Resurrection College Prep High School

Fall/Winter 2013

A Message from the President

December 2013

Dear Friends and Alumnae of Resurrection,

As we experience the beautiful seasons of Advent and Christmas we wish each of you the warmth of God's love and the tender presence of His Son, Jesus in your daily life.

We are nearing the halfway mark of the 2013-14 school year, and what an exciting year it is proving to be! Our young women at Resurrection have had several wonderful experiences and opportunities to develop their leadership skills. In November, 31 students, representing each class, participated in the Leadership Quest Training Weekend offered at the YMCA Camp MacLean in Burlington, Wisconsin. The purpose of this camp experience is to help high school students increase self-esteem, learn new skills, and have fun while learning to be leaders. The camp provides activities that help them learn more about cooperation, teamwork, collaboration and communication and gives them opportunities to practice these skills. We are also very proud to tell you that we have offered students the opportunity to learn and practice leadership skills by inviting select students to serve on committees that are working to implement goals set forth in the Three-Year Strategic Plan and a committee that is working on updating the school's official logo. The input of the students on these committees is invaluable. Being active members of these committees gives the students an excellent opportunity to expand their understanding of teamwork and collaboration, watch adults practice these skills and be part of a team that successfully achieves goals.

On June 15, 2013 I began my service to Resurrection College Prep High School as Interim President and I have been deeply impressed with the wonderful things happening at the school. On October 1, 2013, the Sisters of Resurrection, as the sponsoring congregation of Resurrection College Prep, announced my appointment as President of Resurrection College Prep and I am honored to continue in this important ministry. A search is currently underway for a Principal and we are grateful to Interim Principal Kathy Rzany for her leadership and service during the current school year.

I am pleased to report that work continues to move ahead on the implementation of the school's Three-Year Strategic Plan. There are ten implementation committees and we are pleased that there are alumnae representatives serving on every committee. In fact alumnae make up 28% of the total membership on the implementation committees. To date the committees have completed 30% of their work on the implementation of the plan, and within just a four month period.

Plans are underway for a truly fabulous *Res Fest* scheduled for February 15, 2014. This year's event is featuring the music of "The Mix" and I hope to see you there! Finally, we are very excited to report that the committee responsible for the updating of our school logo is nearing completion of its task. We hope to have final approval of the logo from our Sponsor and our Board by February. So, keep a watchful eye on the Resurrection College Prep High School website for the unveiling of the logo sometime early in 2014.

From all of us at Resurrection College Prep High School, prayerful wishes for a blessed, joy-filled and healthy New Year!

Sister Donna Marie Wolowicki, C.R. '66

Scholarships Awarded

Scholarships help Resurrection students and their families manage the cost of a single-gender, Catholic education. Without scholarship support, many students would not be able to attend Resurrection College Prep High School. Creating a named scholarship is one way donors can assist students and leave a legacy to Resurrection. It is also a meaningful way to honor a friend, family member, or a respected teacher.

Over \$150,000 in scholarships has been awarded to current Resurrection students during the current school year. Congratulations to the following students and their families and thank you to our generous scholarship donors.

Class of 1956 friends **Pat Hamill '56**, **Marion O'Connell '56**, **Joan Wiederhold Graf '56**, **Roberta Laz Pettinger '56**, **Pat Pociask Kresin '56**, **Pat Wall Palmer '56** and **Mary Ann Mack Kurpiewski '56** together at Mass.

1956 - Each summer **Mary Ann Dzidzie Ancona '56** invites Resurrection alumnae from her class to spend a week in her beautiful home in Montello, Wisconsin. The days and nights are filled with talking, laughing, boating, swimming, hiking, visiting flea markets, shopping, playing games and participating in Mass at St. John the Baptist in Pinceton. The seven friends are pictured above.

