STONE WALLS FOR WILDLIFE

Build your own stone wall habitat and learn why these structures are important to the survival of so many species!

Location: Fraser Woods Montessori School - 173 S. Main Street, Newtown

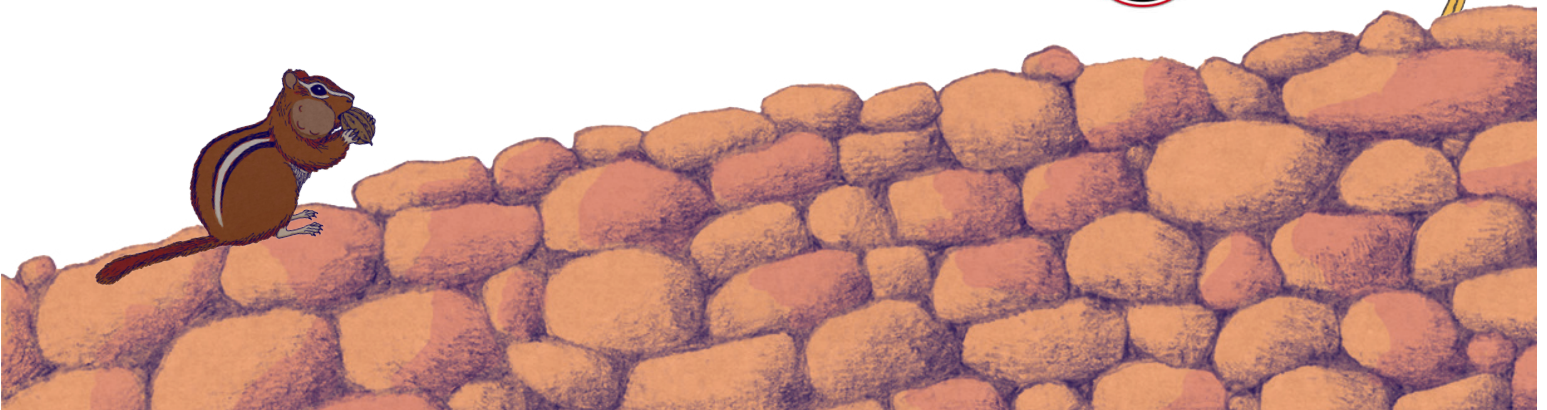

12:00-1:00 Discover the stone wall secrets of wildlife and underground insect highways with **Dr. Mitch Wagener** of Western CT University.

12:00-3:00 Join **Earthplace of Westport** and meet their stone wall turtles and amphibians! In addition, Master Stone Mason, **Andrew Pighills** will take participants on an interactive journey of exploration including:

- Hands-on stone wall building presentation
- Children's stone wall building activity
- How to explore, date and identify your stone walls

Meet the adoptable animals from beCAUSE 4 PAWS Animal Rescue.

Children 12 and under must be accompanied by an adult.
