General Information: When faced with an emergency situation, please call Campus Security at Extension 311, 370, 371 or the Switchboard operator at Extension "0". Local Law Enforcement and Local Fire can be contacted by calling one of the numbers listed above. Clearly identify your exact location. If safe, remain on the line and do not hang up. Keep other lines clear for emergency calls. Your school site may well be a crime scene and everyone needs to take steps to preserve the evidence and to identify potential witnesses.

Teachers will gather roll sheets or other class records for student accountability. Consider the impact on students and your peers. Anticipate the involvement of Local Law Enforcement, Fire Department, mental health professionals and other first responders. When appropriate the district procedures for releasing students will be utilized.

LOCKDOWN: Please keep in mind that there are times when a decision to evacuate may actually put students and staff in harm's way. If the situation dictates that it is best for students to remain locked down in their classrooms, a LOCKDOWN announcement will be called at which time an immediate LOCKDOWN will occur. All doors are to be immediately locked and students who are outside are to come indoors. If a fire alarm is sounding and a verbal/PA command for a LOCKDOWN is heard, obey the verbal/PA commands. During a LOCKDOWN, remain in the locked room until directed to leave by the police or school/staff administration.

Accidents: If an accident happens near campus or if a student or staff member is seriously injured call the Switchboard. Identify your exact location. Remain calm and respond to the situation.

Armed Student in Class: Do not confront the student! Wait for Law Enforcement and Campus Security to arrive. Do not attempt to retrieve the weapon. Do not attempt to restrain or discipline the student. Remain calm and conversational with the armed individual.

Bomb Threat: If available, immediately refer to the "Bomb Threat Checklist". Keep the caller on the line as long as possible. Ask him/her to repeat the message. If the caller does not indicate the location of the bomb or the time of the possible detonation, ask him/her for this information. If possible, have more than one-person listen in on the call. Alert the principal/site administrator. Keep the matter confidential. Immediately complete the "Bomb Threat Checklist". If you find a suspicious device that you believe may be an explosive, DO NOT TOUCH OR HANDLE THE OBJECT. Immediately contact Campus Security, Law Enforcement or the principal/site administrator with the use of a hard wired "landline" telephone.

Campus Security and Law Enforcement personnel will assess the situation to determine if evacuation procedures are warranted. Be prepared to report the location and an accurate description of the suspicious device. If possible, check to see that all doors and windows are open. Expect Campus Security and Law Enforcement personnel to examine rooms. Anticipate being asked if you have seen any objects that are out of place or are in places where they do not normally belong. Identify potential witnesses.

Earthquake: DURING THE QUAKE: At first sign of shaking, you should give the DROP command. If indoors, everyone should get under a desk or table. If that is not possible, stand next to an inside wall or under an inside doorway. Stay away from computers, televisions, stacks of books, file cabinets, and other heavy objects. Get as far away from the window(s) as possible. Drop to your knees with your back to the window(s) and knees together. Clasp one hand firmly behind your head, covering your neck. Wrap your other arm around a table or chair leg and hold tightly. Bury your face in your arms, protecting your head. Close eyes tightly. Remain in this position until the earthquake is over.

If outdoors, staff should direct students away from buildings, trees, poles and wires. Give the DROP command. Everyone should cover as much skin surface as possible, close eyes and cover ears. If students are on the way to or from school, instruct them to stay in the open away from buildings, signs, trees and wires. Do not run. After the quake, continue home or to school.

FOLLOWING THE QUAKE, ANTICIPATE AFTERSHOCKS. Anticipate that all students and staff will be evacuated in an orderly manner using pre-planned evacuation routes. All teachers should take roll and note missing students or staff. Students should remain outdoors, in evacuation area, until buildings are declared safe. Be prepared to operate without first responder assistance for an unknown time. Retrieve medical supplies and treat the wounded. Keep in mind (1) the first concern is with physical safety; (2) attention can and should be given to the emotional trauma; (3) everyone will need facts; (4) everyone will need an opportunity to share feelings and experiences; (5) children need to be together with adults, friends or family members; (6) if possible, engage children in activities.

