the school board advises all potential bidders to take notice and be aware that it reserves this right for itself. Troy School District reserves the right to reject any and all proposals, which, at the sole discretion of the district, are deemed to be not in the best interest of the district.

Insurance

The Contractor shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of work hereunder by the contractor, his agents, representatives, employees or subcontractors. The Contractor shall provide Troy School District with original Certificates of Insurance and endorsements for all coverage and renewals. The certificates and endorsements are to be signed by a person authorized by the insurer to bind coverage on its behalf.

The vendor shall secure, pay the premium for, and keep in force until the expiration of the contract, adequate insurance. Such insurance must specifically include product liability for the work or services performed by contractor under this contract.

The vendor will be required to provide a copy of Product Liability Insurance of not less than \$10,000,000.00 naming Troy School District as additional insured. Vendor shall at all times hold and save harmless Troy School District against any and all suits, claims, costs, charges, and expenses by reason of any damages or claims for damages arising from those actions or negligence of the contractor, his agents, representatives or employees.

Deductible and Self-Insured Retentions:

Any deductibles or self-insured retentions must be declared to and approved by Troy School District. If a deductible or self insured retention exists, the contractor must provide the acceptable evidence of financial responsibility. In addition, they must present a list of claims in progress and status of such claims.

Insurance Carriers:

Insurance is to be placed with insurers who are licensed and admitted to do business in our state. All insurers must have a current A.M. Best's rating of no less than "A:VII".

Co-op Policies:

The vendor shall indicate if his policy is a cooperative policy. If so, vendor must identify all of the companies covered by the policy and any claims pending against any members of the co-op.

3. Cages cleaned
4. New hardware replaced on all helmets
5. Warning labels and size labels will be installed on all helmets
6. An age, model inventory included for all helmets

All prices, per helmet and shoulder pad, of this agreement will be fixed for **three years**. The number of helmets and shoulder pads to be sent out for reconditioning in 2013 and 2014 will be based on the recommendation of the reconditioner subject of approval of the Troy School District.

Special Note:

Coaches will be responsible for SEPARATE ordering of chin straps, helmet pads and face masks. Do not include cost for these items in your bid.

All bidders are required to inspect the equipment prior to submitting the bid and clearly state their estimates of shoulder pads and helmets to be reconditioned. Inspection appointments are made through the office of Mike Jolly, Troy School District Director of Athletics (248.823.5153).
