

Company Background:

Cadence Premier Logistics in Joliet, IL opened the doors to their new corporate home in December of 2016. We have been in business since 2008 and provide many services to the transportation industry such as e-commerce, local freight transportation, over the road freight transportation, logistics, warehousing, full-service maintenance, and fuel to name a few items. We also pride ourselves on giving back in our local community and our national communities as well. Students who participate in this internship will learn value skills that will translate to the transportation industry.
