

We Are Wranglers and We Are Awesome!
REACH FOR THE STARS
 March 18, 2019

Did you know...

Reading Elementary teachers will be trained in Comprehensive Math Instruction (CMI) next year? Our leadership team will receive initial training in CMI this March and April, then the entire teaching staff will have ongoing training throughout the 2019-20 school year. CMI was developed at BYU in partnership between the Math and Education departments and has shown tremendous learning success at the schools where it has been implemented.

our Coins for Kindness campaign raised over \$1,800 for Pennies by the Inch? The grade level contributing the most was 3rd grade, but all students deserve a tremendous THANK YOU for generously donating to this wonderful program. Shout-out to Mrs. Macaulay, Mrs. Thomas and the entire Service Council for organizing our Coins for Kindness campaign this year.

10 Ways to Help Your Child Succeed in Elementary School (part 1 of 2)

From Kids Health Magazine, compiled by Dr. Kathryn Hoffses

1. *Attend Back-to-School Night and Parent-Teacher Conferences*
 Kids do better in school when parents are involved in their academic lives. Keep in mind that parents can request meetings with teachers, school counselors, or other school staff any time during the school year.
2. *Visit the School and Its Website*
 Knowing the physical layout of the school building and grounds can help you connect with your child when you talk about the school day. It's good to know the location of the main office, school nurse, cafeteria, gym, athletic fields, playgrounds, auditorium, and special classes.
3. *Support Homework Expectations*
 In addition to making sure your child knows that you see homework as a priority, you can help by creating an effective study environment. Any well-lit, comfortable, and quiet workspace with the necessary supplies will do. Avoiding distractions (like a TV in the background) and setting up a start and end time can also help.
4. *Send Your Child to School Ready to Learn*
 You can help boost your child's attention span, concentration, and memory by providing breakfast foods that are rich in whole grains, fiber, and protein, as well as low in added sugar. Most school-age kids need 10 to 12 hours of sleep a night.
5. *Teach Organizational Skills*
 When kids are organized, they can stay focused instead of spending time hunting things down and getting sidetracked. Check your child's assignment book and homework folder every school night so you're familiar with assignments and your child doesn't fall behind. No one is born with great organizational skills — they need to be learned and practiced.

THREE THINGS TO KNOW ABOUT OUR COMMUNITY

- DAVIS COUNTY** – the third most populous county in Utah, consists of 299 square miles of land and 335 square miles of water, created in October of 1850 and named after Daniel C. Davis
- FARMINGTON** – the area was first settled by the Haight family in 1847, Lagoon Amusement Park was founded here in 1886 on 100 acres of property, named as one of "America's Best Places to Live" by Money Magazine in 2011
- CENTERVILLE** – first settled by Thomas Grover in 1847, this community has also been known as "Deuel Settlement" and "Cherry Creek", a severe windstorm in December of 2011 caused more than \$8 million in damage in Centerville

NO SCHOOL FOR STUDENTS ~ Monday, March 18
SPRING BREAK IS COMING ~ No School April 1-5

UPCOMING EVENTS

MONDAY, MARCH 18

- Professional Day for Teachers – no school for students
- Mary Poppins performed at 4pm and 7am

WEDNESDAY, MARCH 20

- STEM Olympiad practice for science events at 8am
- Constitution Bowl practice after school
