

St. Martin Parish Pupil Progression Plan

Superintendent of Schools
Allen Blanchard Jr.

Revised August 2018

Background and Purpose

Louisiana state law (R.S. 24.4) requires local education agencies (LEAs) to establish a comprehensive Pupil Progression Plan based on student performance on the Louisiana Educational Assessment Program with goals and objectives that are compatible with the Louisiana Competency-Based Education Program and which supplements the minimum standards approved by the State Board of Elementary and Secondary Education (BESE). **The plan shall address student placement and promotion** and shall require the student’s mastery of grade-appropriate skills before he or she can be recommended for promotion.

The law states that “particular emphasis shall be placed upon the student’s proficiency in grade-appropriate skills which may be considered in promotion and placement; however, each local school board shall establish a policy regarding student promotion and placement.” The law goes on to require the state Department of Education to establish, subject to the approval of BESE, the level of achievement on the fourth and eighth grade LEAP test in mathematics, English language arts, science, and social studies needed for students to advance to grades five and nine. BESE must also determine the nature and application of various intervention options to be used when students fail to meet the minimum academic standards approved by the board.

BESE established minimum standards in [Bulletin 1566 – Pupil Progression Policies and Procedures](#). In October 2017, BESE approved, as Notice of Intent, [revisions](#) to Bulletin 1566 that relate to placement, promotion, and supports and interventions for students not meeting minimum academic standards. BESE has also approved regulations pursuant to state law that relate to placement and promotion in [Bulletin 741 – Louisiana Handbook for School Administrators](#), which includes but is not limited to instructional time, grading policies, and graduation requirements. These bulletins also adhere to federal and state laws and regulations that govern the placement and promotion of students with disabilities, English learners, and transfer students.

The purpose of this document is to assist LEAs in developing their required Pupil Progression Plan in accordance with applicable laws and regulations, and to codify LEA policies and procedures related to student placement and promotion. In each section of this document, language that conforms to applicable laws and regulations has been prepopulated. Space is provided for LEAs to add any additional local policies and procedures that fulfill the mandate of the law and support students in acquiring proficiency in grade-appropriate skills. Once completed, submitted to the Louisiana Department of Education, and published locally, teachers shall determine promotion or placement of each student on an individual basis. LEAs may review promotion and placement decisions in order to ensure compliance with their established policy, and reviews may be initiated by a school’s governing body, the local superintendent, or a student’s parent or legal custodian.

Questions about this document should be directed to PPP@La.Gov

I. Placement of Students in Kindergarten and Grade 1

Kindergarten

Schools can only make recommendations to parents regarding student enrollment in kindergarten, since kindergarten is not mandatory. However, in accordance with state law (R.S. 17:221), once students have enrolled in kindergarten, they are subject to compulsory attendance laws and promotion requirements set forth by the LEA.

Every child, as a prerequisite to enrollment in any first grade of a public school, shall meet one of the following criteria:

- attended a full-day public or private kindergarten for a full academic year; or
- passed an academic readiness screening administered by the LEA at the time of enrollment for first grade

The minimum age for kindergarten shall be one year younger than the age required for that child to enter first grade. Each local educational governing authority, by rule, may provide for a child of younger age to enter kindergarten, provided that such child has been evaluated and identified as gifted in accordance with state regulations for such evaluation.

Grade 1

- Any child admitted to kindergarten pursuant shall be eligible to enter first grade upon successful completion of kindergarten, provided all other applicable entrance requirements have been fulfilled.
- The age at which a child may enter the first grade of any public school at the beginning of the public school session shall be six years on or before September thirtieth of the calendar year in which the school year begins.
- Any child transferring into the first grade of a public school from another state and not meeting the requirements herein for kindergarten attendance shall be required to pass an academic readiness screening administered by the LEA prior to the time of enrollment for the first grade.

In the space below, please describe any additional placement considerations or policies required by the LEA. Include the names of any required assessments and explain how results will be used

A. First Time Entrance into Kindergarten

Only those students who have attained the age of five (5) on or before September 30th of that year may enter kindergarten. Only those students who have attained the age of six (6) on or before September 30th of that year may enter grade one.

All students entering kindergarten will be administered the Developing Skills Checklist (DSC) from McGraw Hill CTB. The results of the screening shall not be used to exclude

any child who meets the age requirements from entering kindergarten and shall be used only for planning instruction and not for ability grouping purposes.

Note: Beginning with the 2018-2019 school year, naps will be removed from Kindergarten students' daily schedule.

B. Kindergarten – Gifted Evaluations

St. Martin Parish recognizes the fact that it is difficult for kindergarten students to qualify for gifted programming; however, referrals are accepted through Child Search efforts. If evaluation is requested, the student shall obtain a score at least three standard deviations above the mean on an individually administered test of intellectual abilities appropriately standardized on students of this age and administered by a certified school psychologist or licensed psychologist; or the student shall obtain a combined score of at least 10 when scores are entered into the cells of the Standard Matrix with at least 4 points earned on a test of intellectual abilities (As per guidelines from Bulletin 1508). The recommendation for screening begins at grade one.

C. Kindergarten - Entrance Requirements for Out-of-State Students

The criteria and screening instruments used for students from out of state entering first grade in St. Martin Parish who have not meet the requirements for kindergarten attendance are the same as for students entering first grade without attending a full-day public or private kindergarten for a full academic year. Students will be administered the St. Martin Parish Kindergarten Assessment containing specific GLE/Common Core Standards for Kindergarten in ELA and Mathematics. A score of 80% is required for placement in grade one. Should the student score below 80%, placement shall be recommended at the kindergarten level. The final decision will be made by the principal in consultation with the parents.

D. Kindergarten to First Grade

Students entering first grade who have not attended kindergarten must meet the same criteria as students who have successfully completed kindergarten. Such students will be administered the St. Martin Parish Kindergarten Assessment containing specific Common Core Standards for Kindergarten in ELA and Mathematics. A score of 80% is required for placement in grade one. Should the student score below 80%, placement shall be recommended at the kindergarten level. The final decision will be made by the SBLC and the principal in consultation with the parents

II. Placement of Transfer Students

- A student who has transferred from a public school, in- or out-of-state, or a nonpublic school, shall be granted credit for work completed in the previous school. A properly certified transcript shall be required with the student's record of attendance, levels of achievement, history of immunization, and units of credit earned.

- Evaluation information for exceptional students transferring from another school system shall be reviewed by pupil appraisal and approved by a supervisor of special education before the student is enrolled in a special education program.
- Students in grades 5 and 9 transferring to a public school from any in-state nonpublic school, any approved home study program, or a Louisiana resident transferring from any out-of-state school, shall be required to pass the English language arts and mathematics portions of the LEAP placement test.

In the space below, please describe any additional considerations or local policies related to placement of transfer students.

A. Approved schools within the state (public/nonpublic)

Students transferring from approved schools outside of the parish, both within and out of state, or transferring from non-public schools, will be given an informal reading inventory, a basal reader placement test, the Stanford Diagnostic Reading Test (SDRT), the Stanford Diagnostic Mathematics Test (SDMT) for diagnostic purposes, or the SFA assessment to determine reading placement. Parish approved assessments, such as *iReady* from Curriculum Associates will be administered as a diagnostic instrument to assist teachers in identifying student needs.

Students transferring from public schools within the parish will not be tested unless deemed necessary by the principal and/or teacher. A student transferring at the beginning of the year will be placed in the grade level following the one in which he was previously enrolled provided he presents proof of successful completion. A student transferring during the school year will be placed at the grade level at which he was last enrolled.

Students in grades **five** and **nine** transferring to the public school system from any in-state nonpublic school (state approved or unapproved), or home schooling program, or Louisiana resident transferring from any out-of- state school, shall be required to pass the English language arts and Mathematics portions of the state-selected LEAP placement test

B. Approved out-of-state schools (public/nonpublic)

Students transferring from approved out-of-state public schools or nonpublic schools will be given an informal reading inventory, a basal reader placement test, the Stanford Diagnostic Reading Test (SDRT), the Stanford Diagnostic Mathematics Test (SDMT) for diagnostic purposes, or the SFA assessment to determine reading placement. Parish approved assessments, such as *iReady* from Curriculum Associates, will be administered as a diagnostic instrument to assist teachers in identifying student needs.