The friends credit their years at Resurrection for preparing them for life's challenges and for their friendship which has been sustained over fifty-seven years. Pat Hamill wrote that *"A strong foundation in Roman Catholicism kept us active in our religion. The Sisters of the Resurrection (Jerome, Ancilla, Marie Claire, Beatrice, Eustella, Gabriel, Consolata, Margarite, Lydia Mary and Celine) and the lay faculty (Ms. Vallo, Ms. Vettes and Ms. Nemzick) are remembered with gratitude for the life lessons they taught us. Each month we gather at an area restaurant to keep the spirit of Resurrection alive in us, and to nurture our lifelong friendships. Thank you Resurrection High School. We gratefully remember our roots."*

'58 **Rosemarie Maas Courtney** was inducted into the Girl Scouts of Greater Chicago and Northwest Indiana Hall of Fame in April 2013 for her 55 years of dedicated service to the Girl Scouts. She currently serves as the Curator of archives.

'71 **Dolores Ann Nabasny Lizak** welcomed her second grandchild, Margaux, who joins big brother Oliver, 2. Dolores Ann retired in March 2012 and loves spending time in Connecticut with her grandchildren.

'72 **Barbara Gembala Nakanishi** and her husband Joe traveled to Italy in October. They spent two weeks touring Vatican City, Rome, Venice and Florence.

In addition to visiting the impressive regular tourists destinations, they also had the opportunity to make two special visits. In Rome, Barbara and Joe visited the "generale" - the world headquarters - of the Sisters of the Resurrection! There, Mother Teresa Maria, the Superior General, and Sister Cleofe gave them a warm welcome. The Sisters' museum contains precious items including the "profession crosses" of Blessed Celine Chludzinska Borzecka, Foundress of the Order, and her daughter, Mother Hedwig Borzecka. The crosses were given to the Sisters when they took their perpetual vows - and are the same as those worn by the Sisters who teach at Resurrection.

The Sisters have a beautiful garden complete with orange and lemon trees and the Sisters' chapel was in the process of being renovated.

Also while in Rome, Joe and Barbara visited the world headquarters of the Congregation of the Resurrection priests. There they received another warm welcome and shared "pranza" - the main meal of the day - with Reverend James Gibson. Barbara's dear uncle, the late Reverend Stanislaus Gembala was a C.R. priest. The Fathers also have a wonderful museum and a beautiful chapel.

Due to an already ambitious travel schedule, Joe and Barbara did not have the opportunity to visit with **Constance Chiapetta Iaconetti '72** who lives in Cosenza, 325 miles south of Rome. Since Connie lives on another continent and so is unable to join "the pearls" of the Class of 1972 when they "string" together, she is an honorary "pearl."

1972 - On August 24, **Marie Davidiak Druktainis '72** became the newest "pearl" on the Class of 1972's "string of pearls." Marie joined **Brigitte Geier Khoury '72**, **Barbara Gembala Nakanishi '72** and **Marian Prybil Rippy '72** for lunch at La Grolla in Saint Paul, Minnesota. Marie, Brigitte and Marian hadn't seen each other in 41 years!

The "pearls" also visited the magnificent Saint Paul Cathedral where Marian is a parishioner. Marian lives in Woodbury,

Members of the Class of 1972 at the Saint Paul Cathedral in Minnesota.

Q - What differences do you see between students today and during your days as a student? What has remained the same?

A - Heartfelt respect, honor and sacredness were more prevalent at least in the people I associated with in high school. But the world and its influence has changed very much. But what remains I believe is the importance of camaraderie among student body members, a sense of unity; the desire for not only inclusion but acceptance and, ideally, respect and appreciation of difference.

Q - How do you feel Resurrection helped you prepare for life?

A - I felt the discipline, seriousness of purpose, high standards and expectations, the spirit of optimism -- truly the hope of the Resurrection, appreciation of life, gratitude to the Lord and faith -- all fostered during my 4 years of experiences at Res, solidified in my character and was integrated into my response to the challenges of employment and my personal life, i.e. marriage, family, friendships.