Fire/Explosion: In the event of a significant fire, activate the fire alarm and call 9-9-1-1. The injured should receive First Aid treatment as much as possible while awaiting first responders. Anticipate an evacuation away from threatened buildings using the designated evacuation routes. Keep in mind the direction of the wind when determining your evacuation route. Maintain control of students and take roll. If smoke is in the immediate vicinity, instruct students to "Stay low and exit," crawling to avoid breathing fumes. If no escape is possible, close as many doors as possible between yourself and the fire. Seal cracks and openings with wet clothing/rags and avoid fanning flames. Lay on floor to avoid smoke. Wait for help. Identify witnesses. Anticipate being transported to alternative location.

Gang Fight/Riot/Threatening Group: Contact Campus Security or the Switchboard Operator. Wait for Campus Security to arrive. If there is fighting, do not try to break it up. Identify yourself and issue an order to disperse. Let Campus Security or Law Enforcement handle the situation.

(For Designated Staff): Call 9-9-1-1 and identify your school site and exact location. Stay on the phone with Law Enforcement until they arrive. Relay as much information as possible. Who and how many are involved? Specific location of occurrence? Number of wounded? Weapons involved? Any background knowledge of trouble or participants? Administer First Aid treatment to injured individuals when it is safe to do so. If possible, remove students from the area. Anticipate that a LOCK DOWN may be implemented to ensure students safety in the classroom. If students are out of class, direct them out of the danger zone. When appropriate have them to report to their next period class immediately. Do not physically disturb the area where the fight occurred. It is a crime scene. Provide the name of potential witnesses to the Campus Security or Law Enforcement. Attempt to calm students. Contact Campus Security or Law Enforcement with any rumors of potential conflicts or fights. Notify the District Office to request additional security staff.

Hostage Situation: Do not use words such as "hostage," "captives," or "negotiate". Remain calm. No confrontation, No challenges, No heroics. IF A CLASSROOM IS TAKEN HOSTAGE: Obey the suspect's commands. Don't argue or fight. Go into a rest mode. Be passive. Tend to display more restful, sleepy behavior as opposed to being active. Try to calm the suspect and listen to complaints or demands. Once again, do not use words such as "hostage," "captives," or "negotiate". Keep the students calm and don't allow them to agitate the suspect. Ask permission of the suspect in all matters. Make an effort to establish rapport with suspect. Provide your first name. Find out his/her first name and use first names, including the student's first name, throughout the conversation. If you do not know first names, refer to the hostage(s) as boys, girls, men, women, or students. This will help personalize hostage(s) as people rather than objects. Encourage suspect to release everyone. KEEP ALL RADIOS, TELEVISION SETS, AND COMPUTERS TURNED OFF. If possible and without increasing risk to yourself, minimize any possibility that the suspect can hear or see "NEWS REPORTS." This could escalate the situation and keeping these devices off may help the situation. Be calm and patient and wait for help. Keep in mind that the average hostage incident lasts approximately six (6) to eight (8) hours and the average barricade incident last approximately three (3) hours. "TIME IS ON YOUR SIDE." Based on the situation and the age of the suspect, anticipate at the point of rescue that all "possible suspects" in the room will be handcuffed by the police department. The police will then make a positive identification of the suspect and release the victims. Anticipate a LOCK DOWN to protect student and staff members in their classrooms/offices.

Rape: Offer the victim care and first aid until authorities arrive. Protect the crime scene. Avoid destroying any evidence. Do not permit the victim to use the restroom or cleanse any areas of the body until instructed to do so by the law enforcement. Wait with the victim until the site administrator arrives. When possible, provide a same-sex employee to remain with the victim. Identify potential witnesses. If you talk to the victim prior to law enforcement arriving on the scene, restrict the conversation to immediate medical needs. If discussion occurs on the situation, speak only in general terms. DO NOT DISCUSS THE SPECIFICS of the case. It is better in court that the initial specific statements about the crime are recorded by the police department and are not heard second hand with you as the witness. Take steps to protect the victim's identify. Protect the "PRIVACY" and "Rights of Confidentiality" of the student and family. Confer with site administrator regarding contacting Child Protective Services.

Shooting/ Armed Assailant: At the first indications of shooting, sound of gunfire, loud cracking, popping, banging noises, windows shattering, glass exploding in classrooms, bullets ricocheting: Instruct students to drop to the ground immediately, face down as flat as possible. If you are within 15-20 feet of a safe position, duck and run for cover. Move or crawl away from gunfire, trying to create obstruction between you and the gunfire. IMPORTANT: KEEP IN MIND THAT MANY OBSTRUCTIONS MAY VISUALLY CONCEAL YOU FROM THE GUNFIRE, BUT THEY MAY NOT BE BULLETPROOF AND WILL NOT PROTECT YOU FROM GUNFIRE. Try to get behind or inside a building and stay down. When you reach a relatively safe area, stay down and do not move. Do not peek or raise your head. If possible, call the office from a classroom to report the situation. Listen for directions from law enforcement.