C. Home Study and Unapproved schools (public/nonpublic)

Students transferring from non-approved schools, home study programs or foreign system will be administered an informal reading inventory and/or a basal reader placement test to determine reading placement and the parish placement tests in the areas of language arts and mathematics. Students should achieve the mastery level as specified for the grade level for which they are being tested or the average score achieved by parish students at that particular grade level. The decision for placement will be made by the school principal. Transfer students from home study or unapproved schools will be awarded **Carnegie credits** based on the successful completion of end of course exams. The appropriate central office personnel may be consulted when necessary.

Students in grades five (5) and nine (9) transferring to the public school system from any in-state nonpublic school (State approved and unapproved), any home schooling program, or Louisiana resident transferring from any out-of-state school shall be required to pass the English Language Arts **and** Mathematics portions of the placement test.

Home study program transfers will be administered district approved assessments and/or end-of-course tests. These students may also be given an informal reading inventory, a basal reader placement test, the SDRT, the SDMT for diagnostic purposes, or the SFA assessment to determine reading placement.

Transfer students may take state mandated assessments at either the spring or summer administration prior to enrollment. **It is the responsibility of the parent to contact the District Test Coordinator to register for the test.**

The nonpublic school and parent (or homeschooling parent) is responsible for providing the District Test Coordinator, **at least ten (10) working days prior to the testing date**, any documentation required for requested standardized testing accommodations.

Students with disabilities who have a current 1508 evaluation will participate in state mandated testing. Promotion decisions for these students will adhere to those policies as outlined in the LEAP 2025 testing policy. The district will follow the procedures outlined in Bulletin 1706: Regulations for Implementation of the Children with Exceptionalities Act for students with disabilities who transfer within the state of Louisiana.

D. Approved Placement Tests for Transfer Students

1. Approved schools within the state (public/nonpublic)

Grades 1-8 placement tests for students transferring from approved schools:

Reading, Language Arts and Mathematics

- a. Informal Reading Inventory
- b. Basal Reader Placement Test or
- c. Success For All Reading Assessment
- d. Stanford Diagnostic Reading Test
- e. Stanford Diagnostic Mathematics Test
- f. iReady Diagnostic for ELA and Math

2. Approved out-of-state schools (public/nonpublic)

Grades 1-8 placement tests for students transferring from non-approved schools:

- a. Informal Reading Inventory
- b. Basal Reading Placement Test for ELA and Mathematics
- c. iReady Diagnostic for ELA and Mathematics

3. Home Study and Unapproved schools (public/nonpublic)

Grades 1-8 placement tests for students transferring to the public school system from any in-state or out-of-state unapproved nonpublic, school:

- a. Informal Reading Inventory
- b. Basal Reading Placement Test for ELA and Mathematics
- c. iReady Diagnostic for ELA and Mathematics

4. Home Study Program transfers

- a. iReady Diagnostics for ELA and Mathematics
- b. St. Martin Parish End-of-Course Assessments
- c. Informal Reading Inventory
- d. Basal Reader Placement Test or SFA Reading Assessment

III. Promotion for students in Kindergarten and grades 1, 2, 3, 5, 6, and 7

Teachers shall, on an individual basis, determine the promotion of each student according to the local Pupil Progression Plan. Particular emphasis shall be placed upon the student's proficiency in grade-appropriate skills.

In the space below, please describe the LEA's policies and procedures that will be used to determine promotion for students in Kindergarten and Grades 1, 2, 3, 5, 6, and 7.

A. SBLC as it Relates to Promotion and Retention

The School Building Level Committee shall be composed of two regular education teachers, a special education teacher, the student's teacher(s), and the Pupil Appraisal Contact Person, when the student is being considered for a Bulletin 1508 or Section 504 evaluation as well as promotion/retention decisions. When applicable, the school building administrator and the parent will also serve as members of the committee. The committee shall serve as a day to day problem solving group for teachers within the school. The function of the committee is to help teachers cope with children who are having learning and/or behavioral problems.

The district IEP facilitator/behavior strategist and the principal and/or school level behavior interventionist or disciplinarian, who deals with the student, shall participate in the SBLC for 1508 Students with Disabilities (SWD) exhibiting behavior problems. For students in the general curriculum exhibiting behavior problems, the principal or principal designee and the school level behavior interventionist shall participate on the SBLC.

The goal of the SBLC is to obtain more efficient and effective delivery of special help to students. The SBLC will serve as the Committee of Knowledgeable Persons for the implementation of *Section 504, Bulletin 1903, Bulletin 1508 and IDEIA*. In determining eligibility, the committee will follow the procedures outlined in the St. Martin Parish School Building Level Committee Process Guide and the St. Martin Parish.

In making promotion and retention decisions for all students, all evidence pertaining to the child should be reviewed, including academic, physical, social, and emotional considerations. The decision must be based on what is best for the particular child. In the event a decision is made to promote a student who does not meet all of the promotion criteria listed, a form so indicating must be completed and placed in the student's cumulative folder. All committee members **must** sign the form as documentation of their participation in the process. Notification must also be sent to parents informing them of the SBLC decision and the due process procedures.

In the case of students who are eligible for and participate in Act 833 (Alternative Pathways to Promotion and Graduation), promotion decisions will be determined by the IEP committee (Chapter 4 of Bulletin 1530).

Each teacher shall, on an individual basis, determine promotion of each student based upon the criteria established in these guidelines.

B. Promotion Criteria

(1) **KINDERGARTEN:** To be promoted from kindergarten, the student should:

- Show evidence and ongoing development of knowledge of learned skills, as documented by work samples and anecdotal notes in the student's portfolio and as noted on the Kindergarten Skills Checklist.
- Meet attendance requirements.
- Parish Assessments may be used to support decisions made for promotion or retention.

(2) **GRADES 1-3:** To be promoted the student must:

- Achieve a minimum D (1.0) average in reading and math.
- Meet attendance requirements
- For SFA schools, achieve satisfactory progress on the reading program assessment by reaching the following minimum reading levels:*

 - Grade 1 should reach Level 4 in Roots or complete the Grade 1 series in the current adopted basal

- A school may opt to administer an Independent Reading Inventory (IRI) to obtain additional assessment information.
 - **Note: Spelling is included in the language course. All spelling grades should be posted under language in JPAMS.**

(3) **GRADE 5:** To be promoted the student must:

- Achieve a minimum D (1.0) average in at least four (4) major subjects, two (2) of which must be reading and math. Major subjects are reading, language, math, science, and social studies. Physical education, art and music are to be considered minor subjects.

- **Note: Spelling is included in the language course. All spelling grades should be posted under the language course in JPAMS**

- Meet attendance requirements

(4) **GRADES 6-8:** To be promoted the student must:

- Successfully pass three (3) of the four (4) major subjects which must include English Language Arts, math and either science or social studies. Physical education, art, foreign languages, and other electives are to be considered minor subjects.
 - **Note: English Language Arts consists of reading, language and spelling in grades 6-8. All reading, language and spelling grades should be posted under the English Language Arts course in JPAMS**
- Students who have been retained one or more times may be enrolled in major subject areas courses in the next grade level and in grade 8 may be allowed to enroll in elective courses for Carnegie units at the high school level. The placement decision is to be made by the School Building Level Committee and the principal.
- Meet attendance requirements – Students with ten or more excused absences during a nine week period will be given an incomplete (I) and allowed to make up work missed. A grade will be awarded prior to the end of the next grading period. In no case may an incomplete be awarded for more than one nine week period. In addition, an incomplete may not be given to an entire class except in extenuating circumstances with the approval of the principal.

C. Definition of “Grade Level” or “On Grade Level”

The term “grade level” or “on grade level” is indicated by assessment on the district universal screener, benchmark assessments, or Informal Reading Inventories.

