**Troy School District
Trash, Recycling and Dumpster Service
Bid 9710**

The Troy School District is accepting bids for trash and recyclable pick-up/disposal for the 2011-2012, 2012-2013 and 2013-2014 school fiscal years. The contract is intended to begin on July 1, 2011 and end on June 30, 2014.

SERVICE SCHEDULE

See the attached sheet for detail listing of district buildings, container sizes and pick-up schedules. All servicing of these locations must occur outside the normal school "high traffic" times (normally 7:00am-9:00am, 11:00am-1:00pm and 2:00pm-4:00pm) to avoid school buses, parental drop-offs and lunchtime recess. **When school is not in session during the summer months, the service schedule will be adjusted, to be determined prior to June 30 each respective year of the contract. Awarded bidder will adjust the billing accordingly based on this reduced service.** All service must be in compliance with City of Troy ordinances. Bidders are solely responsible to verify allowable hours of operation.

DUMPSTER PLACEMENT

Contractor awarded this bid shall make all provisions to place new (or newly refurbished) dumpsters in the size noted at all building locations in time to begin servicing contract on July 1, 2011. Separate color dumpsters are required for all recyclable materials. Dumpsters must be clearly marked "Trash" or "Cardboard Only" as applicable.

RECYCLABLE CARDBOARD

The District is also seeking separate pricing for the recycling of waste cardboard. Cardboard recycling is to be bid separate from trash hauling as the District may opt to award as two individual contracts.

INSPECTION OF SITE

Before submitting a proposal, each bidder shall personally inspect the site of the proposed work to arrive at a clear understanding of the conditions under which the work is to be done. Contact Mr. Kenneth Miller, Director of Operations at 248-823-4067 with questions pertaining to serviceability on this bid.

Bidders shall be held to have compared the premises with the specifications and to have satisfied themselves as to the conditions of the premises and any other conditions affecting the cost of performance of work before delivery of the proposal. No allowance or extra consideration on behalf of the contractor(s) will subsequently be allowed by reason of error, oversight or failure to reasonably inspect on the part of the bidder and/or contractor(s).

No price allowance or extra consideration on behalf of the contractor will subsequently be allowed by reason of error or oversight on the part of the contractor.

INSURANCE

Satisfactory Workers' Compensation insurance and Public Liability and Property Damage Insurance must be carried and paid for by the contractor who undertakes the work on this contract. Liability coverage must total at least \$1,000,000. Certificates of such insurance shall be filed with the Purchasing Office BEFORE ANY WORK BEGINS.

REFERENCES

Bidders are asked to provide a minimum of three (3) large scale companies currently being serviced (public school districts preferred) within Southeast Michigan. Bids may be rejected if references are not provided with bid submission.