Q - How do you think attending Resurrection impacted your goals and accomplishments?

A - The specific preparation cited above was and continues to be instrumental in non-stop growth and development. Unless one stays on track and in control (discipline), is motivated and determined (seriousness of purpose), aims high (standards/expectations), perseveres (optimism/Resurrection), counts blessings (appreciation), keeps the faith and praises the Lord (gratitude/faith) one cannot grow and develop. If any one of these are missing, strength will wain, the worse: stagnation, loss of purpose or direction, waste and emptiness.

Q - What is your favorite memory from Resurrection?

A - People who impressed me so much so that they remain in my heart to this very day, an inspiration or pure joy -- faculty and classmates alike. Foremost when I think back I think of my teachers - Sr. Mary Jerome, Sr. Lucille, Sr. Charles Louise, Sr. Stephanie and Sr. Lydia Mary and I think of my friends - Carol Mack Skoglund '65 and acquaintances whose traits I admired from afar: Student Council President Christine Placzek Stephenson '65, Susan Frangiamore Sacher '65, Judy Piekarski '65, Mary Ellen Larkin '65, Daralyn Sand La Penna '65, Mary Jo Walsdorf '65 all come to mind as if only yesterday.

Q - How do you spend your free time? What are your hobbies and interests?

A - Growing and developing - exercise, piano, reading, traveling, writing, acting, teaching younger children, spending quality time with my great niece and nephews, volunteering to help both Resurrection and DePaul University. I work to help my alma maters continue their work, which so wonderfully affected mine.

Q - Do you have anything that you are passionate about that you want to share?

A - Truly living in all aspects of life, i.e. personally, socially, "familiially" - involving oneself - contributing to solutions with a sensitivity to how one's behavior could be part of the problem's in life - great or small. Taking personal responsibility! Being grateful - ups, downs and in-betweens that makes one's life grow and develop.

Q - What advice do you have for current Resurrection students?

A - Take the inspiration of the Resurrection seriously in your day to day life. Through death (loss, hard times, conflict, failures, fear, disappointments, etc) comes Resurrection! The Resurrection shows us the miracle that change is possible - new perspective, lessons, strengthening, growth, new beginnings, courage, flexibility and openness!

***ResStories** - We strive to feature alumnae profiles, stories and perspectives in the Resonance, on our website and on social media. Alumnae - are you interested in being featured, writing about a successful classmate or telling your Resurrection story? Storytelling reveals our commonalities and differences as women of Resurrection so that we can stay connected. Please contact Kathleen Heneghan at kheneghan@reshs.org or 773.775.6616 Ext 125 for information about contributing.*

Megan Cunningham - *Athlete, Student, Friend* **Class of 2013**

Megan Cunningham is a freshman at Loras College in Dubuque, Iowa.

While at Resurrection she participated in a wide range of athletics. Megan was a member of the Res Bandits Volleyball team and Softball team as a freshman, Cross Country team member during her sophomore, junior and senior years and joined the Bandits Lacrosse team during her senior year.

Megan found herself well prepared for college and credits her Resurrection education for her abilities and confidence to succeed. She plans to pursue a career as an Athletic Trainer.

Q - How did you make the decision to attend Loras College?

A - Loras College was always my number one choice. As soon as I visited the beautiful campus at Loras, I immediately knew that it was the school for me. I got the feeling, just like the one I had when I was in eighth grade looking at Resurrection, that it would be a great fit for me and it just felt like home.

Q - How are you making the transition to college?

A - I love it here! I feel comfortable and safe on campus, I really enjoy all my classes and my professors. I also think I am having such an easy transition to college because I already knew my roommate and did not have to go through the process of getting to know her. When filling out my housing I decided that I would put in for a random roommate and hoped to make a new friend. When I received my housing agreement I was shocked to see my fellow Res classmate and one of my best friends, Kat Angelini '13 listed as my roommate. Kat had also said she wanted a random roommate, but I guess it was fate that as fellow Bandits we would stick together as we came to Loras to become Duhawks. Kat and I are having a great time meeting new people and expanding our group of friends here at Loras.