IF INSIDE CLASSROOM (WITH ASSAILANT OUTSIDE): Duck and cover. Keep students inside. Close and lock the outside door to the classroom. Close the blinds, turn off the lights, and stay on the floor. Call the office (if possible) to report location of the armed assailant.

OFFICE PERSONNEL: Duck and cover on the floor, making phone calls from this position. Keep students out of danger. Consider if a LOCK DOWN should be implemented to contain those students in their classrooms. Call 9-9-1-1. Identify your school site and exact location. As law enforcement are in transit, relay information: Is suspect still on-campus? Where did he/she go? Specific location of occurrence. Number of wounded. Description of all weapon(s), dangerous

object(s) and any visible ammunition. LOOK FOR MULTIPLE WEAPONS AND REPORT ALL WEAPONS. Any shots fired? Describe the sound and number of shots fired. Keep the P.A. System on to provide instant announcements.

Suicide/Threat: Suicide rarely happens without some warning to someone. Staff and faculty need to take all comments about suicidal thoughts seriously, especially if details of a suicide plan are shared. **Verbal Suicide Threat:** If a student suggests he/she is thinking about committing suicide in the near future: LISTEN! SHOW YOU CARE! GET HELP! Trust your feelings that this student may be self-destructive. Do not leave the student alone. Notify Campus Security or Law Enforcement. They will contact the counselor and/or school psychologist. Under no circumstances should an untrained person attempt to assess the severity of suicidal risk. The counselor/psychologist will notify the student's parent, guardian or other emergency contact. **When a Student is Threatening Suicide on Campus and has a Lethal Weapon Available:** Stay with the student. Remain calm. Get vital information if possible. Clear other students from the scene. Assure the student that he or she has done the right thing by talking to you. Get the student to talk. Listen! Listen! Listen! Repeat back! Speak in a calm low voice. Make a mental note of what the student says. Monitor the student's behavior constantly. Try to get the student to agree to a verbal "no suicide" contract. ("I will not kill myself before talking to a counselor.") When it is deemed appropriate, the Incident Command Post (ICP) will be set up away from the affected area to provide effective coordination of ongoing response efforts during a critical campus incident. Additionally an off-site Emergency Operation Center will be set up in conjunction with Local Law Enforcement when deemed appropriate to assist with coordination of response management and resource allocation.

Disaster Procedures

- **Earthquake**
- **Fire/ Explosion**
- **Lockdown**
- **Active Shooter**
- **Hostage**
- **Bomb Threat**
- **Suicide Threat**

Earthquake

DROP, COVER and HOLD ON

What to do during an Earthquake:

- **Protect** yourself in the safest place possible without having to move far, no matter your limitations, you need to protect yourself as best as possible. The more limitations you have the more important it is to create safe spaces for yourself.
- **Do not** try to get out of the building during an earthquake! Most people are injured by other people or falling debris as they try to exit buildings during the shaking.
- **DROP** under a piece of furniture (desk or table) or against an inside wall. (Before the earthquake knocks you down)
- **COVER** under a desk or table if possible and protect your head and neck with one arm/hand.
- **HOLD ON** to a desk or furniture leg to keep it from shifting or uncovering you until the shaking completely stops.

DROP, COVER and HOLD ON tips for people with special needs:

- If you have difficulty getting safely to the floor on your own during the shaking. Stay as low as possible; protect your head and neck, moving away from windows or other items that can fall on you.
- If in a recliner or bed, do not try to move during the shaking. Stay where you are until the shaking stops.
- If in a wheelchair, lock your wheels and remain seated until the shaking stops.
- Always protect your head and neck with your arms, a pillow, a book or whatever is available.

Once the shaking stops:

- Check yourself for injury and stay close to and aware of the safe spaces in your environment.
- Be prepared for aftershocks.
- Look around for hazards (broken glass, objects in your way and fallen wires, etc.)
- Evacuate only if necessary, otherwise stay where you are and shelter in place.
 - If told to evacuate, follow directions immediately.

