

Four-Year Course Planning Worksheet

Use this page to sketch out your past and projected course load for all four years of high school. This worksheet will help you to plan for how you will meet all graduation requirements while still leaving room for the elective courses you wish to take.

The maximum course load for students in any Form is five yearlong courses and two semester-long courses. This translates to six courses in a semester. Please contact Dean of Studies Gretchen Hurtt (ghurtt@standrews-de.org) with questions or for permission concerning additional electives.