Q - How do you feel Resurrection helped you prepare for college?

A - Resurrection helped prepare me for college in many ways both academically and socially. One thing that Res truly has helped me with is getting me ready for college classes. I feel very prepared and confident when I am in my classes. The major thing for me is how I am able to sit in my classes and keep my focus. Everyone else is used to only having shorter classes, but because of the block scheduling at Res I was used to longer classes. Res also has helped me with my time management skills when it comes to homework. I am already used to not having the same classes every day and I know I need to stay ahead on my homework and do it the day it gets assigned.

Q - How do you think attending an all-girls school impacted your college and life goals?

A - Attending an all-girls school has had a huge impact on me. Most girls as college freshman stress over what the new boys they are meeting in all their classes might be thinking of them. Res gave me the ability to focus on my education, and not boys because my education is what really matters. Also attending an all-girls school has impacted my participation in my classes. I notice that a lot of girls sit in class and do not participate and let the boys take charge in class, but I am not afraid to participate. While at Res I learned how to speak up in class and confidently voice my opinion. Attending an all-girls school has forever impacted my life. I will always remember that at Res I learned that I can make a difference in the world, and I need to go make a difference in the world. I can do anything I want to do because I am a strong, educated woman.

Q - What is your favorite Res memory?

A - It is really hard to narrow down one memory. I had so much fun in classes laughing with my teachers and fellow classmates. I have great memories with my sports teams over the four years, especially cross country and lacrosse. And all of the pep rallies I attended at Res were always so much fun. I think though, my favorite memory from Res would be the last day of classes my senior year. I will always remember taking over the cafeteria with my classmates. Instead of leaving and going to class, we began dancing and singing. It was a great way to end our senior year and our time at Resurrection.

Q - What advice do you have for current freshmen at Resurrection?

A - Enjoy and absorb every single moment at Res! It may seem funny to do that and maybe you think you will never miss Res once you graduate, but I promise you, that you will. You will miss the teachers, the staff, the skirts, the smell of french fries, Res cookies, and of course the famous Res hairstyle - the "Res bun." And on the academic side I strongly advise freshmen to take all four years seriously. You need to work to your full potential every day!

Do you want to help Res out by finding “lost” classmates, acquiring class notes, or assisting with alumnae events? ***If you answered “yes” to these questions then the Class Captain Program is for you.***

Resurrection Students Support Breast Cancer Diagnosis and Treatment

Resurrection Student Council Officers **Rory Cusack '14**, **Lexie Ippolito '16**, **Katelyn Switzer '15**, **Rachel Gotsch '14**, **Shannon Clark '14**, **Melissa Anderson '14** and Resurrection Medical Center President and CEO John Baird.

The Resurrection College Prep High School Student Council organized a fundraiser to raise money in support of breast cancer diagnosis and treatment at Presence Resurrection Medical Center. Students conducted a “penny war” in which each level collected coins in a good natured competition to collect funds for the cause. Students collected a total of \$583 which was presented on November 14, 2013 to Presence Resurrection Medical Center President and CEO John Baird.

One in eight women will be diagnosed with breast cancer in their lifetime. Breast cancer is the most commonly diagnosed cancer in women and is the second leading cause of death among women. The donation from the Resurrection Student Council to Presence Resurrection Medical Center was given to promote breast cancer diagnosis and treatment in the community. As the Student Council members expressed in a letter to Mr. Baird, “many of the students and staff in our school have had moms, grandmothers, aunts, cousins, and friends affected by breast cancer.”

