

2019 Ready Set School Fundraising Events

Ready Set School is a non-profit organization that helps local students get the supplies they need to succeed in the classroom. We serve all K-12 students attending public, private, charter, online, and home schools in Winona County.

Our goal is to raise \$44,000 this year. We've earned a \$20,000 matching grant from the Winona Community Foundation to help us achieve this goal, but we also need your help! Please consider supporting our fundraising events where a portion of the proceeds benefit Ready Set School. Event details can be found on Ready Set School's Facebook page.
