

1. At the website <http://www.nhcs.net/cert> click to Download the [Certificate](#).

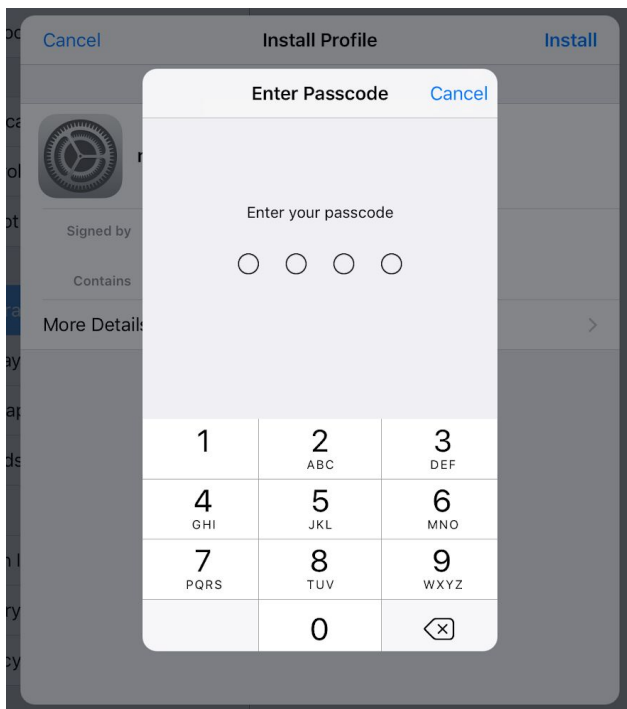

- You may be prompted with the following, if so select **Allow**

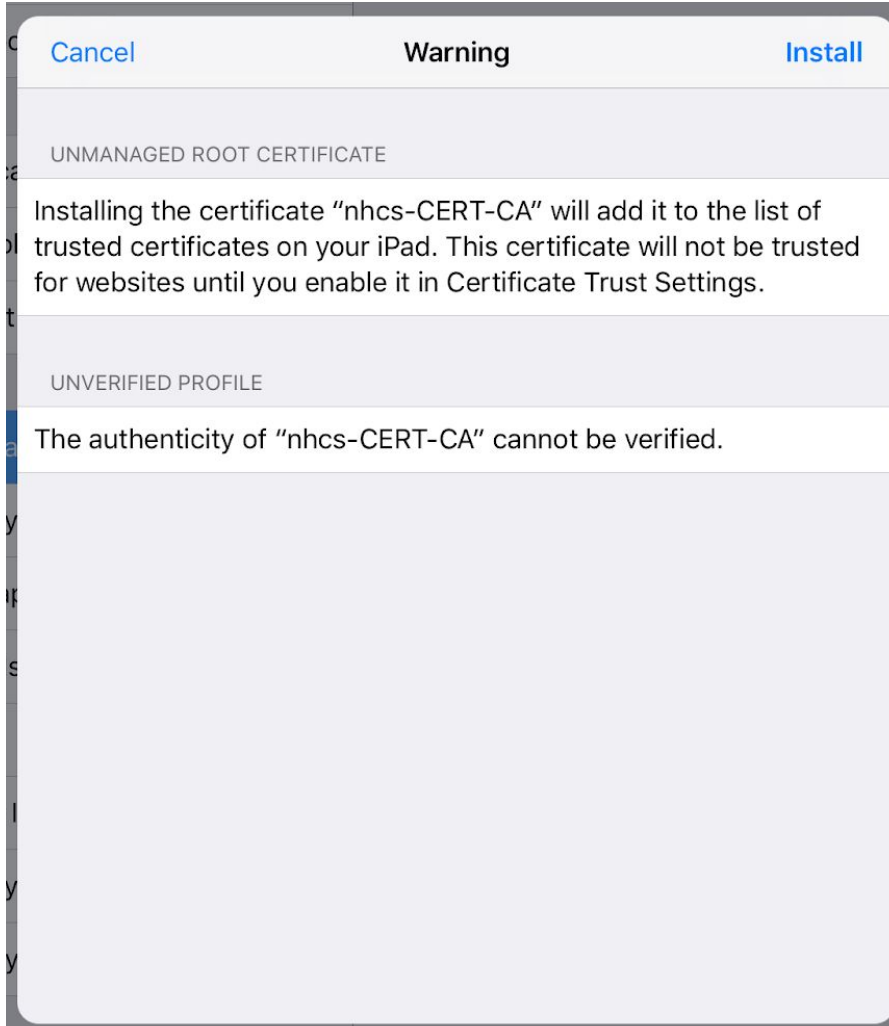

2. A new window will pop up to start the certificate installation process. Select **Install** in the top right corner.

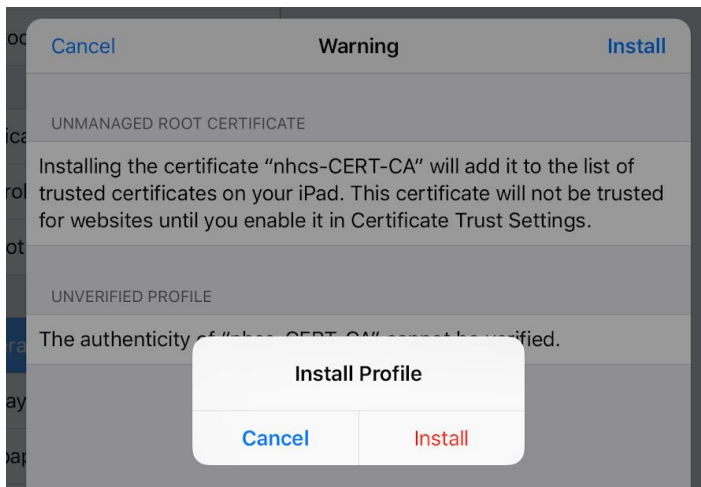

3. You may be prompted to enter your device passcode. This is your personal passcode, enter it now. If you are not prompted you can proceed.