The annual Northwest Side Hunger Walk took place on Sunday, September 29, 2013 and began and ended at Resurrection College Prep High School. The approximately four mile walk is an ecumenical effort by local churches and the community that started in 1985 in order to raise awareness and funds to reduce hunger in the community and throughout the world. Over \$5,000 was raised by the Northwest Side Hunger Walk and was donated to New Hope Community Food Pantry, Catholic Charities and Heifer International. These organizations have been selected as the recipient of the funds in order to serve local, regional and international needs.

New Hope Community Food Pantry serves families and individuals living in the northwest side Chicago neighborhoods of Norwood Park, Edison Park and surrounding zip codes. Catholic Charities helps to meet the basic needs of low income people in the Chicagoland area and funds donated to Catholic Charities help to alleviate hunger on the regional level. Heifer International is a nonprofit, humanitarian organization that provides livestock, seeds, trees and training worldwide with the mission to end hunger and poverty and to care for the earth and their work helps to alleviate hunger on an international level.

The Resurrection Key Club has supported the Children's Heart Foundation through fundraisers for the past few years and on October 8, 2013 the Key Club members had the opportunity to hear first-hand from a family whose lives have been touched by congenital heart disease. Pictured on the left are Key Club Officers **Carly Florine '15**, **Kayla Albanese '14**, **Kelsey O'Brien '15**, **Cecylia Rudel '15**, **Melissa Anderson '14**, **Giahanna Martorano '15** and **Penny Serrano '14** with Resurrection alumna **Tina Larson '06**, Development Coordinator for the Children's Heart Foundation and the family who shared their story.

Resurrection Alumna Christy Anderson '00 Accepts Donations for Wright-Way Rescue

Eight weeks after giving birth to her second child, Resurrection alumnae **Christy Anderson '00** could only shake her head in disbelief after a school bus crashed into the front of the animal adoption center of Wright-Way Rescue, the organization that she founded in 2003. Christy was in Chicago from her home in southern Illinois to meet with her staff at the Wright-Way Rescue animal adoption center on Touhy Avenue in Niles on October 2, 2013 when the bus accident sent her staff scurrying to find immediate homes for the cats and dogs that were on-site. While all of the people and animals in the facility were safe, Christy and her staff have been meeting the challenge of finding a new home for the Wright-Way Adoption Center and keeping their organization and mission moving forward.

Christy Anderson worked with animals throughout her time as a student at Resurrection - she worked with horses at a stable in Morton Grove, she conducted dog training classes at Wright College and she was the youngest dog trainer for Petco. After Resurrection Christy studied animal science and pre-law at Southern Illinois University in Carbondale and during her sophomore year of college she began finding homes for adoptable dogs and cats at the local animal control center that were scheduled to be euthanized. Christy officially founded Wright-Way Rescue in 2003 while still in college and as the organization's executive director she has grown the organization from a rescue facility outside Carbondale to the largest animal adoption program in the Midwest. Wright-Way staff were on-track to find homes for about 5,000 animals in 2013 before the October 2nd bus accident caused the organization to scramble for a new facility in the Chicagoland area.

Resurrection College Prep High School students rallied to raise funds for Wright-Way Rescue. "There were so many students who were eager to help because Wright-Way is where they adopted their family pet," said Resurrection Director of Development Alisa Martorano. Resurrection students organized a one-day fundraising event on Wednesday, October 30, 2013. Students who made a donation to Wright-Way Rescue had the option to wear Res Spirit Apparel on that Wednesday and the students quickly collected over \$1,100.

Wright-Way Rescue operates a 3.5 acre admissions and care facility in Murphysboro that has been renovated to provide state-of-the-art sheltering for animals awaiting homes. Pets who are ready for adoption are then brought to the adoption center in Niles to take advantage of the larger population in Chicagoland area. Wright-Way Rescue was the first organization in Illinois to use this idea of moving animals from rural populations to urban ones to provide additional adoption opportunities.

