CogAT TESTING: Students in 2nd and 4th grades and 3rd and 5th students who are new to WW will take the CogAT assessments next week. CogAT tests are administered to measure levels and patterns of cognitive development for students. Abilities are assessed in three ways:

Verbal: Measures inductive and deductive reasoning skills and includes items such as verbal classification, sentence composition, and verbal analogies.

Quantitative: Measures quantitative relations, number series, and equation building.

Nonverbal: Presents novel problems to students using geometric shapes and figures in which students must use strategies for dealing with new material.

These assessments are used as a part of the Enrichment Eagles identification process and to determine middle school math and English placement. To learn more about the Enrichment Eagles program go to:

Dear 2nd Grade Parents,

Families of current 2nd grade children must submit an updated dental examination form to the school office by May 15, 2019. The exam must be dated after November 15, 2017 and be on an Illinois dental examination form to be accepted.

Please submit at your earliest convenience.

If your child has already been to an appointment after 11/15/2017, you can simply take the form that was sent home to your dentist's office, and they will be happy to fill it out for you.

Next PTO meeting will be held on February 12th at 6:30pm in the community classroom

The end of the school year is quickly approaching as hard as that is to believe! In preparing all of the children for advancement to the next grade level, they are learning a lot about responsibility, especially for kids making the transition to the middle school. Please remind your kids to bring their lunches to school everyday if they are cold lunch, have their P.E. shoes daily for gym class, and to have chrome books fully charged and brought to school ready to begin the next school day. Thank you!!!
