Regarding: Narrative for the 2017-2018 Adopted Budget

Executive Summary

2017-18 will be the fifth year in a row that California schools will be given an increase in education funding. However, Governor Brown and many fiscal experts across the State caution that continued growth to educational funding is at risk due to State revenues declining. In response to the declining State revenues the Governor is preparing for slower economic growth by building a substantial reserve, avoiding new ongoing commitments, and paying down State debt. All of these strategies would work for school districts as well, and should be seriously considered as we prepare our multi-year budgets.

The LCFF provides a “Base” revenue calculation based on ADA per specific grade span, and provides additional or “Supplemental” funding for students identified as English Language Learners, Foster Youth, or from low income families, also known as “targeted” pupils. Districts are required to provide details regarding their actions and expenditures to support pupil outcomes and overall performance, for students in general as well as the targeted pupils. These actions and expenditure plans are described in detail in the Local Control Accountability Plan (LCAP).

The Governor’s 2017-18 budget proposes an additional \$1.4 billion to further implement the LCFF. For Wiseburn Unified, this would be approximately \$375,000 in new, ongoing revenue. Of the projected increase in new revenue, approximately \$115,000 is generated by the “Supplemental” grants and is to be used for the targeted students.

As the Board is aware, the 2014-15 State Budget implemented a new law (AB 1469) that was intended to close the California State Teachers Retirement System (CalSTRS) unfunded projected retirement liability. Since 2014-15, the employer paid STRS rate has increased by 6.18%, from 8.25% to 14.43% in 2017-18. The employer paid STRS rate will continue to be increased by an additional 1.85% per year, eventually topping out at 19.10% in 2020-21. The 2017-18 District budget increased district paid STRS costs by \$250,000 to reflect the 1.85% increase in the employer paid STRS rate.

The 2017-18 Wiseburn Unified School District Budget includes \$3,472,000 in taxes from the Education Protection Account (EPA), which was created with the passage of Proposition 30 on November 7, 2012. The taxes provided by the EPA are not in addition to LCFF funding. Similar to local property taxes, the District's State Aid is reduced by one dollar for each dollar received from the EPA. However, a provision of Proposition 30 was that Districts governing boards determine the use of EPA funds in an open session of a public meeting, and is being done as a separate action item on the June 22 Board Meeting.

General Information

The following information is provided as background for the 2017-18 budget report and the 2018-19 and 2019-20 Multi-Year projections. The County Office of Education provides guidelines regarding the State's COLAs, projected increases in LCFF implementation, as well as other information which were used in preparing the budget report. It is important to note that budgets are fluid documents and once the State adopts its annual budget plan and the Governor signs the 2017-18 State Budget, school districts have 45 days to adjust their local budgets, if the signed budget is substantially different from the Governor's proposed budget. Other changes are made at the time of the First and Second Interim Reports.

For the 2017-18 Budget, staff is projecting a slight decrease in enrollment (12 students). For fiscal year 2018-19 and 2019-20, staff is projecting a decrease in enrollment of 28 and 18 students, respectively. The projected decrease in enrollment is part of the District's plan to strategically reduce enrollment in order to "Right Size" the District. Staff will continue to monitor enrollment and ADA trends as this is a key element of the District's budget.

It should be noted that declining enrollment can have a significant impact on a school district's finances. Current law allows for school districts to use prior year ADA in the event of declining enrollment, which provides the District to be funded at the higher of the current or previous years ADA level.

Revenues/ Expenditures

Revenues have been adjusted to reflect County Office of Education LCFF projections and revenues have also been revised based on updated estimates to other funding sources. In addition, expenditures have been revised based on updated estimates taken from current information. The District closely monitors potential sources of revenue as well as the potential increase in expenditures (step/column, Special Education, and other inflationary costs).

For 2017-18, the District is projecting a net decrease to the ending fund balance of \$(1,034,212). The projected ending fund balance is \$3,166,685. *Please note*, the projected deficit of \$(1,034,212) includes one-time expenses of approximately \$1,019,500. If one-time expenditures were not included in the budgeted figures, there would be a projected operating deficit of \$(14,712). I estimate that the true operating budget will end the 2017-18 fiscal year between a deficit of \$(100,000) and a net increase of \$100,000. (SEE EXHIBIT A).

Reserves

The District is required to maintain a minimum Reserve for Economic Uncertainties (REU) of no less than 3.0%. The District is compliant with this requirement and as such has reserves above the required 3.0% for economic uncertainties, in the current year as well as two subsequent years. The District has reserves above the required minimum for a number of reasons, including but not limited to the following:

- 3.0% reserve level or approximately \$778,000 is equivalent to less than two weeks of total payroll liabilities. It would not be fiscally prudent to only reserve less than two weeks of payroll as the District's REU.

