Dear Parents & Students of the Cary-Grove Class of 2023:

Welcome Class of 2023 to Cary-Grove High School! Eighth Grade Night will be held on Wednesday, January 16, 2019. Families are to attend *alphabetically by last name* on the assigned session (if needed, you may attend the other session): **A – K attend 5:00-6:30; L – Z attend 6:15-7:45.**

Final selection of courses will be made at this time, so parents/guardians need to accompany their children.

All course selection resources are now available online. Go to the **INCOMING FRESHMEN** section of the Cary-Grove [Student Services](#) webpage. There you can access the [Freshman Wish List](#) where several courses are linked to detailed information about those specific courses and the programs to which they belong. You can also review information about [four-year planning](#), the [Advanced Placement program](#), and [elective](#) course options. You can also access the District 155 [Course Selection Guide](#) as well.

English, math, and science recommendations are being finalized and will be mailed home in December.

Please plan to arrive before your assigned session. Enter through the main lobby doors where you will find the registration tables. Stop there to pick up the evening's program and your student's official registration form. Official registration forms will contain the English, math, and science courses for which your students have been recommended. The sessions will begin promptly at 5:00 and 6:15 in the auditorium. Prior to the program, the Cary-Grove Music Department will present various selections from the upcoming musical *Seussical the Musical*.

Following the registration presentation, counselors and division leaders will be available in the student cafeteria to answer any questions. Please leave completed registration forms (Freshman Wish List) in one of the boxes provided.

Involvement in school [athletics](#) and [activities](#) plays a vital role in your academic success in high school. To promote increased involvement and awareness of the choices Cary-Grove has to offer, we will be hosting **CG Showcase!** Sponsors, coaches, and current students will be available to answer questions and highlight the great things each group has to offer.

Link Crew leaders will also be available for tours of the building. We look forward to seeing you on January 16th.

Sincerely,

Dr. Hank Harvey, Ed. D.
Student Services Coordinator