D. Foreign Language for Academically Able Students in Grades 1 - 8

An articulated foreign language program shall be required in grades 4 - 8 for academically able students. *Academically able students* are defined as those students who are working at or above grade level in all academic subject areas as

indicated by placement in the basal texts used and are maintaining an overall GPA of 3.5

IV. Promotion and support of students in grade 4

- Each LEA shall identify third and fourth grade students who have not met an acceptable level of performance that would enable them to successfully transition to the next grade level. Fourth grade students who have not met the acceptable level of performance may be retained or promoted, but in either case, shall be provided with an individual academic improvement plan that adheres to the following requirements:
 - The school shall convene an in-person meeting with the student’s parent or legal custodian, all teachers of core academic subjects, and specialized support personnel, as needed, to review the student’s academic strengths and weaknesses, discuss any other relevant challenges, and formulate an individual academic improvement plan designed to assist the student in achieving proficiency in all core academic subjects. All participants shall sign the documented plan and meet to review progress at least once more before the next administration of the LEAP assessment.
 - The student shall be provided with focused, on-grade level instructional support that is appropriate to the content area(s) in which the student has not yet achieved proficiency. Instruction shall be aligned with state academic content standards.
 - The student shall be identified as requiring an academic improvement plan in the state Student Information System (SIS).
 - The student shall be afforded the opportunity to receive grade-level instruction during the summer.
 - Each LEA shall adopt a written policy pertaining to the development of individual academic improvement plans. This policy shall be included in the Pupil Progression Plan.
 - The Department shall audit a random sampling of students identified as needing an individual academic improvement plan in each local education agency each year.
- The LDOE will provide to each LEA a roster of third and fourth grade students who have scored below the “Basic” achievement level in at least two core academic subjects. Such roster will assist the LEA in making final determinations relative to students’ required individual academic plans.
 - The decision to retain a student as a result of his/her failure to achieve the standard on the LEAP shall be made by the LEA in accordance with this pupil progression plan.
 - The individual academic improvement plan shall continue to be in effect until such time as the student achieves a score of “Basic” in each of the core academic subjects that initially led to the development of the student’s individual academic plan.

In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of the fourth grade.

A. Promotion to Grade 4 (Local Policies)

Students in grade 4 must meet the following requirements for promotion to grade 5:

- Achieve a minimum D (1.0) average in at least four (4) major subjects, two (2) of which must be reading and math. Major subjects are reading, language, math, science, and social studies. Physical education, art and music are to be considered minor subjects.
- Spelling is included in the language course. All spelling grades should be posted under the language course in JPAMS
- Score Basic in ELA or Math
- Meet attendance requirements

For students failing to meet the promotion requirements listed above, promotion or retention would be considered by the SBLC based on students meeting the following criteria and/or interventions:

- Student would receive an Individualized Academic Improvement Plan
- Student must attend summer remediation or remediation during the school year with a Highly Effective or Effective Proficient teacher
- During remediation, student would be exposed to a Tier 1 curriculum 65% of the time and remediation tools 35% of the time
- Student may also be placed in the class of a Highly Effective or Effective Proficient teacher during the school year

B. Decision to Retain Students at 4th Grade

The decision to retain a student in the 4th grade more than once as a result of his/her failure to achieve the promotion requirements outlined by the district shall be made by the SBLC in accordance with the local Pupil Progression Plan. Students repeating 4th grade shall be considered for promotion through the SBLC based on the St. Martin Parish local retention limit policy.

- A student who has repeated the 4th grade may be promoted only to the 5th grade

- Students who have repeated 4th grade and will be 12 on or before September 30th of the next school year, can be promoted based on the local Pupil Progression Plan

C. Remediation

Students in grades 4 who do not meet the current district promotional standards shall be provided remediation at the next grade level. Each school shall provide such remediation on grade level using a Tier 1 curriculum until October 1st. Documentation shall be kept in the student's IAIP folder.

Waiver for Extenuating Circumstances

St. Martin Parish School System, through its superintendent, may grant a waiver on behalf of individual students who are unable to attend summer remediation or unable to participate in state summer retesting testing because of one or more of the following circumstances, as verified through appropriate documentation:

- a physical illness or injury that is acute or catastrophic in nature,
- a chronic physical condition that is in an acute phase, or
- court-ordered custody issues

Documentation:

- *Physical Illness:* Appropriate documentation must include verification that the student is under medical care of a licensed physician for illness, injury, or a chronic physical condition that is acute or catastrophic in nature. Documentation must include a statement verifying that the illness, injury, or chronic physical condition exists to the extent that the student is unable to participate in testing and/or remediation.
- *Custody Issues:* Certified copies of the **court-ordered** custody agreements must be submitted to the LEA at least ten (10) school days prior to summer remediation or retesting.

V. Promotion and support of students in grade 8 and high school considerations

1. Promotion of students in grade 8

Regular Grade 8 Promotion

Eighth grade students shall score at least at the "Basic" achievement level in either English language arts or mathematics and "Approaching Basic" in the other subjects in order to be promoted to the ninth grade. Students who do not meet the promotion standard after taking the

eighth grade state assessments in spring and summer, following the completion of summer remediation, may be placed on a high school campus in the transitional ninth grade. For any student who recently completed the eighth grade and is transferring into the LEA from another state or country after the completion of summer remediation, the LEA shall review the student's academic record to determine appropriate placement in ninth grade or transitional ninth grade. Such placement shall occur no later than October 1 of each school year.

Grade 8 Promotion Waivers

- The LEA may waive the state policy for students scoring at the “Unsatisfactory” level in English language arts or mathematics, if the student scores at the “Basic” level in the other, provided that the student has participated in the spring administrations of LEAP and has attended the summer remediation program offered by the LEA.
- An LEA, through its superintendent, may grant a waiver on behalf of individual students who are unable to participate in LEAP testing or unable to attend LEAP summer remediation, including summer remediation required for placement in transitional ninth grade, because of one or more of the following extenuating circumstances as verified through appropriate documentation:
 - *Physical Illness*—appropriate documentation must include verification that the student is under the medical care of a licensed physician for illness, injury, or a chronic physical condition that is acute or catastrophic in nature. Documentation must include a statement verifying that the illness, injury, or chronic physical condition exists to the extent that the student is unable to participate in remediation.
 - *Custody Issues*—certified copies of the court-ordered custody agreements must be submitted to the LEA at least ten school days prior to summer remediation

Transitional 9th Grade

- Any first-time eighth grade student who does not meet the passing standard set forth in BESE Bulletin 1566, §703, and any student not eligible for any waiver pursuant to §707 of the bulletin, after completing summer remediation, may be placed on a high school campus in transitional ninth grade.
- LEAs shall follow the guidelines set forth in §703 to determine, based on evidence of student learning, whether eighth grade students may be promoted to the ninth grade or placed on a high school campus in transitional ninth grade. The percentage of an LEA's eighth graders placed in transitional ninth grade is expected to remain stable over time. In the event that the percentage of an LEA's eighth graders placed in transitional ninth grade exceeds the percentage of eighth graders in that LEA eligible for transitional ninth grade at the conclusion of the prior school year, the local superintendent of that LEA shall provide a written justification to the state superintendent.
- The initial decision to place a student in the transitional ninth grade or to retain a student in the eighth grade shall be made by the school in which the student is enrolled in the eighth grade, in consultation with the student's parents.

- The LEA shall admit transitional ninth grade students, subject to any admissions requirements approved by the school's governing authority or charter authorizer.
- For any student who recently completed the eighth grade from another state or country and is transferring into the LEA after summer remediation has taken place, the LEA shall review the student's academic record to determine appropriate placement in ninth grade or transitional ninth grade. Students placed in the transitional ninth grade shall complete the remediation program offered by the LEA. Such placement shall occur no later than October 1 of each school year.
- After one full year of transitional ninth grade, students shall be included in the ninth grade graduation cohort for high school accountability purposes.
- Students enrolled in transitional ninth grade shall receive appropriate academic supports in any subjects in which they did not score at or above proficient, as determined by BESE. A plan outlining such academic supports shall be included in the student's individual graduation plan (IGP). Progress pursuant to such specified academic supports shall be reviewed at least once throughout the school year in order to determine effectiveness and any needed adjustments.

In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of the eighth grade.