Fire & Explosion

Upon discovering a fire, explosion, or smoke in the building, activate the fire alarm system by pulling the nearest fire alarm box. Alert people in the immediate area of the fire/explosion and evacuate the area.

- Call ext. 217 or 0 and/or 9-911 and be prepared to give:
- School name and address
- Location of fire (room or building)
- Description of fire/explosion
- Do not use elevators during a fire emergency.

When the fire alarm sounds, complete evacuation is required. Walk, do not run, to the nearest identified exit and proceed out of the building. If identified stairway contains smoke or fumes, use an alternate exit. Close doors and windows as you leave, if possible. The alarm may not sound continuously. If the alarm stops, continue the evacuation and warn others who may attempt to enter the building after the alarm stops. Never re-enter the building without notification from The Principal, Administration, Emergency Services or Security.

Leave the building and move away from it, leaving entryway, roadways, and walks open for arriving fire equipment. If smoke is in the immediate vicinity, instruct students and staff to "Stay low and exit, crawling to avoid breathing fumes. Do not return to the building until directed to do so by emergency personnel. All persons should move a safe distance from the building. If you cannot move far enough away from the building on your own, request assistance from emergency personnel. The injured should be treated as much as possible while awaiting Police or Fire. Maintain control of students and take roll. If you have been trained and it is safe to do so, you may attempt to extinguish a fire with a portable fire extinguisher. If you have not been trained, you must evacuate to safe location.

Security will assist emergency personnel. Building staff will be needed to allow emergency personnel access to affected areas and should make themselves available upon arrival of the fire department. Everyone must follow the orders of the emergency personnel when they arrive.

Notify emergency personnel on the scene if you suspect someone may be trapped inside the building.

Lockdown

Please keep in mind that there are times when a decision to evacuate may actually put students and staff in harm's way. If the situation dictates that it is best for students to remain locked down in their classrooms, a Lock Down will be called an immediate lock down will occur. All doors are to be immediately locked and students who are outside are to come indoors. If a fire alarm is sounding and you hear a verbal/PA command for a Lock Down, obey the verbal/PA commands. During a Lock Down, remain in the locked room until directed to leave by the police or school/staff administration.

Only three people can call a lockdown, The Director of Security, On Scene Administrator (OSA), and the Principal. A verbal/PA command for a Lock Down will be called. All doors are to be immediately locked and students who are outside are to come indoors to the nearest room. During a Lock Down, remain in the locked room until directed to leave by the police or school/staff administration.

TEACHERS AND STAFF – RESPONSIBILITIES

- Move all students indoors to the nearest room. Do so as quickly and safely possible.
- Close and lock all doors DO NOT open the door for any reason, turn off lights and move away from windows.
- Listen for any announcement via the PA system and or via AVHSD email system.
- Keep students calm, DO NOT allow students out of the room until you have received an "ALL CLEAR" announcement from school administration.

SECURITY – RESPONSIBILITIES

- Sweep the campus and direct any students towards the nearest rooms DO NOT allow student to loiter on campus.
- Close all perimeter gates/doors to the buildings, parking lots and grounds.
- Report to your assigned areas, report via school radio to the Director of Security when your area is locked down
- Get into a classroom or office and lock the door behind you.
- Monitor the radio and await further instructions. Report any suspicious activity to the Director of Security. Keep radio traffic to a minimum.

ADMINISTRATION OFFICE – RESPONSIBILITIES

Close and lock front and back doors into the administration building.

Advise any student to stay in the office and do not allow onto main campus.

Do not allow any visitors in the doors once locked.

Monitor the phones and radio from behind the desk in a safe location.

Principal and admin staff report to the Principal's Conference Room and assemble there.

(this will be the command center)

THE PRINCIPAL, DIRECTOR AND SHERIFFS DEPARTMENT WILL MONITOR AND ASSESS THE SITUATION FROM THERE.

ALL OTHER OFFICE AND SUPPORT STAFF STAY IN YOUR OFFICES AND WAIT FOR INSTRUCTIONS BY TELEPHONE OR EMAIL.

AN ALL CLEAR WILL BE ANNOUNCED VIA THE PA SYSTEM BY THE PRINCIPAL OR ADMINISTRATION STAFF ONCE THE SITUATION HAS BEEN DEALT WITH AND IT IS SAFE TO DO SO.