Wright-Way is currently using a former veterinary clinic in Des Plaines as their Chicagoland base of operations and the board, staff and volunteers are working toward establishing a new home as they recover from the losses of the October accident. Wright-Way Rescue is currently hosting pet adoption events on weekends at PetSmart located at 5485 Touhy in Skokie.

Wright-Way Rescue Founder, Executive Director and Resurrection alumna **Christy Anderson '00** was presented with a check from Resurrection students **Maggie Yarnold '15** and **Emily DePaolo '15**.

"People have come out of the wood work to support Wright-Way," said Christy Anderson "and we appreciate the support of the students at Resurrection." To learn more about Wright-Way Rescue's pet adoptions and to support their recovery from the October accident, visit www.wrightwayanimalrescue.com.

Amy Kavanagh '17, Lauren Hartford '17, Bridget Byrne '17 and **Emily Mercado '17** show off their Res Spirit Apparel worn in support of the Wright-Way Rescue fundraiser on October 30, 2013.

Bianca Nowak '15, Kayla Albanese '14, Allison Passaneau '14, and Erin Behland '15 at the Leadership Quest weekend.

Leadership Quest

“The future belongs to those who believe in the beauty of their dreams” ~ Eleanor Roosevelt

All-girls high schools provide greater leadership opportunities during a developmental time in life that is critical for young women. The culture of an all-girls school allows girls to display their intelligence, take risks and develop confidence in their own areas of strength. At Resurrection College Prep High School the importance of leadership development is central to the education of our students as they prepare for college, career and life.

English Department Chair Noreen Maluchnik, Science Department Chair Dawn Konow and Math teacher Ashley August accompanied thirty-one Resurrection students from all grade levels on a Leadership Quest Training Weekend at the YMCA Camp MacLean in Burlington, Wisconsin from November 8 to 10, 2013. The weekend program was designed to develop and promote leadership skills among students who are already in leadership positions in clubs, student government, athletics and honor societies.

Students participated in outdoor fitness challenges, including archery, rock wall climbing, ziplining, ropes courses and team building activities. Students also had the opportunity to explore a variety of student-led projects to be undertaken at Resurrection and engaged in brainstorming about a project that will be spearheaded by the student leadership group. For each potential project, students created a proposal to the Resurrection administration, determined directives to engage the student body, created a timeline for execution, specified final goals and created a method for feedback.

Student leaders who attended the Leadership Quest weekend are encouraged to use the training as a springboard as they work within individual clubs, teams and activities and the group members will continue to cultivate their leadership skills.

Alumnae Authors Mentor Writers Circle

Aspiring Resurrection student writers come together a few times each month for the Writers Circle at Resurrection to learn about the writing process, to support each other and to share their ideas about writing. Students have met with alumna and best-selling author **Valya Dudycz Lupescu '99** each month since the beginning of the 2013-14 school year to learn from her experiences. Valya earned an MFA in Writing at the School of the Art Institute of Chicago and teaches, writes and facilitates workshops in Chicago. Her historical novel *The Silence of Trees* was published in 2010 and she has also been published in various journals and is currently an Artist-in-Residence at the historic Cliff Dwellers Club and at the Everleigh Club in Chicago.

At a November meeting of the Writers Circle students had the opportunity to meet with **Loretta Roach Nyhan '88**, co-author of the historical novel, *I'll Be Seeing You* and author of a mysterious paranormal young adult thriller, *The Witch Collector*. During that session Loretta Nyhan shared information about her career and writing projects and Resurrection students had the opportunity to ask questions. Students also talked about their projects, including students' participation in National Novel Writing Month (NaNoWriMo), which is held each November

Loretta Roach Nyhan '88 with Laura Romano '17 and Nicole Gulino '16

with the goal of writing a 50,000-word novel in one month. Discussion at the session included the value of deadlines, the craft of writing, the importance of making time to write each day and the determination needed for writers. Alumnae writers who are interested in mentoring Resurrection students, please contact Kathleen Heneghan at kheneghan@reshs.org or 773.775.6616 Ext 125.