A. Promotion to High School

GRADE 8:

To be promoted to high school, 8th Grade students must:

- Successfully pass three (3) of the four (4) major subjects which must include English Language Arts, math and either science or social studies. Physical education, art, foreign languages, and other electives are to be considered minor subjects.
 - **Note: English Language Arts consists of reading, language and spelling in grades 6-8 and is scheduled in a 90 minute block. All reading, language and spelling grades should be posted under the English Language Arts course in JPAMS**
- Be allowed to enroll in elective courses for Carnegie units at the middle and/or high school level. The placement decision is to be made by the School Building Level Committee and the principal.
- Meet attendance requirements – Students with ten or more excused absences during a nine week period will be given an incomplete (I) and allowed to make up work missed. A grade will be awarded prior to the end

of the next grading period. In no case may an incomplete be awarded for more than one nine week period. In addition, an incomplete may not be given to an entire class except in extenuating circumstances with the approval of the principal.

B. Placement Criteria for Transitional 9th Grade (local policies)

First-time eighth grade students determined to be non-proficient may be considered for placement in the transitional ninth grade if the following criteria are met:

- Attendance requirements
- Attended summer remediation
- Meets requirements of the 9T waiver as defined by the Louisiana Department of Education (See Bulletin 741)
- SBLC has met to review student work samples, assessments, etc.
- Documentation is provided to support SBLC decision for placement in T9
- Remediation/Interventions are provided for students who have not met the Basic/Approaching Basic combination in ELA and math
- Student earned a D or better during summer remediation/summer school in the subject(s) for which he attended. **OR**
- Student **failed** to earn a D or better during summer remediation/summer school in **either** ELA **or** math; however, the student has earned a D or better in all other core courses including science and social studies. **OR**
- Although the student has not achieved the promotion criteria to be promoted to ninth grade, the student has demonstrated readiness for promotion to T9. Evidence must be provided.

Forms for documenting the progress of T9 students is located in Appendix A and B.

Students placed in the T9 program will receive remediation from Tier 1 curricula at a minimum of 65% of the intervention time, through remedial courses during the school year in ELA and/or math. This also applies to remediation provided during the summer. The *iReady* program by Curriculum Associates shall be used to provide benchmark assessments, probes, and progress monitoring in ELA and math. The *iReady* and *Ready* curricula shall only be used 35% of the time to provide remediation. In addition, students will be provided a reading intervention using READ180, as well as other intervention programs.

C. Requirements for T9 Program

- T9 students do not enter a graduation cohort until the next school year
- Must take the 8th grade LEAP during the school year in all four content areas
- Must be provided dropout prevention and mentoring

- Must make a grade of D or better in the remediation course to enroll in English 1 or Algebra 1 for Carnegie credit
- Can earn Carnegie units in other subjects that earns the school Dropout/Credit Accumulation Index (DCAI) points for the T9 year only. T9 students do not have 2 years to earn DCAI credits

D. Counseling for T9 Students

Students in the Transitional 9th grade shall be provided individual counseling through the school guidance counselors and teachers in each pathway. The district graduation coach will assist guidance counselors and teachers in meeting with individual students to provide counseling on academic and career opportunities, career pathways, and skills required for credentials and certifications. Counselors and teachers will review benchmark and progress monitoring scores with students to help determine next steps in meeting their goals. Five year plans will be reviewed and updated as needed.

E. Documentation of Progress and Use of Data for T9 Students

Teachers of high school students classified as Transitional 9th (T9) grade students shall complete a progress chart administered by the district curriculum office. Teachers shall track student test scores on state testing, benchmark test scores using *iReady* benchmark assessments and progress monitoring by *Curriculum and Associates*. Each school shall be responsible for tracking students' intervention plans, Lexile levels, promotion and retention(s), attendance, and career counseling activities on the district administered tracking form.

F. Career Readiness for T9 Students

Students will take Journey to Careers in grade 8 or as a Transitional 9th grade students. The Kudor Interest Inventory will be used with all T9 students as a career counseling tool.

G. Curriculum for T9 Students

Remediation in English and math will be made available for T9 students not meeting the district promotion criteria and/or proficient on state mandated high stakes tests. Students will be taught from the district adopted Tier 1 curricula for at least 65% of the time. *iReady* will be used as an intervention/remediation tool and will be used no more than 35% of the instructional time. Students will be given the *iReady* screener and benchmark assessments to determine their individual strengths and weaknesses. Those students in need of interventions shall be provided prescriptive instruction and progress monitoring through the *iReady* software program. Growth shall be measured through analysis of the fall, winter, and spring *iReady* benchmark scores.

H. 8th Grade Repeaters

Students who have already repeated 8th grade may:

- Students repeating 8th grade shall be considered for promotion through the SBLC based on the St. Martin Parish local retention limit policy
- Students repeating the 8th grade must retake all four components of the state mandated assessments.

I. Remediation

Students in grade 8 who do not meet the current district promotional standards shall be provided remediation at the next grade level. Each school shall provide such remediation on grade level using a Tier 1 curriculum until October 1st. Documentation shall be kept in the student's IAIP folder.

Waiver for Extenuating Circumstances

St. Martin Parish School System, through its superintendent, may grant a waiver on behalf of individual students who are unable to attend summer remediation or unable to participate in state summer retesting testing because of one or more of the following circumstances, as verified through appropriate documentation:

- a physical illness or injury that is acute or catastrophic in nature,
- a chronic physical condition that is in an acute phase, or
- court-ordered custody issues

Documentation:

- *Physical Illness:* Appropriate documentation must include verification that the student is under medical care of a licensed physician for illness, injury, or a chronic physical condition that is acute or catastrophic in nature. Documentation must include a statement verifying that the illness, injury, or chronic physical condition exists to the extent that the student is unable to participate in testing and/or remediation.
- *Custody Issues:* Certified copies of the **court-ordered** custody agreements must be submitted to the LEA at least ten (10) school days prior to summer remediation or retesting.

2. High school promotion and transition considerations

Instructional Minutes: When awarding credit based on instructional time, LEAs shall provide a minimum of 7,965 instructional minutes for one Carnegie credit, and students shall be in

attendance for a minimum of 7,515 minutes. In order to grant one-half Carnegie credit, LEAs shall provide a minimum of 3,983 instructional minutes, and students shall be in attendance for a minimum of 3,758 minutes.

Individual Graduation Planning: By the end of the eighth grade, every student (with the assistance of his parent or other legal custodian and school guidance personnel, counselor) or IEP team (when applicable) shall begin to develop an [Individual Graduation Plan](#) (IGP). An IGP guides the next academic year's coursework, assisting students in exploring educational and career possibilities and in making appropriate secondary and postsecondary education decisions as part of an overall career/postsecondary plan.

Financial Aid Planning: Louisiana requires public school students graduating spring 2018 and beyond to take one of the following steps as part of their Individual Graduation Plan:

- a. [Complete the FAFSA](#); or
- b. [Complete the Louisiana TOPS form](#); or
- c. Certify a waiver in writing to the LEA (sample: [non-participation LEA form/Letter](#)); or
- d. Receive a waiver through the district hardship waiver process.

Early Graduation: Each LEA shall develop an early graduation program allowing students to accelerate their academic progress, complete all state graduation requirements, and receive a high school diploma in less than four years.

- The early graduation program may include distance education (§2326), dual enrollment (§2327), and Carnegie credit and credit flexibility (§2314).
- LEAs shall not have any policies or requirements that would prevent students from graduating in less than four years.

In the space below, please describe any local policies or additional considerations used to determine the promotion of students in Grades 9 and above and to support their attainment of a high school diploma.

A. Carnegie Unit and Promotion Requirements for High School Students

High schools in St. Martin Parish are configured from grades nine (9) through twelve (12). At grade levels 9, 10, 11, and 12, the final grade is obtained by averaging the two nine weeks (semester) grades. To obtain credit in a course, the average of the two nine weeks grades must average at least one quality point. The semester grades will be indicated by the mid-point of the course (the end of the first nine weeks period).