ALL PERSONS SHOULD STAY PUT UNTIL AN ALL CLEAR IS ISSUED VIA THE PA SYSTEM.

Active Shooter/ Assailant

At the first indications of shooting, sound of gunfire, loud cracking, popping, banging noises, windows shattering, glass exploding in classrooms, bullets ricocheting: Instruct students to drop to the ground immediately, face down as flat as possible. If you are within 15-20 feet of a safe position, duck and run for it. Move or crawl away from gunfire, trying to create obstruction between you and the gunfire. **IMPORTANT: KEEP IN MIND THAT MANY OBSTRUCTIONS MAY VISUALLY CONCEAL YOU FROM THE GUNFIRE, BUT THEY MAY NOT BE BULLET PROOF AND WILL NOT PROTECT YOU FROM GUNFIRE.** Try to get behind or inside a building and stay down. When you reach a relatively safe area, stay down and do not move. Do not peek or raise your head. If possible, call the office from a classroom, or run to the office (only if safe!) to report the situation. Listen for directions from the Police. **IF INSIDE CLASSROOM (WITH ASSAILANT OUTSIDE):** Duck and cover. Keep students inside. Close and lock the outside door to the classroom. Close the blinds, turn off the lights, and stay on the floor. Call the office (if possible) to report location of the sniper.

OFFICE PERSONNEL: Duck and cover on the floor, making phone calls from this position. Keep students out of danger. Consider if a lock down **LOCK DOWN** should be implemented to contain those students in their classrooms. Call 9-9-1-1. Identify your school site and exact location. As Police are in transit, relay information: Is suspect still on-campus? Where did he/she go? Specific location of occurrence. Number of wounded. Description of all weapon(s), dangerous object(s) and any visible ammunition. **LOOK FOR MULTIPLE WEAPONS AND REPORT ALL WEAPONS.** Any shots fired? Describe sound and number of shots fired. Keep the P.A. System on to provide instant announcements.

OFFICE PERSONNEL- AT THE FIRST INDICATIONS OF A SHOOTING:

At the first indications of shooting, sound of gunfire, loud cracking, popping, banging noises, windows shattering, glass exploding in classrooms, bullets ricocheting.

- Duck and cover on the floor.
- Make phone calls from floor position.
- Keep students out of danger.
- Implement a Lock Down to contain students in their classrooms.
- Call 9-9-1-1 and identify school site and exact location. As Sheriff is in transit, relay the following information:
 - Is suspect still on campus?
 - Where did he/she go?
 - Specific location of occurrence.
 - Number of wounded if any.
 - Description of weapons, dangerous objects, and any visible ammunition.
 - (Look for multiple weapons and report all weapons.)
 - Describe sound and number of shots fired.
 - Keep PA system on to provide instant announcements.

Hostage Situation

A hostage situation is any situation in which a person or persons are forced to stay in one location by one or more individuals. Weapons are usually in the possession of the hostage taker(s) and hostages are threatened with some degree of bodily harm should they not comply with the directives of the hostage taker(s). Certain demands are usually made of outside officials in return for the release of the hostages.

- **All hostage situations are dangerous events.**
- **Principal:** The principal or designated individual will assume command of the situation until the arrival of the Los Angeles County Sheriff Department. Campus Supervisors should work closely with the principal/administrative head/designee to ensure that this plan of action is safely achieved. School radios should be utilized when it is established that the hostage taker does not have one. If he does, radios should not be used.
- **Lockdown:** Appropriate actions should be taken to isolate the hostage taker and the victims that may be under his control. It is important that no additional individuals be exposed to the hostage taker.
- **Evacuation:** If the situation is contained, immediately evacuate the rest of the building and ensure that egress of students and personnel is done in a manner that they do not go near the area controlled by the hostage taker. All individuals should proceed to a designated evacuation location directed by The Sheriff Department, Campus Supervisors or Administration.

Re-entry: Ensure that no individuals enter or re-enter the building.

Contact 911: Immediately have a staff member contact 911 and give all available information to the dispatcher who will relay the information. Ensure that the caller remains on the line with the 911 dispatcher until The Sheriff Department actually arrives at the scene.

This will ensure that accurate, detailed information is relayed to responding officers and school officials can respond to requests of the police department.

Media: The Principal will handle all press matters as well as the dissemination of information to students and parents at the scene.

