

Employees who call an Alithias Care Navigator save an average of \$1,000 per procedure!

If you have a **high deductible**, shopping for low cost, high quality care is very important. Prices for the very same procedure can vary more than 400% - so why pay more?

Alithias Care Navigators are here to help you find high quality, cost-sensible options for any non-emergency medical procedures you may need done outside your doctor's office.

Alithias Care Navigators are highly experienced healthcare and benefits experts. They can guide and assist you through the complex healthcare system as well as answer any questions you may have about your benefit plan.. They have experience with claims processing, provider billing practices, and medical terminology.

Save time and money by calling a Care Navigator whenever you are told you need a non-emergency medical procedure by your doctor.