Grade classification is as follows:

NUMBER OF CREDITS	GRADE	CLASSIFICATION
0 – 4	9 th	Freshman
5 – 10	10 th	Sophomore
11 – 17	11 th	Junior
18 – 23/24	12 th	Senior

1. Grade Reclassification

Grade reclassification according to Carnegie units will be updated at the completion of each school year. Students may recover failed credits through the St. Martin Parish Credit Recovery Program offered at their attending high school. The St. Martin Parish Credit Recovery Program adheres to the State guidelines for credit recovery as listed in *Bulletin 741: Louisiana's Handbook for School Administrators*. To recover Carnegie credits, each student must pass a comprehensive final exam approved by the Louisiana Department of Education with a score of 70% in each content area in which they are seeking to recover credit.

2. Courses for Acceleration and Credit by Proficiency Exams

Courses for which students may receive credit by proficiency exams include the following:

- Algebra I (8th Grade)
- ProStart I & II
- Certified Nursing Assistant (CNA)
- Process Production/T2 Safety
- Cosmetology I & II
- Electrical I & II
- JROTC I – IV
- French I & II
- Spanish I & II

8th grade Algebra I qualifies at Honors Algebra I and will be recorded as such on the high school transcript.

3. Half-Credits

No student shall be denied one half unit of credit for any course for which that student has a passing grade for a semester. However, high school students attending schools operating in a 4 X 4 block schedule will be required to reschedule

the entire course, even if they have passed one semester. For courses in which a full credit is to be awarded, the final grade is determined by quality point averaging of the two semester grades. For full credit to be awarded, the average of the two semester grades must be at least one quality point. However, if the second semester grade is "F", the student is not eligible for a full credit even though the average for the two semester grades is one quality point. For example, if the student passes the first semester with a grade of "C" or better and fails the second semester, that student can only be eligible for one half unit of credit, and must repeat the entire course before a full credit is awarded.

However, if the student fails the first semester but passes the second semester with a grade of "C" or better, the student will receive a full unit of credit for the course. A student cannot receive more than one full credit for a one Carnegie unit course.

4. Diploma Pathways

Students on the **TOPS University Diploma Pathway** must complete a minimum of **24** Carnegie units of credit, while students on the **Jump Start Diploma Pathway** must complete a minimum of **23** Carnegie units. In addition to the Carnegie units, student shall also be required to pass three End of Course (EOC) exams, one in each of the following content areas:

- Algebra I or Geometry;
- English II or English III; End with graduates of 2019 - 2020
- English I or English II; Freshman 2017-2018 and beyond
- Biology or U.S. History

5. Early Graduation

Any student meeting the requirements of any state diploma track will be eligible for graduation. If a student has earned the required Carnegie units and meets the EOC requirements, they shall be afforded the opportunity to earn their diploma and graduate early if they so choose.

6. Attendance Requirements

- Students must meet attendance requirements. Students with eight or more excused absences during the eighteen week period for 4 X 4 block will be given an incomplete (I) and allowed to make up work missed. A grade will be awarded prior to the end of the next grading period. In no case may an (I) remain on the report card for more than one grading period. In addition, an incomplete may not be given to an entire class except in extenuating circumstances with the approval of the principal.

VI. Support for students

1. School year support

- The individual academic plan for each student identified in §701 of BESE Bulletin 1566 will outline the responsibilities of each party for students who have failed to achieve the standards by the end of fourth grade.
- The LEA will design and implement additional instructional strategies to move the students to grade-level proficiency by providing at least two of the following, which will be documented in the individual academic improvement plan:
 - The student is placed in the classroom of a teacher who has been rated “Highly Effective” pursuant to his/her most recent evaluation or has achieved a value-added rating of “Highly Effective” pursuant to his/her most recent evaluation, or has documented evidence derived from state summative assessments of improving the academic performance of students having individual academic improvement plans in the past.
 - The student completes summer remediation.
 - Additional instructional time is provided during or outside of the school day to expose the student to high-quality instruction. This will not result in a student being removed from English language arts, mathematics, science, or social studies courses.
 - The student is provided access to on grade-level instruction that is aligned to Louisiana State Standards, which may include some below grade-level content and support needed to address the student’s identified weaknesses.
- Remediation programs used throughout the school day and school year will not account for more than 35 percent of total instructional minutes.

The LEA will offer, at no cost, extended, on-grade level instruction through summer remediation to students who did not take the spring LEAP tests or who failed to meet the standard set forth in §701 and §703 of BESE Bulletin 1566. The LEA will provide transportation to and from the assigned remediation summer site(s) from, at a minimum, a common pick-up point.

Student with disabilities attending summer remediation will receive special supports as needed.

2. Summer remediation

Pursuant to state law (R.S. 17:24.4), LEAs shall continue to offer summer remediation to any student not meeting promotion standards as determined by BESE. Summer remediation programs will meet all of the following requirements:

- Uses curriculum determined by the Louisiana Department of Education to fully align to Louisiana State Standards (Bulletin 141 – *Louisiana Standards for English Language Arts*, Bulletin 142 – *Louisiana Standards for Mathematics*, Bulletin 1962 – *Louisiana Science Content Standards*, and Bulletin 1964 – *Louisiana Social Studies Content Standards*).

- Utilizes teachers rated “Highly Effective” pursuant to the teacher’s most recent evaluation or have achieved a value-added rating of “Highly Effective” on the most recent evaluation.
- Limits remedial (below grade-level) instruction to only necessary and focused skills as identified from top-quality assessments and does not account for more than 35 percent of the total summer remediation instructional time.

1. Local Remediation Guidelines

Students in grades 4 and 8 who do not meet the current district promotional standards shall be provided remediation at the next grade level. Each school shall provide such remediation on grade level using a Tier 1 curriculum until October 1st. Documentation shall be kept in the student’s IAIP folder.

VII. Promotion and placement of certain student populations

Students with disabilities

- Students with disabilities attending summer remediation shall receive special supports as needed.
- IEP teams shall determine promotion to the next grade level for a student with a disability who fails to meet state or local established performance standards for the purposes of promotion. Such determination shall be made only if, in the school year immediately prior to each grade level in which the student would otherwise be required to demonstrate certain proficiency levels in order to advance to the next grade level, the student has not otherwise met the local requirements for promotion or has not scored at or above the basic achievement level on the English language arts or mathematics components of the required state assessment and at or above the approaching basic achievement level on the other (Bulletin 1530 §403).

English learners

- The requirements of Title VI of the Civil Rights Act of 1964 are as follows:
 - Establish procedures to identify language minority students.
 - Establish procedures to determine if language minority students are Limited English Proficient.
 - Establish procedures for age-appropriate placement and determine the specialized language services or program the district will use to address the linguistic and cultural needs of the Limited English Proficient student.
- Limited English Proficient (LEP) students shall participate in the statewide assessments pursuant to Bulletin 118. Increasing the expectations for the academic content that students must master in grades K-12 requires a parallel increase in expectations for English language acquisition.
 - Establish procedures to monitor former Limited English Proficient students for two years.
 - Ensure that no LEP student shall be retained solely because of limited English proficiency.

In the space below, please describe any local policies or additional considerations related to the promotion and placement of students with disabilities, English learners, or other student populations.

A. Promotion/Progression of Students with Disabilities:

Students who participate in alternate assessment or those who receive 50% or more of their instructional minutes outside of the regular education classroom may progress from one grade level to the next if they meet the following assurances:

- the student has met attendance requirements according to *Bulletin 741*;
- the student has completed 70% of his annual goals;
- Transition planning, if noted on the IEP, has been addressed by the student and documented by the teacher;
- the approval of the SBLC.

B. Criteria for Qualifying for Act 833

Students with Disabilities may work toward a regular diploma. Those SWD who have met the required marks for promotion and/or graduation purposes will not be provided an option that is necessary for them to be promoted to the next grade or graduate. Students with disabilities shall meet either the standard of requirements or those established by his or her IEP team to be awarded a diploma.

A student's IEP team may determine an alternative pathway for students with disabilities regarding promotion requirements when:

- In years prior to 9th grade, a student did not pass the state standardized test the previous school year or did not meet the state and local requirements for advancement (promotion) to the next grade.

A student's IEP team may determine an alternative pathway for students with disabilities regarding graduation requirements when:

- A student did not pass or has not met the state required benchmarks on required state assessments for any two of the three most recent school years prior to high school, or for a student in high school, did not meet the state required benchmarks on two of the most recent administrations of any state assessments required for graduation.