Bomb Threat

All bomb threats must be taken seriously and carefully analyzed. The bomb report should be treated as genuine until investigated and until a search of the school has been completed. Begin your decision-making process by gathering as much information about the bomb report as possible.

When bomb threat calls are received the phone call recipient should:

- **Keep the caller on the phone as long as possible and do not hang up**
- **Write down the caller ID number and the exact time of the call**
- **If a student is answering the phones, have an adult take the call if time permits**
- **Signal someone to alert the building administrator or designee**
- **Write down everything the caller said, use the bomb threat call sheet**
- **Make an educated guess as to the caller's sex, age, race, and accent.**
- **Identify any background noises**
- **Even after the caller hangs up, keep the phone off the hook so the police can trace the call**
- **Discuss this matter only with administrators to ensure that misinformation does not cause panic.**

School administrators are faced with at least five possible alternatives:

1. **Conduct a low profile search of the exterior grounds and public areas of the building;**
2. **Conduct a comprehensive search having all staff search their work area, in addition to the grounds and public areas so the entire building is covered;**
3. **Search with partial evacuation;**
4. **Evacuate after searching; or**
5. **Evacuate immediately.**

Searches:

- **Start on the outside of the school and work inward**
- **When inside, start at the bottom and work up**
- **Search personnel always work toward each other**
- **Listen for background noises**
- **Consider not using hand held radios**

Evacuating:

- **Clear predesignated evacuation areas**
- **Evacuate immediately after clearing egress routes and assembly areas.**
- **Have school personnel keep students and staff calm.**

Suicide Threat

Definition – A suicide threat is a verbal or non-verbal communication that the individual intends to harm him/herself with the intention to die but has not acted on the behavior.

