PARENT INVOLVEMENT

Research has proven that when parents are involved, students do better in school. Our District Parent and Family Engagement is committed to partnering with all parents to create a bridge to academic success. For more information, please access the parent engagement link on our district website.

Parents can involve themselves with their schools by:

1. Joining the school's parent organization
2. Volunteering in classrooms/after school activities.
3. Tutoring children in specific content areas.
4. Attending open houses and parent teacher conferences on a regular basis.
5. Contacting teachers/counselors by phone or mail to discuss status of your child.
6. Attending board meetings on a regular basis.
7. Reading all communication sent home from the school (Newsletter, Teacher Websites, etc.).

"At the end of the day, the most overwhelming key to a child's success is the positive involvement of parents."
~Jane D. Hull