C. Alternate Placement Programs for Students with Disabilities:

- No student will be removed from the regular program and placed in an alternative program without a multi-disciplinary evaluation and an IEP conference. Written informed consent by the student's parents and/or guardian will be obtained on the IEP.
- All students with disabilities will have access to the general education curriculum.
- Eligibility for Certificate of Achievement is as follows:

Certificate of Achievement: refers to an exit document issued to a student with a disability after he or she has achieved certain competencies and has met specified conditions as listed below. The receipt of a Certificate of Achievement shall not limit a student's continuous eligibility for services under these Regulations unless the student has reached the age of twenty- two.

- (a) The student has a disability under the criteria in the *Pupil Appraisal Manual*.
- (b) The student has participated in alternate assessment. (c) The student has completed at least twelve years of school or has reached the age of twenty-two (not to include students younger than sixteen).
- (d) The student has met attendance requirements according to the *School Administrator's Handbook, Bulletin 741*.
- (e) The student has addressed the general education curriculum as reflected on the students' IEP.
- (f) Transition planning for the student has been completed and documented.

Certificate of Achievement - Provisional Eligibility Criteria: refers to an exit document issued to a student with a disability after he or she has achieved certain competencies and has met specified conditions as listed below.

Eligible students are those:

- (1) Who have disabilities under the criteria in the *Pupil Appraisal Manual*;
- (2) Who were in an Alternative to Regular Placement (ARP) program during the 1997-98 school year as documented in the IEP;
- (3) Who were enrolled in grades 6, 7, 8, 9, 10, 11, or 12 during the 1998-99 school year; and
- (4) The IEP team determined that the student would not be eligible to participate in the alternate assessment.

Due process procedures for students with disabilities must be consistent with those described in the approved Individuals with Disabilities Education Act (IDEIA) Part B, LEA application.

Students who participate in LEAP Alternate Assessment will receive a report card each nine week period to be accompanied by a progress report. Preschool students will receive a progress report only.

Evaluation system, K-8: Students will receive marks as follows unless otherwise stated in the IEP:

S = Satisfactory
U = Unsatisfactory

N = Needs Improvement

Evaluation system, 9-12: Students will receive marks as follows unless otherwise stated in the IEP:

A = Satisfactory
B = Improving

C = Needs Improvement
D = Unsatisfactory

Letter grades shall be used on report cards only; progress reports shall indicate *IP – Insufficient Progress, SP – Sufficient Progress, A – Achieved, and G – Generalized.*

Evaluation System, K-8: Students will receive marks as follows unless otherwise stated in the IEP:

S = Satisfactory
N = Needs Improvement
U = Unsatisfactory

Evaluation System, 9-12: Students will receive marks as follows unless otherwise stated in the IEP:

A = Satisfactory
B = Improving
C = Needs Improvement
D = Unsatisfactory

D. Gifted Education Students

Students remain in their current placement until a 1508 gifted evaluation is completed. St. Martin Parish policy does not allow early entrance of students not yet identified.

E. English Learners (EL)

1. Identification and Support for EL Students:

Upon registration, parents must complete a language survey. The results of the survey are input into the district's student information system. The English Learner (EL) tutor for the school will be notified of the results.

The English Learner (EL) tutor, when notified by the school that a student has registered and indicated that another language is spoken in the home on the language survey will administer the IPT language assessment for screening. If needed, the student will then begin receiving services from the EL tutor and will be monitored for progress thereafter using the ELDA assessment.

When enrolled, a limited/non English proficient student may be inappropriately placed because of a language barrier. Placement of these students will be reviewed by the School Building Level Committee (SBLC). The committee will recommend proper placement based on the assessment results, classroom performance, the results of teacher made tests, and the results of the parish placement assessments.

Promotion or retention shall not be based on English proficiency or lack of it. Promotion shall be based on grades awarded according to the criteria listed below:

The educational program for EL shall be revised to meet the needs of each student. EL shall be provided special language services that address their need for becoming fluent and literate in English. In addition, EL shall be provided instructional programs that foster their success in math, social studies, and language arts. EL should be placed in a multi- sensory curriculum, such as Project Read or Language!. Use of the appropriate curriculum guides issued by the state and/or developed by the district for this purpose, along with supplementary EL materials designed for EL, and appropriate instructional methods and techniques shall be incorporated into the curriculum.

The instructional program for the secondary non/English Learner will be one in which the non-English speaking student will not be placed in highly language-dependent courses (i.e. American History) until he develops a degree of competency to succeed in the courses. Non/limited English students may be scheduled in courses such as reading, speech, music, and courses that facilitate oral comprehension and production while at the same time allowing the student to earn Carnegie credits.

In grades K-8, evaluation of EL will be according to their success towards course requirements i.e., content and skills mandated, and not based on their English proficiency. Each student will be evaluated according to his/her progress with the appropriate instruments, selected by the teacher, to meet their proficiency level.

EL who cannot comprehend the language should not be assigned failing grades in the content area subjects. Grades should be assigned, rather, based on cooperation, effort, and participation in classroom assignments to the degree his English proficiency allows. "EL" shall be added behind such grades (grade/EL) on the report card.

The student, within his capabilities, should be expected to do the following: follow directions, have required materials, participate in activities, complete homework assignments within reasonable expectations, and show progress.

If an EL student is able to perform the skills in a particular subject, he should be given an achievement, not participation grade in that subject. For identified EL students functioning at a near fluent level of English proficiency, the teacher shall assign grades according to the regular grading policies.

In assigning grades for content courses in grades 9-12, teachers should weigh semester or final evaluations more heavily than those at the beginning. Teachers should attempt to simplify course content by language proficiency level and/or concreteness provided by graphic materials. Evaluation of students' progress should be made in terms of successful mastery of the skills outlined in the district comprehensive curriculum for a course according to the content standards and grade level expectations. Evaluation instruments that test skills or concepts thus mandated should be developed by the teacher assigning the grade. The final grade should be determined according to the parish criteria. For identified EL functioning at a near fluent level of English proficiency, the teacher shall assign grades according to the regular grading policies.

- Promotion or retention shall not be based on English proficiency or lack of it. Promotion shall be based on grades awarded according to the criteria listed in this section.
- These policies apply to EL students in the regular education program as well as students in specially designed regular instructional programs.

2. Procedures for Monitoring EL Students for Two Years

Students with disabilities who are unable to meet the above exit criteria after 4 years or more in EL status because of their disability, as decided only by consensus of the members of the school building level committee (SBLC), may be exited from EL status (but will still be required to take statewide assessments).

The scores on the ELPT are monitored each year to determine when the student is English proficient. To exit the EL program and be reclassified as "monitored", students will need to have an achievement level in the Proficient range for their grade level. The

schools and EL tutors monitor the student's grades to determine if the student is successfully achieving in the core content areas.

To be considered English proficient and exit English Learner (EL) status, an EL student must score a combination of 4s or 5s in the following domains of the ELPT:

- A. Listening
- B. Speaking
- C. Reading
- D. Writing, and
- E. Comprehension (combination of reading and listening)

F. Multisensory Structured Language Programs

Any student who receives instruction in a multi-sensory structured program should receive grades derived from that program in combination with the basal program for promotion. Training will be provided for schools in an approved multi-sensory program including Project Read or Language!.

G. Extenuating Circumstances

In cases of extenuating circumstances, students in grades K-8 not meeting all promotional criteria may be placed at the next grade level on the recommendation of a School Building Level Committee and the principal. Extenuating circumstances include, but are not limited to, two or more retentions and age considerations (2 years older than normal age for that grade level). Exceptions for students in grades 4 and 8 must adhere to the LEAP requirements.

H. Summer School

Students not meeting the promotion criteria during the regular school year are eligible to attend a state approved summer school for promotional purposes. The students must meet the same promotion criteria established for students during the regular school year. In grades 1-8, the final decision as to promotion shall be made by the SBLC and the principal prior to the beginning of the next school year. Students who failed to achieve the Basic/Approaching Basic Combination at Grade 4 and Grade 8 on the LEAP shall be offered a summer program for remediation in the specific area(s) needed as well as retesting opportunities at the conclusion of the course.