- A higher reserve affords the District the flexibility to absorb unanticipated expenditures without significant disruption to the educational programs; for example, an unanticipated lawsuit (P.E. Instructional Minutes), or an increase of Special Education services that must be provided per a student's individualized education program (IEP).
- A level of protection against exposure to significant one-time outlays such as disasters or material audit findings
- Protection against the volatility of State revenues
- Protection against declining enrollment
- The District is planning on absorbing the continued increase in the employer paid STRS contributions over several years, so the District is not spending all of the increase to current year revenues, thus the ending balance will grow slightly over the next several years, increasing the level of the ending balance
- The District is the fiscal agent of the four authorized charter schools and in the event a charter school needs a cash loan, the District can provide it at a lesser rate than if the charter school went out to get a loan in the open market
- The District also has a higher level of required reserves due to the influx of State and local one-time revenues and the District is taking a strategic approach to spend these funds wisely, over the course of several years. This approach seems more prudent and thoughtful than just rushing to spend one-time revenues in order to bring reserves to the arbitrary "minimum" level.

It is projected that the 2016-17 general fund ending balance designated as REU as a percentage of total expenditures will be 8.8% and the projected 2017-18 general fund ending balance designated as REU as a percentage of total expenditures will be 4.8%.

It is important to note that adequate reserve levels and prudent fiscal planning have prevented Wiseburn Unified School District and numerous districts from going insolvent through the Great Recession. A healthy reserve level allows the District to meet planned and unplanned financial challenges. Reserves serve as a safety net that allows the District to meet its obligations in the face of seen and unforeseen expenditures. Districts that do not have adequate reserves are usually the first ones that get into financial trouble when the unexpected happens. It was partially the District's strong level of reserves that allowed Wiseburn Unified School District to successfully weather the State's recent fiscal downturn.

Ending Fund Balance

The District projects to end of the 2016-17 fiscal year with a net decrease to the General Fund of approximately \$(322K). This is mainly due to the combined net of the following:

\$521,000 -- One-time State Mandate revenue

\$335,000 -- California Clean Energy Jobs Act (Prop. 39)

\$(222,500) – One time off schedule bonus of 1.1% (salaries and benefits)

\$(761,500) – One time purchase of materials and supplies

\$(52,500) – One time purchase of services and other operating expenses

\$(210,000) – One time purchase of capital outlay

\$(390,500) – net of one time revenues less one-time expenses

\$390,500 less \$322,000 = \$68,500 is the projected "true" operating surplus for 2016-17

Salary Settlements

Negotiations with the Wiseburn Faculty Association (WFA) have not been completed for 2017-18, as the current contract expires on June 30, 2017. The negotiations with California School Employees Association (CSEA) have not been completed, as the current contract also expires on June 30, 2017.

2017-18 District Budget

The Budget Report has budgeted figures that reflect staff estimates, as of the date of this report. The adopted budget reflects the following major changes from the 2016-17 estimated revenues and expenditures:

Revenues

LCFF Sources	increase of \$375,000 -- funded ADA was 2016-17 ADA due to decreased enrollment; increase to reflect additional LCFF funding provided by State
Federal	increase of \$500 -- increased due to rounding -- reflects projected flat funding for Wiseburn
Other State	decrease of \$847,500 - reflects net of the difference between slight increase to Special Education funding and the loss of \$521,000 in one time State revenues and \$335,000 in one time Prop 39 funding
Other Local Revenue	decrease of \$255,000 -- reflects the loss of Da Vinci rent, which is now going into a Deferred Maintenance account, loss in projected PLTW donations, loss in Cotsen Grant revenues

Expenditures

Certificated	increase of \$48,000 - increased to reflect the net of step/column savings, less administrative salaries that da Vinci has assumed, less prior year 1.1% off schedule bonus, additional staff (2) FTE Visual and Performing Arts teachers, .6 FTE Spanish teacher at Dana
Classified	increase of \$49,500 -- increased to reflect the net of step/column increases, less prior year 1.1% off schedule bonus, additional staff (2 FTE Help Desk Technicians),
Fringe Benefits	increase of \$278,500 -- increased due to the net of additional employer paid STRS rate of 1.85%, increase to reflect the additional employer paid PERS rate of 1.62%, less prior year 1.1% off schedule bonus
Books and Supplies	decrease of \$793,000 - decreased to reflect the reduced one time expenditures from prior year and decreasing the projected budget
Contracts/Services	decrease of \$32,500 -- decreased due to the net of increase in cost of utilities, loss in IT contract costs, loss in PS Arts contract

Capital Outlay	increase of \$535,000 – increased to reflect the following projects – Dana math lab conversion, ages 18-22 classrooms, demolition of 7 classroom counters at Dana, erect CDC shade structure at Cabrillo, contract with Johnson Controls for Prop 39 work
Transfers Out	decrease of \$100,000 – decrease to reflect suspension of transferring \$100K per year from measure CL to Fund 20 for Measure CL “soft landing”

Multi-Year Projections

Staff has budgeted for an increase in LCFF revenues in 2018-19, based on County estimates. Staff *did not* budget for additional LCFF revenues in 2019-20 as we are taking a conservative approach. As mentioned earlier, financing experts around the State are cautioning school districts that increased funding to education is at risk. Please note, there is no statutory guaranteed increase in LCFF funding in any given year, therefore, per County guidance, the projected changes in LCFF revenues were “set aside” in the 2018-19 ending balance as “assigned”.

