SCHOOL

HORSEBACK RIDING

RIDE RIGHT AROUND THE CORNER FROM CAMPUS!

Canterbury students with demonstrated prior riding experience can enjoy private lessons, group lessons, and supervised free rides at Quiet Rein Farm, located just down the road from campus. There is no need to own your own horse to participate, though serious riders who do own their own horse can choose to board at the Farm. The Farm provides students with opportunities to participate in IEA and regularly-sanctioned horse shows as individual riders. Riders who would prefer not to compete can hone their equestrian skills by participating in the farm's Community Riding Lesson Program and can take advantage of one of the 12 lesson horses.
