- Course Goals:**
- Attempt a variety of escape rooms in the Cincinnati area
 - Experience problem solving situations, think strategically and have FUN, FUN, FUN
 - Analyze and critique what makes an engaging and effective brainbuster
 - Design and playtest your own escape room experience
-

Reading Component: Instructions to board games and clues for escape rooms

Writing Component: Students will be taking notes on escape rooms visited and drafting designs/plans for their own escape rooms.

Description:

Throughout the course, students will play multiple board games chosen for their game concept, rule structure, aesthetic and design. Games may include Pandemic Legacy, Ticket to Ride, Dead of Winter, Dominion, Codenames, Colt Express and 7 Wonders.

Students will also visit multiple, local escape rooms as well as play several boxed escape room experiences.

Students will design and playtest an escape room game by incorporating elements from the experiences they found most engaging throughout the course.

There is a service component where we will go to a retirement community and/or Stepping Stones to teach and play games with the residents.

This course is well suited to: Anyone who enjoys design, playing board games and solving puzzles.

Cost: \$ 285 (to cover the cost of games, escape room fees, materials and transportation).
