Spring is upon us and it's a great time to learn to sign different modes of transportation and ways to get around town. We'll be discussing the students' favorite ways to travel—in cars, planes, trains, boats, bikes, and more! The lesson will begin with an airplane and travel segment then progress into other land vehicles like cars and trains. One week will focus on water transportation, and we'll take a submarine to the bottom of the ocean to visit (and review) our sea creatures. Then the lesson will end with emergency vehicles and some important safety signs. This month's topic presents many fun opportunities for movement activities and beloved songs like "Wheels on the Bus," "Hurry Hurry Drive the Firetruck," and "Slippery Fish." And this session won't be a quiet one, as we'll make lots of fun noises as we learn these transportation signs and get moving. It's always a popular topic and we're looking forward to an exciting month ahead ☺! Here are some fun transportation books:

### "This Little Train"

Hear the whistle blow,  
This little TRAIN goes chugging home.

This little CAR, painted BLUE,  
It has seats for me and for you,  
With a beep beep, vroom vroom,

In the water it is seen,