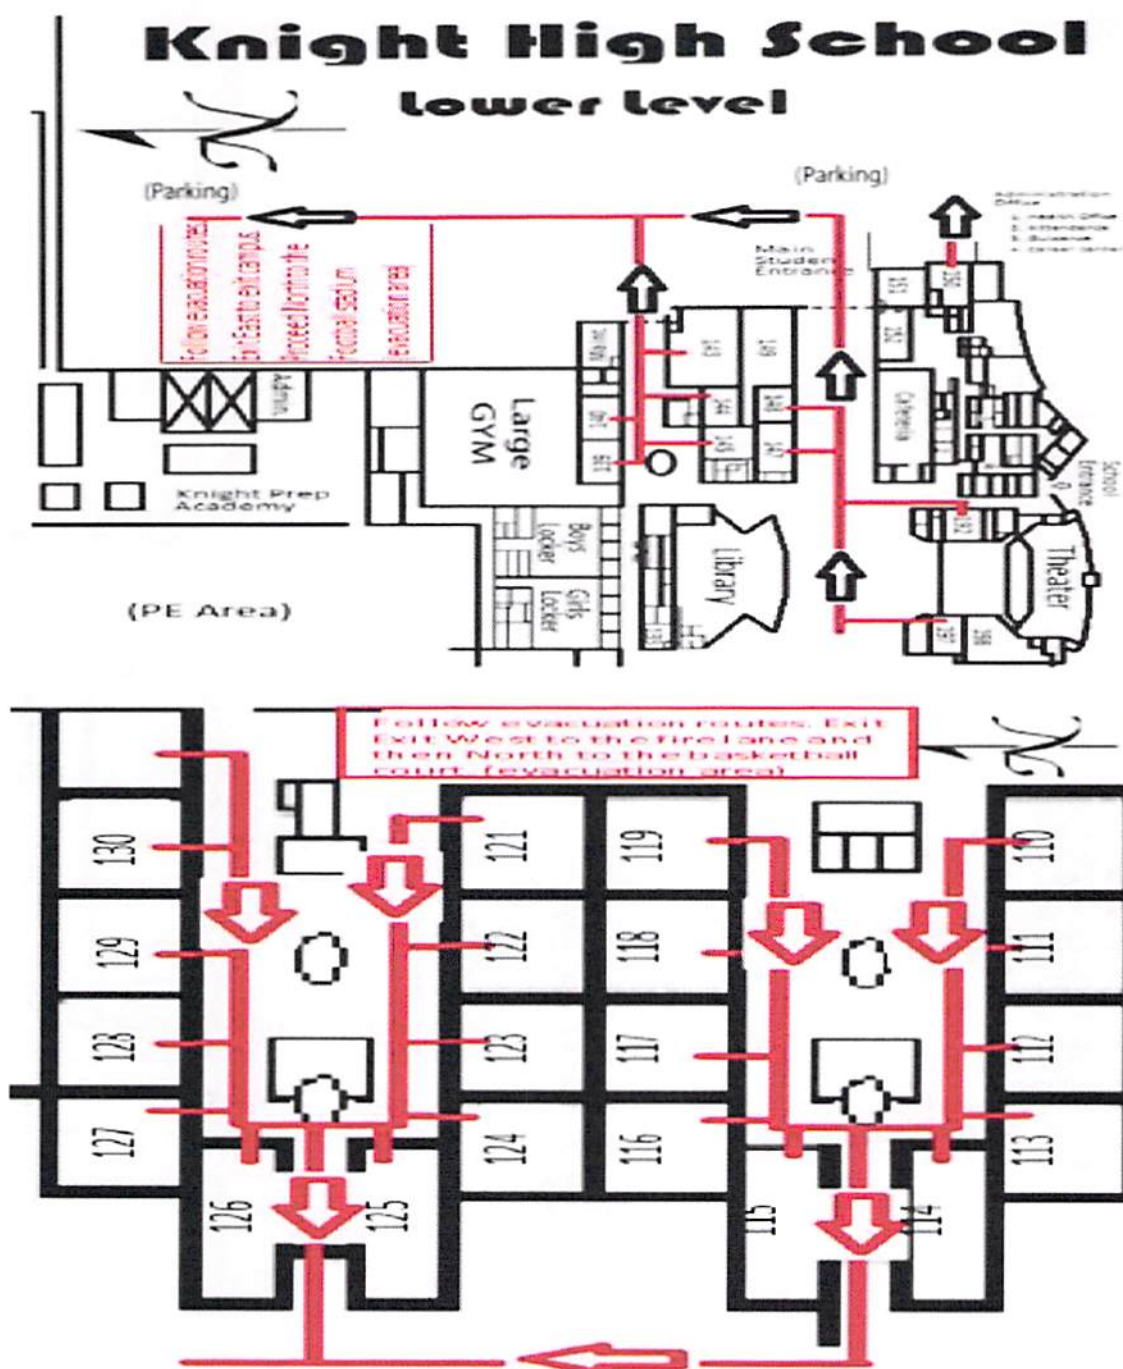

- The staff member who learns of the threat will locate the individual and arrange for or provide constant adult supervision.
- The above-mentioned staff member will immediately inform the principal/designee.
- The principal/designee will involve student services/counseling staff, school nurse practitioner or other trained mental health professional in their absence.
- The appropriate staff or approved agency provider will determine risk and intervention needed by interviewing the student, and gathering appropriate supportive documentation from teachers or others who witnessed the threat.

The principal/designee will:

- Contact the parent/guardian, apprise them of the situation and make recommendations. Most often it is the person conducting the interview who contacts the parent/guardian.
- Put all recommendations in writing to the parent/guardian. [Depending on District policy this may be through certified mail, email delivery confirmation, a parent/signature “sign off” of recommendations sent home to be returned the next day or other approved communication procedure.]
- Mail the recommendation through certified mail if there is any question or doubt of the parent/guardian receiving the recommendations.
- Maintain a file copy of the letter in a secure and appropriate location.
- If the student is known to be currently in counseling, the principal/designee will attempt to inform their treatment provider of what occurred and the actions taken.

Note: If a threat is made during an after-school program, and no school Administration are available, call 1-800-SUICIDE. Inform the principal of the incident and actions taken.

E 5144.1(a): Minimum/Maximum Penalties Chart

<http://www.gamutonline.net/district/antelopevalley/DisplayPolicy/728152/5>

Antelope Valley Union High School District Discipline Chart

The chart that follows is a compilation of most of the rules infractions committed by students within AVUHSD. You will note that repeat offenders affect a more progressive serious disciplinary response than the initial violation. In most instances, continued violations of the same rule or regulation will result in an involuntary transfer to an alternative school program. Every attempt will be made to follow the chart displayed below. Students choosing to violate school rules and procedures face the listed consequences. These penalties are within the guidelines set by the Antelope Valley Union High School District Board Policy 5114.1 and California Education Code section 48900 and 48915. Please note that the absence of an infraction from this chart does not mean that a student cannot still be held accountable for their actions. Also, it is expected that parent contact be made when any of the following discipline is issued.
