### Discussion of SIP Goals

- \* Goal 1 was approved last year
- \* Question was asked about the PLC conference and whether teachers like the PLC model/conference
- \* Mrs. Mudrow spoke to the validity of the conference and that all teachers that attended spoke very highly of the conference. Mr. Keime also talked about the summer hybrid offered by the district that may not be as well received.
- \* Agreement on the need and focus for more mobile labs
- \* Ambassadors program clarified to have stipends and supplies
- \* Goal 2 was approved last month
- \* Instructional technology and materials specialist will be moved to goal #1
- \* Goal 3 needs to be discussed
- \* Question was asked about how many students took advantage of Americorps
- \* Many students are using that class to pass current classes rather than as makeup
- \* Administration recognizes the need to better train the Americorps teacher, there has been great success with those in the course
- \* Discussion about different interventions offered at CHS including falcon focus and the different base camp options
- \* 39 students 1st semester and 48 students 2nd semester are enrolled in the Americorp base camp
- \* Discussion of Falcon Focus structure: Program is well received and students and teachers are finding ways to constantly improve
- \* Content specific professional development is also a worthy expenditure
- \* Goal 4 STEM needs to be discussed
- \* Goal to increase 15% is easily attainable as most kids take multiple advanced courses
- \* Clarification of “successful completion” will be receiving a “C” or better in the course
- \* IB program was adjusted to \$15,000
- \* Productivity to offer CE Communications
- \* Discussion centered on making sure CTE/CE course are advertised to both students and parents. Requests were made to make sure the programs are available on the website—
- \* Question was raised on what more could be done to get information to the parents on some of the pathways.
- \* Parents are frustrated with the counseling center and passing students back and forth between different contact points
- \* Goal 5 attendance goal
- \* Mostly can be covered in spending in other areas Liz Hansen motioned to approve the goals as outlined with expenditures. Motion was seconded by Lisa Bingham. The motion carried unanimously
- \* Discussion moved to the timeline for next year’s community council
- \* LeNina Wimmer motioned to adjourn, Liz Hansen seconded and motioned carried unanimously