In grades 9-12, students may earn one Carnegie unit of credit for whole credit courses. Although a student may have earned 1/2 unit of credit for a full credit course, the students will be required to repeat the entire course. Students will receive credit only once for any course work repeated and passed. The permanent grade for record purposes shall be the highest passing grade earned. A student will be reclassified to the next grade level upon successful completion of summer school if this credit allows the student to meet regular promotion requirements. All students with disabilities should

receive services along with regular education students in summer programs, with special supports provided as needed.

I. St. Martin Parish Virtual School

St. Martin Parish School Board adopted guidelines for implementation of the St. Martin Parish Virtual Program during the 2011-2012 school year (See St. Martin Parish Virtual Program Handbook at www.saintmartinschools.org). Students in grades K-12 earning credit for courses through the St. Martin Parish Virtual Program shall use a computer-based format through E2020 or Calvert Education for instruction and assessment. The program will require certified teachers of record in the appropriate content areas and will be facilitated by a lab proctor to assist students through the program and monitor their progress. The computer-based programs, Edgenuity or Calvert Education, will use weighting of grades for tests, quizzes and activities. However, the weighting designed in this program is based on scientific research which supports the fidelity of the program.

VIII. Alternative education placements

Alternative schools/programs serve students who are not succeeding in the traditional educational setting and offer a venue that aids in preventing these students from dropping out of school. Alternative schools/programs provide educational and other services to students who have a variety of behavioral and other needs that cannot be adequately met in a traditional school setting. (Refer to Bulletin 741, §2903 and Bulletin 131)

In the space below, please describe the LEA's policies for placement of students in an alternative program or school, including any promotion policies that may differ from what was provided above.

A. Pre-GED Program

The Pre-GED Program will be available to students. A student who pursues this option will, if successful, receive a Louisiana Equivalency Diploma and/or a Skills Certificate and not a standard Louisiana High School Diploma. Individual students may be considered on a case-by-case basis to re-enter the regular program or general curriculum. Students may enter the Pre-GED program through an approved waiver from the LDOE.

The purpose of this program for high school students is to provide a successful path for those over a Pre-GED students who cannot earn a regular high school diploma within the standard four-year period typically allotted students to graduate from high school. It will also provide career information and training to participating students so that they may have the skills either to earn gainful employment upon graduation or pursue completion or partial completion of certification in one or several work-based

skills areas begun while still in the district school system. Students must have parental consent in order to participate in Pre-GED.

Students who are 16 years of age or older, or shall turn 16 years of age during the year they enroll into the program, obtain parental consent, **and** meet one of the following criteria as approved through a state waiver:

- Failed 8th grade LEAP English language arts or mathematics for one or more years **or**;
- Failed English language arts, math, science, or social studies portion of EOC **or**;
- have earned not more than 5 Carnegie units by age 17, not more than 10 Carnegie units by age 18, and not more than 15 Carnegie units by age 19 (is two or more years behind his peers) **or**;
- Exhibits limited English proficiency

Legislation allows any 15 year old that will turn 16 during the course of the said school year who also meets the other criteria for entry is eligible for the program. In an effort to reduce the number of entry dates, a list of junior high students who will meet the criteria for the upcoming year should be produced and evaluated by junior high school counselors and principals prior to the beginning of the school year. Students should then be counseled and allowed to enter the program on a voluntary basis. A grace period of two weeks at the beginning of the school year (or second semester) could be implemented for schedules to be finalized after which a final deadline for entry should be determined. Should the student choose not to enter at the beginning of the school year, they should remain on a diploma track until the beginning of the 2nd semester or the next school year. Only transfer students should be allowed to enter during a grading period.

Program components include the following:

- Academic Component - Individualized prescriptive study plan utilizing computer assisted instruction;
- Skills Component – 2 Carnegie units per year. Skills obtained through elective courses with outline of skill requirements for skills certificate, articulated credit, dual enrollment, industry-based certification, work-based learning with identified skills, PAES Program, AZTEC Program and Project Discovery Program; and
- Counseling Component – Students will receive individualized and group counseling on requirements, guidelines, progression in the program and career counseling. Counselors will keep a log of counseling sessions.

Program entrance includes the following:

- Adherence to state and local guidelines and entrance dates as stated in the district PPP;
- Student referred to the SBLC
- SBLC will meet to determine eligibility of student (Documentation should be kept on file). The committee will examine student attendance and behavior records. Students with poor attendance and behavior problems may enter the program on a month-by-month probationary status. Students would be placed on a probationary contract. The SBLC will review the student's progress on a monthly basis. Failure to maintain guidelines of the probationary contract could result in a change of placement back to the previous grade on the regular diploma track
- Counselor meets with student and parents to explain the program structure and requirements

Special Populations

- Special education students can only be placed in the program through an SBLC committee decision. Members of the student's SBLC team should participate in the IEP review and determine placement. Additionally, a member of the Pre-GED program should be present at the IEP meeting for consulting purposes.
- Special education students not meeting the program progression or attendance requirements can be removed for a change of placement by the SBLC committee. The IEP Team must participate in the review and decision process.
- Special education students participating in alternate assessment before entrance into the program will continue to complete alternate assessment for every year of their enrollment.
- Special education students enrolled in the program must have an area of concentration specified on their IEP. The individualized prescriptive study plan must reflect the area of concentration specified on the IEP.

Program Completion/Exit Policy

- All program completers will participate in a formal graduation ceremony
- Students can receive Carnegie credits for electives if they complete the same criteria as other students in the class
- Students graded easier should earn a skills certificate, not a Carnegie unit

To complete the program, students must complete one of the three criteria listed below:

1. Pass the HiSET
2. Complete an Industry-Based Certification or
3. Obtain a locally-designed skills certificate

B. Juvenile Continuing Education Program (JCEP)

Juvenile Continuing Education Program (JCEP) is designed as an alternative to the regular education program for students ages 5 to 11. Students who have been recommended for expulsion become immediately eligible for JCEP after going through due process. Students may be referred by the school principal after the best efforts of the school, school building level committee, and support staff does not bring about improvement in a student's behavioral problem. Documentation of interventions must be evident.

It is a short-term cognitive-behavioral program for those students with behavior problems who are unable to benefit from an instructional social skills program on their regular school campus. The students remain in the program for a minimum of 6 weeks or until successful completion of the program. Students who have been recommended for expulsion become immediately eligible for JCEP after going through due process. Students may be referred by the school principal after the best efforts of the school, school building level committee, and support staff does not bring about improvement in a student's behavioral problem. The JCEP Committee meets weekly to discuss referrals, progress of current students and projected exists. Once the criteria for exit are completed, the JCEP Committee will discuss the possible exit of the student, based on the progress noted. Exit criteria are based strictly on behavioral needs and progress regarding referral concerns. Academics are addressed in small groups, with an instructor, on academic lessons planned by the JCEP teacher.

The teachers at JCEP may utilize varied materials when it appears that a student is not working on grade level, as part of the remediation process. Promotion and retention follow normal parish procedures through the home school building level committee.

The Juvenile Continuing Education Program (JCEP) is also designed as an alternative to the regular educational program for students ages 12 through 17 years old. The primary goal is to provide students who have been expelled from the regular school the opportunity to continue their education in an alternative setting. The program excludes students who have been expelled for possession of firearms, distribution of drugs, or assault of school personnel. Special education students may be placed in JCEP as a result of an IEP meeting (students returning from treatment facilities, recommendations from other agencies/programs, FINS, courts, and Interagency Service Coordination).

The final decision for placement of a student into the Juvenile Continuing Education Program lies with the Superintendent of St. Martin Parish Schools.

Academic instruction is primarily individualized with academic lessons planned by the JCEP teacher in alignment with the lessons and activities of the home school teacher. It also provides behavioral instruction designed to correct the behaviors which resulted in the child's expulsion. For students in Grades 5-8, successful completion of program standards and student work will determine the students' grades and promotion. In grades 9-12, grades will be issued as per school board policy. Students may return to the regular education program at the end of the expulsion term, contingent upon successful completion of JCEP.

