Contact with Students

The District realizes that an educational program for its students may encompass a broad range of experiences. Teachers may arrange for guest speakers on appropriate topics relative to the curriculum. Principals may approve school assemblies on specific educational topics of interest and relevance to the school program. The District does not permit other kinds of interaction with students by non-school personnel. The District will not allow access to schools by outside organizations desiring to use a captive audience in a school for information, sales material, or special interest purposes.