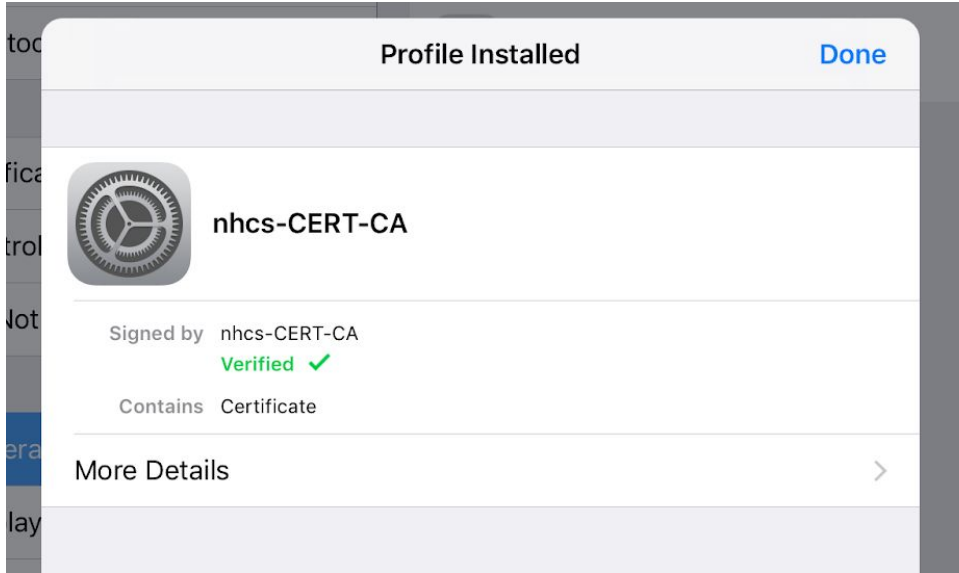

4. Select **Install** in the top right corner.

5. Select **Install**

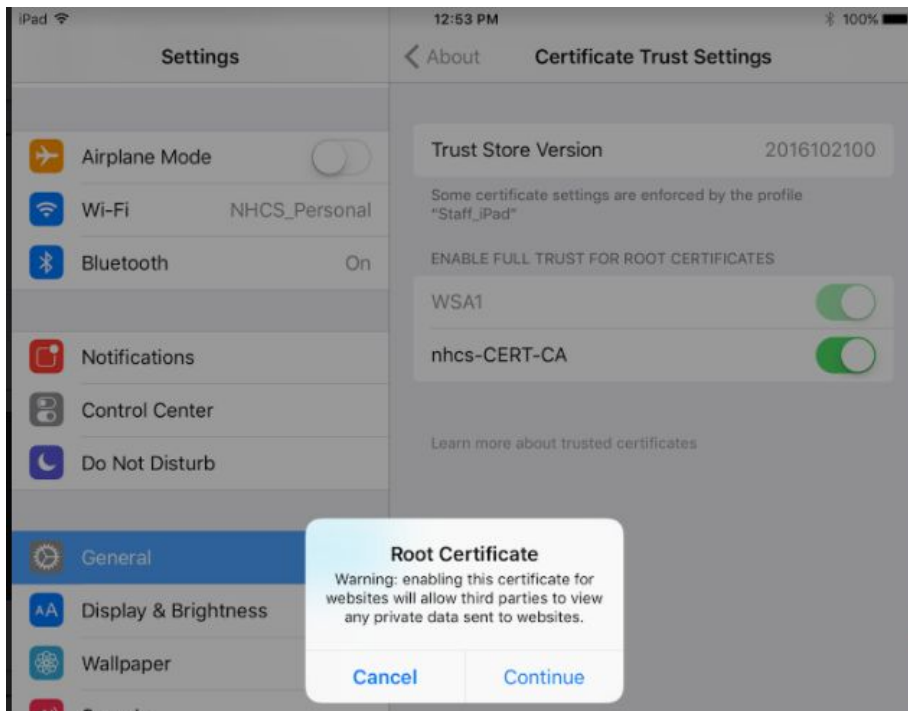

6. Select **Done** in the top right corner.

7. In your **Settings** app go to **General > About > Certificate Trust Settings**. Click to enable the button for **nhcs-CERT-CA**. Then click **Continue**.

**You may have two nhcs-CERT-CA, that's ok, they should both be enabled.*

The Certificate install is complete, no further action is required.