C. Deviation from State Guidelines for JCEP

As per the guidelines for program of operation, the following state standards deviations have been approved by the State Department of Education:

- Because students will be referred from several grade levels, more than two grade levels/subject areas may be represented in the class at any one time.
- Since the program will serve out of school (expelled) students, curricular and time requirements will be adapted to the unique needs of the students.
- Selection of teachers will be based on their ability to work with students with behavior and academic problems rather than areas of certification.

D. Recommendation or Placement in Adult Education Programs

Students who are 16 or 17 years of age may be recommended through counseling by the school's principal, guidance counselors, teachers and the Supervisor of Child Welfare and Attendance for participation in the Adult Education Program. Students referred by the local school system enter the program on a voluntary basis.

Students may also be adjudicated to the Adult Education Program through the court system. Once a student is referred to the St. Martin Parish Adult Education Program, placement of the student becomes the sole responsibility of the Adult Education Program.

E. Curriculum for Alternative Programs

Students in alternative programs will use the same curriculum as all other students in the general curriculum. Students may access the curriculum through various

media. Students in the Pre-GED Pathway will use the HiSET curriculum designed for students working towards a GED or moving into an Adult Education program.

IX. Due process related to student placement and promotion

In the space below, please describe the LEA's due process procedures related to student placement for regular education students, students with disabilities having an Individualized Education Program plan, and students having an Individual Accommodation/Section 504 plan.

Parents/guardians, teachers or students questioning grade placement are entitled to due process according to the procedures enumerated below.

LEVEL ONE: INFORMAL HEARING

Any complainant who has a grievance about placement shall discuss it with the principal or teacher(s)

LEVEL TWO: FORMAL GRIEVANCE

If as a result of the informal discussion, the matter is not resolved, the complainant can initiate a grievance in writing to the principal within five (5) working days, giving the full details of his complaint. The principal shall communicate his decision to the grievant in writing within three working days of the receipt of the written grievance.

LEVEL THREE: THE APPEAL COMMITTEE

If the grievance remains unresolved, the grievant, no later than five working days after receipt of the decision may request a hearing by the Placement Committee. The committee will be appointed by the Superintendent and will consist of the Director of Curriculum, the level supervisor, a level principal, and a level teacher.

LEVEL FOUR: ADMINISTRATIVE REVIEW

If the grievant disagrees with the decision of the Placement Committee, he/she may appeal to the Superintendent through a written request. The Superintendent shall review the case and render a decision in writing to the grievant within five working days.

- Students with disabilities

Due process procedures are the same for all parents/guardians, teachers and students in the system, regardless of placement. In the case of students with disabilities, the due process procedures must be consistent with those described in the approved Individuals with Disabilities Education Act (IDEAIA) Part B, LEA Application.

- Section 504 students

Due process procedures are the same for all parents/guardians, teachers and students in the system, regardless of placement. Due process procedures for qualified students with disabilities must be consistent with those defined in Section 504 of the Rehabilitation Act of 1973. Please refer to the St. Martin Parish 504 Handbook for specific details.

X. Additional LEA policies related to student placement and promotion

In the space below, please describe any additional LEA policies related to student placement and promotion that have not been addressed in other sections of this document.

1. Monitoring Promotion and Placement Decisions

The superintendent or his designee shall meet with all principals, explain all policies, and ensure their uniform administration. The principal shall be responsible for monitoring promotion and placement decisions in the individual school. The central office staff shall monitor parish-wide to ensure uniformity of promotion and placement procedures by periodically reviewing promotion and placement decisions.

A student, parent/guardian, teacher, superintendent, or school board may request through the principal a review of a student's placement. A parent/guardian review of personal records will be limited to his child's only. If no consensus is reached, an appeal may be made according to the due process procedures listed in Section III – Local Policies.

2. Record Keeping on Placement

A cumulative file shall be opened on each child upon entry into a school and maintained through the termination of his schooling. The following records shall be kept in this file:

1. Final course grades and annual attendance records
2. A test record card with the following scores:
 - a. Louisiana Educational Assessment Program (LEAP 2025)

- b. Local criterion referenced tests/assessment results
 - c. Kindergarten screening
- 3. Information or reasons for student placement
- 4. Information on the outcome of student participation in remedial and alternative programs
- 5. A copy of the letter informing parents of either placement of a student in or of the student from either a compensatory or remedial program
- 6. A copy of parent's written consent for either the student to be placed in or from an alternative to a regular placement.
- 7. A copy of parent's refusal to allow student to participate in a LEAP 2025 remedial program or LEAP remedial program
- 8. A statement/form indicating a School Building Level Committee decision for placement. A copy of the form informing parents of the decision for retention and of the system's due process procedures relating to placement decisions.

Documentation of SBLC procedures and actions regarding qualified students with disabilities under Section 504 of the Rehabilitation Act of 1973.

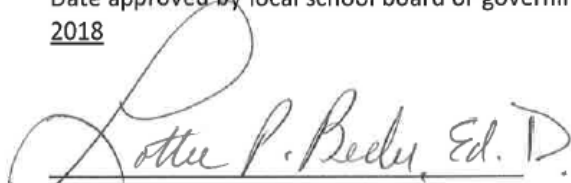

Special education documents as specified in the approved Individuals with Disabilities Education Act (IDEAIA) Part B, LEA Application, shall be maintained in a separate confidential file in accordance with State Department regulations.

All records on students may be maintained for a six year period. After six years, all records with the exception of academic records (cumulative card) may be purged from the child's folder. Pertinent records regarding SBLC, IEP, IAP, and IHP documentation should remain on file for a period of 5 years beyond the student's exit.

1. LEA assurances and submission information

Assurance is hereby made to the Louisiana Department of Education that this St. Martin Parish School System 2017-2018 Pupil Progression Plan has been developed in compliance with all applicable federal and state laws and regulations. If any local policy outlined in this plan conflicts with federal or state laws or regulations, I understand that federal and state laws and regulations shall supersede the local policy.

Date approved by local school board or governing authority: August 2, 2017 and December 20, 2018

Superintendent

Board President

APPENDICES

APPENDIX A

ST. MARTIN PARISH SCHOOL SYSTEM
Transitional 9th Grade Promotion Form
May 2019

I am requesting a 9T Promotional Waiver for this first time eighth grader based on the following:

Student's Name: _____ Date of Birth: _____
School Attended: _____ Grade: _____
Request for waiver in the area(s) of: Language Arts _____ Mathematics _____

To be completed by the School Building Level Committee:

This first time 8th grade student must have met all criteria items 1-5 , AND one of the three criteria items 6-8 : _____ 1. Student met the attendance criteria for promotion for the school year and the summer remediation program as per St. Martin Parish Pupil Progression Plan. _____ 2. Student met academic requirements for promotion with the exception of ELA and/or Math as per St. Martin Parish Pupil Progression Plan. (<u>Attach final report card</u>) _____ 3. Student attended summer remediation Program. _____ 4. Student does not meet the criteria for any other waiver or appeal available to an eighth grader.	
_____ 5. Student earned a D during summer remediation/summer school in the subject(s) for which he attended. OR _____ 6. Student failed to earn a D or better during summer remediation/summer school in either ELA or math ; however, the student has earned a D or better in all other core courses including Science and Social Studies. OR _____ 7. Although the student has not achieved the promotion criteria to be promoted to ninth grade, the student has demonstrated readiness for promotion to 9T as follows: Comments: _____ _____ _____	
(Examples of readiness: "showed ___ % growth on the _____ assessment from pre to post"; "grades for the first 3 nine weeks were passing but made an F in the last quarter only"; "_____ assessment was given in the area of _____ and the child scored a ___ which is a passing score"; "Explore scores show -"; "LAA2 student making progress toward IEP goals"; "LAA2 performed at _____ level on assessment in _____"; LAA2 and making academic progress by -"; etc. – if in doubt contact the Director of Curriculum for approval)	

Spring Scores/Final Grades:

Final Grades: Reading: _____ Math: _____ Science: _____ Social Studies: _____

Summer Scores:

Grades Earned: Reading/Language: _____ Math: _____

Based on the above criteria, this student is being recommended for Transitional 9T Promotional Waiver and for promotion to 9T program.
