

Upper School Supply List Grades 9-12

The only *required* school supply item for the Upper School students is the appropriate calculator for math class (plus a couple of additional items for Geometry students).

Calculator

Geometry

- scientific calculator (simple TI-30 style)
- compass
- protractor
- ruler

Algebra 2, Precalculus, Honors Precalculus, AP Calculus AB, AP Calculus BC, and AP Statistics

- graphing calculator (any TI-84 style)

Multivariable Calculus

- graphing calculator (TI-Nspire CX CAS)

Additional Supplies

All Upper School students are enrolled in up to six academic courses each semester, so note-taking materials will be useful. Students may decide for themselves what sort of notebooks and/or binders and writing utensils to purchase and use to organize their school work.