It is projected that Federal Revenue, and Other State Revenue will remain flat in 2018-19 and 2019-20. It is projected that in 2018-19, Other Local Revenue will decrease by \$92,000 due to loss of DVIA rent and loss of local Special Education funding.

The District projects Measure CL revenues of \$1,900,000 per year, in both 2018-19 and 2019-20. Measure CL is authorized through 2024, where at that time, the parcel tax would need to be re-authorized every 3 years. Measure CL provided the District financial stability by insulating the District from the State’s recent tumultuous and erratic funding to public education.

Expenditures are being adjusted for estimated step/column costs, inflationary costs (i.e. utilities) and Special Education costs. The District has also included the projected increase in District paid retirement contributions for both STRS and PERS. The employer paid STRS rate will increase by 1.85% each year, until topping out at 19.10% in 2020-21. For 2018-19 and 2019-20, the employer paid STRS rate will be 16.28% and 18.13%, respectively. In addition, the projected employer paid PERS rate increase of 1.6% in 2018-19 and the projected employer paid PERS rate increase of 1.5% in 2019-20 have also been included in the multi-year projections.

3. CRITERION: ADA to Enrollment

STANDARD: Projected second period (P-2) average daily attendance (ADA) to enrollment ratio for any of the budget year or two subsequent fiscal years has not increased from the historical average ratio from the three prior fiscal years by more than one half of one percent (0.5%).

3A. Calculating the District's ADA to Enrollment Standard

DATA ENTRY: All data are extracted or calculated. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

Fiscal Year	P-2 ADA Estimated/Unaudited Actuals (Form A, Lines A4 and C4)	Enrollment CBEDS Actual (Criterion 2, Item 2A)	Historical Ratio of ADA to Enrollment

District's ADA to Enrollment Standard (historical average ratio plus 0.5%): **73.0%**

3B. Calculating the District's Projected Ratio of ADA to Enrollment

DATA ENTRY: Enter data in the Estimated P-2 ADA column for the two subsequent years. Enter data in the Enrollment column for the two subsequent years. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund only, for all fiscal years. All other data are extracted or calculated.

District Regular	2,405	2,473		
Charter School				
Total ADA/Enrollment	2,405	2,473	97.3%	Not Met

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. **STANDARD NOT MET** - Projected P-2 ADA to enrollment ratio is above the standard for one or more of the budget or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation:
(required if NOT met)

The above standard is "not met" due to the fact that the State's Criteria and Standards is not pulling the 2014-15 and 2015-16 actual CBEDS data. The CBEDS actual above is showing 4,065 and 4,129 for 14-15 and 15-16, respectively. The enrollment by the State include the independent charter schools located in our District. The charter school enrollment should not be included in the District's counts.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

Explanation:
(required if NOT met)

I am not sure the exact cause as to why the standard is not met. I use the LCFF projections that the County Office of Education provides.

5. CRITERION: Salaries and Benefits

STANDARD: Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures for any of the budget year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the district's required reserves percentage.

5C. Comparison of District Salaries and Benefits Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. **STANDARD NOT MET** - Projected ratio(s) of unrestricted salary and benefit costs to total unrestricted expenditures are outside the standard in one or more of the budget or two subsequent fiscal years. Provide reasons why the projection(s) exceed the standard, a description of the methods and assumptions used in projecting salaries and benefits, and what changes, if any, will be made to bring the projected salary and benefit costs within the standard.

Explanation:
(required if NOT met)

The above standard is not met because the District is projecting salaries and benefits remaining relatively flat as we do not foresee any increases to salary or benefits. Another reason the standard is not being met is that the District is projecting to spend the one-time monies we received in the 4000 and 5000 object classifications, therefore, increasing total expenditures while keeping the salaries and benefits the same.

6. CRITERION: Other Revenues and Expenditures

STANDARD: Projected operating revenues (including federal, other state, and other local) or expenditures (including books and supplies, and services and other operating), for any of the budget year or two subsequent fiscal years, have not changed from the prior fiscal year amount by more than the percentage change in population and the funded cost-of-living adjustment (COLA) plus or minus ten percent.

For each major object category, changes that exceed the percentage change in population and the funded COLA plus or minus five percent must be explained.
