Community Circles Build Strong Relationships

Once a week, the high school class, teachers, service providers, administrator and aides are participating in Community Circles - a function of Restorative Practices. The key elements of restorative practices are: Creating an ethos of respect, inclusion, fostering accountability and taking responsibility, committing to relationships, developing impartiality, being non-judgmental, enhancing collaboration, fostering empowerment and emotional expressiveness.

Collecting for Those in Need

SLC is collecting small, travel sized toiletries to send to those in need in Mexico. Please send in small bottles of shampoo, conditioner and lotion. We also need bars of soap and travel sized toothbrushes and toothpaste. The middle school class will sort all donations and create individual care kits that will be delivered to the encampment next week. Items may be dropped off at the donation box in the SLC lobby.
