- Fri. 3/15 English test

Our Learning

- Religion – We will continue our studies of the Sacraments of Healing.
- Reading – We will continue to read *The Lion, the Witch, and the Wardrobe*.
- English – Students will continue to focus on sentence parts and structure.
- Social Studies – Students will take their test and have extra time to work on their Int'l. Day projects.
- Math (Jones) – Students will learn about probability and statistics.
- Science – Students will work on organ system projects.

Little Notes

***The children have been working hard on their International Day projects. We have rearranged schedules a bit this coming week to allow time for the students to finish up their projects and get some practice time before making their presentations on Friday. I know they will do a wonderful job!

***In religion we have been talking about making good choices vs. bad choices as well as guides to helping us make the right choice. I encourage you to continue those conversations at home and home and be one of your child's guides to making good choices in all of their encounters.

***Congratulations to all of the kids who played in the HL Tournament last week. I always have a great time watching the kids play!

Learn + Live + Love + Serve
