Shawnee Mission North Indian's
SPEED AND AGILITY PROGRAM

for
Middle School Kids
Grades 6,7 and 8

The coaching staff at Shawnee Mission North High School is very proud and excited to announce the beginning of a new summer opportunity for the middle school kids that will one day wear the **Black and Red of the Indians.** This summer will mark the first time we have offered a middle school speed and agility program at our school run completely by the coaches of SMN. We are looking forward to the opportunity to develop relationships with the future Indians and explain the techniques and methods we use in our programs.
